HOME GLEANINGS

Which are Mostly of a Local Character and All Interesting.

Signs of a Hard Winter.

The oldest inhabitant says the coming winter is going to be a hard one. Skins of apples, grapes, and other fruit are tougher than last winter; corn husks are thicker and stronger than for years; wheat and rye straw is tougher, hay is winter, and seed pods are more protected than usual. These signs are good ones, because they don't come from any moon-planting superstition, but from actual observation year by year.

Death of a Brampton Journalist.

Mr. L. W. Tye, eldest and only surviving son of Mr. Geo. Tye, proprietor of The Brampton *Times* took a paralytic stroke last Saturday evening about 10.30, shortly after leaving the meeting of the Temperance Society, of which he was an active and enthusiastic member. Finding himself becoming dizzy he went into Mr. Anderson's store, fell over and never rallied. He was 40 years of age. The sympathies of the fraternity are extended to Mr. Geo. Tye of the *Times* in this loss of a second son within a few months.

Provincial Sabbath School Association.

The annual Provincial Sabbath School Convention, which is to meet on October 22nd to 25th in Toronto, promises to be of exceptional interest. The programme which is ready for the printers, is constructed on a principle calculated to cover the whole field of operations. The first day will be devoted to Biblical topics, whilst the second day's theme will be "The Missionary Aspects of the Work at Home and Abroad." The closing day will be given almost entirely to teachical subjects.

Another Old Resident Called Home.

On the 19th September Mr. William Kennedy of lot 14, con. 5, Erin, departed this life after spending the best part of it in the township. He was one of the first to settle in the wild woods of Erin over 60 years ago, and reached the ripe old age of 87 years. His hearth-stone had always a welcome for the pioneer preacher in the days long ago and he did his whole duty in assisting to secure for the neighborhood good schools and churches in the early days. His remains were interred at Conningsby.

Death of one of Halton's Early Settlers.

The death of Mr. David Cargill at the home of his son, Henry Cargill, M.P., in Bruce County, on Sunday, adds another to the long list of deaths of early settlers in this county which have occurred within the past few months. Mr. Cargill was a native of the county Antrim, Ireland. He settled in the township of Nassagaweya in the year 1829. He was a respected private citizen of the county during his long residence here. He removed to the house of his son at Cargill some time since. At his death he was 88 years of age.

Trial of Harvey, the Guelph Murderer.

The trial of Harvey for the murder of his wife and children last spring will take place in Guelph on the 28th inst. Frank Bell, night clerk of the G. N. W. messenger despatch, 12 King street east Toronto, and J. Sanford, a messenger boy at the same place, have been subpoenaed to attend the trial. It will be remembered that Harvey on the evening of his arrest, walked into the telegraph office and sent a message to to his son, at 25 Grosvenor street, asking him to meet his father at the corner of King and Yonge streets, where it is supposed the unfortunate man intended to murder his son and then put an end to his own life.

Acton Cornet Band Concert.

Arrangements have been completed for the Band concert next Wednesday evening and a musical treat is in store for those who attend. The following talented artists will contribute to the evening's entertainment:—Miss Hayden, Guelph's favorite soprano, who always delights her audiences; Miss Hemstreet, Acton's talented soprano; Mr. A. Draper, St Thomas, a comique highly spoken of; Messrs. Greenwood and Thompson, Glenwilliams; Pipe-Major Sharp with his songs of Auld Scotia; Mr. H. Jeans, character vocalist; Messrs. Peters and Moore's Harmonics Band and Acton Parlor Orchestra. The programme will be out to-morrow.

A Story in Three Chapters.

