NOTES AND COMMENTS.

Mr. G. B. Smith, M. P. P., was re-nominated on Friday for the Local Legislature at Markham by the East York Reform Convention.

The Conservatives of Prince Edward County on Saturday nominated Mr. James Johnson as their candidate for the Local Legislature.

It is now stated in political circles that Lord Stanley has made urgent representations to the Imperial authorities regarding the recent seizures in Behring Sea.

The Millers' Association for the counties of Huron, Perth, Grey, Bruce, and North Wellington have adopted the Brantford wheat buying table and decided to buy from farmers and dealers by test.

The women of Boston have appointed a committee of fifty active, energetic women to carry on the plans of taking the city schools out of politics and sectarian interference, and managing them for the public interest alone.

There was a consensus of feeling at the Hamilton convention of merchants that bankrupt stocks are one of the growing evils of the country. In many cases solvent men have been driven to the wall by the sales of bankrupt stocks in the same village of town, and the idea was taken up by the convention that it would be a good plan for the merchants to join together and buy out these bankrupt stocks rather than allow them to be thrown on the market.

The total original cost of the British war ships of all sorts at the last Spithead review, paraded for the inspection of the Emperor, was £16,853,765. The number of ships present was 73; of torpedo boats 88. The weight of metal contained in the heavy guns was 8,600 tons. The tonnage was approximately 360,000 tons. Five hundred and sixty-nine heavy guns, irrespective of quick firers and machine guns, composed the armament.

The Hamilton Carnival was brought to a close last Friday night. The general consensus of opinion is that it has been a great success and has done much towards advancing the commercial interests of the city. The weather was all that could be desired, the arrangements were excellent and well carried out, the programme each day was attractive and the immense concourse of people who viewed the different events were highly satisfied with the entertainment got up for their amusement.

One proof of the awakening interest in everything Canadian that is apparent in the Old Country is seen in the success which attends the efforts to float Canadian enterprises. The amount of money which has found its way into Canadian projects during the past two or three years would make a very large aggregate, and capital is still flowing in this direction. It comes here in many shapes. The Dominion borrows it, the provinces borrow it, the municipalities borrow it, and it is invested in mining companies, in farming enterprises and in financial concerns of many kinds.

OUR CHIEF MEN'S DOINGS.

They Introduce the Town Park By-law and Arrange for a Vote of the Electors.

THE SUNDAY BELLS WILL RING.

The Municipal Council met on Monday evening.

The Reeve in the chair, and Councillors Lowry, Speight and Harvey in their places.

The minutes of last meeting were read and confirmed.

The petition of Adam Cook and others for the use of the town bell for services on Sunday was presented as amended. The amended petition stated that the bell would be rung by a person to be paid by petitioners, but under the direction of the Council at 10.15 and 10.45 a.m., and 2.45 and 6.15 p.m.

Upon motion of Dr. Lowry, seconded by John Harvey leave was granted to introduce a by-law to acquire lands for a Public Park and Drive and to authorize the issue of debentures to the amount of three thousand dollars for the purpose of paying for the same.

The by-law was introduced and read the first and second times, the time for election fixed for the 20th September and the by-law ordered to be published in the Free Press, as provided by statute.

The tenth report of the committee on Finance was presented and the following accounts recommended to be paid:—

J. B. Pearson, nails, etc	$35 02
Thomas McLam, fencing	8 00
	$43 02

The report was adopted.

Moved by Dr. Lowry, seconded by J. A. Speight, that the petition of Adam Cook and others regarding the use of the town bell be received and the prayer of the petitioners be granted—during the pleasure of the Council—with the distinct understanding that Adam Cook and those whose names appear upon the petition become responsible for any damages that may result from their use of the town bell.—Carried.

The Council then adjourned.

DISGRACEFUL ASSAULT.

Whiskey Surreptitiously Introduced into a Young Girl's Lemonade.

GALT, Aug. 24.—A couple of weeks ago a man named Seigmund Dreyfus came into this section. He claimed to hail from Chicago, and according to his own account he was a millionaire. He put on considerable style and ingratiated himself with several families in the district, amongst others a respectable family of Waterloo named Alteman. On the 5th inst. he prevailed upon Miss Alteman to accompany him in a drive to Galt. When here they stayed for a couple of hours at the Queen's hotel, where Dreyfus procured a lemonade for the young lady, into which he had surreptitiously introduced whiskey. On the way home he attempted to take improper liberties, and on being repulsed shamefully ill-treated his companion, who was finally compelled to escape by jumping from the vehicle while it was in rapid motion. To-day Dreyfus was convicted before the county judge of indecent assault, and his Honour, after giving the prisoner a severe lecture, sentenced him to eighteen months in the Central prison.

MILL DESTROYED AT GRAVENHURST

GRAVENHURST, Aug. 25.—Mickle, Dyment & Sons' No. 1, or old mill, was completely destroyed by fire last night. The men had scarcely shut down the sprinkling appliances on the roof when the alarm of fire was given, but although the appliances for putting out fires were quickly at work the mill burned in a few minutes. Fortunately there was no wind, so that the fire was confined to the mill and an adjoining storeroom. The loss will be between $12,000 and $15,000; amount of insurance not known, probably $6,000 or $7,000. This is the second time this mill has been burned. It was completely rebuilt this season and a new engine costing about a thousand dollars had been in only a week.

BIG FIRE AT ST. CATHARINES.

