## LIBEL SUIT.

The libel suit brought by Emil Arisecke, Ex-Auditor General of the State of Michigan, against the Detroit Advertiser and Tribune, was disposed of in the city of Detroit on Wednesday. The damages were laid at $50,000. The Jury thought this sum rather high, and in their verdict awarded the sum of six cents to the plaintiff. The libel consisted in charging the plaintiff with incompetency as a State Officer; and the defendants pleaded the truth in justification. It would appear from the verdict that the jury thought if the charge was not exactly true it was so near the truth that the damages were deemed to be only the trifling sum of six cents, the price of a small glass of lager beer in the United States.

A TELL-TALE.—The Bulletin de la Societe Industrielle of Mulhouse gives us an interesting account of an extraordinary "tell tale" apparatus in use at the vast establishment of Dolfus, Mieg, and Co. There are four night watchmen on the premises, and they have to make ten visits to ninety-three stations, in all 930 visits. On commencing his rounds a card is delivered to each workman, which he carries about with him. At every station he has to visit is a frame of the size of the card, at which, at a given time a stamp presents itself and impresses a mark on the card. The marks are so arranged that when the whole are printed they form one complete design. Any delay or omission on the part of the watchman leaves a blank space on the card, which tells the hour at which the man failed in his duty. When going off duty, the men push their cards into a kind of letter-box, and as this is done the exact time at which they are delivered is printed. All this contrivance is completely beyond the men's control, and their is no possibility of tampering with the mechanism. No description of the apparatus would be intelligible without the drawings which accompany it.

A new figure in the "German" has been invented at a watering place in Bohemia. The lady is seated in the middle of the circle and small cakes are given to three of four gentlemen, the one who succeeds in eating the cake the quickest having the honor of her hand for the dance. The last of the Wallensteins almost choked himself the other day to secure the hand of an American belle.

## Life in New York.

The Wickedest Man is paid $350 a month for the use of his bar-room for one hour a day for religious meetings, provided the sale of whiskey and the former business of the place are discontinued during that period. The contract runs to October 1. The Howard Mission people deny that this money is for rent, but for the support of nine girls whom Allen maintains to keep them from pursuing their former evil calling. Kit Burns is to lease his rat pit one hour a day, for prayer meetings, for $156 a month. Tommy Hadden is said to have simulated reform to escape punishment at the next general Sessions, for shanghaiing citizen of Brooklyn.

John Allen seems to have made a mess of his lecturing project. He pressed to follow it till he had earned $100,000, with which he found a Magdelen Asylum up the North River and install himself as chief manager. But John could'nt let whiskey alone, hence his opening effort as a speaker, on Friday night, at Stamford, Conn., was a wretched failure, the man being too far gone in delirum tremens to be presentable. His two agents were both keepers of Water street dance houses. They had received $4.50 for admission, and would probably have taken in all $50; but were obliged to shut up the hall and return the money.

THE RHINE FRONTIER.—The activity of French preparations on the north-east frontier is not likely to result in a surprise to Prussia. Whether peace be intended or not, both parties are represented as being equally prepared for war. The country all around is one vast camp. Rhenish Prussia is covered with troops, and all the fortresses are ready, or are being made ready, for a state of siege. Luxemburg, which would very probably serve as the focus of a campaign, is jealously guarded by the Prussians—at the distance prescribed by the treaty of last year. At the first telegraphic signal from Berlin, 40,000 men, says one authority, would occupy the debateable ground, seize the city, and restore its fortifications. As to French preparations, they are matter of even greater notoriety.

RUMORED ALLIANCE BETWEEN RUSSIA AND THE UNITED STATES.—A letter from Berlin says that all accounts agree in attributing to Russia the plan of forming a close alliance with the United States, in view of the Eastern question, and that her overtures have been very favorably received by the Government at Washington. The first manifestation of the new alliance, it appears, is to be a joint intervention in favor of Cretan independence, in which Prussia, who has also been concerned in the negotiations, will take part. On the other hand, great efforts are still being made to bring about a rapprochement between Austria and Prussia.

THE WRECK OF THE S. S. 'HUNGARIAN.'—The Yarmouth Herald says:—Among other effects recently raised by divers at work on the sunken wreck of the steamship Hungarian was a roll of black broadcloth, the inner folds of which were in a good state of preservation. It will be remembered that the Hungarian, on the passage from England to Portland in February, 1858, foundered among the Cape Sable ledges, and that not one of the passengers and crew—upwards of three hundred in number—was saved. Divers still continue at work in the summer season raising property from the remains of the ill-fated ship. A great part of the cargo was raised the first two seasons after the disaster, of course more or less damaged. Of late the divers have been engaged in procuring portions of the machinery, and of the iron hull, to be disposed of as old iron. A portion of the skeleton of a large-sized man was found not long since in the engine-room—not unlikely that of one of the engineers.

