## THE NEWS AT HOME.

Mostly of a Local Character, and Every Item Interesting.

*A Weighty Family.*

All the members of the family of Hugh McLaughlin, of Nassagaweya, were home together after an absence of some for several years to attend the funeral of their mother. The six sons are fine, well-built men and their average is considerable. On Monday the weight of the seven members of the family was taken and found to aggregate 2,032½ pounds.

*News of Churches and Pastors.*

Rev. Mr. St. Dalmas' New Year's sermon last Sunday afternoon was very appropriate to the opening year.... The usual watchnight service was held in the Methodist Church at the close of the sermon Sunday morning. ... Rev. Mr. Edge preached a very impressive sermon on Sunday evening from the text Jer. 28: 16, "This year thou shalt die." Special reference was made to the late Mrs. Hugh McLaughlin.... The annual meeting of Acton Branch Bible Society was convened in the Baptist Church last evening but a false alarm of "fire" at Fairview Place, was summarily dismissed. It will be held at some early date.

*Methodist Sunday School Officiary.*

The annual meeting of the Methodist Sunday School for the election of officers and other business relative to the work of the year, was held last Thursday evening. Short addresses as to the prosperity of the school and the introduction of features which would add to its success were made by Revs. Jos. Edge, and W. Bryers and by the Superintendent, who also expressed thanks to the staff of officers and teachers for their hearty co-operation and earnest efforts during the year just closed. The staff for the present year was elected as follows:

SUPERINTENDENT, H. P. Moore.
ASST. SUPT., Isaac Francis.
SEC. TREAS., R. J. Gurney.

RESIDENT TEACHERS, Thos. T. Moore, Mrs. I. Francis and Miss Hannah Bingham.

*An Enthusiastic Society.*

There is no more enterprising society in town than Acton Temperance Union. To the efforts of its members considerable credit is due for the large majority in favor of prohibition secured here in the recent plebiscite vote. The first meeting since the election was held on Friday evening and much encouragement was felt at the result of the vote, both in Acton and the county as a whole. The officers for the ensuing term are as follows:

PAST PRESIDENT, Bro. Wm. Williams.
PRESIDENT, Bro. Harry Jeans.
VICE PRES., Sister Hattie Thurston.
TREASURER, Bro. Chas. Jermey.
SECRETARY, Sister Annie Smith.
ASST. SEC., Bro. A. E. Gurney.
CHAPLAIN, Bro. I. Francis.
CORR. SEC., Bro. L. Williams.
SENTINEL, Bro. Chas. H. Moore.
ORGANIST, Sister Annie Stephenson.
SUB-VIS. COM., Sisters Maggie Cobbin, Bella Stephenson and Madie McNabb, Bros. R. J. Gurney, Robert Edmiston and Duncan Grant.
FINANCE COM., Bros. W. Williams and John L. Charles.
LITERARY SUPT. COM., Bros. Alex. Second, W. Williams and Sisters Maggie Cobbin and Bella Stephenson.

The officers have entered upon their duties with an earnestness that is commendable and are determined to make the present year equal in every respect to the wonderful record of 1893. With Councillor elect Jeans, and his characteristic energy at their head, success will no doubt crown their efforts.

*"Nothing Like Leather."*

The County of Halton has numerous important industries, including particularly the manufactures of lime, pressed brick, paper, leather and its products. No other business occupies so prominent a position as that of leather. Nearly every town in the county has its tanneries or its leather goods factories, some, like Acton, Oakville and Milton, have both. One day last week a representative of the FREE PRESS had the pleasure of a look through the shoe factory of Messrs. Geo. Winn & Son, at Milton, accompanied by the senior member of the firm. He courteously showed the reporter through every department of the factory explaining minutely the manufacture of shoes the various processes required and the ingenious machines brought into requisition. This enterprising firm has made the manufacture of women's and children's shoes a success, and turn out 131 distinct lines. Their goods have not only an attractive appearance and are abreast with prevailing styles, but they are honest stock in every atom of material which enters into their construction. The very best materials are used, careful work is put into every shoe and the proprietors send their manufactures upon the market with the conscientiousness that the consumers will have full value for their money. Milton is justly proud of its shoe factory and as a county industry the FREE PRESS with all good citizens generally is interested in its success.

*Our County Sunday Schools.*
