THE ACTON FREE PRESS

Published every Thursday Morning

$1 Per Annum in Advance.

Acton Free Press

THURSDAY MORNING, JULY 8, 1880.

A veteran sea captain of Portland, Me., occupying a most important position in a steamboat line, among other things in a long talk with a newspaper reporter, said that he believed, though not a fanatic on the temperance question that liquor bars on steamboats were at the bottom of some mischief. The effect of liquor was bad on a crew, regardless of its moral influence, and he had early closed the bars that existed on the line with which he was connected.

The Local Newspaper.

There is no money more wisely spent than that which purchases the local newspaper. The yearly subscription is a small sum, but the benefits to the subscriber are often very great. The local newspaper is a companion and an adviser to the man who takes it. It is ears to him, for it enables him to see many things of interest and importance that otherwise would have escaped his observation. It is ears to him, for through it he hears of numerous occurrences which may interest him, for through its columns he may address himself to the great public; or the paper itself may utter what he would say had he the ability to speak his mind. A man who doesn't take the local paper lives away from home. He is a hermit oblivious to what is transpiring all around him. Events of more or less importance, which affect him to a greater or lesser extent, are weekly occurring in his neighborhood, and he doesn't hear of them. He only hears what some chatty neighbor may tell him across the garden fence. We pity the man who is without a local paper. The rise and fall of prices, the doings of council, the changes in business, the reports of meetings, births, marriages, deaths, accidents, and the bargains offered in the advertising columns, are all unknown to him. He is caught by "sharpers," he is cheated by "agents," he is behind the times. Again we say, we pity him.—*Exchange.*

Board of Education.

The Board of Trustees of Acton School Division met in the school house on Monday evening, 5th inst. pursuant to adjournment. Mr John Speight in the chair, Messrs D. Henderson, S. Moore, M. Speight, Alex. Leahy, and J. Leahy present.

Minutes of last meeting were read and confirmed.

The Finance Committee presented their fifth report and recommended payment of the following accounts:—

Thos. Moore, salary for June,		$45.83.
do do	" July,	45.84.
Miss McKellar,	" June,	25.00.
do do	" July,	25.00.
Miss Grant,	" June	18.75.
do do	" July	18.75.
Mrs. Hughes, salary for June & July,		12.50.
John Walter, kindling wood,		2.00.
Ed. Dynes, on sect. building fence,		64.62.
Eli Snyder, roofing residence,		30.00.
H. P. Moore, salary, stationery, etc.,		16.59.
		$301.88.

and that the chairman issue his cheque in favor of the treasurer for amount of said accounts. Carried.

Moved by D. Henderson, seconded by A. Leahy, that the report of the Finance Committee just read be adopted. Carried.

Moved by Jos. Leahy, seconded by M. Speight, that this board adjourn to meet again on Monday, August 2nd. Carried.

The revenue of the Montreal Telegraph Company, from all sources, for the six months ended May 31st, 1880, was $220,330 60—against $208,238 18 for the same period of 1879. And this notwithstanding the reduction in rates.

Hicks & Co. of London, England, who reported in their last week's circular so favorably of the beef and mutton markets, have in this week's circular completely reversed their tone, stating the supply to be considerably over the demand, and consequently lower prices.

Village Council.

The municipal council of the Village of Acton met in the Council Chamber on Monday evening, 5th inst, pursuant to adjournment. Present, Messrs. W. H. Storey, D. D. Christie, and C. S. Smith.

Moved by W. H. Storey, seconded by D. D. Christie, that C. S. Smith act as chairman.

Moved by D. D. Christie, seconded by W. H. Storey, that By-law No.— to amend By-law No. 12 be now read a third time and passed, and the seal of the corporation be attached thereto. Carried.

By-law read a third time.

Moved by D. D. Christie, seconded by W. H. Storey, that leave be granted to introduce a By-law to exempt the manufacturing establishment of Philip Jacobi in the Village of Acton from certain taxes and that said By-law be read a first time. Carried.

Moved by W. H. Storey, seconded by D. D. Christie, that By-law No.— to exempt the manufacturing establishment of Philip Jacobi in the Village of Acton for certain taxes be read a second time and that the council then go into a committee on the same. Carried.

Moved by W. H. Storey, seconded by C. S. Smith, that the sum of four dollars be paid to William Watson for cutting weeds on streets. Carried.

Moved by D. D. Christie, seconded by W. H. Storey, that the report of the committee on the whole on By-law to exempt the manufacturing establishment of Philip Jacobi in the Village of Acton from certain taxes be concurred in and that said By-law be now read a third time and passed, and that the seal of the corporation be attached thereto. Carried.

Moved by W. H. Storey, seconded by D. D. Christie, that the sum of ten dollars be granted to the Acton Brass Band to complete the stand erected by them and to furnish lamps for the same. Carried.

Moved by D. D. Christie, seconded by C. S. Smith, that the accounts of D. C. Robertson for constable fees and expenses be paid. Carried.

