HOME GLEANINGS

Which are Mostly of a Local Character and All Interesting.

Halton County Council.

The June session of the County Council was held on Tuesday at Milton. The principal business transacted was the equalization of the assessment and the passing of by-laws to levy rates for county expenses and school and railway grants.

County Court.

Sherriff Clements gives notice that the Court of General Sessions of the Peace, and also the County Court of the County of Halton, will be held at the Court House, Milton, on Tuesday, June 10th, of which all Justices of the Peace, Coroners, Constables, Gaolers and all others concerned are requested to take notice and attend to do and perform all duties which appertain to them.

Workingmen Allowed Time to Vote.

According to the election Act for Ontario any voter entitled to vote within a city or town, no matter by whom he is employed, can "from the hour of noon in the daytime until the hour of two of the clock next thereafter, use this period to vote in without being liable to any penalty or reduction of wages." The Act further provides that if the person with whom the voter is employed requires, the hour shall be made up at some future time.

Halton Temperance Alliance.

An executive meeting of above body was held in Milton yesterday. In his circular calling the meeting President Abraham says:—"It has been deemed advisable by the executive committee, in view of the prevalence of drunkenness and the consequent increase of the evils which flow from it, and also on account of information received by the committee, to call at an early date a Convention, with a view of maturing plans for the curtailing or the entire suppression of the liquor traffic."

The Country Editor.

The Germantown *Republican* thus describes the hard lot of the country editor; He riseth in the morning and knoweth not what a day may bring forth. If he telleth all the news he runneth a great risk of having a tin ear put on him, and if he telleth not the news the people say he is n. g., and there is no joy in it. The crafty man cajoleth him into giving him a 50 cent puff for a 5 cent cigar, and fond mothers frown on him if him if he fails to flatter their freckle faced broods. And all his way are ways of woe, and his days are full of sorrow. The life insurance man setteth snares for him, and on the whole he has a regular picnic of a time.

Massey by the Train Load.

A train of twenty cars loaded with the well-known Massey Binders and other harvesting machinery from the works of the Massey Manufacturing Co., Toronto, passed through Acton at noon on Tuesday *en route* for South America, New Zealand and Australia. There were eighteen binders in each car, 360 in all. They were loaded in Lehigh Valley cars, the exterior of which were liberally decorated with attractive lithographs showing the Massey works, machinery in operation, etc. Each car bore the placard: "I am full of Massey-Toronto harvesting machines, rush me along, the farmers are waiting for me." Five such train loads have been sent out from the Massey works during the past week or so.

Sudden Death.

The sudden death of Mr. Henry Sayers Sr., occurred at the residence of his son James in Nassagaweya, early on Sunday morning. Mr. Sayers went to bed apparently in good health the night before, but about midnight his son heard him getting up and found him to be quite sick. He left him for a moment to prepare some remedy, but the old gentleman expired shortly after his return to the bedside. Mr. Sayers was born in 1804 and was consequently in his eighty-sixth year. He came to Canada in 1835, was in Hamilton for a short time and then came to Acton. He afterward removed to the vicinity of Owen Sound, but returned about seven years ago and has since made his home with his son, Mr. Peter Sayers, proprietor of Nassagaweya Mills. The last two or three weeks he spent in visiting his sons, and had spent a few days with each and intended to return home in a day or so. His sons Peter, Henry, William, James and Maurice all reside in this vicinity and each did everything in their power to render the declining years of their aged parent full of marked peace and comfort.

The Political Meetings Here.

The meetings in the interests of the respective candidates during the past week were well attended. Last Friday evening Mr. Robinson presented his claims before the electors of this vicinity. He made an interesting speech of an hour in length and was followed by Mr. Henderson, who championed the cause of Mr. Kerns and his leader in the Opposition. Mr. Henderson gave place to Mr. Thomas Bain, M. P., of Wentworth, who made the speech of the evening. Mr. Waldie, the member for Halton in the House of Commons, concluded the meeting with a pithy ten-minute address. Col. Allan occupied the chair.

The Conservatives had their inning on Monday evening when Col. Kerns was greeted with a full house. As on Friday evening a goodly sprinkling of ladies was noticeable in the audience. Mr. George Hynds presided and introduced Col. Kerns as the first speaker. The colonel proved himself a much readier speaker than upon previous occasions here. He was well informed upon the questions of the day and attacked the Government's policy right and left. Mr. Kerns was supported by Dr. Freeman and Mr. J. W. Elliott of Milton. The Reformers were not represented upon the platform.