CHAP. I. Last Friday about two o'clock a young man by the name of Campbell from Erin—one of the twins who were sent to Milton jail last winter for disorderly conduct—came to town put up at the Rossin House, and commenced his usual bibulous programme at the bar. He partook freely. CHAP. II. His stay was prolonged till nine o'clock p. m. In the interval he whiled away the time among other things in wrestling with the proprietor of the hotel for the drinks. A fight ultimately took place in which Campbell was the aggressor. A general disturbance ensued. A window was smashed. The police was called, and Campbell was lodged in the cells. CHAP. III. Nine o'clock Saturday morning. Court opened, Magistrate Storey presiding. Campbell a prisoner with a bruised head in the dock. Inn-keeper Johnson appears to prosecute Campbell for his disturbance. Gave evidence as to the row and damages. In answer to a question from the magistrate admits that he sold prisoner "a number of drinks, but nothing more than ordinary." Prisoner convicted, fined $10 and £4 costs, or 30 days. He goes to Milton with Constable Easton at the expense of the municipality. Court adjourned. The prosecutor returns to his hotel, to continue his legalized business of dispensing more drinks.

Guelph Central Exhibition.

The Central Exhibition at Guelph last week, although not favored with the most agreeable weather, was more largely attended than usual. More interest was taken than usual in the exhibits by those in Guelph and the immediate vicinity, but the old time wide-spread aid from throughout the whole of the West was conspicuous by its absence. Guelph Central Exhibition is a good county show but it has certainly lost its provincial character. The following comments from the Guelph *Mercury* will give an idea of the true inwardness of things:—"Among the horses there were some fine animals on the ground." "The show of grain is a failure so far as the exhibit is concerned, but the quality was good." "There was only one entry in barley, but the sample was good." "There was a very poor exhibit in Dairy Products. The quality was good. There was a fair exhibit of home made bread and the quality was up to the usual standard." "The display of poultry was above the average." "The exhibit of sheep was not large but the quality was superior." "The show of cattle was not very extensive but those that were on exhibition were superior," and so it goes on through the list. If the Central continues to decline the *Mercury* will require to invent some new adjectives to let the poor thing down easy.

—If you want to secure a first-class boot or shoe made to order out of good material and by reliable workmen, go to Kenny Bros., Boot & Shoe store, Acton.

NEIGHBORHOOD NEWS.

Furnished by Correspondents, Culled From Exchanges and Picked up by the Way.

ROCKWOOD.

Wellington Soper, the young man who was stabbed by his father on Saturday evening is getting on as well as can be expected.

On Saturday evening while Mrs. Easton was nursing her little son Herbie, the child fell from her knee breaking his arm. Dr. Dryden was called and did all in his power to relieve the little sufferer.

Wellington Osborn has rented the blacksmith shop now occupied by Mr. Gibbons. The latter is making preparations to build at once and will continue his business as usual.

The W.C.T.U. intend running a lunch counter on the Exhibition grounds to-morrow.

Samuel Soper who stabbed his son on Saturday evening surrendered himself to Constable Carter on Tuesday morning.

The Mities Hall who have been conducting revival services at Crewson's Corners, left on Monday for Thamesville.

The young people's friendly Society in connection with the Methodist church went to Crewson's Corners on Tuesday night to organize a branch there.

The bridge leading into the woollen mills requires repairing. A valuable horse was severely injured in it one day last week.

OAKVILLE.

The free concert given by the R. T. of T. Council, last Friday evening was in every way a grand success. The chairman Dr. Lush, upon making a few remarks, referred to the one great aim of all temperance councils, that of bringing about "Prohibition;" and said that all hopes of ever gaining it lay in the work and influence which the women and the youth put forth.

Mayor Urquhart during the past week has had the outside of his drug store repainted and finished off in elegant style. I am safe in saying that our mayor has now the handsomest store in Oakville, and as was said of Acton's last week, through the columns of the FREE PRESS, I think that it will rank second to none in the county.

Last Sunday evening as the Rev. Mr. Roberts (colored) was on his way home from the church he was attacked by Mrs. Wallace and her two sons, also colored. The boys got him down on the ground and while they held him, Mrs Wallace took the opportunity of repaying him for some alleged offence, by severely beating him. It is quite a rare occurence for a minister to be thus treated by members of his own congregation. The trial took place on Tuesday afternoon.

Last Thursday morning as Mr. T. Wilson of Sheridan, was on his way to Oakville he picked up a man from off the roadside, who evidently showed signs of insanity. He was put in the lock-up until the following morning, when Constable Sumner took him to Milton. The man was insane.

