HALL'S
Vegetable Sicilian Hair Renewer
Every year increases the popularity of this valuable Hair Preparation, which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard, and to those who have never used it we can confidently say, that it is the only reliable and perfected preparation to restore GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken; the scalp, by its use, becomes white and clean; it removes all eruptions and dandruff, and by its tonic properties prevents the hair from falling out, as it stimulates and nourishes the hair glands. By its use the hair grows thicker and stronger. In baldness it restores the capillary glands to their normal vigor, and will create a new growth except in extreme old age. It is the most economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair that splendid glossy appearance so much admired by all. A. A. Hayes, M. D., State Assayer of Mass., says, "the constituents are pure and carefully selected for excellent qualities, and I consider it the BEST PREPARATION for its intended purposes." We publish a treatise on the hair, which we send free by mail upon application, which contains commendatory notices from clergymen, physicians, the press, and others. We have made the study of the hair and its diseases a specialty for years, and know that we make the most effective preparation for the restoration and preservation of the hair, extant, and so pronounced by the best Medical and Chemical Authority.

The Old Emigrant.

A youth to manhood growing,
With dark brown curls flowing,
O'er brow and temples flowing,
I came across the sea;
And now my head is hoary,
But, land of song and story,
Green isle of ancient glory,
My heart is still with thee.

The hopes still clung around me,
Thy bonds forever bound me,
And all occasions found me
Within the midst of those
Whose love was ever paid thee,
Who met to cheer and aid thee,
And at a distance made thee
A terror to thy foes.

Long through this sad sojourning
My heart and brain were burning
With hopes of yet returning
To Erin glad and free;
My hopes were unavailing,
I feel my strength is failing,
And still that bitter wailing
Is drifting o'er the sea.

I have one gentle daughter;
How fondly I have taught her
Of Erin o'er the water,
An island green and fair;
And marked her bright eyes shining
As on my knees reclining,
I kissed her, while entwining
Bright shamrocks in her hair.

Her mother's songs she sings me,
Sweet thoughts of home she brings me,
The secret pang that wrings me,
Her breast can never know.
But Irish love so purely,
Runs through, I rest securely
Thereon, and say that surely,
'Twill never nurse a foe.

But life is fading slowly,
My friends must lay me lowly,
Far from that abbey holy,
I loved through all the past.
The world grows dim before me,
A broad wing closes o'er me—
But, Erin dear, that bore me,
I love thee to the last.

The Earthquake in California.
FURTHER PARTICULARS.
San Francisco, March 28.—A gentleman from Inyo County, California where the earthquake Tuesday morning centered, reports that Camp Independence is in a complete ruin. The Court house is destroyed, and not a single abode or brick building is standing from Bishop creek to Independence. Fears are entertained for other mining camps further south in the Sierras. Mrs. West, residing near Independence, was seriously injured; and her child was killed. Stage passengers report several fissures miles in length and fifty to two hundred feet wide and twenty feet deep opened along the eastern base of the Sierra Nevada near Big pine Camp. At other places in the vicinity the ground is heaved up in great ridges, large springs have stopped running, and others have broken out.
Heavy snow slides occurred in the Sierras, and large rocks rolled down the mountain sides, blocking up the stage road. The shocks lasted at intervals from 2:30 to 6:30 a.m.
At Aurora, Nev., no damage was done, and at Belmont, only a mill-machine was thrown down. That section abounds in evidences of recent volcanic action, but no such earthquake has before visited this place within the memory of the Indians. Many people at independence were hurt, but no lives were lost. The shock was probably the heaviest southeastward toward Arizona, in the desert country, which has hardly any population.

Healing on its wings say all which are made use of Dr. Wistar's Balsam of Wild Cherry, and by such use have been cured of coughs, colds, bronchitis, sore throat, influenza or consumption. The prudent will always keep this standard remedy by them.

I strongly recommend the use of Fellows' Compound Syrup of Hypophosphites to all who suffer in any way from diseases or weakness of the Lungs, Bronchial Tubes, from general debility. J. W. SCOTT, M.D., Gagetown, N.B.

Within the range of tonic and alternative medicines known, none is entitled to more consideration than the Peruvian Syrup. In all cases of enfeebled and debilitated constitution it is the very remedy needed. The most positive proof of this can be adduced.

The crown of womanly beauty is an elegant coiffure. As this cannot be obtained without the use of some Hair Gloss or lustreur, even by the most skilful artist, how much should the ladies feel themselves indebted to the inventor of the Great Hair Restorer of the age. Comet Glossine, which nourishes and beautifies the Hair, is delightfully perfumed, and leaves no stain on the whitest of wristbands. Ask for Comet Glossine. 14

More than forty years have elapsed since Johnson's Anodyne Liniment was first invented, during which time hundreds of thousands have been benefitted by its use. Probably no article ever became so universally popular with all classes as Johnson's Anodyne Liniment.

Pills which contain antimony, squills, and calomel, should be avoided, as severe griping pains would be the only result. The purest and best pills are Parsons Purgative or Anti-Bilious Pills.

