LITTLE LOCAL BRIEFLETS

Which Caught the Eyes or Ears of Free Press Reporters this Week.

—Next Sunday, 1st April.

—The schools re-open next Monday.

—Council meeting next Monday evening.

—Collingwood Council has granted $200 to their band.

—The Easter vacation is being enjoyed by the pupils of the schools.

—Colbran's hotel, Campbellville, is advertised for sale under mortgage.

—The mercury registered about forty degrees lower on Easter than on Palm Sunday.

—It is only the really busy man who can find time to attend to the demands of others for assistance.

—My pretty new spring bonnet, alas I did not don it, for fear of snow upon it last Easter morn.

—Boys, handle your catapults a little more carefully. The cop will get you, if you don't watch out.

—Chatham Council has refused to take action on a request from 400 citizens that the curfew bell be established.

—The barbering business should be thoroughly done in town now. Two new shops have been opened this week.

—The Stratford *Beacon* has just been enlarged and improved. The *Beacon* is one of the best weeklies in Ontario.

—'Tis not the blossoms fragrance, not the glowing warm sunshine, that speaks so much for early spring as paint and calcimine.

—A Merrickville man has offered to contributed $5 for every patient sent from that village to the Keeley Gold cure at Oakville.

—The cold snap gave the pond a secure coating of ice again, and the youthful skaters enjoyed the return of the exhilarating sport.

—Part of the money burglarized from Rev. Dr. Abraham, of Burlington, recently belonged to the funds of Halton Sunday School Association.

—Mr. Chas. Armstrong, formerly of Armstrong's Mills, has been appointed sole agent for the Equitable of New York, for the County of Wellington.

—A western paper puts it thus: "Oh! they are wise who advertise in winter, spring and fall; but wiser yet are they, you bet, who never let up at all."

—March came in with a bleat, but it looks as if it would be true to tradition and go out with a roar. It has uttered a preliminary growl or two the past week.

—Messrs. John R. Barber, Georgetown, Donald Campbell, Nelson, and Wm P. W. Fisher, Burlington, have been reappointed License Commissioner for Halton.

The road overseers for Esquesing town line appointed by Erin council are Morgan Crewson, Edward Cleaves, John Russell, A. McEachern, R. McEnery, D McMillan.

—New subscribers are being added to the FREE PRESS lists every week. Don't borrow when you can have a paper for the balance of 1894 for yourself for seventy five cents.

—The cards of invitation now being issued for a fashionable wedding which is to take place in Hamilton very shortly bear in one corner the words, "No Presents."

There were only eleven convictions before the magistrates of the county during the quarter ending 13th March. Six of these were at Georgetown, three at Milton, one at Burlington and one at Acton.

—The carpenters, paper hangers and painters succeeded last week in transforming the interior appearance of Kennawin's Drug Store. It is now very neat and attractive, and the courteous proprietor is justly proud of it.

Jimmie Gibbons was in Guelph last week and supplied the *Mercury* with the following paragraph of personal history: "Mr. James Gibbons, Esquesing, is in town to day. He is 74 years of age, and formed the first Reform club in Guelph in 1839, after the rebellion."

—Mr. William Noble, the agent of the Massachusetts Benefit Life Association, was in town on Monday and showed us a marked cheque for $1,000 he was to deliver the next day to Mrs. C. Richert, Berlin. He also has a letter from Mrs. W. H. Hubland, Toronto, thanking the Association for a $10,000 cheque, amount of Mr. Howland's policy.

—Mr. G. Jackson, of G. B. Ryan & Co., Guelph, was in town Monday arranging for an exhibit of samples of carpets at Agnew's Hotel, to-morrow, for above firm. During the present month Messrs. Ryan & Co. have received four car loads of carpets, dress goods, millinery, etc., direct importation from British markets, purchased by Mr. Ryan during his recent visit to the British and European markets. The *Mercury* says: "this is probably the largest shipment of new goods that ever came into Guelph at one time, and no fake about it."

THE NEWS AT HOME.

Mostly of a Local Character, and Every Item Interesting.

The Provincial Fat Stock Show.

A deputation, consisting of Mayor Smith of Guelph, Warden Hobson, James Millar, James Anderson, John McCorkindale, Herbert Wright and Wm. Laidlaw, go to Toronto to-day to meet the Agriculture and Arts Association in reference to securing the Ontario Provincial Fat Stock show for Guelph, to be held some time in December. They will, it is generally hoped, be successful in their mission. The *Mercury* says it is now recognized on all hands that the County of Wellington, with Guelph as its centre, is the place par excellence for this now world renowned show which is called the Smithfield of Canada.

Knock Him Down.

The season is approaching when shooting is considered legitimate and enjoyable sport. A good many careless and inexperienced individuals, old and young, will handle fire arms. As a preventive of the frequent "didn't know it was loaded" accident, the following bit of advice, of unknown origin, but good hard sense, warranted to keep in any climate, will be found useful: When a man or youth playfully points a pistol or a gun at you knock him down. Don't stop to enquire whether it is loaded or not; knock him down. Don't be particular what you knock him down with, only see that he is thoroughly knocked down. If a coroner's inquest has got to be held let it be on the other fellow, he won't be missed.

