Which Caught the Eyes or Ears of Free Press Reporters this Week.

—The first of October.

—Acton Union Exhibition next Tuesday and Wednesday.

—Exhibition and promenade concert on Tuesday evening.

—Go and see the Exhibition illuminated next Tuesday evening.

—Band Concert next Wednesday evening. Excellent programme.

—Halton County Exhibition at Milton next Thursday and Friday.

—Quite a batch of our citizens attended the races at Guelph this week.

—Acton Cornet Band Concert in the town hall next Wednesday evening.

—The new adv. of the Traders Bank, Guelph, is of special interest to farmers.

—The millinery openings are announced. Our advertising columns give particulars.

—The Exhibition Hall is being put in attractive order for Acton's popular exhibition.

—The month just closed was the warmest September experienced in half a century.

—The carpenters are just completing Mr. Jos. Perkins' new house on Bower Avenue.

—The copious showers of Monday night and the succeeding cool weather were thoroughly appreciated.

—Come to Acton next Tuesday and Wednesday—the date for Acton Union Exhibition, open to the world.

—The executive of the County of Halton Sunday school Association will meet in Milton, Next Friday, 9th inst.

—The monthly entertainment of the Epworth League was held on Tuesday evening. It was "An evening with the poets."

—Patrons of Industry and others will find something to interest them by reading R. B. Jermyn's advertisement in another column.

—Considerable grain is coming in this week. The following prices rule on the market here: wheat 87 to 90; Barley, 38 to 45; Peas 58, Oats 25.

—Rev. G. B. Cooke sold his thoroughbred filly "Meleta" to Miss Cawthra, of Toronto, to be used as a private saddle horse, for a handsome figure.

—Ladies bring out your plants and flowers to the exhibition. There is always a scarcity in this direction and the prizes will repay you for your trouble.

—Mr. D. Stirton, L.D.S, has so far recovered from his accident last Spring as to renew his practice here. Patients will find him at his office, Matthew's Block, at all hours.

—The annual sermons in connection with the Educational work of the Church will be preached in the Methodist Church next Sunday morning and evening. Rev. A. Cunningham, of Guelph, one of the most able preachers in the church will occupy the pulpit.

—The frame barn and contents of Mr. P. Milloy, Eramosa, were destroyed by fire on Sunday evening. The fire originated about 6 o'clock and was evidently the work of an incendiary. Mr. Milloy has been singularly unfortunate, his barns having been several times heretofore destroyed by fire.

Ordered Sunday Whiskey on Saturday.

Last Friday Matthew Guth, of the Zimmerman House, Burlington, appeared before Messrs. Foster and Allen, J. P., charged by license Inspector Brothers with two violations of the License Act, in supplying liquor in both cases to D. Bowman and John C. Dunham on Sunday. Both these men gave evidence to that effect. The defendant pleaded in excuse that the liquor had been ordered on Saturday and had been only delivered on Sunday and that he thought when delivering it that no violation of the law was there by involved; but he was convicted on both charges and fined $20 and costs for each offence.—*Champion.*

Woman Killed While Logging.

DETROIT, Sept. 27.—Mrs. Bridel, living near Keith, was assisting her husband at logging on the farm Saturday, when a limb attached to a moving log struck her in the stomach, inflicting injuries from which she died in a couple of hours.

THE NEWS AT HOME.

Mostly of a Local Character, and Every Item Interesting.

Sermon to the Children.

The service in Knox church last Sunday morning was devoted specially to the children. Rev. J. W. Rae preached a sermon which commanded the attention of his youthful hearers from Psalms 139; 14, "I will praise thee; for I am fearfully and wonderfully made." Mr. Rae utilized a watch as the principal illustration, and one easily understood by the children, and from its mechanism drew forth many practical truths and valuable ideas illustrative of the subject treated. There was a good attendance and the children and young people filled the centre seats. Hymns were selected from the children's hymnal for the service.

The Trap.

A team of six sports from the Acton Gun Club visited Georgetown last Saturday to engage in a friendly match with a like number from that place. The weather fine, the scores made by both teams were larger than those made at the former match. The targets were Hamilton blue rocks, thrown from trap. Twenty birds were the number each man shot at. The score, however, resulted in favor of the home team. The following is the score.

The Kennedy vs. Smith Case.

