THURSDAY MORNING, APRIL 1, 1880.

The National Currency Question.

This is a subject we approach with considerable hesitancy, and as one with which we are not thoroughly acquainted. What with bank charters expiring "rag babies" held up to the public gaze as a perfect substitute, and the mighty questions of national banks, "fiat" money and irredeemable paper spoken of as glibly as the state of the weather, or the prices of grain, people are naturally nervous at the result and the effect upon the country. There can be no doubt either that the most agreeable way to contemplate the great money question is to have a comfortable amount of it at our credit and rattling in our pockets. This is a phase of it we all can understand, as one which poor mortality has struggled to reach and realize in one shape or the other ever since the birth of our fallen race. It is by far the most important secular matter in the economy both of nations and individuals, that enjoys the attention of mankind the world over. But with all its intensity of interest to the world in general, how few of the great mass of people understand the science of finance, the laws by which it is governed and the great apparent mysteries controlling its mighty operations.

These are a number of reasons urged and questions discussed by the advocates of a National Currency, that a National Currency would be a great benefit to the country, and just as many put forth by the Hard Money men, showing that the issue of such a Currency by the Government, would be against the interests of the country, and without venturing an opinion in the meantime, we think that, whatever may be the result of the movement, it is a question fairly open for inquiry and careful consideration.

Guelph Agricultural Implement Works.

The Cossitt Agricultural Works of Guelph, which recently passed into the hands of Thomas Gowdy, and are now known as the Gowdy Agricultural Works, begin to show the excellent effect of the new management. The staff of workmen is now full, there being forty men busily employed, and every department of the large works is being run to its utmost capacity. The machinery of this extensive manufacturing establishment is all new, and of the latest pattern, and embraces every known labor saving machine by which the cost of manufacture can be reduced in any degree. The workmen are all thoroughly experienced men, and turn out the best possible work. The establishment is a most complete one, and every article of the hundreds used in the manufacture of the several complicated machines, is manufactured on the premises from the raw material. There are at present no less than one hundred and fifty reapers in course of construction. Most of these are what is known as the "Farmers Choice." The whole works present a busy scene, and in their completeness and efficiency are equal to the best of the kind in the Province. We are glad to learn that the prospects for the future are so good, and we earnestly hope that such a valuable industry as this to Guelph will have a long and prosperous career and the fullest measure of patronage.

Mr. Callison, whose outbuildings were burned down by some fire fiend in Biddulph last week, is perfectly sure no Donnelly man did it.

Mr. Cobb, late of Lobo, now of Kansas, in writing to a friend expresses some longings for a meal of Canada potatoes, some of the fruits of Lobo, and a little of North Middlesex beef and mutton. O, how he longs for the good old times he once had. Corn gruel for breakfast, corn bread for dinner, corn mush for supper.

Murderous Attack on the Hon. George Brown.

The Criminal Promptly Arrested.

On Thursday afternoon last as Mr. George Brown, of the Toronto *Globe*, was sitting in his office a young man named Bennet, who had been discharged from the office, entered and requested Mr. Brown to sign a certificate as to his ability and character. Mr. Brown said that he should apply to the head of the department for the certificate, as he was not aware of the length of his service. Bennet replied that the head of the department would not give it to him. Bennet pressed the paper upon Mr. Brown, who continued to refuse, when Bennet began fumbling apparently at his pistol pocket, whereupon it passed through Mr. Brown's mind, as he himself said, "that the wretch might be meaning to shoot me." He got the pistol out, and then Mr. Brown grabbed him by the wrist, and turned his hand downwards. He had got the weapon cocked before he was seized, and he at once pulled the trigger, but the muzzle being turned downwards, the ball struck Mr. Brown on the outer side of the left thigh, taking a slanting direction and escaping about four inches below and towards the back of the leg. Mr. Brown thereupon closed with his assailant, and they got outside the door, still struggling. He pushed Bennet against the glass partition of the waiting-room, at the same time calling for help. By this time the alarm had been given in the office, and a number of employees rushing down, the man was seized and quickly disarmed and arrested. The bullet dropped to the floor after it passed through Mr. Brown's leg and was found lying on the carpet in his room. Medical examination proved that the wound was not of a serious nature, and the Hon. gentleman is mending rapidly.

