NOTES AND COMMENTS.

The Brewers Association of England are considering the question of petitioning the Government for the appointment of a Royal Commission on the liquor traffic. Perhaps the liquor interests in the old country have taken a pointer from the way the Dominion Government superintends its Royal Commission.

Comprised in a blue book of 80 pages is Mr. Larke's official report of Canada's success at Chicago last year. There are also interesting and valuable reports from the different superintendents of the departments and a complete list of awards received by Canadian exhibitors at the World's Fair.

An amendment to the libel law has been introduced into the Vermont Legislature. It provides that if the article complained of was published in good faith or by mistake and retraction is made, only actual damages may be recovered, but this does not apply to a libel upon a candidate for public office unless the retraction is made a certain time before election.

The City of New York, at the recent state elections, voted on the "Greater New York" scheme, and will now try to amalgamate about a dozen outlying suburbs, including Brooklyn, Long Island City, Mount Vernon, Flushing and several other suburbs. When consolidation is completed New York will have an area of 318 square miles and three and a quarter millions of people, making it the second city in the world.

Denmark has forbidden the import of live cattle and fresh meat from the United States. As Denmark uses very little American beef or meat products, this action is probably due to a request from Germany, as beef received at Danish ports frequently would find its way into Germany, and thus overcome the German restriction, which has been imposed, it is believed, on account of the hostile sugar legislation of the U. S. Senate.

The last cattle shipment from Montreal this season was made last week on the steamship Storm King, which carried forty cattle and more than two thousand sheep. The total number of cattle shipped during the season is 86,686 head, and 13,747 sheep, as compared with 83,322 cattle and 3,748 sheep during 1893. The large increase in the shipment of sheep is due to the fact that a profitable market has been found for them in Great Britain. More than 6,000 horses were shipped during the season.

Canadians, says the Canadian *Gazette* in London, are naturally watching with keen interest the result of the trial shipments of live cattle and shee from Australia to England. The first cargo of cattle yielded a loss of over £5 per head. The second which has just been sold, reduced the loss to £4 per head—so at least the *Standard* estimates. As to the 18 sheep shipped alive, they realized 23s each or not nearly enough to pay transport expenses, to say nothing of first cost. These were, of course, small shipments, and it remains to be seen whether large cargoes would yield less discouraging returns.

The New York *Times* pays this timely recognition of Canadian enterprise: "It is not particularly creditable to American enterprise that the work of laying a cable across the Pacific should have been left to the Canadians. The commercial interests of our own Pacific coast with Asia, as well as with the islands of the Pacific, have for a generation and more been far more important than those of Canada. Yet we have relied for communication upon slow mail steamers, and have not established telegraphic communication even with the Hawaiian Islands. The Canadians have shown great enterprise since the opening of the Canadian Pacific in diverting trade to that route, while the Californians seem to have been apathetic. The laying of a cable from Vancouver, instead of from San Francisco, will give the Canadians a very marked advantage in their effort to catch the Asiatic trade."

THE FIRE COMPANY DISBANDED.

The Council's Fire Protection Not an Unqualified Success.

The Council met on Monday evening in regular session. The members all present, Reeve Pearson in the chair.

The committee on Finance presented their twenty second report recommending payment of the following accounts

Henry Grindell work at Town Hall	$17 70
C T Hill, paint, oil etc	8 29
J Y Kannawin, coal oil	8 00
	$34 99

Moved by John Williams, seconded by Joseph Anderson, that the finance report just read be adopted. Carried

A petition from the members of the Fire Company present at the last meeting, praying that the council relieve them from further obligations, was presented. The reason for this action was lack of attendance at the meetings and at practice and disloyalty to the officers of the company.

Moved by Geo. Havill, seconded by John Williams, that the petition of the captain and members of Acton Fire Company asking that they be disbanded, be accepted. Carried.

No official action was taken for reorganization and Acton is again without a fire company.

Moved by H. Jeans seconded by Joseph Anderson, that this council do now adjourn to meet on Saturday, 15th December, at 1 p. m.—Carried.

THE WARDEN'S DINNER

Mr. Warren Entertains the Public Men of the County at the Close of the Council's Year.

THE COUNCIL'S LAST SESSION.

The last session of the County Council was held in the Court House, Milton, on Tuesday. The business of the year being completed, the Council adjourned at two o'clock. They were cordially invited, together with a large number of other guests, to the Wallace House to participate in the annual dinner provided by the Warden. About sixty guests were present, including the members of the County Council, Mr. Warren's colleagues in the township, and representative men of the county. The vice chairs were occupied by His Honor Judge Snyder, Mr. D. Henderson, M. P., and Mr. C. G. Marlatt, of Oakville. The dinner was an excellent one, the table decorations most attractive and all the arrangements reflected credit upon the host, Mr. M. E. Mitchell.

