SATURDAY EVENING, MAY 4, 1872.

☞ *SEE FIRST AND FOURTH PAGES.*

GONE TO HIS BIER.—Last week a valuable horse belonging to one of the Kingston Brewery, dropped down dead in the harness, a short distance east of Odessa.

PIGEON SHOOTING bids fair to become a popular sport. Another match is to come off on Monday. It is fun for the sportsmen, but death to the birds. Kingston sportsmen are good shots.

HEALTH INSPECTION.—Napanee has one. It is professional, and is performed by two graduates of the Kingston Penitentiary. The duty is performed at unsuitable hours, however. The houses are visited after folks are asleep. It is a subject for complaint.

QUEBEC YACHTS.—The famous yachts *Dauntless* and *Black Hawk*, of Quebec, will visit Lake Ontario this present season, providing a series of regattas are held during September. This will be good news to all lovers of spirited yachting. We shall be glad to see the *Dauntless* back here again this year, with her last year's rival, the *Ina*.

STRIKES.—The carpenters of Kingston ask for an increase of wages, and are preparing a memorial, accompanied by a schedule of the wages desired, for presentation to the contractors. The success of the strikes of similar mechanics elsewhere, is prompting them to this action. The stone-cutters receive $3 per day; the journeymen builders $2.75; the bakers $9 for good hands, and $8 for under hands per week, and dock labourers from 18 to 20c per hour.

STEAM FIRE ENGINE.—The Mayor, with the committee empowered to procure a steam fire engine, do not leave the city until Tuesday, for Toronto and the other western cities. They intend to see every style of engine in use or for sale in Canada before purchasing. Their report will be received with interest. They are certain to procure one at once. In this connection we may state that the agent in Canada of the Merryweather engine will bring it to Kingston for competition with any other.

NEW FIRM.—On reference to our advertising columns this evening, it will be seen that our friend Alderman Harty, in order to keep pace with his rapidly increasing business, has taken into partnership with him in the dry goods business, Mr. Edward Hickey, a young gentleman well and honourably known in the business in Kingston. Mr. Hickey has been for a number of years employed in the store of Messrs. R. & J. Gardiner, and was one of the most popular clerks in that establishment. We congratulate the new firm, and most heartily wish them success.

Pembroke.

The assessment rolls of the town of Pembroke show an increase, since last year, in population of 608, and an increase in value of real and personal property, $25,190. The *Observer* thereon says:

"These facts are of a most gratifying nature, and we congratulate our citizens on the results. The increase in material prosperity and population in this town compares most favorably with that of any other town in the Province. With the impetus that the completion of the Kingston and Pembroke, and the extension of the Canada Central and St. Lawrence and Ottawa Railways, to this place, will give to trade and manufactures, there is every reason to look confidently forward to a far larger exhibit next year. With the water-power facilities which we are possessed of; situated on the highway of the lumber traffic of the Upper Ottawa, and directly on the line of the projected Canadian Pacific Railway—our prospects are decidedly of a most auspicious nature."

Although the railways trains which leave St. John's for the South are daily crowded with French Canadians going to the States, it is a fact, as gratifying as it may appear anomalous, that each day witnesses the return to Canada of a large number of this very class of people. It is not, we are informed, the people who have left their homes this spring who are now coming back, but others who have been absent from the Province from one to five years. Most of them have accumulated some little money, and all, as a rule, appear glad to set their feet on their native soil. A portion of them contemplate buying or settling on lands or farms which others of their compatriots are deserting; others will find employment on railroads or at their trades. This return movement is one we hail with delight; but if the Province would only exhibit a little more manufacturing enterprise, and evince a little more interest in keeping her native population at home, the flow of emigration would soon be reduced to an insignificant minimum.—*St. John's (Que.) News.*

NEW TICKET.—A great boon has just been granted by the G. W. R. It is in the shape of a ticket which enables the purchaser to travel for 1,000 miles at a less rate than the usual tariff. The passenger is allowed one year in which to complete his pilgrimage, but we feel assured that numbers of our travelling citizens will get through more than one of the "Thousand Mile Tickets" per annum.

MARAVILLA COCOA.—Opinions of the Press.—"Those who have not yet tried Maravilla will do well to do so."—*Morning Post.* "It may justly be called the perfection of pure Cocoa."—*British Medical Journal.*

MARAVILLA COCOA.—The *Globe* says, "Taylor Brothers' Maravilla Cocoa has achieved a thorough success, and supersedes every other Cocoa in the market. Entire solubility, a delicate aroma, and a rare concentration of the purest elements of nutrition, distinguished the Maravilla Cocoa above all others. For invalids and Dyspeptics, we could not recommend a more agreeable or valuable beverage."

HOMŒOPATHIC COCOA.—This original preparation, which has attained such a world-wide reputation, is manufactured by TAYLOR BROTHERS under the oldest homœopathic advice aided by the skill and experience of the inventors, and will be found to combine in an eminent degree the purity, fine aroma, and nutritious property of the fresh nut.

SOLUBLE CHOCOLATE, made in one minute without boiling. The above articles are prepared exclusively by Taylor Bros., the largest manufacturers in Europe, and sold in tin-lined packets only, by Storekeepers and others all over the world. Steam Mills, Brick Lane, London. Export Chicory Mills, Bruges, Belgium.