Whereas it is expedient to provide for the impounding of animals running at large and appointing proper persons as pound keepers. It is therefore moved by W. H. Storey, seconded by D. D. Christie, and resolved that Ransom Adams be and is hereby appointed pound keeper for this municipality. Carried.

Moved by W. H. Storey, seconded by D. D. Christie, that this council adjourn to meet again on Monday evening, July 26th. Carried.

Nassagaweya Items.

From our own correspondent.

James Elliot, of Puslinch, while working at a frame building on the farm of Mr. Burrows, of this township, a few days ago, fell a distance of twenty two feet, alighting on a pile of stones. When taken up he was in an unconscious condition. Dr. Winn was called to attend the sufferer, and pronounced his condition extremely dangerous. The injuries have prevented his removal to his home, and he lies in the house of Mr. Burrows in a critical condition.

Mr. A. McDowell, of Campbellville, received at the close of the Canada Business College, Hamilton, a beautifully engraved diploma, conferring upon him the highest honors of the institution.

Wholesome Harvest Drink.

As alcoholic drinks have happily long been driven from the harvest fields, there have been various drinks beside water substituted, but scarcely any of them meeting fully the conditions sought for in the way of a wholesome satisfying beverage. Water, even in all its purity, does not seem to quench the thirst and stimulate the body, as it produces additional perspiration and passes through the pores almost like passing through a colander, leaving the system exhausted and weak; besides, a drink of cold water, when suffering under a great degree of heat, is dangerous, even at times producing sudden death. Latterly, in England and elsewhere, a drink is prepared by mixing oatmeal with water, in the proportion of three or four ounces to a gallon of water. This is found not only to satisfy the thirst better than water, or molasses and water, even when tempered with vinegar or other acid, but to produce additional strength of body. Oatmeal possesses a peculiar aroma, and acts as a stimulant to the surface of the skin so as to cause the complete digestion of the liquid. Men employed in an atmosphere of the intensest heat are much comforted with it, and become very fond of it. Hence it is in a measure "victuals and drink," possessing only virtues and without any drawbacks whatever.

Just now the time is here to give it a trial, and we shall be glad if at the end of the season those substituting the oatmeal and water will make report as to the results.

Peculiar Accident at Uxbridge

On Saturday evening at a little girl 11 years of age, daughter of John P. Hilborn, was amusing herself on a swing erected in the barn, her father entered the barn with a pitchfork in his hand, and while standing in the doorway commenced playing with the child by pointing the fork towards her, pretending he would let her swing against it, but of course withdrawing it as she came towards him. Unexpectedly the door in which he was standing swung shut, striking the end of the fork handle as the swing came forward, causing one of the prongs of the fork to enter the lower part of the abdomen of the child, penetrating it is supposed to a distance of two or three inches. She lies in a very critical state, with little hopes of recovery.

THE CROPS.—From the crop reports published in yesterday's *Globe*, we clip the following in reference to the state of the crops in the vicinity of Acton: "Fall wheat 80. Spring wheat 80. Barley 100. Oats 100. Peas 100. Rye 90. Hay 100. Potatoes 120. Corn 100. Roots 100. Apples 125. Other fruit 100. Hops 800. Area—Barley, peas, potatoes, apples, and other fruit above average. Fall wheat, spring wheat, rye, and hops below average. The figures indicate the state of the crops, 100 being assumed as an average condition.

THEY WONDER.—There are some people in the world, remarks a contemporary, who wonder why local news paper editors don't try and make up their town news of thrilling paragraphs, startling narratives, sage reflections, &c., and leave out all such little trifles as personal notices, brief local knick knacks, and general here and there's, which don't seem to be of much consequence. If these persons knew as much of the world and people in it; if they had such work to do; if they understood all the little vanities of the public and all the demands of subscribers; if they comprehend how much the average citizen appreciates humor brevities about his locality; and if they were aware that general home news of the higher and more important grade is usually scarce—as a country newspaper editor does, or ought to—they might cease to wonder.

General News.

William Parsmore, saddler, of Dundas, dropped dead in Hamilton on Saturday afternoon.

The number of deaths in New York city for the week ending Saturday was 1,297, the highest, with a single exception, in ten years.

Friday afternoon a horse belonging to Mr. Perriman, Orillia, butcher, while running away struck a little girl, the daughter of Mr. O'Hair, killing her almost instantly.

An old man who was walking on the Grand Trunk track, near Kingston, was struck and instantly killed by a passing freight train. Nothing found on his person to lead to identification.

In Manitoba the weather has been extremely hot. The thermometer registers over 80 degrees in the shade. The water in the river is falling rapidly, but the crops and vegetation present a splendid appearance.

The remains of Mrs. Annie Tanton nee Monteith, of London, the young lady who was thrown out of her buggy and killed two hours after her wedding, were on Friday last interred in Hunt's burying ground. The *cortege* was one of the largest ever seen in the township, and the services were of a very affecting nature.

A GOOD ACCOUNT.

