WHIGGINGS.

—A city that scots people—Pittsburgh.

—"Presbyterian billiards" is what western sports call croquet.

—Mr. Gilmore will be "instrumental" in attracting more people to Boston than any other man.

—Our friend Quiz says he has two vehicles—one in the barn, and his wife's little sulky.

—There is but nine feet of water in Toronto harbor—hardly enough to drown an extra tall man.

—The master of ceremonies at a recent St. Louis funeral announced: "The corpse's cousins will now come forward."

—A coffin is to be raffled for in Milton, N. C. Such ready made furniture is always manufactured on the chance of a die.

—The Boston *Post* states that Colfax has stopped smoking, but will take the stump again in Indiana next season.

—According to Punch the postal card system doesn't work as well expected, the postmen not being so prompt as before having so many cards to read.

A Boston girl, being asked if she had not once been engaged to a party by the name of Jackson, who was at the time a Harvard student, languidly replied, "I remember the circumstance perfectly; but I am not certain about the name."

—"If it's a paper man ye are, yez can just lave me house at waast, for it's divil a bit of rest I've had since I lost me poor cow, all on account of thim spalpeens, the rayporters. May the divil fly away wid thim! Be aff wid ye, I says."—*Mrs. O'Leary, of Chicago.*

An agricultural correspondent displays in the following a wild and ferocious cruelty to animals, which we hope will not be imitated. Besides it can be no easy matter to whitewash mice:—"I have kept rabbits and mice, for many years, from ... fruit trees, by whitewashing them in fall or winter."

—A advertisement in the Allentown, (Pa.,) *Chronicle* reads: "If the middle-aged party who spoke to a young lady at Centre square in a blue bonnet will call upon her brother he will find something to his advantage meet his eye. Address, Pugilisticus, Box 1001."

—The following is the way they called out the figure of a "reel" down South:—"Dance to the gal with the yellow shawl; now down outside and up the middle; trun 'er to your partner, Isaac Smach, and now to that entire stranger; sachez to the right the left; ra de tan, da du do; new to Peter Schwitchall's daughter; turn to your partner, every one; set to the girl with the flaring frill; balance one and spin about to the girl with the hole in the heel of her stocking."

CLEANINGS.

During the past three weeks, twelve hundred sewing machines have been shipped from Fergus, Ont., for Europe.

If an icicle forty-five miles in diameter were thrust toward the sun with the velocity of light, say twelve million miles a minute, it could never touch the sun; but would melt as fast as it came.

Iowa State has just abolished capital punishment, and substituted imprisonment for life. In most of the other States, particularly New York, both have long fallen into disuetude; the starving thief being much more likely to see the inside of a prison than the most cold-blooded murderer.

The depopulation of Ireland is going on faster than ever. About 4,000 of the flower of the population leave the country weekly from the different ports. From Queenstown alone 2,000 a week go. Whole hamlets are left to the old and poor; and agricultural labour is hardly to be had at any price. The considerable cities, Limerick for instance, are hastening to decay.

One of the largest mercantile houses in Chicago has recently sunk an artesian well near its place of business. A magnificent block of buildings is thus placed beyond the possibility of danger from failure of the water supply. The well has a bore of five inches and a depth of 1,200 feet. A thousand gallons of water can be obtained in one minute, which is more than present necessities required. The supply will be regulated by valves.

A Methodist preacher has been sentenced to "bread and water" for eleven days, in Sweden, for endeavoring to gain proselytes to his denomination. In that intolerant country, dissenters are punished for holding services during the hours of Sunday sacred to the Lutheran Church. This is a sad state of affairs for the nineteenth century, and we are not surprised to learn that the persecuted creeds are gaining many converts. Men's conscience can not be controlled by penal laws.

The London *Advertiser* says: that Sir John A. Macdonald's argument, taken altogether is that England and Canada should be disposed to make any concession of honor or surrender of property on which the Americans "have set their hearts." Thus only can we be safe. This is safety of a strange sort. The ratification of the Treaty—though in the correspondence with Early Kimberley denounced as flagrantly unjust to Canada—has become, we are told, a necessity in the interests of peace.

The Tailor Makes the Man

The following clever and timely political squib is taken from the Hamilton *Times*:

It is rumored that a tailor has been added to the staff of the *Mail*, whose sole duty is to manufacture Tory gentlemen. He is also to write the critical articles on the personal appearance of Mr. Mackenzie, and will keep constantly on hand pomatum, oils, perfumes and fine-tooth combs for the use of the faithful. No one hereafter is to be admitted into the Tory party without having first passed an examination before this distinguished *artiste*, and proved himself incapable of eating peas with a soup ladle, or taking soup with a two-pronged fork. Any man found attempting to enter the *Mail* office without having on kid gloves, patent leather boots, imitation gold studs and a gold-washed brass finger ring, will be denounced in the next issue of that journal as a Grit, a satyr, a ruffian and a cut throat. For particulars see small bills.

