WHIGGINGS.

—Dead ducks, like dead doctors, cease to quack.

—Sherman's march to the Sea—his visit to the Pope.

—A Good Square Meal—A soda-cracker. Dry, isn't it?

—The tight little I(a)le—Kerosene, always on a bust.

—Mosquitoes are not troublesome in the North woods yet.

—Kangaroo leather is recommended for leap year wear.

—Dies are engraved now; in Cæsar's time the die was cast.

—A Wisconsin hen laid an egg on which was the inscription, "Was with England, 1872."

—"Oh, for a thousand tongues!" said the lad when he crawled into a molasses barrel.

—The man who popped the question by starlight got his sweetheart's consent in a twinkling.

—An old maid speaking of marriage, says it is like any other disease—while there's life there's hope.

—Way might carpenters really believe there is no such thing as stone? Because they never saw it.

—If a man tells you that water leached through ashes is fit for beverage, don't believe him. It is a lye.

—In thirteen months, officer Jones, of the New York police force, has killed seventeen hundred dogs.—Whoever sausage a man.

—One use of advertising is to let folks know where they can find the things which they want, besides helping them to want the things which they find.

—It is said that "two of the Darwin's sons have been on a visit to the land of the monkeys. The monkeys were half tickled to death at seeing them, and asked kindly after their father."

—Efforts are being made by fashionable tailors to revive the old fashion of knee-breeches. The ladies of the women's rights persuasion are coming forward as a man in favor of the knee *plus ultra* movement.

—EASY AND ELEGANT AMUSEMENT.—Try to get some friend who is not appy with his aitches to read this line:

"The orn of the unter is eard on the ill.' And then this:

"A'art that is umble might ope for it ere." Then tell him to go away. That's all.

DID'NT SAY DUCKS.—During a class meeting held several years since by the Methodist brethren of a Southern village, Brother Jones went among the colored portion of the congregation. Finding there an old man notorious for his endeavor to serve God on the Sabbath and Satan the rest of the week, he said:

"Well, Brother Dick, I'm glad to see you here! Haven't stole any turkeys since I saw you last, Brother Dick?"

"No, no, Bruder Jones; no turkeys."

"Nor any chickens, Brother Dick?"

"No, no, Bruder Jones; no chickens."

"Thank the Lord, Brother Dick! That's doing well, my brother!" said Brother Jones, leaving Brother Dick, who immediately relieved his over-burdened conscience by saying to a near neighbor with an immense sigh of relief:

"Ef he'd a said ducks he'd a had me!"

The *Alabama* claims were the subject of conversation the other evening, when an old gentleman of a poetic turn of mind arose to his feet and gave the following sentiment:

Should e'er the distant hum of war,
Presume to dim Great Britain's star,
May England with her iron walls,
Resist the force of cannon balls.
May Scotland with her gallant sons,
Defy the power of foreign guns;
And Erin's sons with onward dash,
Drive foes to smithereens and smash.

Sir Harry Burrard, Bart., was married at St. John, N.B., to Miss Anderson, daughter of a gentleman, who until lately was the proprietor of a large clothing establishment in that city. Lady Burrard is a blonde, possessed of great personal attractions, and for the last few years considered the belle of St. John. The gallant baronet served with his regiment, the fourth battalion 60th Rifles, in New Brunswick in 1769, he succeeded to the baronetcy in 1870, and is possessed of an income of £15,000 a year, chiefly from estates in England and Ireland.

Caution!—In our changeable climate, coughs, colds, and diseases of the throat, lungs and chest will always prevail. Cruel consumption will claim its victims. These diseases, if attended to in time, can be arrested and cured. The remedy is Dr. Wistar's Balsam of Wild Cherry.

DR. WHEELER'S
Compound Elixir of Phosphates & Calisaya.

There is no diseased condition of the body in which Dr. Wheeler's Compound Elixir of Phosphates and Calisaya, may not be used with positive benefit. Being a Chemical Food and Nutritive Tonic, it acts physiologically in the same manner as our diet. It perfects Digestion, Assimilation, and the formation of healthy blood. It sustains the vital force by supplying the waste constantly going on, of nerve and muscle, as the result of mental and physical exertion, enabling mind and body to undergo great labor without fatigue. Its action in building up constitutions broken down with Wasting Chronic Diseases, by fast living and bad habits is truly extraordinary, its effect being immediate in energizing all the organs of the body. Phosphates being absolutely essential to cell formation and the growth of tissues, must for all time be Nature's great restorative and vitalizer. Sold by all druggists at $1.

HALL'S
Vegetable Sicilian Hair Renewer

Every year increases the popularity of this valuable Hair Preparation, which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard, and to those who have never used it we can confidently say, that it is the only reliable and perfected preparation to restore **GRAY OR FADED HAIR** *to its youthful color, making it soft, lustrous, and silken; the scalp, by its use, becomes white and clean; it removes all eruptions and dandruff, and by its tonic properties prevents the hair from falling out, as it stimulates and nourishes the hair glands. By its use the hair grows thicker and stronger, in baldness it restores the capillary glands to their normal vigor, and will create a new growth except in extreme old age. It is the most economical* **HAIR DRESSING** *ever used, as it requires fewer applications, and gives the hair that splendid glossy appearance so much admired by all. A. A. Hayes, M.D., State Assayer of Mass., says, "the constituents are pure and carefully selected for excellent quality, and I consider it the* **BEST PREPARATION** *for its intended purposes." We publish a treatise on the hair, which we send free by mail upon application, which contains commendatory notices from clergymen, physicians, the press, and others. We have made the study of the hair and its diseases a specialty for years, and know that we make the most effective preparation for the restoration and the preservation of the hair, extant, and so acknowledged by the best* **Medical and Chemical Authority.**

LEA & PERRINS'
CELEBRATED
WORCESTERSHIRE SAUCE.
DECLARED BY CONNOISSEURS TO BE
THE ONLY GOOD SAUCE.

Caution Against Fraud.

The success of this most delicious and unrivalled condiment having caused certain dealers to apply the name of "Worcestershire Sauce" to their own inferior compounds, the Public is hereby informed that the only way to secure the genuine is to ask for *LEA & PERRINS' SAUCE*, and to see that their names are upon the wrapper, labels, stopper, and bottle.

Some of the foreign markets having been supplied with a spurious Worcestershire Sauce, upon the wrapper and labels of which the names of Lea and Perrins have been forged, L. and P. give notice that they have furnished their correspondents with power of attorney to take instant proceedings against Manufacturers and Vendors of such, or any other imitations by which their right may be infringed.

Ask for LEA & PERRINS' Sauce, and see the Name on Wrapper, Label, Bottle and Stopper.
