Successful Banquet

The Farm Youth Rally of South-East Grey, held in the Armories here on Friday, last was most successful. It was unique in its arrangement and was a very delightful affair.

Annesley United Church Ladies' Aid catered for the banquet, covers being laid for 400 persons. Seven tables stretched almost the length of the building, with one across at which Miss Agnes Macphail, M.P., and Mr. Farquhar Oliver, M.L.A., were seated together with the president and the executive of the association. The tables were attractively decorated, with flowers.

It was about 8 o'clock before grace to the tune of "Jesus Savior Pilot Me" was sung and the supper began.

All had enjoyed the repast, Mr. Oliver spoke in high terms of appreciation of the excellent supper provided. Mrs. J. E. Walker, president of the Ladies Aid, replied.

Toasts and after dinner speeches followed with Mr. F. R. Oliver, M.L.A., as toastmaster. The toast to the king was responded to by all standing and singing the National Anthem.

The toast to Canada was proposed by Miss Ritchie of Edgehill, who gave a speech on Canada, her resources, peoples and possibilities. To this Mr. Alex. Sims replied. A verse of Pauline Johnson's beautiful patriotic poem was given by Mr. H. I. Graham and all joined in singing "O Canada."

The toast to agriculture was proposed by Mr. Anderson of Normanby. Miss Macphail replied, reminding her audience that agriculture is the greatest of all great industries, and that all must work together to solve the difficulties. Grey county, she continued, understands co-operation fairly well and has practised it more or less since the days of the pioneers.

A toast to Youth, proposed by Mr. William Stephens of Mount Forest, was responded to by Miss Pearl McRyssock, who quoted from Kipling and Whittier's poems to youth.

The speeches were all of a high order and were well delivered.

Community singing from song sheets provided, led by Mr. Leesing of Hanover with Miss Weaver as accompanist, was interspersed throughout the program, forming a big part of the entertainment. A musical number by Miss Milligan of Normanby was well received and warmly encored. The Misses Gohcen of Proton township pleased all with their stepdancing.

Miss Macphail introduced to the audience Rev. Dr. D. M. Solandt of Toronto who recently visited Denmark and made a study of their educational system in relation to agriculture. Before opening his address Dr. Solandt paid a tribute to Miss Macphail when he said that during her years in the Parliament at Ottawa, though in a very difficult position, she had won the admiration and confidence of both parties in the House.

Speaking of Denmark, Dr. Solandt stated that she had done more to solve agricultural problems than any other country in the world. Children and youths are taught to work together. They sit around and discuss the lectures received. They work together and achieve results. The producer in Denmark gets about 70 per cent. of the value of the produce when sold while in Ontario only about 40 per cent. is realized by the producer. An Owen Sound Orchestra supplied music for the dance which followed.