The after dinner speeches were entirely informal and no doubt partook of the greater freedom and enjoyment. His Honor Judge Snyder fulfilled the duties of chairman admirably.

It was announced that at the close of the present year Mr. Warren would retire from municipal life and the first called forth most cordial and complimentary reference, to his career of twenty-one years as a member of the County Council. His sterling character, painstaking efforts in all matters to him intrusted as a representative, of the people and his careful economy in public expenditure were reiterated by every speaker who had been intimately acquainted with him. The addresses were necessarily brief, but pointed and entertaining. The speakers were called upon in the following order: D. Henderson, M. P., W. Laidlaw Q. C., John Waldie Ex-M.P., Rev G. A. Mitchell M. A., Rev. R. Haddow, B. A., H. P. Moore, J. S. Deacon P.S.I., Dr. Webster, Dr. Robertson Ex-M. P., James Menzies, Dr. Buck, and a very fitting closing address by Judge Snyder. General feelings of regret at Mr. Warren's decision to retire were expressed.

THE COUNCIL'S CLOSING BUSINESS.

Members were all present. Warden Warren in the chair.

A comparatively meagre docket of business awaited the wisdom and executive ability of the county legislators.

Probably the most important item before the Council was the consideration of a bill of $500 presented by His Honor Judge McGibbon for service in connection with the recent railway litigation, prior to his elevation to the bench.

The matter came before the railway committee who reported, recommending payment of the balance due $319 23.

R. S. Applebe applied to the Council requesting reimbursement for expenses in the case Biggar v. Halton.

The committee refused to recommend such payment.

A letter from the Mimico Industrial Home was read, stating that $2 per week would be charged the county for the maintenance of the ten-year-old lad Watson, sent from Georgetown some months ago by the County Judge.

The Road and Bridge Committee presented their report showing in detail the cost of the bridge over the Credit at the Paper Mills, on the boundary between Georgetown and Esquesing. The total cost was $1971 46.

The lands in arrear for taxes throughout the county were ordered to be advertised for sale. The amounts due by the various municipalities are as follows:—Acton, $36 61; Burlington, $96 36; Esquesing, $136 44; Nassagaweya, $116 67; Nelson, $104.05; Trafalgar, $275.00. There has been no sale since 1887, and the properties to be sold are three years or more in arrears.

Upon motion the Warden was requested to vacate the chair. Dr. Robertson was asked to preside.

Moved by James Menzies, seconded by C. G. Marlatt, that the hearty thanks of this Council be tendered the Warden, John Warren Esq., for the able and courteous manner in which he had discharged the duties of his office. Carried.

The Warden fittingly replied expressing his appreciation of the kindly worded resolution.

Dr. Buck asked for a grant of $1000 to aid in the cost of the Holiday bridge, the cost of which is estimated at $5,000.

A vote defeated the motion to appropriate the $1000.

A subsequent vote for $750 was also defeated upon the casting vote of the Warden.

James Menzies presented the report of the Finance Committee, as follows

Stinson & Bradley, coal	$ 115 54
W B Clements, oil etc	8 70
W Vanallan, jail supplies	13 40
Jaques Gurrie, pump	1 00
James Waldie, repairs	2 85
Early & Baily, supplies	5 40
W Paxton, postage, etc	1 53
R White, advertising	15 50
J Eastwood, register	11 75
Copp, Clark & Co., jury books	8 50
D W Campbell, postage, etc	11 25
Campbell & Panton Printing & ads	31 25
	$235 56

The report was adopted.

Council adjourned at two o'clock.

KILLED IN A GUELPH BAR ROOM

John Johnston, of Marden, Killed in a Drunken Brawl.

GUELPH, Nov. 26.—John Johnson, a young man, son of a farmer near Marden P. O., shortly after 6 o'clock on Saturday was at the Imperial Hotel, in an intoxicated condition. John Cass, of Guelph, was in the bar room when Johnston began quarreling with him, and persisted in his drunken taunts. Finally Cass retaliated, knocked Johnson down and pounded his head on the floor. Johnston was picked up unconscious, and two doctors, who were quickly in attendance pronounced him dead. Cass is a young man, raised in Guelph, and has hitherto borne a respectable character. He gave himself up to the authorities. John Keating, a laborer was arrested as an accessory.

