TOWN AND COUNTY.

THURSDAY MORNING Nov. 27 1879.

—More like winter.

—Xmas is just four weeks from today.

—Beware of counterfeit $1 Dominion bills.

—The congelation of the mud is appreciated.

—Sleighing is pretty thin, and wheeling is very rough.

—Meeting of the Board of Trustees on Monday evening next.

—Now is the time to advertise, and this is the paper to do it in.

—It is most time for the red leaves to go out and the red roses to come in.

—People are now discussing whether there has been any Indian summer or not.

—Don't forget to shovel the snow off the sidewalk in front of your premises.

—It's about time the municipal candidates were making themselves known to the constituents.

—The Free Press and the Guelph *Weekly Mercury* from now to January 1881 for $2.00. Subscribe now.

—Owners of coal stoves would do well to guard against the escape of gas at night, if they don't want to suffocate.

—You might as well back a mule up against a bee-hive and tell him not to kick as tell a woman about a wedding—and expect silence.

—We owe papers to paid up sensible reader, well and good, and we're much obliged to you; but if it isn't, we would like to be obliged to you. Sooner the quicker.

Auction Sale.—A large quantity of Household Furniture will be sold by Mr. Geo. Forbes, at his residence on Bower St., this evening, at 6 o'clock p.m. W. Hemstreet, Auctioneer.

Choir Concert.—The Methodist Church Choir Concert, under the leadership of Prof. Harrington, of Guelph, will be held on Wednesday, 10th of December. For particulars see posters.

—Mr. Vennor is out with his usual prophecy for the coming winter, which he says will be extremely cold, February being one of the coldest on record. He says we shall have an early spring.

—Now that the long evenings have come, parents should see to it that the home is made a bright and attractive place for boys to spend their time, and thus prevent them from seeking amusement elsewhere.

—Diamond—The London *Advertiser's* next subject for a parody is the "N. P.," to be written in the style of "The One-Hoss Shay." The prizes are good, and we should like to see them come this way.

—A new wrinkle is coming into effect in connection with the tonsorial profession. At some of the fashionable barber shops a customer receives a check bearing the number of his turn. He may go away and return to claim the place marked on his ticket.

—We were informed by a member of the council that a man had been hired last week, to repair the various sidewalks which require it throughout the village. This work has not yet been attended to, but should be before winter sets in, as there are many very bad holes.

Journalistic.—The Port Elgin *Busy Times* has been enlarged to an eight page sheet, which with their new type and presses makes it a very model of neatness, and one of the best country papers in the Dominion. We wish the proprietors more *Busy Times* than they have ever heretofore had.

S. S. Anniversary.—A Sabbath School teameeting will be held in the Brick Church, second line, on Thursday evening, Dec. 4th. A number of rev. gentlemen will deliver addresses, and music suitable to the occasion will be provided. Doors open at 6:30. Admission 25 cents, children 15 cents.

Skating.—The small boy, ever venturesome, has been already skating on the pond. It is needless to say that it is very dangerous at present, and parents should exercise a little vigilence and prevent the boys from indulging in skating while there is any danger. By doing this, sad consequences may be averted.

—The editor of the *Milton News*, in his issue of last week, brings us to task for not acting as local editor for him, and sending him a report of the Model School Examinations which were held in his own town a month or so since, and which he could have obtained a week previous to us had he taken the trouble to visit the school and ask the County Inspector for it. We are willing to do a good turn for a brother editor when it lies within our power, but when it is not possible for us to do so, we do not feel disposed to be drawn over the coals for no cause, and quietly say nothing about it. We would inform the *News* that had we sent the report (which he himself could have obtained with a little exertion) immediately on receiving it from the inspector, it would have reached him in the same mail as our issue of that week containing the report. In future, *worthy friend*, don't let your angry passions rise without sufficient cause.

—Shooting matches are now in order.

—The crop of Xmas slippers is getting ripe.

—Skating is the order of the day among the school children.

—Many wonder, but none appear to know who will run for reeve for next year.

—Now put away that shot gun and get ready to give the new ice a chance to get in its work on the boys.