This case, which has been talked about in this community for months, came before the Court at Guelph Assizes on Tuesday. Respecting the disposal of the case the Guelph *Mercury* says:—"Duncan Kennedy vs. W. E. Smith. This was a case from Acton. Judgement for nominal damages against W. E. Smith, and costs. It was an action for damages growing out of disturbed family relations, and an arrangement was come to between the parties whereby Mrs. Kennedy receives $200 in full of all present and future claims from Mr. Kennedy. The costs are to paid by the defendants. Guthrie & Watt, and Nesbit Toronto, for plaintiff, and Mowat and McLean for defendants." We are informed that in consideration of the payment of the $200 Mrs. Kennedy is to vacate the house not later than the 11th October and will have no further claims. A deed of separation is to be executed. The costs in the case will be heavy.

The Band Concert.

Acton Cornet Band has arranged for a grand Concert next Wednesday evening and a fine array of talent has been secured. The artists to appear are Mr. W. E. Ramsay, of Toronto, who is spoken of as "Canada's Prince of Comic Vocalists" and has the ability for a whole concert himself. Miss Maud Stevenson, soprano, and Miss Carrie Stevenson, contralto, of Guelph, will occupy prominent places on the programme in duette, as well as in trios with Mr. Ramsay. Mrs. Dr. Dryden, whose rare ability as a pianist, is well known by FREE PRESS readers, will officiate as accompanist. The concert will be an unusual musical treat and an appreciative public will, no doubt, give the Band a full house. It should be borne in mind that during the whole summer the Band has very generously provided open air concerts nearly every week, which our citizens have been invited to enjoy free of charge. These concerts have been thoroughly enjoyable and crowds have attended them. Now that the Band is providing an inside concert at a reasonable fee the community has an opportunity to reciprocate.

Esquesing Exhibition.

Never in its history has Esquesing township been favored with finer weather than that of last Thursday and Friday. As a result the society had a most successful exhibition. Nearly all departments were well filled with entries and the attendance was entirely satisfactory. The Georgetown *Herald* has been kind enough to supply us with a copy of the prize list, but owing to limited space we are unable to give it place in these columns this week. Among the most successful competitors we notice a number of farmers from this immediate section. Mr. Paul Kennedy secured first prize on thoroughbred two-year-old heifer; first on grade heifer calf; second for cow in same class; second for Bonnel wheat: second for spring wheat for White Elephant potatoes, turnips, and also the special for fat beast. Messrs. Alex. Waldie and Will Wood, captured nearly all the prizes for Leicester sheep. Mr. Wood took honors for pen of Cotswolds, and also first special for pen and Mr. Waldie second. In general purpose horses, A. T. Mann, took second prize with his fine team, and Thos. Miller took second with his carriage brood mare, and B. D. McNair won second on his roadster brood mare. Very few of the ladies of this section competed in ladies work. In this class Miss Nettie M. Bell, of Georgetown, who was very successful at Toronto exhibition this year, secured a baker's dozen of prizes. A good many of our citizens attended the exhibition.

Halton Fall Assizes.

The Fall Assizes for this county, were held at the Court House, Milton, before His Lordship Justice Rose last week. There being no criminal cases on the docket the Sheriff made the usual presentation of white kid gloves. His Lordship then charged the grand jury complimenting the county on the absence of crime, and fully explained the cases brought before them, stating that unless additional evidence was produced by the crown from what was taken before the magistrates, there would not be sufficient evidence in either case to warrant a true bill against the parties. The grand jury then retired and subsequently brought in "no bill" in each case. They also made the following presentment:

To his Lordship, Mr. Justice Rose:

Your grand jury at the Fall Session of the High Court of Justice for the county of Halton beg leave to report as follows: That we have examined the jail and found it in a clean, well-kept condition, and recommend that the county council consider the advisability of enlarging the Judge's room and otherwise renovating it. That persons committed to jail as vagrant paupers should not be forced to adopt the prison garb; that they should be kept apart from the prisoners as far as possible, that it is not expedient at present to build a separate poor house, and that the minor municipalities in the meantime take care of their own poor.

—Council meeting next Monday evening.

—Choice timothy seed at T. H. Hanning's, Acton.

—Ask your druggist for Dr. August Koenig's Hamburg Drops for the blood.

THE COUNTRY AROUND.

News Items Supplied by Correspondents and Exchanges.

MILTON.

The County Exhibition next week.

There are 98 teachers in training at the present time in the model school—12 ladies and 16 gentlemen.

An entertainment of unusual interest will be given by the Ladies' Aid of Knox Church in the town hall on Friday evening, 2nd Oct.

The Olympic lacrosse club purpose holding an entertainment on the evening of Thanksgiving Day.

