The Perfection of Prepared Cocoa.
MARAVILLA
COCOA.
Sole Proprietors, - - - TAYLOR BROTHERS,
LONDON.
THE COCOA (or CACAO) of MARAVILLA is the true THEOBROMA OF LINNÆUS. Cocoa is indigenous to South America, of which Maravilla is a favoured portion. TAYLOR BROTHERS having secured the exclusive supply of this unrivalled Cocoa, have, by the skilful application of their double principle and elaborate machinery, produced what is so undeniably the perfection, of prepared Cocoa, that it has not only secured the preference on homœpaths and cocoa-drinkers generally; but many who had hitherto not found any preparation to suit them, have, after one trial, adopted the Maravilla Cocoa as their constant beverage for breakfast, luncheon, &c.
"A Success Unprecedented."
See following Extract from the Globe of May 14 1868:
"Various importers and manufacturers have attempted to attain a reputation for their prepared Cocoas, but we doubt whether any thorough success had been achieved until Messrs. Taylor Brothers discovered the extraordinary qualities of Maravilla Cocoa. Adapting their perfect system of preparation to this finest of all species of the Theobroma, they have produced an article wich supersedes every other Cocoa in the market. Entire solubility, a delicate aroma, and a rare concentration of the purest elements of nutrition, distinguish the Maravilla Cocoa above all others. For Homœpaths and Invalids we could not recommend a more agreeable or valuable beverage."
Sold in packets only by all Grocers, of whom also may be had Taylor Brothers' Original Homœopathic Cocoa and Soluble Chocolate.