Youthful Misdemeanor.

Last Saturday afternoon when Mr. J. A. McMillan was out of his shop for a few minutes a lad of eight or nine years entered by the back door, appropriated a couple of silver watches and departed. One of the watches he traded to a companion for a rubber ball, the other he concluded was too small and he returned to the shop for a larger one. By this time the proprietor had returned and the boy was somewhat startled to find himself in the presence of the jeweler when he opened the door. Both watches were recovered. That boy needs some looking after or he will get into trouble.

On Monday a similar case occured at Williams' boot and shoe store. A couple of youths who said they came from West Toronto Junction visited the store in the morning with the pretended purpose of buying a pair of shoes. They found none to suit them and departed. At noon Mr. Williams thought he missed a pair of lacrosse shoes from the door, and a few minutes afterward one of the boys came in for a pair of laces. After leaving the store it occurred to Mr. Williams that perhaps these boys had appropriated the shoes. He traced them to the G. T. R. Station and there found the young gentlemen each wearing a pair of new lacrosse shoes. Upon charging them with the theft they admitted it and got out of the shoes in short order. Owing to their pleadings they were allowed to go without prosecution, promising to return home at once.

A Fire at the Buckskin Tannery.

Last Wednesday afternoon about five o'clock a fire broke out in the drying kiln at Messrs. W. H. Storey & Son's buckskin tannery, which at one time looked as though the building and contents and surrounding property would be consumed. But the fire alarm took hundreds of citizens to the scene, the ladders and buckets were taken from the town hall, and half an hour's arduous and systematic work succeeded in controlling the flames. This was not accomplished however before a large portion of the roof and north end of the building, with some stock and appliances were destroyed. Never did a bucket brigade work more willingly or with more successfully directed efforts, and for this Messrs. Storey & Son express their gratitude in another column. The tannery building is the property of Mr. William Ramsey, the manager, and with the stock was insured in the Waterloo and Perth Mutual Companies. The losses on building, machinery and stock have been settled at $525. There was in the building and sheds adjoining $3,675 worth of leather and stock in process of manufacture, while the storehouse near by contained $6,000 worth of raw material. The rubbish has been cleared away and the tannery is now running as usual.

A G. T. R. Sporting Spot.

The Grand Trunk Railway authorities have issued their guide to the fishing and hunting resorts in the vicinity of their lines for the season of 1890. Our readers will smile perhaps when they read the following information respecting sport in this wild region, taken from the first page of the interesting volume:—"Acton West, Co. Halton.—Hotels, $1 per day; livery, $1.50 per day. Fishing.—Small stream within ½ miles trout (speckled); best months—May and June; baits—worms and flies; boats—$1 per day. Hunting.—All round within 5 miles, game—rabbits, partridge and woodcock; best months—Oct and Nov; guides—not needed; country—hilly, wooded, dry." Yes, local sportsmen say there is any amount of fishing and hunting, but very small bags or baskets will carry the game. If the city fishermen who come in those dollar a day boats are not careful some farmer will have them arrested for appropriating his sap troughs. And then the recklessness of advising those city chaps to come out here into the wilds of this sparsely settled region without guides is really criminal. And that advice about bait. Laugh! Mr. Edgar, you're away off. Come up here for an afternoon and the boys will teach you something for your next year's volume.

COUNCIL AND COURT OF REVISION.

The Semi-Monthly Docket of Business—The Appeals and Changes Affected at the Court of Revision.

Council met on Tuesday evening.

Reeve Storey in the chair. Members present Councillors Smith, Kenney, Dr. Lowry.

The minutes of last meeting were read and confirmed.

The committee on Finance presented their seventh report recommending payment of accounts as follows:—

Esther Lyman, on act lamp lighting	8 31 15
H. P. Moore, printing and advertising	12 57
Thomas Easton, trees for cemetery	12 60
George Clark, part payment on drain	19 00
George Hynds, stationery	3 25
Duncan McDougall, work on streets	63
George Smith, do do	5
	566 71

Report adopted.