To sum it up, six long years of bed-ridden sickness and suffering, costing $200 per year, total $1,200—all of which was stopped by three bottles of Hop Bitters taken by my wife, who has done her own housework for nine years, without the loss of a day, and I work everybody to know it for their benefit.

JOHN WEEKS, Butler, N.Y.

Remedy For Hard Times.

Stop spending so much on fine clothes, rich food and style. But good, healthy food, cheaper and better clothing; get more real and substantial things of life every way, and especially stop the foolish habit of running after expensive and quack doctors or using so much of the vile humbug medicine that does you only harm, and makes the proprietors rich, but put your trust in the greatest of all simple, pure remedies, Hop Bitters, that cures always at a trifling cost, and you will see better times and good health. Try it once. Read of it in another column.

WHAT THEY SAY OF IT! A FEW FACTS FOR THE PEOPLE.—There are but few preparations of medicines which have withstood the impartial judgement of the people for any great length of time. One of these is Dr. Thomas' Eclectric Oil. Read the following and be convinced:—Thomas Robinson, Farnham Centre, P. Q., writes, "I have been afflicted with rheumatism for the last ten years, and have tried many remedies without any relief, until I tried Dr. Thomas' Electric Oil, and since then have had no attack of it. I would recommend it to all."—J. H. Earl, Hotel Keeper, West Shefford, P. Q., writes,—"I have been troubled with liver complaint for several years, and have tried different medicines with little or no benefit, until I tried Dr. Thomas' Eclectric Oil, which gave me immediate relief, and I would say that I have used it since with the best effect. No one should be without it. I have tried it on my horses in cases of cuts, wounds, etc., and think it equally as good for horse as for man."—A. Maybee, Merchant, Warkworth, writes, "I have sold some hundreds of bottles of Eclectric Oil, and it is pronounced by the public "one of the best medicines they have ever used;" it has done wonders in healing and relieving pain, sore throats, etc., and is worthy of the greatest confidence."—Joseph Rusan, Township of Percy, writes "I was persuaded to try Dr. Thomas' Eclectric Oil for a lame knee which troubled me for three or four years, and I never found anything like it for curing lameness. It is a public benefit."

BEWARE OF IMITATIONS.—Ask for Dr Thomas' Eclectric Oil. See that the signature of S. N. THOMAS is on the wrapper, and the names of Northrop & Lyman are blown in the bottle, and TAKE NO OTHER. Sold by all medicine dealers. Price 25 cents. NORTHROP & LYMAN, Toronto, Ont., Proprietors for the Dominion.

Note.—Eclectric—Selected and Electrized.

MORTGAGE SALE

—OF VALUABLE—

FREEHOLD PROPERTY.

KING OF THE DRY GOODS.

UNPRECEDENTED SUCCESS.

A Crowded Store. Sales Increasing Daily.

The Dry Goods trade of the Lion, for the spring of 1880, has this far been a grand success, eclipsing any former season's business. Thus we attribute to two reasons:—First, a more prosperous condition for the people. Second, the growing popularity of the Lion as the "People's Dry Goods House."

Never was our stock so fully assorted. Never did we offer such value. Never have we done such a large trade.

SCOTT'S EMULSION

PURE COD LIVER OIL

WITH

HYPOPHOSPHITES OF LIME AND SODA.

This preparation combines the two best remedies ever discovered for **Consumption, Colds and Chronic Coughs, Scrofula, Rheumatism** and **Diseases of the Blood, General Debility**, and all **Wasting Diseases of Children.** It not only contains the well known and highly esteemed virtues of Cod Liver Oil in a form that is perfectly tasteless and acceptable to the most delicate stomach, but in addition, the wonderful tonic and life-giving properties of the Hypophosphites, so incorporated that the remedial powers of both are largely increased. Physicians universally acknowledge the vastly superior virtues of this combined food and medicine in all the above diseases. It is not only better tolerated, but much more readily assimilated by the system than plain Cod Liver Oil, and a better agent is not known for enriching and purifying the blood, allaying the irritation of the throat and lungs, restoring the impaired functions of the system, giving strength and vigor to the whole body. It harvests and palatable to the taste, never separates, deposits or spoils. Be sure and ask for **Scott's Emulsion.** For sale by all druggists at $1.00 per bottle.

MANHOOD, HOW LOST, HOW RESTORED!

We have recently published a new edition of **Dr. Culverwell's Celebrated Essay** on the radical and permanent cure (without medicine) of Nervous Debility, Mental and Physical Incapacity, Impediments of Marriage, etc., resulting from excesses.

Price, in a sealed envelope, only 6 cts. or two postage stamps.

The celebrated author, in this admirable Essay, clearly demonstrates, from thirty years' successful practice, that alarming consequences may be radically cured without the dangerous use of internal medicine or the use of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

This Lecture should be in the hands of every youth and every man in the land.

Address,

The Culverwell Medical Co.,

Post Office Box 4586. 41 Ann St., New York.

$300 A MONTH guaranteed. $12 a day at home made by the industrious. Capital not required; we will start you. Men, women, boys and girls, make money faster at work for us than at anything else.