LA CROSSE.—The Young Canada La Crosse Club, of Barrie'field, beat the Victoria Juvenile Club, of Kingston, yesterday afternoon in three straight games.

RUTTAN'S VENTILATING STOVES.—We publish in our advertising columns a valuable certificate from the School Committee, Toronto, in favour of these stoves. The facts stated are worth consideration; and we may state we have ourselves seen one of these stoves in use in the house of a friend in this city, which we known gives great satisfaction, supplying pure air with an economical distribution of heat.

## BY ATLANTIC CABLE.

London, Sept. 21.

The following news has been received from Spain:—

The resignations of Gonzales, Brave and the members of his cabinet have been accepted.

A parley has been held between the royal officers and some of the rebel leaders, the result of which is not known.

A body of rebels 14,000 strong had gathered near Valladolid to intercept the Queen and prevent her from returning to Madrid. The whole of Andalusia is in the hands of the revolutionists. It is rumoured that the revolutionists are acting in support of the interests of the Duke of Montpensier. Great excitement prevails in the city of Madrid.

## American Despatches.

Baltimore, Sept. 21.

Advices from South Carolina represent that armed bands of negroes have appeared on some of the islands adjacent to Charleston, threatening violence to peaceful planters on the most frivolous pretexts. The attention of the Legislature has been called to the subject.

ALABAMA.

A special despatch from Tuscumbia, Alabama, to the Appeal, says three negroes confined in jail there charged with burning a female seminary 10 days since, were yesterday taken out by a body of Ku Klux estimated at from 150 to 300 and carried a short distance from the jail and hung to a bridge. Short resistance was made by the authorities. A skirmish ensued but the officials were overpowered and locked up in the room.

PRESERVE AND REGULATE.—This old political motto applies to the physical system as aptly as to the body politic. Preserve the equilibrium of the circulation, regulate the stomach, bowels and liver with that peerless purgative, alterative and restorative medicine, Radway's Regulating Pills, and there will be little to fear from epidemics in any climate.

Price 25 cents per box, coated with sweet gum, free from taste. Sold by Druggists.

PHILOSOPHY OF MARRIAGE.

A new Course of Lectures, as delivered at the New York Museum of Anatomy, embracing the subjects: How to Live and what to Live for; Youth, Maturity, and old Age; Manhood generally reviewed; The cause of Indigestion; Flatulence and Nervous Diseases accounted for; Marriage philosophically considered, &c., &c. Pocket volumes containing these Lectures, will be forwarded post-paid, on receipt of 25 cents, by addressing "SECRETARY, New York Museum of Anatomy and Science, 618 Broadway, New York." 121

Important to Persons advanced in Years,

TROUBLED WITH CONSTIPATED BOWELS,

And Difficulty of Passing Water, Imperfect Digestion,

FOOD CONVERTED TO WATER.

Letter from a well known citizen of Ohio, aged 68 years, Mansfield, O.

Mansfield, O., March 21, 1868.

Dr. Radway:—Enclosed find one dollar. Send by mail as many regulating pills as you can afford. I wish your Pills and Resolvent. I like them very much, and recommend them to others. Our druggists have none; they say the run is so great they have sold out. I am free to say, for myself, they are the best medicine I ever found. I wish you would inform me if there is any danger if they are retained in the system for a length of time, as there are many good medicines that are injurious to take for a length of time * * * * I have for several years been troubled with Costiveness, so that even injections would not procure an evacuation. I was all the time in more or less pain from the flatulency, with large discharges of wind. At the same time I was afflicted with urinary difficulties; at times it almost killed me to pass water, very scanty and in drops, at times at other times in large quantities almost amounting to diabetes. My age is 68. I tried everything I thought would do good: nothing afforded relief. In short, I procured one box of Radway's Regulating Pills, took six, free evacuations followed—no sickness, no pain. Took two at bed time. This secured a stool each day; sometimes would take three, at others four, each day—result, regular for several days, without pills. All pain and trouble from wind ceased. Got one bottle of R. R. Resolvent; Urine now all right. I am known, more or less, all over this state, and not unfavorably for truth and veracity. Send pills without delay.

(Signed,) J. HILDRETH.

Answer.—Radway's Pills are composed exclusively of vegetable extracts, and are dissolved in the stomach, and their properties absorbed through the circulation, acting on the blood, chyle, bile and other fluids of the system, passing off through the excretions, and not like mercury, calomel, corrosive sublimate, antimony and common drastic substances, that form the basis of ordinary pills, accumulate in the system and become deposited in the bones, joints, cartilages and glands of the system, but they communicate their curative influence through the blood chyle, bile, sweat, urine &c. Correcting, regulating, purifying, cleansing and purging from the body all unhealthy humors, and restoring functional harmony to the secreting vessels and orifices of every gland and organ.