Improvement.—Mr. Chas. W. Hill has had glass panels put in the entrance door of his photograph gallery.

—The ponds are frozen over, and the season when the small boy accidents will make their appearance is at hand.

Removal.—Mr. Geo. Walters has removed from his farm on the 1st con., Esquesing to his residence on Bower Avenue in this village.

Correction.—In our issue of last week, in reference to spurious bills on the Dominion Bank a typographical error occurred, making it read $4.00 bills instead of $1.00 bills.

—The ex-monk and blackguard Widdows, is still raising rows in Scotland and deceiving the same class of goody goody fools, as took him up in Canada.—*Sentinel Review*, Woodstock.

—The matrimonial fever, which periodically breaks out in this vicinity, is now prevalent. Several couples have been made happy within the past few weeks, and rumor says there are more to follow.

—The workmen on Messrs. W. H Story's and R. Little's new residences have succeeded in getting the sheathing on the roof on each house, but we presume they will have some cold fingers before the shingles are all laid.

—An unfortunate Jersey editor thus addressed his delinquent subscribers:—"Friends, we are penniless. Job's turkey was a millionaire compared with our present depressed treasury. To-day, if salt was two cents a barrel, we could not buy enough to pickle a jay bird."

—An exchange declares that the man who sat down in the middle of the pasture expecting that the cow would come to him to be milked, is no more foolish than the man who stocks a store and expects the people to hunt him out and buy his goods without advertising.

Municipal Candidates.—We see by our exchanges that the candidates for municipal honors in other towns are already "dusting" around, and making good use of the short time left before the election. In Acton, however, no interest seems to be taken in the matter, so far.

—The Free Press will be sent to persons who subscribe now up to Jan. 1st, 1881, for $1.00, payable in advance. Subscribe at once. Every man ought to have the local paper. You can not fail to see something in it during the year that will benefit you more than the cost.

Auction Sale.—A sale of Farm Stock and Implements will be held at Agnew's Hotel, Acton, on Thursday, 4th Dec., by Mr. Thos Perryman. Terms, $5 and under, cash, over that amount 10 months credit. Sale to commence at one o'clock. Wm. Hemstreet, Auctioneer.

—This year Christmas day falls upon a Thursday. The old rhyme says:

If Xmas day on Thursday be,
A windy winter ye may see;
Windy weather in each week,
And hard tempests strong and thick;
The summer shall be good and dry,
Corn and beasts shall multiply.

Successful Sportsmen.—Messrs. M. Speight and E. Nicklin who were in Muskoka, deerhunting, for the past two weeks returned home on Friday last. The party in all numbered five and among them eight deer were brought down. Our local sportsmen brought three out of the eight home with them.

Indian Concert.—Prospect Division, Sons of Temperance, Brookville, Nassagaweya, intend having a grand concert; concert, consisting of vocal and instrumental music, on the evening of Monday, 22nd Dec. The concert will be conducted by Chief Mah-Koonce, assisted by his troup of Indians from New Credit, Grand River Reservation.

Improvements.—Our local tonsorial artist has added to his premises a handsome sign, and in future the public will be able to know that his shop is not the post office. Last week he purchased the business, stock and fixtures of Mr. John Nichol, Main St., which addition to make him one of the most complete shops in the county, and gives him the entire custom of the town.

On the Verge of the Grave.

Such was the condition of Moses A. Walker, of Derry, N. H., with congestion of the lungs and chronic Catarrh. Two doctors had given him up to die. Catarrh Remedy entirely restored him to health, and, to use his own words, "built up my whole system." The remedy is for sale by all Druggists.

What to Teach.—Rev. Charles Brooke, father of the State normal schools in America, was asked by a teacher this question: "What shall I teach my pupils?" He answered, "Teach them thoroughly these five things:—1. To live religiously. 2. To think comprehensively. 3. To reckon mathematically. 4. To converse fluently; and, 5. To write grammatically. If you successfully teach them these five things, you will nobly have done your duty to your pupils, to their parents, to your country, and to yourself.

