Markdale Nominations

A meeting of Ratepayers of the Village of Markdale will be held in the

PUBLIC LIBRARY AT 7.30 O'CLOCK P.M.
on
TUESDAY, AUGUST THE 12th, 1941

for the purpose of nominating properly qualified persons for the office of Councillor for the Village of Markdale for the balance of the year 1941, to fill a vacancy caused by the resignation of Mr. K. S. Gemmel.

In the event of more candidates qualifying than is required to fill the office, and a Poll is demanded, an election will be held in the Public Library, on

MONDAY, AUGUST 18th, 1941

at Nine o'clock in the morning, and shall continue open until Five o'clock in the evening in the above named place.

THOS. TUCK, Clerk

The Clerk's Office, Markdale, August 5th, 1941.

TRAVERSTON

The first three days of this week saw the bulk of spring crop cut and it is a rush job for the next few days.

Miss Mae Aitken, who has been our household help for over six months, entered the employ of the Fergus Munition plant on Friday of last week. Miss Myrtle Marshall of Egremont came to our home the same day to fill the vacancy.

Mr. and Mrs. Ray McCrae, Margaret and Stanley of Palmerston were week-end visitors with Mr. and Mrs. Jos. R. Edwards.

Anna and Keith Lawrence of Egremont holidayed at the Davis homestead last week.

The whole community extends their sympathy to Mr. R. E. Bryan whose brother Richard, passed away in Varney on Wednesday evening of last week after an illness of some months.

Many are the congratulations extended to Mr. H. H. MacDonald, our capable township clerk on being appointed postmaster at Dunbam.

Miss Essel Hastie is assisting Mrs. Bert Carter of Markdale.

Pte. Will Banks of this neighborhood, who has been overseas for a couple of years, is in a hospital in England. The nurse in attendance has the same surname. On a little questioning it revealed that she is the daughter of Mr. Will Banks, formerly of this neighborhood but for many years a resident of Alberta, and that she was his cousin.

Mr. and Mrs. Harvey Ward and Helen and Florence Atkinson of Owen Sound were guests of Mr. and Mrs. J. R. Edwards on Civic Holiday.

Friday night, August 1st, was an ideal night for Zion's garden party and a larger crowd than usual gathered from many communities. The baseball match between Hutton Hill of Bentinck and north Egremont helped to draw a crowd. The former were the winners by a good margin. A bonateons feast followed and then all declare 'a most splendid program'. Rev. W. H. Smith, pastor, presided and added to its brightness. Music was supplied by an orchestra from No. 9 section and the Sharpe orchestra from Welbeck, Bentinck. The singers are all noted for their gift of melody and expression. Those taking part were Donnie McMillan, Mrs. Gordon Greenwood, Tom Firth, Dorothy Gomm and Danny Edge. Excellent readings by Miss K. M. Firth; musical duet by Miss Bernice Koeing and Harvey Baker; a couple of choruses by children of the neighborhood; a duet by Misses Leona and Doreen McNally; trios by Andrey, Bruce and Sally McInnis and the Josie children. The National Anthem closed a specially bright program. The gate receipts were $78.00.

Initial Training School Full Of Scientific Marvels

Fourth of a series of articles on the Royal Canadian Air Force, written specially for the Weekly Papers of Ontario.

By HUGH TEMPLIN

"Were you planning to visit the Initial Training School at Eglinton?" asked Flying Officer Nicol, our guide whose duty for the time being was to get us past the sentries and barrier gates and explain what the Royal Canadian Air Force was doing.

I said I hadn't thought of it; my desire was to get on to the camps where there was actual flying just as quickly as possible.

Flying Officer Nicol thought that would be a mistake. In his opinion the Initial Training School was the most interesting place of them all. It was customary to take distinguished American visitors up to Eglinton just to let them look around and see for themselves that there were certain things in Canada which Uncle Sam's Air Force did not have. Walter Lippman, the columnist, had been there just a few days earlier.

My guide was right, as usual. If I had missed the Number One Initial Training School, I would never have realized just how thorough is the early testing of the young men who are destined to become fighting pilots and observers.