I, as one of the members of the W.C.T.U., am pleased to learn that the managers of the Oakville Agricultural Exhibition have displayed their good judgement by allowing the ladies of said union to supply hot meals on the grounds, Fair day; nothwithstanding the threats given them by the tavern keepers to withdraw their prizes.

All—not a few of the young gentleman in Oakville—who are at present wearing rings belonging to young ladies, had better take warning from the piece entitled, "Wants her ring," which appeared in the *Star* last week, and return at once.

Our town council met on Monday night last. Mr. Helm, a representative of the the Toronto, Hamilton and Buffalo Railway Company, was present with the plans for the new railroad and was granted Rebecca St. on which to build the road through Oakville. Councillors Gulledge and Bradbury had some little dispute about the harbor business, the latter thinking that the rates were too high, the former *vice versa*. Councillor Gulledge, finding things too hot for him, made his exit.

HAMILTON.

There were many people prophesying before the Great Central Fair took place that the Carnival would injure the attendance. It is most gratifying to be able to state that the attendance was more than for years past and the attractions satisfactory as usual. There is a general feeling this year that the small country fairs should be discontinued, and all workers join in making one good central fair. There is much energy and money distributed over such a large area that its effect is not satisfactory.

The exciting event of the week has been the killing of a stranger in his room by a policeman. In the light of present knowledge great blame is being laid on the police in general. The simple facts are that a man hired a room from a widow lady and by his sullen behaviour and suspicious manner so frightened her that she applied to the police for protection. The Chief ordered a sergeant, detective and two men to go to the house about midnight and see what could be done. They tried to interview the stranger, but without success and having reported progress, were ordered to watch the room till daybreak and then break in. They obeyed orders and while pushing the door in the inmate fired at them with a revolver narrowly escaped hitting the two privates. One of them named Hawkins lost his presence of mind and seizing his companion's revolver fired straight into the room between the door and jamb, fatally wounding the man.

If the man had turned out to be a noted criminal, no doubt that public opinion would have excused the act somewhat, but as it seems he was a Streetsville man, subject to fits of temporary insanity, all the terrors of the law are to be called upon the offender. On the face of the case the conduct of the chief of Police in ordering his men to break into the room appears very high handed and it would seem that the woman excited their fears or thoughts so much that the idea of capturing a criminal and gaining glory and perhaps reward ran away with their idea of right and prudence. The *Herald* is publishing voluminous reports of the case and is voicing the views of those people who blame the police. *Spectator* is taking up for the police, while the *Times* is very noncommittal as yet. The inquest is going on as I write and the verdict is awaited with anxiety on all sides.

The *Herald* has not gone to the wall yet, and from appearances has come to stay. Its enterprise, push and independence are creating delight in the hearts of Hamiltonians, long suffering under party newspapers. Its columns are spicy, brisk and mainly devoted to local news.

The right of way for the C. P. R. is the cause of much discussion just now. Many routes are being suggested and it will be impossible to please every one. Property is sure to be damaged on any route and compensation claimed. The City Council is to settle the main points at its next meeting.

Weather has been wet and disagreeable.

KNATCHBULL.

The Rev. A. K. Mustard, of Arthur, ill and recently stationed on the Ebenezer Circuit, is seriously ill, suffering with typhoid fever.

On Monday evening, while Mr. Jas. Irwin, blacksmith, Nassagaweya, was driving home and leading a colt which he had purchased and when opposite Knatchbull the colt not leading very well he let it travel along side the horse he was driving, and by some means the wheels of the gig ran against the heels of the colt causing it to kick, getting its feet entangled with the shafts. Mr Irwin had all he could do to keep the animals from running away, but fortunately no other damage was done beyond a pair of broken shafts and some severe scratches to the animals' legs.

"I would say he was a brute." "Well he wasn't, he was only an undertaker," and amid the snickering of those around, the wag arose and went out to have a chat with Joe.

CHEAP THE MOTTO.

You Can't Impeach Dr. Brodie's HOSPITAL REMEDIES. Because 400,000. PEOPLE IN CANADA AND UNITED STATES VOUCH THAT IF YOU ARE SICK THEY ARE THE ONLY REMEDIES IN THE WORLD THAT WILL GIVE YOU HEALTH.