—The king of the dry goods trade has something to say in our advertising columns. We do not wonder at the amazement a stranger would experience in finding himself in such a dry goods palace as the Golden Lion, Guelph. Very few of our large cities can boast of anything to equal it. We take pleasure in congratulating the enterprising proprietors upon their success, as the Lion is not merely a local institution confined to Guelph, but his extensive business connections give the whole of Western Ontario an interest in his prosperity. See the Lion.

Stubborn Facts.

That in severe and chronic cases, which have defied all other remedies, Wilson's Compound Syrup of Wild Cherry gives immediate relief, and effects a speedy cure.

That no case has been reported in which it failed to give relief.

That every family who keeps it on hand can laugh at Croup, Whooping Cough, Colds, Bronchitis, and all kindred diseases.

That in every district where Wilson's Wild Cherry has been introduced it has jumped into favor to an incredibly short time.

That besides being a radical cure for the above mentioned diseases it is one of the best Tonics in use.

That if you have not already done so it is your duty to purchase a bottle at once.

That you can buy it from any leading druggist in Western Ontario. 12-4

Recognized at Last.—From whatever cause it may arise, it affords us more pleasure, and profit than a first-class teameeting free tickets and four addresses thrown in, to notice that the business men of this town are recognizing the importance of judicious advertising. In all lines of printing, from a visiting card to the largest poster, we have the facilities to compete in point of artistic skill or moderate prices, with the city houses. Is your business not prospering, neighbor? Ask yourself three questions.—Am I buying in the best markets? Am I selling at the lowest possible figure and for cash? Am I making the best use of the local advertising medium, the Acton Free Press.

Misery's Throne.

Of all the miserable and unhappy creatures in existence, there are none more so than the confirmed dyspeptic. Life is a burden, and it the sufferer does not obtain relief he soon sinks into a dreary misanthrope, with the germs of consumption lurking dangerously near. The only known remedy—tested in innumerable cases—is Scott's Emulsion of Cod Liver Oil combined with Hypophosphites of Lime and Soda. With this medicine the incumbus is removed, and the embryo seeds of consumption scattered. It is also nearly as pleasant to the taste as sweet cream.

—Our Manufacturing Department, such as Millinery, Mantles, ordered and ready-made boys Clothing and Overcoats are unsurpassed. We can suit the most fastidious lady in all particulars, and we have made extensive improvements in our Clothing Department which will meet with the approval of our numerous patrons. We sell goods cheap to suit the times,—McLeod, Anderson & Co.

—Overwhelming evidence that McLeod, Anderson & Co., of the Mammoth House, Georgetown, have the biggest stock, have the biggest place, do the biggest Dry Goods business, give the biggest bargains in this county or any other county or city. Their place is crammed full from cellar to garret—of big bargains and first-class goods—Inspection invited. Competition nowhere when our great bargains are seen.

A Conundrum Propounded.

Why will the "small boy," persistently eating green apples? The reader may as well give it up at once, since our original parents were guilty of the "little indiscretion." Physicians say, the season in which early or unripe fruit is first introduced, is the one they are the most severely taxed in cases of Colic, diarrhœa, dysentery, etc. Young and old are guilty, but boys and girls are the surest victims and the greatest sufferers. There is no peace, comfort and safety in the family unless its head provides a proper and efficient remedy. Scott & Bowne's Palatable Castor Oil, is a certain remedy and is easy to take. Price 25 cents.

Important Notice.—It is admitted by all parties who have paid attention to recent changes in values that Teas have advanced fully 15 to 20 per cent, and leather from 25 to 30 per cent. Our stock of Boots and Shoes was all bought before the advance, and about a week before the recent rise in Teas we purchased a three months stock. We make no change in price, but give our patrons the entire benefit of our good luck and can therefore guarantee prices lower than in any adjoining village, town or city. Coal Oil only 12 cents per gallon, warranted good. Salt only 85 cents per barrel. An immense stock of Boots and Shoes to select from. Dry Goods, Ready-made Clothing, Millinery, Mantles, etc., etc., at old prices. Christie, Henderson & Co., Acton.
