## The Fenian Raid Losses.

MR. CARTWRIGHT'S MOTION.

MR. CARTWRIGHT—On Monday—House in Committee of the Whole to consider the following Resolutions :—

"1. *Resolved*,—That this House regrets to learn that Her Majesty's advisers have seen fit to assume the responsibility of withdrawing the claims of the Dominion of Canada against the United States for compensation on account of injuries arising from the Fenian Raids.

"2. *Resolved*,—That this House cannot but feel that the proposal to indemnify the people of Canada, whether directly or indirectly, at the expense of the English taxpayer, for wrongs committed by subjects of a Foreign State, is impolitic, both in itself and tending to produce just dissatisfaction in the Mother Country, and furthermore, that such a course of action is likely to operate as a direct incentive to renewed outrages, inasmuch as it is notorious that the above-mentioned raids have arisen rather from feelings of hostility to the Imperial Government as a whole, than from any special animosity to the inhabitants of this Dominion.

"3. *Resolved*,—That taking into consideration the circumstances under which these inroads were committed, this House is apprehensive that the refusal of the British Government to press these claims is calculated to encourage the people and Government of the United States, in the belief that the due discharge of their international obligations toward the Dominion of Canada is a matter of comparative indifference to Her Majesty's Imperial Cabinet."

### CURRENCY.

—"Avaunt, winged insect"—superseles "shoo fly."

—Next month will not have an "r" to its name. Therefore, eat all the oysters you can before April runs out.

—Doubtless we shall view the "Dolly Vardens" soon. Some of the dry goods stores have the materials for this new style of costume.

—The time to possess your soul in patience is when your hat blows off in the street, and your eyes are too full of dust to see which way it goes.

—Skowhegan, Me., offers an alluring bait for Barnum in the form of a citizen who measures two yards around what he is pleased to call his waist, and weighs nearly a quarter of a ton.

—When you observe a man hastening along with a cloak under one arm, a looking-glass under the other, and a couple of flat-irons in his pocket, it is best not to ask him if he is moving.

—"Don't borrow a newspaper; all the prevailing epidemics are spreading in this way; if you don't want the small-pox, take a newspaper direct from the publisher."

—Mr. McCarthy, who shot Hall, of Ogdensburg, in a Utica street car, is jealous of the notoriety of Mrs. Cloves, who is being examined in connection with the Saquit murder. Such jealousy is purely feminine.

—The story that the Queen of Madagascar takes Harper's Bazar, originated in the fact that one of her loving subjects sent her a leg and wing of roast missionary, inclosed in an old copy of the periodical mentioned, which was found in the lining of the missionary's hat-box.

SMALL-POX.—Dread of small-pox has induced people to do a great many atrocious things. In Pethlehem, Pa., not long ago, a man fell a victim to the terrible disease, and was taken in charge by the authorities. Scarcely had he become unconscious when he was hurriedly put under the ground, lest the infection should spread. A few days ago the parents of the young man removed the remains, and found that he had revived in his coffin, and struggled so in his agony that he had kicked out the footboard and turned himself over upon his face. We do not care to attempt to fancy the man's feelings when he became conscious and found himself buried.

ENLAREGMENT OF THE WELLAND CANAL.—In commenting on this subject, as spoken of in a Canadian paper, the Ogdensburg *Journal* says :—"The Canadians have struck at the right time. The eastern and western people of the United States feel the necessity of increased canal facilities, and having been disappointed in efforts to secure the necessary legislation, will look with a greater degree of favor upon the Welland Canal enlargement. By increasing the size of the locks and the depth of the canal; they will to it a very large commerce which now of necessity seeks other outlets. Oswego, Cape Vincent, Kingston and Ogdensburg must all hail the prospect of the early enlargement of the Welland Canal."

NOT DISEMBODIED CREATURE.—The town of Monson, Mass., has been for some months frightened from all propriety by a ghost which has haunted the place, revisiting the pale glimpses of the moon and stalking in solemn majesty in lonely places. The mystery has now been explained. It was not an honest ghost, but the big brother of a young maiden, whose affections were besieged by an obnoxious youth of tender and unblushing years. It was conjured up for the special purpose of inducing the boyish lover to discontinue his visits to the maiden, and, leaving accomplished his purpose, disappeared from mortal sight, and Monson is recovering its breath and color.

One bottle has cured LAME BACK of eight years standing. Daniel Plank, of Brookfield, Tioga County, Pa., says: "I went thirty miles for a bottle of your Oil, which effected a WONDERFUL CURE of a CROOKED LIMB by six applications." Another, who has had ASTHMA for years, says: "I have half of a 50 cent bottle left, and $100 would not buy it if I could get no more."

Rufus Robinson, of Nunda, N.Y., writes: "One small bottle of your ECLECTRIC OIL restored the voice where the person had not spoken above a whisper in FIVE YEARS." "Rev. J. Mallory, of Wyoming writes: "Your ECLECTRIC OIL cured me of Bronchitis in ONE WEEK." We can assure our old patrons that it is kept fully up to its high standard, and to those who have never used it we can confidently say, that it is the only reliable and perfected preparation to restore* **GRAY OR FADED HAIR** *to its youthful color, making it soft, lustrous, and silken; the scalp, by its use, becomes white and clean; it removes all eruptions and dandruff, and by its tonic properties prevents the hair from falling out, as it stimulates and nourishes the hair glands. By its use the hair grows thicker and stronger. In baldness it restores the capillary glands to their normal vigor, and will create a new growth except in extreme old age. ## DR. J. COLLIS BROWNE'S CHLORODYNE.

THE ORIGINAL AND ONLY GENUINE.

CHLORODYNE is admitted by the Profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitis and Asthma.

CHLORODYNE effectually checks and arrests those too often fatal diseases—Diptheria, Fever, Croup, Ague.

CHLORODYNE acts like a charm in Diarrhœa, and is the only specific in Cholera and Dysentery.

CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation, and Spasms.

CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache, Meningitis, &c.

From LORD FRANCIS CONYNGHAM, Mount Charles, Donegal, 11th Dec., 1868.

"Lord Francis Conyngham, who this time last year bought some of Dr. J. Collis Browne's Chlorodyne from Mr Davenport, and has found it a most wonderful medicine, will be glad to have half a dozen bottles sent at once to the above address."

"Earl Russell communicated to the College of Physicians that he received a despatch from Her Majesty's Consul at Manilla, to the effect that Cholera has been raging fearfully, and that the ONLY remedy of any service was CHLORODYNE."—See *Lancet*, 1st December, 1864.

CAUTION.—BEWARE OF PIRACY AND IMITATIONS.

CAUTION.—Vice-Chancellor Sir W. PAGE WOOD stated that Dr. J. COLLINS BROWN was, undoubtedly, the Inventor of CHLORODYNE; that the story of the Defendant, FREEMAN, was deliberately untrue, which, he regretted to say, had been sworn to.—See *Times*, 10th July, 1864.