On Thursday evening another murderous attack was made in the *Globe* office. A young man (a feeder of a press) came into the press room smoking a pipe, and was ordered either to cease smoking or leave the room. He became insolent and threatened the superintendent. Seeing this the night clerk jumped in and hit him. The feeder then seized a monkey wrench and struck the clerk over the head, inflicting a severe wound.

The Donnelly Massacre.

There are thirty four witnesses summoned for the Donnelly massacre case at the coming Middlesex assizes. At the Court House the opinion is expressed that the venue will not be changed.

Mrs. Kennedy, of Biddulph, mother of John Kennedy, and mother-in-law of Wm. Donnelly, died on Thursday. John Kennedy is one of the prisoners charged with the Donnelly massacre. The news was conveyed to him in his cell, and he manifested great grief. The old lady's death is said to have been much hastened by the tragedy. A dastardly case of malicious injury to property occurred in Biddulph on Saturday night. It appears that Wm. Donnelly lent his brother Robert his horse and buggy to go over to the Kennedy homestead in relation to the death of Mrs. Kennedy, Wm. Donnelly's mother-in-law, Robert Donnelly left the buggy some distance from the house whilst he went in, and upon his return found that the rig had been broken to pieces. It seems as if the troubles in Biddulph are not yet over.

Halton Assizes.

The Spring Assizes were held in Milton on Monday last, Mr. Justice Morrison presiding. One criminal case was tried. An insolvency case of concealing goods was adjourned to the Sessions. On the civil docket were two seduction cases, one ejectment case and one on a promissory note. Little v. Scott, seduction, resulted in a verdict of $600 for the plaintiff. W. Laidlaw, of Hamilton, for the plaintiff, and Thomas Robertson, Q.C., for the defendant. McLeod v. Barber, seduction, resulted in a verdict of $500 for the plaintiff. W. Laidlaw, for the plaintiff, and Thos. Robertson, Q.C., for the defendant.

CORRESPONDENCE.

The Editor, while willing to open his columns for the free discussion of all matters of public interest, does not hold himself in any way responsible for the opinions in his correspondents. Correspondents are requested to be brief, to write legibly, and on one side of the paper only. All letters must be accompanied by the name and address of the writer, not necessarily for publication, but as an evidence of good faith.

Mr. Bennet's Charge.

To the Editor of the Free Press.

DEAR SIR—During the past few weeks Mr. Bennet has been charging me with informing on him of selling liquor after hours on Saturday 21st Feb but I hereby positively deny having preferred the charge.

I am, yours respectfully,

D. C. ROBERTSON.

Edison has sold one of his patents for $100,000.

EIGHT CHILDREN AT A BIRTH.—On the 2nd of August Mrs. Timothy Bradlee, of Trumbull County, Ohio, gave birth to eight children—three boys and five girls. They are all living and healthy—but quite small. Mrs. Bradlee was married six years ago to Ennier Mowery, who weighed two hundred and seventy-three pounds on the day of his marriage. She had given birth to two pairs of twins, and now eight more, making twelve children in five years. Mrs. Bradlee was a triplet, her mother and father both being twins, and her grandmother the mother of five pairs of twins.—*Cincinnatti Lancet.*

A MIXED QUESTION.—A remarkable case of intermarriage, and one which has greatly exercised the people of the neighborhood, occurred at Grimesville, Pa. The parties in the case are named Smith and Snyder. Mr. Smith was a widower, 60 years old, and has a son 24 years old; Mrs. Snyder was a widow, 42 years old, and has a daughter 21 years old. Old Mr. Smith has now married Mrs. Snyder's daughter, and old Mrs. Snyder has married the younger Smith. Suppose that each of these couples should have a son and daughter, what would the relationship be between the parents and children of both families. Who can solve the above, telling the degrees of relationship existing between the parties.

THE GREAT ELECTRIC LIGHTED SHOW IS COMING.—Notwithstanding the fact that the just action of parliament will prevent the annual raid of American canvas shows, we shall not suffer for amusements in that line, as the Dominion can boast of a tent entertainment of its own, and one which is, in a way, superior to anything ever organized. We refer to Pullman & Hamilton's Great London Seven-fold Confederation, which is soon to pitch its electric-lighted tents here. Due notice of the exact day and date will be given, meantime prepare to see the only genuine Electric Light on exhibition in Canada, and which is a splendid and surprising show alone. Sir John Scott's amazing stud of performing Broncho Horses; Prof. Neil Smith's wonderfully educated dogs; Canada's prime favorite, Jolly Johnny Priadle; Prof. Forber's astonishing free slack-rope ascension; Humpty Dumpty in all its pantomimic glory; the great Boissets, El Nino Eddie and a host of other most brilliant gymnastic celebrities. The price of admission to this superlative and varied combination being but 35 cents for adults and 25 cents for children, making it the cheapest as well as the best of shows. It is, moreover, managed in person by its proprietors, and run upon the highest points of discipline and integrity.

