McMASTER - PARTRIDGE

The Baptist parsonage, Flesherton, on Saturday, Sept. 28th, at 4 o'clock p.m., was the scene of a quiet but pretty wedding when Miss Phyllis Irene, second daughter of Mr. and Mrs. Elwood Partridge of Rock Mills was united in marriage to Mr. Clifford Arthur McMaster, son of Mrs. McMaster and the late George McMaster of Maxwell. The ceremony was performed by the Rev. Ashton, Baptist pastor. The bride's attendant was her sister, Miss Edna and the groom was assisted by his nephew, Mr. Ben Hasley.

The bride looked charming, attired in a street length frock of soldier blue crepe with gold trimmings and matching accessories. She wore a shoulder corsage of larkspur, petunias, maiden hair fern and baby's breath. The bridesmaid was gowned in a costume of royal blue crepe, with matching accessories and she wore a corsage similar to the bride.

Following the ceremony the bridal party motored to the home of the bride's parents where a reception was held. The bride's mother, wearing a dress of British navy blue with a corsage of gardenia, received, assisted by the groom's mother, who wore a black velvet dress with white trimmings. The bride's two grandmothers were present, Mrs. Jos. Williams of Eugenia, who wore wine and Mrs. A. Partridge of Rock Mills, in black crepe with white flower bouquet. Only the immediate friends of the young couple were present.

A sumptuous wedding breakfast was served in the dining room, which looked pretty in pink and white decorations with flowers in profusion. A three-storey wedding cake, iced artistically in white with silver trimmings and adorned with a miniature bride and groom and lily of the valley, graced the centre of the table. The waitresses were Misses Sadie Foster and Hazel Wilkinson.

The groom's gift to the bridesmaid was a gold locket and chain, to the groomsman a gold key chain and case and to the bride a beautiful cabinet of silverware.

Mr. and Mrs. McMaster left by motor on Monday for a honeymoon trip to Northern Ontario and other points.

Congratulations are extended to the happy couple with best wishes for a long, happy and prosperous journey through life together.

TRAVERSTON

The beauty of Ontario woods this year is beyond adjectives to depict. We strolled back the old lane to the bush, where we wandered many years ago. Stopped many times, spell-bound, to see the brilliant of a single tree, of clusters of maples all aflame, of dense cedar clumps singeing in front of light-colored poplars, flame towering maples, with ground. We record the words of a spear-pointed pines forming background. As we viewed this beloved pioneer, as he viewed this land 70 years ago: "Man, I tell you 'twas a purty sight!"

Mr. and Mrs. O. D. Peart and Lorna visited Mr. and Mrs. Huber Alles of Egremont the first of the week.

Mr. and Mrs. Ed. Embury and son of Oakville visited with Mr. Hugh McArthur on Sunday and supped at the Cook homestead. Twenty-one years ago he assisted Hugh through the summer months. He is a railroad employee.

Mr. and Mrs. R. T. Cook, Mrs. Ernie Cook, Howard and Carol of Detroit and Mrs. Hugh McArthur had a most interesting trip to Tobermory on Sunday and saw scenic beauty that will linger long in their memories.

Though still very weak and confined mostly to bed, trucker Will Sweeney is gradually recovering strength. Mr. Frank D'Arcy is carrying on his shipments to the city.

Zion's sacramental service on Sunday was one of the best in many years. There was a martial ring in Rev. W. H. Smith's sermon, a spiritual uplift and challenge and most comforting and encouraging words.

A rainbow in the sky at one of the most brilliant seen in many years, with a secondary mate, not so bright, arched the east on Monday evening, indicating an open fall and a happy omen to Mr. and Mrs. Arthur McNally as they celebrated their silver wedding that evening. Their two winsome daughters, Leona and Doreen, were both home. A big crowd of neighbours, friends and relatives were present, the latter including Reeve John Kingston and wife, Mr. and Mrs. Joe McNally of Meaford district, Mrs. Wm. McNally and daughter, Elva of Aylmer and Mr. and Mrs. Arthur Lee of Egremont. After all had gathered the happy couple were called to the front, when Mrs. Reuben Paylor read a most appropriate and felicitous address and Mr. Dave Young and Mr. Cecil Paylor, on behalf of the neighborhood, presented them with a silver covered vegetable dish and casserole in silver frame. Both expressed their warm thanks and appreciation, then the crowd most lustily sang, "For they are jolly good fellows" and "We won't go home till morning", both literally fulfilled. After a most bountiful supper, Reeve Kingston of St. Vincent presided over a splendid program of music, songs and speeches. Though 25 years wedded, the happy groom did some fancy step-dancing as did his bride of a few years ago.

The chairman and the forgoing two with Mr. Dave Young, the attractive "handkerchief" dance. "Twas in the "wee sma' hours" when the happy company broke up, expressing the wish that this bright couple may celebrate their golden wedding. Besides the gifts from the neighbours costly and most suitable ones were received from the kindred present from a distance.

A Word of Precaution
• Keep Up the Milk Flow •
With the price of grain low, and prospects for higher Cream prices, it is wise to keep up the flow of milk, which is often affected to a great extent by leaving milk cows out one or two cold nights. It is wise to stable the cows these cold nights, and we feel that you will be well paid for your trouble.
Owing to the natural decrease in production, may we suggest that you sell your entire supply of cream to the home creamery, thereby saving unnecessary overhead, particularly when help is getting scarce on account of Army Service.

Pastures Invaded by Enemy

No weed is spreading so rapidly in Ontario today as wild carrot, states John D. MacLeod, Crops, Seeds and Weeds Branch, Ontario Department of Agriculture, Toronto. This biennial weed of European origin is similar in many respects to our cultivated carrot. It has a deep, strong tap root, a bristly stem, and much divided leaves. Clusters of white flowers earl up when mature. Seeds are one-eighth of an inch long, ridged, and bear four rows of spines, which assist in their distribution.

The root has an odor similar to that of the cultivated carrot. This is one positive means of identifying it. Flowers may be observed from July to October, propagation by seeds which mature from August to November. Wild carrot will not become established where a short rotation of crops and thorough cultivation is practised. It is one of Ontario's most objectionable weeds in permanent pastures, old meadows, roadsides, fence lines and occasionally in poorly cultivated fields.

It is of vital importance that seeding be prevented as thousands of seeds may be produced on an average plant. These may remain on the plant until late fall and winter, when they may be carried miles over frozen ground and in drifting snow, thereby infesting new areas. Birds, livestock, water and man also are responsible for the distribution of seed.

The following methods of eradication are suggested: (1) Stop clean clover and grass seed. (2) Pull or spud out scattered plants; rogue the clover and grass seed crop; cut badly infested early for hay. (3) Break up infested meadows and pastures and practise thorough cultivation and a short rotation of crops. Mow meadows and pasture fields when plants are in the early bloom stage. A second or third mowing may be necessary in order to prevent seeding. If plants are too far advanced, rake up and burn. (5) Pasture infested areas closely with sheep. (6) Start early after-harvest cultivation immediately after the crop has been removed and cultivate until late fall