Carrying on Sir Frederick's Work

It is generally known that when Sir Frederick Banting died in a plane crash in Newfoundland he was on his way to England to carry on a scientific work for the Air Force. His death did not stop that work. It began at the Banting Institute at the University of Toronto, and since last November, it has been continued in the buildings which formerly belonged to the Eglinton Hunt Club in North Toronto.

The Eglinton Hunt Club used to be a favorite resort of Toronto society, and the kind of place where a village editor would hardly expect to find himself. Inside the main building is a big arena, large enough for a game of polo and ideal now since the seats have been taken out, as an indoor drill ground. There are class-rooms where dance floors used to be, for the students at the Initial Training School are already studying a stiff course of higher mathematics, armament, signals, sanitation and navigation. It is easy to see why matriculation standing or better is a necessity for every aspiring pilot.

I looked over the lay-out admiringly, even though it had been toned down to make it useful rather than beautiful. The air of its former magnificence were apparent.

"This must have been a swanky place in the old days," I suggested.

Flying Officer Nicol used to be another working newspaper man. "I wouldn't know," he said "My dues in the Hunt Club weren't kept up very well.

When the land and buildings were purchased, there were questions in Parliament and suggestions that they had been bought to help out an organization which was about to pass out of existence. I don't know anything about the truth or otherwise but the people who built the old Hunt Club never dreamed of the scientific wonders it would one day contain.

Testing Brain Waves

After a brief call at the office of Squadron Leader McPherson, officer in command at No. 1, I.T.S., I went to the office of Flight Lieutenant C. B. Stewart. This brilliant young doctor, a graduate of Dalhousie University in the Maritimes, is carrying on Dr. Banting's work, but he took time off to guide me personally through the building where the aircraftsmen are tested, mentally and physically, to see whether they will be able to stand the strain of flying and fighting five miles above the earth.

As we started down the hall, we met a young man whose appearance was startling. He looked as though he had just come from the hands of an electrician. Five long wires hung down from his head. Two of them seemed to be soldered to the top of his head, in among his hair, two more were attached to the back of his neck and one hung from his left ear. Little patches of hair had been shaved off and the wires were attached at important points. The Doctor explained that the two in front were over the part of the brain controlling muscular co-ordination and the two on the neck indicated the place where the optic nerves entered the brain. The one by the ear was just a ground wire. By using a complicated electrical machine, it was possible to measure the brain waves of the man who now looked like something that had wandered out of a cartoon comedy.

The young aircraftsman was told to enter a small room and lie quietly on a bed. The wires were attached to binding posts on the wall. He was told that he wasn't to think of anything exciting, such as an evening with his best girl, but to try to come as near as possible to thinking about nothing at all.

Out in the next room, the Flight Lieutenant touched a switch. A broad ribbon of white paper began to creep over a table. On it were four wavy lines, drawn by pens attached to the man whom I could see through the window, lying peacefully on the bed.

This patient was normal. The wavy lines had no sudden variations. His electro-encephalogram showed that he had passed one more test.

A few are abnormal. Suddenly the black line takes a jump to one side. An aircraftsman with a record like that may take a fit up in the air some day. He won't be rejected on that one test alone, but chances are that the time and expense of training him would be wasted, so when he shows other symptoms as well he is finished as a pilot.

Low Pressure and Oxygen

In the next room, a large cylindrical structure stood in the centre of the room. It looked like the bottom of a silo. The outside was reinforced with steel and planking and large metal pipes ran around it. A porthole of heavy glass was built on one side and there was a device with a microphone near the window.

Dr. Stewart opened a door and we entered a circular room, lined with benches. Seats for ten persons ran around the sides and in the centre was a table with a chair where the doctor sat.

This strange room is used to test the ability to stand high altitudes where air gets thin and oxygen scarce. Usually a class of ten takes the test at once, with a doctor keeping watch through the window from outside and giving instructions through a loud-speaker while another doctor sits at the center table. The officer on the outside manipulates valves and the air is gradually drawn out. Indicators show the altitude at which the air is similar to inside the circular room. 5,000 feet above sea level, 10,000 feet, 15,000 or more.

There is no particular sensation felt by the person inside the tank, but above 10,000 feet, or two miles, the nails turn a bluish tinge, which is also apparent in the lips. The brain seems unimpaired, but that is an illusion. To prove this the aircraftsmen are given simple little problems to do—to change a sentence into a common code, or something of the kind. Like a car driver with a few drinks, who thinks he can drive as well as ever, they don't know they are making mistakes. As the air is exhausted, the margin of error rises.