☞ *Consumption*, so prevalent and so fatal, is dreaded as the great scourge of our race, and yet in the formative stages, all pulmonary complaints may be rendered controllable by using "Bryan's Pulmonic Wafers." They will relieve the most severe cough in a few minutes, and have a most beneficial influence on the bronchial and pulmonary organs, but they must be used in time. Public speakers and singers will also derive great benefit by using them. Sold by all druggists and country dealers. Price 25 cts. per box.

Very Sensible.—Horse dealers who are supposed to know what effects their interest, purchase 'Darley's Condition Powders' and Arabian Heave Remedy' by the dozen, and feed it to their horses for the purpose of improving their condition, which it always does—others should profit by their example!—Remember the name, and see that signature of Hurd & Co. is on each package. Northrop & Lyman, Newcastle, Ont., proprietors for Canada. Sold by all medicine dealers.

A Question.—Why will people keep four or five ill-looking sickly horses to do the work that one good horse might perform? If the horse has the heaves, is broken winded, has a cough or cold, or his wind in any way affected; if his appetite is bad, or his digestive organs deranged, has a rough skin or is hide bound, we would in all cases recommend the use of 'Darley's Condition Powders and Arabian Heave Remedy'—it never fails to benefit and always removes the disease; it is free from anything that can injure, and may be used at all times with safety. Try it and you will be satisfied. Remember the name, and see that the signature of Hurd & Co., is on each package. Northrop & Lyman, Newcastle, Ont., proprietors for Canada. Sold by all medicine dealers.

All persons who aspire to beauty of personal appearance should not neglect that natural accessory, the hair. By many it has been neglected until the hair has become thin, or entirely fallen off. Messrs. Hall & Co., Nashua, N.H., have produced an effectual remedy, called Sicilian Hair Renewer, which cures all diseases of the scalp. This wonderful preparation acts upon the glands, which supply and nourish the hair, restores gray hair to its original color, makes the scalp white and clear, removes and prevents the formation of dandruff and all cutaneous eruptions; and, by its tonic and nutritive properties, restores the scalp to a healthy state and creates a new growth. As a dressing, it is unsurpassed, giving the hair that brilliancy so much admired by all.—*Boston Commercial.*

DR. WHEELER'S
Compound Elixir of Phosphates & Cathsaya.
There is no diseased condition of the body in which Dr. Wheeler's Compound Elixir of Phosphates and Cathsaya, may not be used with positive benefit. Being a Chemical Food and Nutritive Tonic, it acts physiologically in the same manner as our diet. It perfects Digestion, Assimilation, and the formation of healthy blood. It sustains the vital force by supplying the waste constantly going on of nerve and muscle, as the result of mental and physical exertion, enabling mind and body to undergo great labor without fatigue. Its action in building up constitutions broken down with Wasting Chronic Diseases, by fast living and bad habits is truly extraordinary, its effect being immediate in invigorating all the organs of the body. Phosphates being absolutely essential to cell formation and the growth of tissue, must for all time be Nature's great restorative and vitalizer. Sold by all druggists at $1.

Dreadful Persecution.
The most barbarous persecutions of Christians are reported from Fagasaki, Japan. The Prince of Saga is the instigator, and a high official from the Mikado's Court, the superintending torturer. Two thousand victims are doomed. Iwakura, head of the Western Embassy, is ordering the torture and sacrifice of these unhappy people in batches. Sixty seven had perished. Crucifixion and boiling alive, the original forms of execution for Christians have given place to starvation, imprisonment without light or clothing, exposure on frozen ponds, or forcing a burning coal into the mouth. The foreign Consuls have already appraised their Governments of these acts, and trust the British Government will interfere.

THE RECTOR AND THE POOR BOY.—An indigent boy applied for alms at the house of an avaricious rector, and received a dry mouldy crust. The rector inquired of the boy if he could say the Lord's Prayer, and was answered in the negative. "Then," said the rector, "I will teach you that: "Our Father!" "Our Father!" said the boy; "is he my father as well as yours?" "Yes, certainly." "Then," replied the boy, "how could you give your poor brother this mouldy crust of bread!"

A WRINKLE.—The following information for ascertaining the age of a horse after he passed the ninth year, is quite new to us, and will be to most of our readers: After the horse is nine years old a wrinkle comes on the eyelid, at the upper corner of the lower lid, and every year thereafter he has one well-defined wrinkle for each year of his age over nine. If, for instance, a horse has three wrinkles, he is twelve. Add the number of wrinkles to nine, and you will always get at his age.

A LAW FOR SWINDLERS.—It is as suspected. That Ohio liquor law, which enables the wives of drunkards to recover damages from the seller of liquors is being used as an instrument of blackmail. Dissolute husbands and unprincipled wives at Columbus have been combining their talents to make a handsome income from the saloon keepers. The husband gets drunk, and the wife straightway demands of the sinful publican the payment of twenty-five, or fifty dollars, as the case may be, on peril of a suit for damages. This has evidently needs a little doctoring.
