A Wedding at St. Joseph's.

On Tuesday morning wedding bells rang out from St. Joseph's Church. The occasion was the marriage of Miss Helen Haley, who has been housekeeper for Rev. Father Haley the past year, and Mr. Michael Naughton, Arthur. The ceremony was performed by Rev. Father Haley, brother of the bride. Miss Mary Haley, of Toronto, attended her sister, and Mr. James Carlton, of Arthur, acted as groomsman. The choir of the church was ably assisted in the musical service by Miss Teasdp Blanchfield, of Hamilton. The bridal couple left on the 2.30 train in the afternoon for Hamilton, *en route* for New York.

Church News of Interest

Rev. Charles A. Cook, of Bloomfield, N. J., preached in the Baptist Church last Sunday afternoon to a large congregation. His sermon was most helpful and encouraging, and was calculated to lead the congregation to a higher standard of christian life and experience. The subject was "The Peace of God"....Rev. G. B. Cooke preached an able sermon to the members of Court Olive Branch, I. O. F., in St. Alban's Church on Sunday evening. The church was crowded to the doors....The "Old Pupils Re-union" will bring several ministers to town from a distance. It is probable two at least of them may remain with friends over Sunday, and, if so, they will likely be prevailed upon to occupy the pulpit here

The New Roller Mill.

Messrs Cheyne Bros. have been busily engaged with a good staff of workmen for several weeks in the undertaking of remodelling the mill on Mill street, recently purchased from Mr. Harvey. When their work is completed they will have practically a new mill. New water wheels, a complete outfit of new machinery, and a mill almost entirely rebuilt will be the result. While working at the tail race last week the wall gave way, and the entire south-east corner below the frame work fell out. This is now being rebuilt and a much better foundation has been secured. In tearing away the refuse portions of one of the mill stones first used in the mill—over fifty years ago—were found. After the fire twenty-five or thirty years ago, it was built into the wall. A couple of the pieces may be seen in the window of this office.

An Evergreen Temperance Society.

During the heated months of summer many of the organizations which thrive at other periods of the year become dormant or their membership is noted for inertia and absence from the regular meetings of the society. This, however, will not apply to Acton Temperance Union. At the present time its members are as active as at any other time of the year. In fact they have just taken a step in advance and have now in the hands of the printer an interesting and varied programme arranging for the proceedings of every evening during the current term. This will give to those who are selected to take part ample notice for preparation and at the same time keep the members posted as to the character of the proceedings of each meeting. The new officers of the Union took their places for the present quarter last Friday evening as follows:

PRESIDENT Bro. Albert Laing
VICE PRES. Sister Clara Moore
SECRETARY Sister Ida McNabb
ASST SEC Bro. A. E. Gurney
TREASURER Bro. Duncan Grant
CHAPLAIN Bro. R. J. Gurney
MESSENGER Bro. W. Williams
LOOKER Sister Annie Williams
ORGANIST—Sister Hattie Thurston.
PAST PRESIDENT Bro. R. J. McNair.

The programme committee is composed of a number of the most active members of the Union

The Old School Days.

With growing interest the old pupils of the Acton Public School have been looking forward to the reunion which is to take place to morrow. The invitations sent out by the local committee have been accepted by many of the out of town pupils, and the gathering promises to be all its promoters desired. The arrangements for the day have been carefully planned, with the object of giving the fullest opportunity to renew old friendships, and make the day one of pleasure to all. The committee have invited the former and present school boards, the present staff of teachers, the local ministers and the Reeve of the town to be present. The programme will be as follows. At half past one o'clock the old school bell will be rung, calling the pupils of a quarter of a century ago together at the school house. At two o'clock the chairman of the local committee Mr. A. E. Nicklin will call the meeting to order, the national anthem will be sung and prayer will be offered. An address of welcome will then be delivered by Mr Nicklin, which will be responded to by one of the out of town pupils. For an hour or two opportunity will then be given for social intercourse. Refreshments will be served about half past four, this will be followed by a drive to the different points of interest in the village, including the cemetery and the grave of the late Robert Little. In the evening a meeting will be held in the town hall to which the intimate friends of the old pupils living in Acton and vicinity are cordially invited. Music and addresses and social intercourse will occupy the evening. No formal programme will be attempted, it being felt that short addresses, free and spontaneous, from a large number, will be more in harmony with the character of the gathering. The local committee are thankful to the friends who have shown an interest in this meeting and have offered their assistance in various ways. The co-operation of any who can assist in the afternoon picnic will be heartily appreciated. It is of course understood that the local ex pupils will bring baskets with them and aid in every possible way to render the visit of their out of town school fellows of long ago thoroughly enjoyable. The committee has endeavored to reach every ex pupil of 1863-72 with an invitation to this reunion, if, however, any have been inadvertantly omitted they will be just as cordially welcomed as if they had been the recipients of formal invitations

KNATCHBULL

On Thursday morning of last week while Robert Laing, of Nassagaweya, was taking a horse from his father's barn to his own the horse became frightened, and shying threw him off its back to the ground and dragged him with his head against a stone with such force as to cut a deep gash, and bruised him about the body. When found he was in a sitting posture and almost overcome with the intense heat of that morning. He had to be helped to the house by Mrs Laing and his hired man, as he was unable to help himself. The doctor was summoned and it was found necessary to put three stitches in the wound in his head. He is slowly recovering

ROCKWOOD

Last week a couple of horses took a run on their heads to excite the village a little. The leader in this attempt, John Fasmore's horse, made things very lively for a little space of time. John was taking two or three barrels of sugar to his store on a dray and when above the hill the horse took fright and proceeded to hustle home. The dray became fast against a telephone post at the foot of the hill and the horse left it but was stopped down street a piece. One barrel of sugar was spread over the ground where the dray stopped

A horse driven by Miss Talbot became unmanageable, owing to having run over a pig. It ran up Guelph street, but was soon stopped, and Mr. Lee undertook to drive it down the hills. The horse was not through with its fun yet for he went down the hill on the run and after a great deal of difficulty was got under control near the bridge.

The painting of the fence which surrounds the Church of England will soon finished. It is a large job for one man but the painter employed is flushing it through in very good time.

Rev G. A. Gifford, Ph D., began his pastorate of the Wingham Methodist Church, on Sunday last, under most favorable circumstances.