The schedule of assessment of the rear portion of the Public Park was presented by the township of Esquesing. Amount of assessment $300

Tenders for the park pasture were received as follows:

James Matthews, for horse pasture	8 25 50
Thomas Ferryman do	12 00

Moved by W. E. Smith, seconded by John Kenney that the the tender of James Matthews for pasture in public park—$25.50 for the summer months, be accepted—Carried.

Moved by Dr. Lowry, seconded by W. E. Smith that when this council adjourns, it adjourns to meet on Friday evening, the 6th inst., at 8 o'clock, to confer with the Citizens' Public Park Committee.—Carried.

The Council then adjourned to meet as a Court of Revision.

The members having subscribed to the usual declaration the Court of Revision was duly constituted.

A number of appeals were presented and considered. The statements of the appellants were heard and the assessment was revised as follows:—

1. John Warren, pt. lot 28, Con. 3, 25 acres, assessed for $1750. Complaint.—Assessed too high relatively and absolutely. Assessment reduced $150.

2. Thomas Perryman, lot 6, Y.S., assessed too high. Reduced $50.

3. Hugh Mann.—Pt. lot 27, con. 3, assessed too high. Reduced $100.

4. Donald McDonald, lots in Cook's survey. Assessed too high. Reduced $60.

5. James Brown, pt. lot 30, con. 3. Assessed too high. Reduced $100.

6. William Grippe, pt. lot 30, con. 2. Assessed too high. Reduced $100.

7. Robert Wallace, pt. lot 28, blk. 3. Assessed too high. Reduced $100.

8. Col. Allan, pt. lot 28, con 3. Assessed too high. Reduced $100.

9. Thomas C. Moore, pt. 29, con. 3. Assessed too high. Reduced $100.

10. W. H. Rutledge, assessed for a bitch which has since died. Struck off.

11. Daniel Graham, assessed for a dog, since killed. Struck off.

12. J. R. Kennedy assessed for a bitch, since lost or stolen. Struck off.

It will be observed that the most of the appeals are upon farming lands. It was remarked in these columns at the time of assessment that the farmers were dissatisfied with their assessments and would likely appeal. Those who put in appeals succeeded in having the amounts for which their respective properties were assessed reduced to about the previous year's valuation.

Moved by Dr. Lowry, seconded by John Kenney that the assessment roll as now finally revised be confirmed. Carried.

Council then adjourned.

—A quizzical correspondent asks this poser:—"Considering the seriousness of hydrophobia could any of your readers explain if a cow that was bitten by a mad dog and a young woman who drinks the milk and allows her lips to come in contact with a commercial traveller's would he (the gentleman) be likely to become affected with rabid symptoms?"

—Guessing is all the rage. Sippel & Co., Merchant Tailors, have an attractive scheme. To every customer buying a pair of $5.00 pants they give the privilege of guessing the number of pieces in a composite cane, and to every purchaser of a suit three guesses. On the 15th September an uninterested committee of gentlemen will count the pieces in the cane and the person who has guessed the correct number of pieces it contains will be awarded a selection from any piece of cloth in the shop of a fine pair of pants.

HAMILTON'S MARBLE WORKS.

Hamilton's block (formerly Hatches' block) the gore, corner of Woolwich and Dublin Sts., Guelph, Ont., John H. Hamilton, proprietor. The local marble dealers having failed in their combined attempt to squeeze me out of the business, I have determined to carry the war into Africa by so doing business and selling monuments, head stones, etc, at such prices as will virtually shut out competition. With this end in view I have visited the celebrated granite quarries on the Bay of Fundy, where I purchased the whole of the manufactured stock of Messrs. Epps, Dodds & Co very low for cash; together with the newest designs of other manufacturers. The whole of this immense stock I have placed in my new premises as above indicated and I now invite all lovers of art and all intending purchasers to visit the works.

Being the only practical manufacturer, having longer and larger experience, having sufficient capital to buy for cash, I am in a position to give better satisfaction and lower prices than any firm in the west.

Then go to John H. Hamilton because he is a practical man who understands every detail of his business, and because you are sure to get satisfaction in workmanship at lower prices than anywhere else. And now thanking my patrons, who for the past 16 years have shown such confidence in me, and soliciting future orders,

I am your obedient servant,
JOHN H. HAMILTON,
Guelph, Ont.