Mrs. McKinney, Senator McKinney's mother, was taken very ill on Sunday, but she is progressing favorably and we hope will soon be as well as usual.—*Champion.*

ERIN.

Betsie McMillan, a well known resident of Erin, daughter of the late Donald McMillan, merchant, Hillsburg, died in Toronto, Monday, and was buried in Hillsburg, Wednesday.

Dr. McNaughton is having a new waterwheel placed in position at his factory opposite the postoffice.

The pastor and members of the English church of this place held a very successful pic-nic for the children of their Sunday School at Stanley Park last week.

Last Friday morning Mr. John Hamilton, one of the oldest residents of this village whose familiar face will be missed hereafter, passed away from life when hardly 57 years old.

Rev. W. J. Megwood, of Preston, visited his numerous friends in this section during the last week.—*Advocate.*

BURLINGTON.

The directors of the Nelson and Burlington show have arranged a good programme of events for Thursday and Friday.

Owing to the ill health of Reginald Norman who at one time resided here, he has concluded to remain in England.

On Wednesday evening the Burlington cricket club brought a very successful season to a close by an even more successful concert.

The people of Nelson expect soon to institute a division of the Sons of Temperance.

Miss Pattinson, of the Plains school, sustained a severe fall last week out of a rig in which she was being driven to her daily duties. A number of children were hanging on the back seat and overturned it, throwing her backward. She was able to resume her place as teacher on Tuesday.—*Budget.*

KNATCHBULL.

Mary Elizabeth Husband, the beloved wife of Mr. Geo. L. Watson, died in Nassagaweya on the 25th Sept. She had been a sufferer for some time and although her recovery was not looked for yet the end was not thought to be so near. A sorrowing husband and six children, two boys and four girls, are left to mourn the loss of wife and mother. It is needless to say that the bereaved have the sympathy of the entire community in this their sad and trying hour. The funeral, which was very large, took place on Sunday morning at 10 o'clock and the remains were interred in the Ebenezer cemetery. Rev. Mr. Robinson delivered an impressive discourse from Isaiah 64: 6, "And we all do fade as a leaf."

Grim death is ever active. It is our sad duty also to announce the death of Christie McRobbie, beloved wife of Mr. Samuel Scott, Nassagaweya. She was very ill with typhoid fever but was thought to be on the high-way to recovery, but the unexpected message came which called her to another world. A sorrowful husband and family of six children lament her departure. The funeral took place Tuesday afternoon at one o'clock when the remains were interred in the Presbyterian cemetery at Eden Mills.

Several farmers in this vicinity have commenced taking up their potatoes. They are a grand crop, but the rott is taking hold of them to some extent.

Mr. Edward Darby had the misfortune to lose several of his best sheep a few days ago from some unknown disease.

Miss Catherine Campbell, of Kincardine, is visiting relatives and friends in this vicinity.

OAKVILLE.

Last Friday afternoon's storm was one of the nearest approaches to a cyclone that we have had in this vicinity for some time. The rain did not merely come down, it just dropped—as if the bottom of the sky had been knocked suddenly out while the wind blew skylights off roofs, broke trees and fences down and did considerable damage.

Saturday afternoon last the steamers of Toronto Ferry Co. came into port to tie up for the winter. With the close of the exhibition the heavy traffic is over and the larger steamers, including the *Primrose, Mayflower, Canadian and Sadie* drop out of the race leaving the smaller boats to finish. The work of making the machinery ready for winter will be undertaken at once and the harbor will soon have the appearance of a pat-in port.

Last Sunday Rev. J. S. Williamson preached at Yarmouth, N. S. Rev. Mr. Magee, of the Guelph conference, occupied the pulpit here in his place, in the morning addressing his remarks to the children of the Sabbath School.

A harvest home service was held in the Presbyterian Sunday school rooms on Sunday afternoon. The decorations were of autumn flowers and foliage.

A fashionable wedding took place at Oakville last Wednesday. Miss Lucy May Anderson, daughter of C. W. Anderson, banker, Oakville, was married to Mr. Miles H. Smith. The ceremony was performed in the Methodist church, which was crowded with friends of the contracting parties. The presents received by the bride were numerous and costly. Guests were present from Toronto, Hamilton, Lockport, Grimsby, Georgetown, Acton, Cargill, Collingwood, Cornwall, Burlington, Dundas and other places. The bridesmaids were; Miss Mary Anderson, twin of the bride; Miss Mattie Cardwell, Milton; Miss Louise Lister, Hamilton; Miss Lizzie Anderson, Toronto; Miss May Lawrence, Grimsby. The groomsmen were Rev. H. S. Magee, Hensall, and Messrs. Bert, Hall, Charles and Will Anderson, brothers of the bride.—*Star.*

Shot his Brother.