Read this extract from the scientific papers of Great Britain and Europe:

A NEW DEPARTURE IN MEDICINE.

The four great medical centres of the world are London, Paris, Berlin and Vienna. These cities have immense hospitals teeming with suffering humanity. Crowds of students throng the wards studying under the Professors in charge. The most renowned physicians of the world teach and practice here, and the institutions are storehouses of medical knowledge and experience. With a view of making this experience available to the public the Hospital Remedy Co at great expense secured the prescriptions of these hospitals, prepared the specifics, and although it would cost from $25 to $100 to secure the attention of their distinguished originators, yet in this way their prepared specifics are offered at the price of the quack patent medicines that flood the market and absurdly claim to cure every ill from a single bottle. The want always felt for a reliable class of domestic remedies is now filled with perfect satisfaction. The Hospital Remedies make no unreasonable claims. The specific for Catarrh cures that and nothing else; so with the specific for Bronchitis, Consumption and Lung Troubles: Rheumatism is cured by No 3, while troubles of Digestion, Stomach, Liver and Kidneys have their own cure. To these is added a specific for Fever and Ague, one for female weakness—a general tonic and blood-maker that makes blood and gives form and fulness, and an incomparable remedy for Nervous Debility.

NO. 1—CURES CATARRH, HAY FEVER, ROSE COLD, CATARRHAL DEAFNESS—The only authentic cure emanating from scientific sources now before the public. This is not a snuff or ointment—both are discarded as injurious. $1.00.

NO. 2—COUGHS, COLDS, BRONCHITIS, ASTHMA, CONSUMPTION—An incomparable remedy; does not merely stop a cough, but eradicates the disease and strengthens the lungs and restores wasted tissue, giving a new lease of life. $1.00.

NO. 3—RHEUMATISM—A distinguished and well-known specialist in this disease in Paris, who treats nothing else, built his reputation on this remedy. $1.

NO. 4—LIVER AND KIDNEYS, DYSPEPSIA AND INDIGESTION, CONSTIPATION, BRIGHT'S DISEASE—A favorite slaughter-field for the quack who has ruined more stomachs than alcohol. Use a remedy sanctioned in high places. $1.00.

NO. 5—FEVER AND AGUE, DUMB AGUE, MALARIA, NEURALGIA—You know what grave damage this does the system; it is treated to break it for a time. Use a remedy that eradicates it. $1.00.

NO. 6—FEMALE WEAKNESS, IRREGULARITIES, WHITES—Many women are broken down because they neglect these diseases until chronic and routed. Use No. 6 and regain health and strength. $1.00.

NO. 7—HEALTH, FORM AND FULNESS—Form comes with good blood and lots of it. If weak, if blood is poor, if scrawny, use this perfect tonic. $1.00.

NO. 8—NERVOUS DEBILITY, LOSS OF POWER—A quack curse-ridden public will hail a service rendered for an unfortunate condition. No. 8 is Gold, which one trial will prove. Beware of ignorant quacks who charge high prices for exactly the same drugs and pills, the properties of which they are utterly ignorant, and who expose you by selling your confidential letters to others in the same nefarious business. Use No. 8 and life again. $1.00.

ONE DOLLAR EACH.

TO BE HAD OF ALL DRUGGISTS.

If your Druggist does not keep these remedies remit price to us and we will ship to you direct. Now Listen! Take the Hospital Remedy; discontinue quack cure-all medicines and get instead those high class Hospital Remedies which are the result of the most profound medical research and the outcome of years of study in the great hospitals of the world. Avoid high priced and dishonest quacks who procured secrets from scientific sources, and then praising your life. Avoid high priced and dishonest quacks who procured secrets from scientific sources, and then praising your life. Any respectable physician will tell you that there is no medicine known, that quick medicines can a fabulous number. Any respectable physician will tell you that there is no medicine known, that quick medicines can a fabulous number. The medicine for female weakness and nervous debility that should cost more than One Dollar for twenty-five doses. Write no letters to where these dishonest quacks get their work in, invariably doing irreparable injury to the patient.