Another test follows. A rubber oxygen mask is fitted over the nose and mouth. A tube hangs down from it and the end of this is plugged into a small pipe which runs around the inside of the wall. With a supply of oxygen available, the tests show normal brain operation no matter how high the pilot may "fly." It is an impressive lesson, thoroughly taught.

48 Degrees Below Zero

I wondered what would happen next as Dr. Stewart led me into another room. Young men were climbing out of flying suits of various types and hanging them on hooks along the wall. Equipment as well as men must stand the tests.

The Flight Lieutenant opened a door similar to those on large refrigerators and we entered a cold chamber. The temperature there was said to be 2½ above zero, but we didn't stay long, going on into a second and a third, through large insulated doors each time. The second refrigerator chamber was kept above zero, and the third at 20 below. In ordinary summer clothes, it began to feel chilly, but such temperatures are encountered in high flying.

In the third refrigerator room, there was a metal chamber something like a large concrete mixer, coated with an asbestos compound. My guide unscrewed a circular door like a big porthole and the two of us climbed inside. There was only room for two at a time there, and a cold artificial wind blew continually. Dr. Stewart pointed to a thermometer, which registered 43 degrees below zero, a temperature encountered four or five miles above the earth. It is possible to exhaust the air from this chamber also.

We did not stay long. As we came out again through the various chambers, even zero temperature felt warm.

NEXT WEEK — Learning To Fly

CEYLON

Mrs. John Gibson received word Monday of the death of her youngest sister, Mrs. Kopelcker at Hamilton, Illinois. Mrs. Kopelcker was formerly Susan Campbell, daughter of the late Mr. and Mrs. Archie Campbell of Caledon. Mrs. Gibson's many friends sympathize with her in her bereavement.

Miss Catharine Cairns spent Sunday at Bobcaygeon.

Melville Hunt was home from Galt for the holiday.

Miss Edna Marshall left the middle of the week to join a group of Bolton girls who are now working in the fruit belt at St. Catharines.

Mr. and Mrs. Nelson Frewing and friends of Toronto holidayed with Mr. and Mrs. Geo. Udell.

Mr. and Mrs. Mark Stewart of Detroit, Mr. and Mrs. Will Stewart, Miss Mary Hall and Messrs. Percy, Ross and Bruce McDonald of Toronto were in attendance at the McDonald-Stewart wedding on Saturday.

Mr. and Mrs. Wilfred Parslow of New York are visiting at the former's home with their brothers, Dick and Bob Parslow and their sister, Miss Mable Parslow.

Mr. Gordon Stuart is on a business trip in the Ottawa locality.

Miss Margaret Collinson of Toronto spent the holiday week-end at her home.

McDonald - Stewart

Miss Myrtle Irene Stewart, only daughter of Mr. and Mrs. John Stewart of Fisherton became the bride of Mr. T. A. McDonald of Toronto at a quiet ceremony at the home of the bride's parents on Saturday evening. Rev. Keith McMillan officiated.

Given in marriage by her father, the bride wore a gown of marina blue silk jersey and hat to match. She wore a corsage of sweetheart roses and cornflowers. Her only attendant, Miss Mary Hall of Toronto was frocked in a dusty rose silk jersey with matching hat and wore a corsage of roses and cornflowers. Mr. Percy McDonald of Toronto was groomsman. Mrs. Vernon Stewart of Eugenia played the wedding music and the bride's brother, Mr. Vernon Stewart sang during the signing of the register. At the reception, which followed, the bride's mother wore a navy sheer dress with white accessories and a corsage of Briar Hill roses.

Later Mr. and Mrs. McDonald left on a trip to Timagami, Muskoka, the bride wearing navy blue with white accessories. On their return they will reside in Toronto.

SIGN THE PLEDGE TO Save Gasoline

50/50 Car — I PLEDGED MYSELF TO SAVE GASOLINE

Let Your Car Wear Proudly This Patriotic Sticker!

Go to your friendly neighbourhood service station or your local garageman today. A surprise awaits you. He has changed. He will be as courteous and thoughtful as ever —glad to see you—anxious to do anything and everything he can to help you. But he is no longer a gasoline salesman. He is a gasoline SAVER. He will urge you to buy less instead of more. He will point out ways and means of saving gasoline.