BURK'S FALLS, Ont., Sept. 28.—A six-year-old son of Mr. Mingo, a farmer living in Bethune, was seriously injured by the accidental discharge of a gun on Sunday morning. It appears that he and an older brother were on their way to Sabbath school, but called at a neighbor's house as they were passing. There was no one but a boy there, so apparently the lads thought it a good opportunity to examine a gun which they found in a shed attached to the house. As is usual in such cases, the boys did not know the gun was loaded until it went off, shooting the little fellow in the side.

Minard's Liniment is the best.

COMING AND GOING.

Visitors to and From Acton and Various Other Personal Notes.

Miss Annie Forster, of Palmerston, is a guest of friends here.

Miss Ella Kearns, of Palmerston, is visiting friends in town.

Mr. and Mrs. R. B. Nelson, of Guelph, were in town last week.

Mrs. D. McKinney, of Tottenham, visited friends in Acton the past week.

Mrs. Thomas C. Moore has just returned from a visit to friends at Florence.

Mr. and Mrs. Jas. Clancey, of Georgetown, visited Acton friends on Sunday.

Mr. and Mrs. Alex Secord and Miss Edith Storey leave tomorrow on a trip to Chicago.

The union in matrimony of Miss Lucy Anderson, twin daughter of C. W. Anderson, Esq., Banker, Oakville, and Mr. Miles Smith, of the same town, a couple of weeks ago, was a brilliant affair. The FREE PRESS extends heartiest congratulations.

Since the first of the year three of our young Canadians in this city have married the daughters of Chicago millionaries; and another is on the eve of leading to the altar a charming young lady whose fortune is represented by seven figures. Next!—Chicago *Canadian American.*

Killed by a Cow.

SARNIA, Sept. 28.—Last night Mrs. Peter McCulloch, who resided on the Indian reserve, was in the act of milking and had got all but one cow milked but had left this one, which had a young calf, until the last. Her husband took the calf away, and the cow immediately turned on the poor woman, goring her and trampling her under foot, killing her.

Caught in the Act.

BERLIN, Ont., Sept. 27.—About 1130 a.m. yesterday three crooks attempted to burglarize F. Metcalfe's jewelry store. Constable Davis caught them in the front door. The trio appeared before Magistrates Young and Hamilton this morning and gave their names as James Roberts, Goderich; Thomas Morris, Windsor, and George Taylor, Hamilton.

Editor Moyer Assaulted.

BERLIN, Sept. 28.—Saturday afternoon ex-Registrar, McDougall, of Waterloo county, horse whipped Peter Moyer, editor and publisher of the *Daily News.* The paper has been criticizing the management of the registrarship for the last sixteen months, and this led to the use of the whip. Several lashes were given but with no serious damage. The Chief of Police put a stop to further castigation.

A HORRIBLE DEATH.

A Farmer Ground to Pieces in a Steam Thresher.

A Belleville despatch says:—Finley Clark met an awful death yesterday while threshing at the barn of J. C. Huff of Black River in Prince Edward County. Clark was in the act of coming down from the mow by the feed-table of the machine and while being warned of danger he stepped upon the feed board and slipped slowly into the cylinder, which, revolving at lightning speed, literally ground his legs to pieces from sole to hip. Surgical aid was procured as speedily as possible, but proved of no avail. As the shock paralized the body he suffered no pain, and yet his mental faculties maintained their natural vigor and with his own hands he rendered no small assistance in the efforts at extrication. The fatal occurrence took place at 11.30 and he breathed his last at 6 o'clock in the evening.

Queer world! Queer people! Here are men and women by thousands suffering from all sorts of diseases, bearing all manners of pain, spending their all on physicians and getting no better, but rather worse, when right at hand there's a remedy which says it can help them because it's helped thousands like them. "Another patent medicine advertisement," you say. Yes—but not of the ordinary sort. The medicine is Dr. Pierce's Golden Medical Discovery, and it's different from the ordinary nostrums in this:—

It does what it claims to do, or it costs you nothing!

The way is this: You pay your druggists $1.00 for a bottle. You read the directions, and you follow them. You get better or you don't. If you do, you buy another bottle, and perhaps another. If you don't get better, you get your money back. And this queer thing is that so many people are willing to be sick when the remedy's so near at hand.