If you Know Anything Tell us.

A local newspaper is sometimes accused of bias in regard to giving personal notices of mentioning the coming and going of some and omitting others. The faults are with the people and not with the editor. He is always willing, and even anxious to tell who comes, and who goes, if he can find out, but a country newspaper cannot afford a corps of salaried reporters. If you have visitors, let us know who they are and where they come from; if anything of interest happens in your locality let us know about it; if you get married let us know, if you know anything let us know about it. You will find us as ready to "notice" one as another, patrons or otherwise, friends or foes if we have any. Our object is to give the news and all the news.

The Railway Money.

Warden Warren and a number of the members of the County Council, with Mr. Wheelhan, and the counsel for both parties, were received by the Private Bills Committee of the Legislature at Toronto last Thursday. A number of Halton's representative residents were also present. The bill for the distribution of the railway money, which is in fact the by law recently passed by the County Council, was considered and passed the committee. Mr. W. Laidlaw was present for the County, and B. B. Osler for Mr. Wheelhan. Mr. W. Kerns, M. P. P. has charge of the bill in the house. While in session the Grand Trunk Railway authorities presented a claim of $1400 as their share of the taxes paid toward the H. & N. W. Railway bonus. They were allowed $1000, which amount was accepted.

Esquesing Gun Club Down to Orangeville

An interesting match at blue rocks was shot in Orangeville on Good Friday between the Orangeville and Esquesing gun clubs. The visitors won by seven birds. The weather was cold and raw, with a gale of wind blowing across traps. The score at 25 singles was as follows:

Orangeville		Esquesing	
Dick	21	Speight	22
T W Williamson	21	Pearson	21
Brown	18	Stark	21
Cross	17	Sutton	18
H Crozier	16	Dalgnish	17
Stubbs	16	Moore	16
Booth	15	Walker	16
Turnbull	15	Kay	15
C F Williamson	14	Sutherland	14
Large	13	Jeans	12
Total	166	Total	173

The shooting of Speight, Pearson and Stark was much admired. Orangeville is a crack team and has aspirations for a position as Ontario's champions, and the victory for the Esquesing club can consequently be appreciated. The return match will be shot at Georgetown, at an early date.

The World's Fair.

The FREE PRESS has previously referred to the work undertaken by the Bancroft Company, Auditorium Building, Chicago, who are engaged in the production of "The Book of the Fair." It is the reproduction in book form, in the highest style of art, of the entire Exposition. In this work the great panorama will move from the past to the present, in logical and historical order. The reader will observe in the opening numbers how the foundations upon which previous fairs were built gradually broaden out, and like some magical plant as the work progresses he will see the unfolding of the ideas which are at the base of the Columbian Exposition. Having introduced this latest and greatest of the world's fairs, the book will trace its evolution in all details. The broad foundation upon which the fair is established in the creation of the Fair itself and in the presentation of the gorgeous and the bewildering spectacle, the pencil of the artist and the pen of the author will be complementary, each assisting the other.

News of the Churches.

Fitting references to the Easter anniversary were made in the churches on Sunday.

The special services in the Methodist Church were brought to a close last Friday evening with an earnest address by the pastor to those who during the services manifested a determination to live Christian lives. A considerable number gave their names for membership in the church and a reception service will be held on Sunday morning, 8th April. Communion service was held in Knox Church, last Sabbath. Eight new members were received. The special services preceding the communion were well attended and full of interest. Rev. Mr. Rae preached on Wednesday evening, Rev D Strachan, Rockwood, on Thursday, and Rev R. Fowlie, Erin, on Friday evening and Saturday morning. The subject for Rev. Mr. Stephens' sermon at the Disciples' Church next Sunday morning "The blood, and how it cleanseth from sin." The usual Easter Vestry meeting was held in St Alban's Church on Monday evening. Rev A. J. Irwin, B. A., of Norval, preached two able sermons in the Methodist Church last Sunday. His morning discourse on "The Light of the World" was particularly eloquent, forcible and helpful to christians. Rev. Mr Edge preached missionary sermons on Norval circuit. Rev. Dr Griffin, Treasurer of the Superannuation Fund will preach in the Methodist Church next Sunday morning and evening. The Dr. is well known throughout Methodism as one of its best preachers. A hearty welcome is always in store for him here.

Burglars attempted to effect an entrance into the Post Office on Saturday night. They were evidently disturbed, however, for they left their tools at the door and fled.

ERIN.

A fire broke out in Wm. Conboy's dry goods store, Erin village, about 8 o'clock Thursday morning. Although the blaze had a good start, and a high wind was blowing, it was put out after burning the roof off and part of the second storey. Much credit is due the firemen and citizens for the way they worked to save the building. The loss is about $600.

We notice the return of Mr. Allan McDonald from the Veterinary School in Toronto, where he spent the winter term. We understand he is going with Dr. Purdue of Orangeville for the summer practice.