In all cases of Dyspepsia, Liver Complaint, Imperfect Digested Food, their influence is wonderful, and no matter how weak or paralized the bowels may be, or how irregular or costive, in the aged of others, one dose will ensure a discharge, and one or two will ensure regular stools, at least once a day. All aged gentlemen and ladies, who have used them prefer them to all others, and the young and vigorous find them the most thorough regulator of the liver and bowels known. In cases where the bowels have been paralized by lead, and other minerals, and from artizan diseases, these pills have secured free passage where all other means failed. In bilious attack, inflamation of the bowels, erysipelas, fevers, etc., that causes ulceration of the lining of the bowels and, intestines, they are mild sure and healing. They are the best family physician in the world, and only 25 cents per box, or $1.20 for six boxes. Sent to any part of Canada by mail.

The use of the Sarsaparillian, or Renovating Resolvent, in your case, showed its importance in urinary difficulties. The aged are more or less troubled with these affections, weakness of the digestive organs and imperfectly digested food, being the cause; the insufficiency of chyle, or its unhealthy condition, fails to dissolve the substances taken into the stomach, so as to pass off through the alimentary canal, it is (the food) converted into water and seeks an escape through the kidneys, thus establishing a foreign secretion of these glands, hence the urine becomes charge with foreign constituents, causing deposits of gravel, brick-dust, lithic acid, albumen, sugar, etc, irritating the bladder, causing weakness, paralysis, catarrh and pain to the canal of urine in its passage out of the system. Hundreds of aged persons suffer from this as well as others. A few doses of Radway's Sarsaparillian Resolvent would remove these difficulties, and with the aid of the pills secure healthy and perfect digestion. Hundreds of persons suffering from kidney and urinary disturbances and diseases, may rest assured of this being the true cause Now, in such cases, Buchu, Cubebs, Juniper, Gin, etc., are dangerous, and will prolong the cure and establish worse and new difficulties. Cubebs are irritating and make the urine acrid, causing pain, itching, etc., along its passage. Every well informed medical man knows what I state is a fact. Let those who are troubled, just try the Sarsaparillian Resolvent and Radway's Pills, you will find almost immediate relief; it will do for you what it has done for Mr. Hildreth. This gentleman is a stranger to us, we give his testimony as we received it; of one fact rest assured, one bottle of the Sarsaparillian, or Renovating Resolvent, is worth all the Buchu leaves that were ever gathered by the most enlightened Hottentot, who perhaps, knows as much about Buchu as the constitution, whether it be shattered, wrecked or preserved pure and entire.

The Pareira Brava, Sarsaparillian, and other vegetable substances, are gathered for Dr Radway by persons of intelligence who are acquainted with the different variation of each root so as not to make a mistake. We do not trust the gathering of our roots to a tribe of savage Hottentots, hence the certainty of securing the genuine roots.

ALBION HOTEL,

MONTREAL, P. Q.

IN 1857 MR. DECKER purchased the "Albion," which then contained fifty rooms. In 1859 he added a New Wing of Forty Rooms. The steady and rapid increase in the business compelled him, in 1862, to build a second new Wing of Fifty Sleeping Rooms, with large Dining Room, capable of seating Two Hundred Guests. Notwithstanding all this additional accommodation, hundreds of merchants and others, patrons of the "Albion," have been obliged to seek accommodation elsewhere during the Spring and Fall Business Seasons. Encouraged by the liberal patronage extended to the "Albion," the proprietor has built a third addition of Ninety Sleeping Rooms, large Parlors, Reading Room, Office and Bar—fronting on McGill Street. Fifty of the Sleeping Rooms will be furnished and ready for the Fall Trade. In the Spring of 1869 all the improvements will be completed, when the "Albion" will have an entrance on McGill Street instead of St. Paul Street.

The charge will be $1.50 per day, as heretofore.

HALL'S

Vegetable Sicilian Hair Renewer

Has stood the test of seven years before the public; and no preparation for the hair has yet been discovered that will produce the same beneficial results. It is an entirely new scientific discovery, combining many of the most powerful and restorative agents in the VEGETABLE KINGDOM. It restores GRAY HAIR TO ITS ORIGINAL YOUTHFUL COLOR. It makes the scalp white and clean; cures dandruff and humors, and filling out of the hair, and will make it grow upon bald heads, except in very aged persons, as it furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft, and glossy, and is unsurpassed as a HAIR DRESSING. It is the cheapest preparation ever offered to the public, as one bottle will accomplish more and last longer than three bottles of any other preparation.

It is scientifically and elegantly prepared, and used by the First Medical Authority.

The wonderful results produced by our Sicilian Hair Renewer have induced many to manufacture preparations for the Hair, under various names, and, in order to induce the trade and the public to purchase their compounds, they have resorted to falsehood, by claiming they were former partners, or had some connection with our Mr. Hall, and their preparation was similar to ours. Do not be deceived by them. Purchase the original: it has never yet been equalled. Our Treatise on the Hair, with certificates, sent free by mail. See that each bottle has our private Revenue Stamp over the top of the bottle. All others are imitations.