He will tell you all about the "50/50" Pledge to cut your gas consumption by fifty per cent. He will invite you to sign. This proud and patriotic sticker for your car will mark you as a member of the wise and thoughtful band of car owners co-operating with the Government to save gasoline.

This is entirely a voluntary movement. It is not rationing. This the Government hopes to avert. But we are faced with a critical shortage of gasoline due to the diversion of tankers for overseas service and to the growing needs of our Fighting Forces.

There is no call for panic—no need for alarm —but this war is being fought with gasoline and we are fighting for our very lives. Sign the Pledge today and continue to save fifty per cent of your gasoline consumption.

It is also vitally important that you reduce the use of domestic and commercial fuel oil.

REMEMBER: The slower you drive, the more you save!

The Government of the DOMINION OF CANADA

Acting through

THE HONOURABLE C. D. HOWE, *Minister of Munitions and Supply*
G. R. COTTRELLE, *Oil Controller for Canada*

Spare and Share your Gasoline for VICTORY!

17 easy ways towards a 50% GASOLINE SAVING

(Approved by Automobile Experts)

Reduce driving speed from 60 to 40 on the open road.
Avoid jack-rabbit starts.
Avoid useless or non-essential driving.
Turn motor off when not in use; do not leave idling.
Don't race your engine; let it warm up slowly.
Don't strain your engine; change gears.
Keep carburetor cleaned and properly adjusted.
Tune up motor, timing, etc.
Keep spark plugs and valves clean.
Check cooling system; overheating wastes gasoline.
Maintain tires at right pressure.
Lubricate efficiently; worn engines waste gasoline.
Drive in groups to and from work.
using cars alternate days.
For golf, picnics and other outings,
use one car instead of four.
Take those short shopping trips ON FOOT
and carry parcels home.
Walk to and from the movies.
Boat owners, too, can help by reducing speed.

Your regular service station men will gladly explain these and other ways of saving gasoline. Consult him.

GO 50/50 WITH OUR FIGHTING FORCES

I Pledge myself to go 50/50 with our Fighting Forces by reducing my gasoline consumption by 50%

Money-making Saw Mill located in good district. The mill building is 40x70, and is equipped for sawing lumber and shingles; 70 h.p. boiler; 50 h.p. engine. Frame house and other necessary buildings. $1200 for property and machinery or $3000 with stock included. Cash.

"We Locate Them Where They Prosper"

Bradey and Colgan
REAL ESTATE AGENTS MARKDALE, ONTARIO

EAST BERKELEY

We are having good harvest weather at time of writing.

Mr. and Mrs. C. Walker and Betty White, all of Shelburne spent the week-end with Mr. and Mrs. Gordon Steer.

Mr. and Mrs. James Oliver, Mr. and Mrs. Wm. Robison and Mrs. Robison sr., all of Meaford were callers on Mrs. John Steer over the week-end.

Some of our local citizens are taking in the excursion to Christian Island and Midland on Friday, 8th. Hope they have a nice trip.

Miss Olga Connell has returned to Markdale after a two weeks' holiday with Chosley friends and at the parental home.

HARKAWAY

Harvesting is the order of the day in this locality.

Sunday visitors with Mr. and Mrs. W. J. Lyons were Mr. and Mrs. Alf. McCullough and daughters, Dorothy and Marjorie of Dundalk, Mr. and Mrs. Harry Reid and Mrs. Rogers of Loree.

Last week visitors with the Johnston family were Mr. and Mrs. Wesley Johnston and family of Fenwick and Mrs. E. Baillie and son, Ronald of Berkeley.

Miss Isabel Carbert and Master Nelson Carbert spent last week with their grandparents, Mr. and Mrs. T. H. Richardson.

Miss Anna Martin of Wasaga Beach is visiting with her friend, Miss Beth Hawken.

Miss Ruby Tribbatt of Owen Sound is spending holidays with Mr. and Mrs. Lloyd Lyons and family.

Recent visitors with Mr. and Mrs. Herb. Patton were Mr. and Mrs. Thomas of Walters Falls; Mrs. Annie McKee and daughter, Annie of Toronto and Miss Doris Patton of Blainyre and Mr. Richard Johnston.