GRAND CHAPTER-BLACK PRECEPTORY.—The annual meeting was held in Toronto on Tuesday, when the following Grand officers were elected for the ensuing year:—D. Callaghan, Kingston, re-elected, Grand Master; H. Griffiths, do, Deputy Master; Rev. A. Dawson, do, Chaplain; John T. Jones, Registrar; James Brownlee, Treasurer; J. H. Post, Deputy Treasurer; Wm. Heeney, re-elected, Lecturer; E. L. Whitmarsh, Wm. Winslow, Standard Bearers; J. R. Burke, Wm. Cox, Censors; Stephen Bradley, Pursuivant; Thos. Keys, D'Arcy Boulton, Geo. Ripley, Wm. Parkhill, Mackenzie Bowell, S. Hayoot, W. Boulter, Committee.

POET LAUREATE.—When people speak of Tennyson as the "poet laureate, it is to be feared that in many cases they don't exactly understand what is meant by the term. Let all learn that the appellation of *poeta laureatus* was, in very ancient times, the actual title conferred by the English Universities on successful candidates for degrees in rhetoric and versification. King Edward IV first gave the title to a poet who was selected to compose birth-day odes and other poems for grand Court occasions; and the office has been perpetuated to the present day. HALL'S Vegetable Sicilian Hair Renewer

Every year increases the popularity of this valuable Hair Preparation, which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard, and to those who have never used it we can confidently say, that it is the only reliable and perfected preparation to restore **GRAY OR FADED HAIR** *to its youthful color, making it soft, lustrous, and silken; the scalp, by its use, becomes white and clean; it removes all eruptions and dandruff, and by its tonic properties prevents the hair from falling out, as it stimulates and nourishes the hair glands. By its use the hair grows thicker and stronger. In baldness it restores the capillary glands to their normal vigor, and will create a new growth except in extreme old age. It is the most economical* **HAIR DRESSING** *ever used, as it requires fewer applications, and gives the hair that splendid glossy appearance so much admired by all. A. A. Hayes, M.D., State Assayer of Mass., says, "the constituents are pure and carefully selected for excellent quality, and I consider it the* **BEST PREPARATION** *for its intended purposes." We publish a treatise on the hair, which we send free by mail upon application, which contains commendatory notices from clergymen, physicians, the press, and others. We have made the study of the hair and its diseases a specialty for years, and know that we make the most effective preparation for the restoration and the preservation of the hair, extant, and so acknowledged by the best* **Medical and Chemical Authority.**

DR. J. COLLIS BROWNE'S CHLORODYNE.

THE ORIGINAL AND ONLY GENUINE.

CHLORODYNE is admitted by the Profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitis and Asthma.

CHLORODYNE effectually checks and arrests those too often fatal diseases—Diptheria, Fever, Croup, Ague.

CHLORODYNE acts like a charm in Diarrhœa, and is the only specific in Cholera and Dysentery.

CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation, and Spasms.

CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache, Menuritis, &c.

From LORD FRANCIS CONYNGHAM, Mount Charles, Donegal, 11th Dec., 1868.

"Lord Francis Conyngham, who this time last year bought some of Dr. J. Collis Browne's Chlorodyne from Mr. Davenport, and has found it a most wonderful medicine, will be glad to have half a dozen bottles sent at once to the above address."

"Earl Russell communicated to the College of Physicians that he received a despatch from Her Majesty's Consul at Manilla, to the effect that Cholera has been raging fearfully, and that the ONLY remedy of any service was CHLORODYNE."—See *Lancet*, 1st December, 1864.

CAUTION.—BEWARE OF PIRACY AND IMITATIONS.

CAUTION.—Vice-Chancellor Sir W. PAGE WOOD stated that Dr. J. COLLINS BROWN was, undoubtedly, the Inventor of CHLORODYNE; that the story of the Defendant, FREEMAN, was deliberately untrue, which, he regretted to say, had been sworn to.—See *Times*, 10th July, 1864.

Sold in Bottles at 1s. 1½d., 2s. 9d., 4s. 6d., and 11s. each. None is genuine without the word "Dr. J. COLLIS BROWNE'S CHLORODYNE" on the Government Stamp. Overwhelming Medical Testimony accompanies each Bottle.