POPULAR HOUSEHOLD AIDS.

Mr. H. T. LePage, of Toronto, has had great success at the big exhibitions with his washing machines and wringers. They readily commend themselves to the experienced judgment, and as a result hundreds of orders have been taken during the past three weeks. Respecting the exhibit at London Exhibition last week the London *Advertiser* says:—"The LePage Washer is certainly a most valuable labor and soap-saving machine. It turns with very little exertion on the part of the operator and never needs oiling. It is warranted to do an ordinary week's washing in an hour—work which generally takes half a day. The heaviest blanket or carpet is washed with the same ease that a handkerchief is. No boiling or soaking over night is necessary. Mr. LePage possesses many letters from parties testifying to the value and durability of this washing machine. He also shows the celebrated Empire Wringer. This article has been in the market for a short time, but already it has met well-deserved success. About 3,500 have been sold in the Lower Provinces since it was introduced. Being provided with double purchase gear and cogs, the Empire Wringer will not go out of mesh or out of order, and will turn with half the labor required by ordinary machines. It will wring dryer than any other wringer in the world.

An exchange says:—The buccaneer has been turned loose in Africa again, and the poor natives must suffer. There has been nothing so disgraceful in African exploration as Dr. Peter's journey to Victoria Nyanza, with no trade goods to pay his way, but with plenty of powder and ball for anybody who objected to his seizing all the cattle and vegetables he wanted. He is at it again, and the Masai are learning to their cost with what cruelty and unscrupulousness a white man may prove the superiority that repeating rifles confer upon him. There was a vigorous protest from all the friends of Africa when Peters returned from his bloody march to the lake; but his friends at home seemed proud of him. Krupp gave him a cannon, and back he went to carry out further schemes in "the interest of civilization;" and there is little hope of the reformation of a man who can write of the cattle that "Heaven sent me," when he took them by killing their owners.

Coughed Himself to Death.

HAMILTON, Sept. 27.—Mr. C. D. Boyes, employed on the G. T. R. here as collector died very suddenly at his residence, 81 Murray street east this morning. Mr. Boyes was well and hearty at 7 o'clock this morning. A few minutes later he began to cough badly and his exertions burst a blood vessel in his head.

$100 Instead of $45,000.

BRANDON, Man., Sept. 27.—At Brandon early yesterday morning two safe crackers entered the Northern Pacific depot here, blew the door off the safe and then helped themselves to the contents, $100. Concussion broke most of the panes in the depot window and stopped the clock. The robbers evidently were after bigger game, but tackled the wrong safe, as in a smaller safe near the one blown open was $45,000 which had been received the day previous.

—If you want first-class Guelph sawed doors at Guelph prices, T. Ennis can fill your order, at his planing mill.

Jacob H. Bloomer, of Virgile, N. Y., writes:—"Dr. Thomas' Eclectric Oil cured a badly swelled neck and sore throat on my son in forty-eight hours; one application also removed the pain from a very sore toe; my wife's foot was also much inflamed—so much so that she could not walk about the house; she applied the Oil, and in twenty-four hours was entirely cured."

King of Medicines

A Cure "Almost Miraculous."

"When I was 14 years of age I had a severe attack of rheumatism, and after I recovered had to go on crutches. A year later, scrofula, in the form of white swellings, appeared on various parts of my body, and for 11 years I was an invalid, being confined to my bed 6 years. In that time ten or eleven sores appeared and broke, causing me great pain and suffering. I feared I never should get well.

"Early in 1886 I went to Chicago to visit a sister, but was confined to my bed most of the time I was there. In July I read a book, 'A Day with a Circus,' in which were statements of cures by Hood's Sarsaparilla. I was so impressed with the success of this medicine that I decided to try it. To my great gratification the sores soon decreased, and I began to feel better and in a short time I was up and out of doors. I continued to take Hood's Sarsaparilla for about a year, when, having used six bottles, I felt become so fully released from the disease that I went to work for the Flint & Walling Mfg. Co., and since then

HAVE NOT LOST A SINGLE DAY

on account of sickness. I believe the disease is expelled from my system, I always feel well, am in good spirits and have a good appetite. I am now 37 years of age and can walk as well as any one, except that one limb is a little shorter than the other, owing to the loss of bone, and the sores formerly on my right leg. To my friends my recovery seems almost miraculous, and I think Hood's Sarsaparilla is the king of medicines." WILLIAM A. LEHR, 9 N. Railroad St., Kendallville, Ind.
