Canada From Coast to Coast

Charlottetown, P.E.I.—The shale formation and topography of certain sections of Prince Edward Island have been attracting attention from oil promoters, and as a consequence oil prospectors of experience have recently secured boring concessions on the Island from the Provincial Government.

St. Stephen, N.B.—A company has recently purchased nearly six hundred acres of provincial Crown land near Kolder of York and Charlotte counties, and will establish a blueberry ranch. It is the intention of this new company to ship berries to the United States until the erection of a plant here when they will be canned.