ST. CATHARINES, Aug. 23.—The Empire and Phœnix flour mills, both owned by Sylvester Neelon, were destroyed by fire this morning. The Empire mill was one of the finest and largest mills in the country and was erected only a few years ago at a cost of nearly $100,000. As nearly as can be judged the total loss will be in the neighborhood of $125,000 or $150,000, but this only represents the immediate loss on the property consumed. Incidently, Mr. Neelon's extensive interests in Toronto, Kingston and Montreal will suffer, and no doubt the disarrangement to Mr. Neelon's extensive business will swell the loss up to $200,000 or more. There was an insurance of $25,000 on the stone mill, and from $40,000 to $45,000 on the remainder of the property.

PARCEL POST CHANGES.

Important changes in the parcel post service will take effect on the 1st of September. The rates on parcels posted in Canada and addressed to the United Kingdom or Newfoundland will be as follows: Twenty-five cents per pound or fraction of a pound for all parts of Canada, the Northwest Territories included, except British Columbia, where the rate will be 30 cents per pound or fraction. This is a most important reduction on current rates. The Manitoba, British Columbia and Territorial rate is reduced 15 cents per lb, the Ontario rate 10 cents and the Quebec and Maritime Province rate 5 cents. The weight limit is increased from four to five pounds, and a customs declaration attached to each parcel is imperative, otherwise the parcels will not be forwarded. It may also be stated that the Imperial Post-office has consented to an arrangement proposed by the Dominion authorities by which Canada can exchange parcels through the medium of the Imperial Post-office with any country with which the United Kingdom at present exchanges, the rates being the same as from the United Kingdom plus the Canadian rates.

CANADA'S ILLUSTRATED.

The *Dominion Illustrated* for August 17 and 24 is largely devoted to the scenes at Wimbledon. These engravings are of peculiar interest, in view of the fact that the last Wimbledon meeting took place this summer. Henceforward it will be to Bisley that our volunteers must look and go for their prizes. The illustrations of the camp, showing the Canadian Team under various circumstances, Lady Wantage's cottage, the interior of Lieut.-Col. Bacon's reception tent, the "High street," etc, were especially taken for the *Dominion Illustrated* and are remarkably good. The other features of the two last numbers are up to the usual high standard. Subscription, $4 a year. Bound volumes for the two half years ending with December and June last, respectively, are now ready. Address G. E. Desbarats, Managing Director of the Dominion Illustrated Publishing Co., 73 St. James street, Montreal.

NOW

Is The Time

LOOK OUT FOR BARGAINS.

The great clearing sale is now in full blast at Bollert's. The stock must be reduced in order to make room for the fall importations, as Mr. Bollert is at present in the old country buying goods for the fall and winter trade. He will visit Britain, France and Germany and select the choicest goods that can be had in those markets. You know we have always had the reputation of keeping nice goods and we intend to uphold it, and this fall we expect to place before the public the finest stock of dry goods that was ever before before shown in Guelph, hence the reason we are having this great clearing sale which the people are talking so much about. But then you will say "money is so scarce." True, it is generally scarce at this season of the year, but you will be surprised at the amount of goods than can be purchased from us for one dollar. For instance you can buy

10 yds. Silk for one dollar.
20 yds. Dress Goods for one dollar.
20 yds. Brilliant for one dollar.
25 yds. White Muslin for one dollar.
20 yds. Colored Muslin for one dollar.
20 yds. Print for one dollar.
20 yds. Cotton for one dollar.
20 yds. Shirting for one dollar.
20 yds. embroidery for one dollar.
20 Pairs Gloves for one dollar.

100 yds. Frilling for one dollar.
20 yds. Ribbon for one dollar.
20 doz. Buttons for one dollar.
20 Handkerchiefs for one dollar.
20 Pairs Good Hose for one dollar.
25 Linen Collars for one dollar.
1 Boy's Jersey Suit for one dollar.
4 Parasols for one dollar.

Also great bargains in the ordered clothing department. Suits made to order from $8.50 to $37.50. Pants to order from $2.00 up to $10.00 and you just ought to see the nobby suits for boys that we are selling for $2.50, also great value in boating shirts.

Now those are just a few of the many lines we are offering at such a sacrifice. The only way is to come and see for yourself and you will be sure to get value for your money and be courteously treated. We do not make customers feel uncomfortable by forcing them to buy what they do not want.

Do not fail to get some of the many bargains which we are offering at No. 27, Lower Wyndham Street.

ABSOLUTELY NO CREDIT.

E. R. BOLLERT,
27 Lower Wyndham Street,
GUELPH.

Successful Buying.

A successful dealer must be a well-known one. He must keep his name before the public. He must be up with the times. His stock must be such that if any one desires an article she will say, "If it's not at Mr. A's there is no use in looking."—

To accomplish this he must be known as enterprising, reasonable in price, of recognized taste in selecting goods, and last, but not least, he must ascertain which are the best markets of the world for goods, and buy there.

The manufacturing centres of the Old World are, as every one will acknowledge, the fountain, head and source of the dry goods trade. The great London wholesale houses buy their goods there, and later on the wholesale men of Toronto and Montreal purchase theirs in turn from these London houses. Now it will at once be apparent that if by any means the Canadian retailer can arrange to buy his stock from the manufacturing centres, the consequence will be he will be able to not only undersell the non-importer, but to place before his customers the very latest and freshest goods designed.

These advantages we are now offering our customers the benefit of. For nearly two months Mr. Ryan has been visiting the Old Country manufacturing centres, and writes us that he has placed orders for our Fall and Winter goods at prices which will enable us to convince our customers in the usual practical manner of the advantages of importing.

In the meantime we are anxious to reduce our stock before the arrival of our Fall Goods, and are offering the balance of our Dress Goods, Colored Silks, Prints, etc., at prices to clear. An examination of our goods and prices is all that is needed to convince the most sceptical.