Nassagaweya Items.

From our own correspondent.

Farmers continue to dispose of their wheat at fair prices, Acton and Rockwood being the favorite markets.

An examination will be held in Mike Blacklock's school No. 8, on Friday next. The public are cordially invited to attend.

Mr. John Burdett lectured in Moffat last Tuesday evening on the subject "The grave and the gay," to a fair audience.

A lecture was given in Brookville on Wednesday evening last by Mr. Bain, of Morristown, advocating some of the views of the Plymouth Brethren.

Prospect Division S. of T. Brookville meet every Friday evening, and have interesting meetings weekly. There are good prospects of increasing in their ranks.

The term for which the singing class under the leadership of Mr. Block of Guelph, expired last Thursday evening. A marked improvement is shown in the singers.

Mr. W. A. McIntyre, of Winnipeg, Manitoba, late of Nassagaweya, who recently secured a first class certificate, has succeeded in obtaining a situation in one of the Winnipeg schools at a salary of $600 per annum. He now enjoys excellent health.

John Barber, of Nassagaweya, who has been preparing for matriculation in medicine in the Collegiate Institute, Galt, returned home on Monday last for vacation, and intends entering Trinity Medical College, Toronto, at the opening of the session.

A public examination was given in Mr. James Collin's school, in section No. 5, on Friday last. There was a good attendance of parents and friends as well as the teachers of the neighborhood. The scholars acquitted themselves in a manner creditable to their teacher.

Remedy For Hard Times.

Stop spending so much on fine clothes, rich food and style. Buy good, healthy food, cheaper and better clothing; get more real and substantial things of life every way, and especially stop the foolish habit of running after expensive and quack doctors or using so much of the vile humbug medicine that does you only harm, and makes the proprietors rich, but put your trust in the greatest of all simple, pure remedies, Hop Bitters, that cures always at a trifling cost, and you will see better times and good health try it once. Read of it in another column.

THE ALTAR.

EASTON—RAMSHAW.—In Acton on 31st ult., by the Rev. R. Hobbs, at the residence of the bride's father, Mr. J. T. Easton, Baker to Mary, daughter of Mr. Williamson Ramshaw, all of this village.

VILLAGE LOTS

For Sale By Auction

in the Flourishing and Enterprising

VILLAGE OF ACTON.

JOHN McCOLL, ESQ.,

has instructed the undersigned to sell by public auction on

Saturday, April 17, 1880

the following desirable building lots, situated near the G. T. R. Station, in the Village of Acton, viz:—

Lots 17, 18, 19, 20, 21, 35, 36, 37, 38, 39, 45, 46, 47, 48, 49, 50, 51, 52, 53, 67, 68, and 69, in James Young's Survey.

These lots are well adapted for either gardening or building sites, being situated in the most desirable parts of the Village. As nearly all suitable lots for building purposes, outside of this block have been recently bought up, this sale affords the only chance of securing desirable property at a fair price. The rapid growth of the village is a sure index to the rapid rise in price of suitable lots. Money invested in this way cannot fail to pay a large profit.

Terms of Sale—20 per cent cash and balance secured by mortgage.

Sale to commence at 1 o'clock sharp.

GEO. GIBBS, Auctioneer.

Acton, April 1st, 3i.

SCOTT & BOWNE'S

PALATABLE CASTOR OIL

Is prepared in a form perfectly agreeable to children and most sensitive persons. In its manufacture the properties of the oil that produce pain and griping are eliminated, and it is rendered not only mild and pleasant in its action, but thoroughly tasteless and palatable. It is pre-eminently the finest laxative and cathartic known, and as a remedy for Costiveness, Constipation, and all Intestinal Derangements it is unequalled, and is destined to take the place of crude oil and all drastic pills and purgatives. For sale by all Druggists at 25 cents a bottle. Don't fail to try it.

Go to J. E. McGarvin's drugstore for Garden, Field and Flower seeds. He has the best assortment in town. Try them.