Messrs. Glen Carbert and Lorne Thompson spent the week-end at their homes here.

Mr. Herb. Patton, Mrs. Summers and daughter, Edna, visited Sunday with Mr. and Mrs. George Summers of Markdale.

Those who attended the Lyons reunion in Harrison Park, Owen Sound Monday were Mr. and Mrs. L. Lyons, Willa and Audrey, Mrs. Chas. Thompson, Mr. and Mrs. W. J. Lyons, Mr. and Mrs. Alf. Lyons and Harold.

ROCKLYN

Kimberley softball team met the local boys here in a game on Tuesday evening. A good crowd of spectators was on hand and ice cream was sold by a group of ladies from Victoria W.A. Later in the evening a dance was held by the Agricultural Society with Kirks' orchestra supplying the music.

A large number of local residents were in attendance at the Rotary Frolic in Meaford on Monday evening. Among them were Mr. and Mrs. Chas. Taylor who returned home well laden with their usual quota of boxes of chocolates and other very useful articles. Some people have all the luck.

Rev. and Mrs. E. Warren and family have returned to the manse from their summer vacation. Church services will be held at Temple Hill at 7.30 p.m. during the month of August.

Mr. and Mrs. Ivan Cook of Detroit were week-end visitors with relatives here.

Miss Eveline Smith of Heathcote is spending the vacation at the home of her father, Mr. A. C. Smith and Mrs. Smith.

Mr. and Mrs. Robt. McClean of Owen Sound were holiday visitors with Mr. and Mrs. John Yeadell.

Victoria Women's Association met last Thursday with Mrs. John Falls as hostess.

Congratulations and best wishes to Mr. and Mrs. Emerson Cook, recent bride and groom.

Mrs. Lyman Gilmore has accepted the position of teacher at Rocklyn school for the coming term. Miss Barbara Curry has been re-engaged at Epping.

Mrs. Walter McCullough of Collingwood, accompanied by her daughters, Mrs. Vera Clarke of Detroit, Mrs. May Flynn, Carol Ann and John of Toronto and Mrs. M. C. Tymon of Collingwood were callers at several homes here on Tuesday.

Mrs. Martha Rows of Meaford visited this week with her sister, Mrs. J. A. Cook.

Recent callers in the village were: Mr. A. E. Hopkins of Meaford, Mrs. (Dr.) A. L. Danard of Owen Sound and her sister-in-law, Mrs. (Dr.) Guy Williams of Calgary and Mr. Henry Sparling of New York. It is interesting that each of these visitors were at one time residents of this locality. Mr. Sparling remained for a few days' visit with his sister, Mrs. Jas. Hopkins, at the home of Mr. and Mrs. John Yeadell.

The Red Cross met on Tuesday afternoon but the attendance was very small. Various kinds of work are now on hand and a wider interest in this important work is urged. The W.I. is sponsoring a speaker service later in the month and arrangements for this will be made at the meeting next Tuesday.

EUGENIA

MRS. J. PARSONS PASSES

The community was saddened when it was learned that Mrs. John Parsons had passed away on Friday morning, July 25th, in Markdale Hospital. Over a year ago Mrs. Parsons was seized by a slight stroke from which she almost recovered. Last fall she took another one and from that time onward has been in failing health. A week or so prior to her death she was taken to the hospital. The deceased, who was in her 73rd year, was born near Wareham on Oct. 23, 1868. Her maiden name was Miss Alice McLennan, a daughter of the late Mr. and Mrs. Wm. McLennan of Wareham and was one of a family of seven. She spent most of her girlhood days in Wareham community.

Forty-eight years ago she was married to Mr. John Parsons of Tara. After their marriage they resided near Owen Sound for four years, moving from there to a farm on the 5th Line, Artemesia, where they resided for 44 years with the exception of a couple of years spent in Eugenia village.

The late Mrs. Parsons was a staunch member of the Methodist Church and then the United. She was a valuable member of the Women's Association for many years and assisted in many programs, giving interesting and amusing readings which will long be remembered. She was a good neighbor, always willing to give assistance when it was needed and had a kind and humorous disposition, making many friends. She will be greatly missed in the community.