The taffy social on Monday evening passed off with eclat. The choir rendered some excellent music, there were some recitations, and the taffy oh my! The lecture by the Rev. J. Edge was much enjoyed, and we are sure no one who heard it will ever dream of not bring back the things they have borrowed. The receipts exceeded $18.

CHURCHILL.

The special services held at Churchill Congregational church have been productive of much good, over fifty persons having sought salvation. The church has this year taken 25 new members into fellowship and the work is progressing very favorably. The church is now in a very live condition. The members are fully awake to the need of the sinner, and accordingly are making every possible effort to help and bless them. Rev W H Madill's earnest addresses were very acceptable and much good was done by this brother's straight, out spoken manner.

The church at Caledon, which is also under the charge of Rev Mr. Adams, has had a series of special services and although the roads have been many nights almost impassible yet splendid crowds attended night after night. Some 35 have taken Christ as their all. The Rev. Thos Webb, of Toronto, gave some earnest appeals the first week, and many were deeply impressed with his visit. Rev. A. Margrett, of Speedside, conducted the last weeks services. He is a thorough bible scholar and handles his bible in a careful and effectual way. His illustrations from his own life, and bold declarations of truth are his main forts and God enabled him to do a splendid work for the kingdom he so much loves.

The Churchill services are Sunday 3 p.m. Prayer meeting Thursday evening at 7.30. Cor.

Next Sunday the officials of the Brick Church, in noble christian spirit open their church for the public service of their Congregational neighbors. The church at the Hill is in course of renovation, papering, etc.

ROCKWOOD.

The G. T. R. authorities have refused to give extra accommodation to the people of Rockwood by putting a coach on the morning freight. Our High School scholars will consequently have to continue in attendance at a High School outside our own county.

It is reported that Harris & Co. have become possessors of the Moore mills. Mr. John Dyer with still continue to run the mill as heretofore.

On Easter Sunday interesting anniversary services were held in the Presbyterian church here. Rev R. P. McKay, of Parkdale, preached eloquent sermons at 11 a.m. and 7 p.m. It was the 18th anniversary of Rev. D. Strachan's pastorate in Rockwood. In connection with the anniversary services a concert was given on Monday evening in the church by the choir of St. Andrew's church, Guelph, under the leadership of Prof. Fenwick. Rev. J. W. Rae, of Acton, delivered an interesting address. Rev. Mr. Strachan gave a review of his eighteen years' pastorate showing the progress of the church, the number of additions, removals, baptisms, marriages and deaths. The evening was much enjoyed.

Mr. and Mrs. Robert Hamilton celebrated the 30th anniversary of their marriage on Thursday last. During that time fifteen children were born to them, all of whom are living.

CREWSONS CORNERS.

An exciting runaway accident occurred here on Monday evening. A son and two daughters of Mr. Benj. Watkins of the first line were driving past the Corners in a democrat when one of the lines broke and the horses, one of which was a colt, ran away. The young man guided them into the yard of Alex. Cripps where the occupants were thrown out. They then wheeled around and ran across the lot and nearly up to McIntosh's before they were caught. The waggon and harness were almost completely wrecked, but the young people received no injuries.

Rev. Mr. Rabine preached here on Sunday.

Hon. Mr. Martin, M.P. for Winnipeg, addressed a public meeting at Milton last Thursday and was tendered a banquet in the evening by his old friends in the town and vicinity. He spoke briefly on the Separate School question and then took up the Franchise Act. His address was a masterly effort and was much appreciated by old Milton friends of his political persuasion.

Tried To Save His Boys.

St. Johns, Nfld., March 26.—From 40 to 50 men who were fishing on the ice here Saturday evening were blown out to sea by the high wind.

All have been rescued alive but two boys. They, with their father, were on an icefloe. The father had stripped off his own clothing to wrap it round the boys, but to no avail and they perished. The father was badly frost-bitten.

The whole party suffered great privation being out all night. Considering that there were 100 men on the ice Saturday, it is a wonder that there were so few deaths.

Millinery Opening ...

Thursday, Friday, Saturday, March 29, 30, 31,

We will hold our Spring Millinery Opening on Thursday, Friday and Saturday, March 29th, 30th and 31st, when we will make a display of the latest French Pattern Hats and Bonnets, Millinery trimmed and untrimmed,—Flowers, Ribbons and Trimmings of all descriptions.

We will show at the same time a large number of handsome German Capes, Jackets and Wraps, in the latest styles; and will make a grand display of novelties in Imported Dress Goods in all the new tints and materials.

One of our reasons for holding our opening somewhat later than usual is the delay we experienced in having had almost all of our Millinery on the steamship "City of Paris," which, after having been out 1000 miles at sea, had to return, having lost the use of her rudder. Had we been content to show you millinery selected from the Toronto wholesale houses we might have made our display some days ago; we prefer, however to show you, as in the past, styles in Millinery quite distinct from our neighbors and we may include the country stores as they depend on Canadian wholesale houses for their styles and selections.

We promise to show you on Thursday, Friday and Saturday of this week, one of the finest displays of choice millinery and other goods ever made by us.