Besides her sorrowing husband she leaves two daughters and two sons, namely: Mae (Mrs. Seeley) of Dundalk; Myrtle (Mrs. Jim McKinley) of The Line; Ted near Proton Station and Ronald on the homestead. She also leaves twelve grandchildren and one great grandchild as well as two sisters and one brother, Mrs. Richard McMullen of near Portlaw, Miss Lizzie McLennan of Hamilton and Mr. Jas. McLennan of near Dundalk.

The funeral on Saturday was held from her late residence on the 5th line and was very largely attended. Her pastor, Rev. Dr. Mercer, officiated at the house and grave. His Scripture reading was Psalm 39 and part of chapter 21 and 22 of Revelations. His text was taken from Romans 8: "We are more than conquerors". He delivered a comforting sermon speaking highly of the deceased. The hymns used were "Unto the Hills" and "Rock of Ages". The United Church choir rendered "Face to Face".

Interment was made in the family plot in Flesherton cemetery. The floral tributes were beautiful and were as follows: A pillow, the family; sprays, the neighbors, Mr. and Mrs. Albert Snell of Hamilton, her grandaughter, Jean McKenzie; Mr. and Mrs. Jim McLennan, Mrs. Harrison of Dundalk, Billie McMillan of Eugenia. The pallbearers were Messrs. Garnet and Bert Magee, Jas. Porteous, Alex. Cameron, Fred Jamieson and Chas. Hanley.

Friends from a distance who attended the funeral were: Mr. and Mrs. Robt. Serron and daughter of Toronto, Mr. and Mrs. C. Biggar and Mrs. T. Fenwick of Owen Sound.

We extend our sincere sympathy to the sorrowing husband and family in their hour of sadness.

Deep in our hearts she is fondly remembered.
Sweet happy memories cling 'round her name.
True hearts who loved her with fondest affection.
Always will love her in death just the same.

Sgt. A. G. Lawlor and Don Butler of Ohio spent Monday with Mr. and Mrs. Geo. Lawlor prior to enlisting in the R.C.A.F. at Manning Depot, Toronto.

Miss Carmel Martin of Toronto spent the week-end at her parental home.

Miss Mary McKee and Mr. MacArthur have returned to Toronto after a three week's vacation at the McKee home.

Miss Bertha Porter and Miss Foley of Montreal are spending a week with Mr. and Mrs. Geo. Lawlor.

Miss Muriel Carruthers is spending a fortnight with friends in Toronto.

A.C. 2 Argyle Martin of the R.C.A.F. Wireless School, Montreal, was home over the week-end. Argyle had the misfortune to sprain one of his ankles badly a few weeks ago but it is almost better again.

Born—In Guelph Hospital on Tuesday, July 29, to Sgt. A. G. and Mrs. Lawlor, a son. Congratulations.

Miss Zera Warrilow and sister, Joan have returned to Toronto after holidaying with their grandparents, Mr. and Mrs. J. Fawcett and family.

Mr. and Mrs. Chas. Annette of Toronto were week-end visitors with the latter's father, Mr. John Williams.

Mr. and Mrs. Levi Duckett of Maxwell visited at the Martin home Saturday evening. Miss Violet went to Toronto on Sunday where she has secured a position.

Mr. and Mrs. Stewart Elkin and children of Niagara Falls visited recently at the Cairn's home. Mrs. Elkin's sister, Shirley, accompanied them home to spend a few holidays.

Miss Marjory Taylor of Palmerston has been engaged as teacher for the Eugenia public school.

Guests with Mr. and Mrs. Ed. Baker recently were Mr. Baker's two sisters of Toronto and niece, Miss Etta Baker of Collingwood, also Mr. and Mrs. Otto Baker and family of Heathcote.

Mr. and Mrs. Will Lawlor, two sons and daughter of London spent the week-end with the former's brother, Mr. Geo. Lawlor and wife.

Mr. Ben Shortt, who is working at Trenton, spent the week-end with his wife and family here.

Mr. and Mrs. A. B. Johnson and Miss Agnes spent the week-end with friends here. Miss Margaret McMillan who had spent two weeks with her cousin, Agnes, returned to her home here.

An official board meeting of the circuit was held in the church here Tuesday evening of last week.

There are good points about this gas saving idea. It really ought to put a good many men on their feet.

Small Advts.