WANDERED TO HER DEATH

An Old Lady of Simcoe Dies of Starvation in a Swamp.

BRANTFORD, Nov. 25.—Mrs Henry Berry, 60 years of age, of Simcoe, left her son's residence in Brantford, intending to return to her home. She never reached her destination, and on search being instituted her body was discovered in the swamp that extends through Oakland. The old lady had evidently got off at the wrong station and wandered about till she died of starvation.

THE MARRIAGE OF ROYALTY.

Princess Alix and Czar Nicholas III Wedded on Monday.

ST PETERSBURG, Nov. 26.—Czar Nicholas III., ruler of all the Russias, and Princess Alix, of Hesse were to-day married. The ceremony was one of the most impressive ever witnessed, and all the dignity and pomp of European royalty was represented.

QUEEN VICTORIA'S HEALTH

LONDON, Nov. 26.—The fact is regretfully admitted by those close to the Queen that Her Majesty must remain almost a cripple the rest of her days. It was hoped for weeks that she would recover the use of her limbs after her severe attack of rheumatism in August, but her disability became chronic and it is believed she never again will be able to walk more than a few steps at a time. It is impossible for her to step up or down, even in or out of her carriage, and an inclined gangway is now provided for the latter purpose. A specially designed chair has been provided for carrying Her Majesty up and down stairs.

COLLEGE MISSIONARY SPIRIT.

The Annual Meeting of the Intercollegiate Alliance.

BELLEVILLE, Nov. 27.—The tenth annual convention of the Canadian Intercollegiate Missionary Alliance was held in Albert College this week. The object of the alliance is to encourage and engender a missionary spirit among the students of the various colleges. Nearly every college in Ontario was represented at this convention, besides a goodly number from Montreal and other places in the east. The reception meeting was a great success, the chapel of the college being crowded with delegates and citizens. Addresses of welcome were given by Principal Dyer on behalf of Albert College, by the Rev. J. L. George on behalf of the Ministerial Association, and by Mayor Walmsley on behalf of the city. The latter, in his remarks, drew attention to the fact that no less than eighteen missionaries had gone from Belleville to various fields of labor, including Central Africa, India, China, and Japan. Suitable replies were made by Mr. Rollins of Queen's University, and by Mr. Mason, of the Congregational College, Montreal. A social reception was tendered by the lady students of the college. On Friday night a jubilee meeting was held in John street Presbyterian Church, when interesting addresses were delivered by the Rev. Jonathan Goforth and Mr. D. Willard Lyon.

A SIMCOE CO. MIRACLE

THE STARTLING EXPERIENCE OF MRS. ROBINSON, OF MIDHURST.

Eleven Years' Sickness—Her Case Pronounced Positively Incurable—She was Given up to Die by Two Doctors—Now a Picture of Good Health and Strength.

From the Barrie Examiner.

Near the village of Midhurst, about six miles from Barrie, and the quality of Mr. John Robinson's table within sound of the anvil is his home, where in the midst of a large and lusty orchard dwell the smith and his family. Mr. Robinson is a type of the proverbial blacksmith with "the muscles of his brawny arms as strong as iron bands," but with Mrs. Robinson it has been different. The wife and mother has for a long time been a victim to acute and painful dropsy of the kidneys. Shortly after the birth of her youngest child (now about 13 years) Mrs. Robinson began to take fainting spells, accompanied by violent headaches. This continued through the years that have elapsed, during which time she has obtained the best medical advice available. For about a year she was in constant terror of going insane. Her dull, heavy headache, beating pain in the back and weak swollen legs and body made her case something fearful. To a representative of the *Examiner* Mrs. Robinson said: "It is some five or six years since I took worse, and since then we have spent hundreds of dollars in medicine and for medical advice. The symptoms of my case were heavy headaches, pain in the back and kidneys and swollen legs. I rapidly grew worse and last July was given up by two doctors to die, and all my friends and neighbors tell me that they never expected to see me out again. I could not raise myself up, could not dress myself, and had to be assisted in everything. Now I am well and strong, and can put out a big washing without any over exertion. I have also suffered from diarrhoea for a number of years, and when I spoke of it to my doctor he said if it were stopped, worse results would follow. At the urgent request of my son, who was then living in Manitoba, and personally knew of wonderful cures wrought by Dr. Williams' Pink Pills I have been completely cured and have felt none but beneficial effects. Only the week before I commenced taking the Pink Pills I was told by a physician that he could not cure me, and that I would likely get worse when spring came. He analyzed my blood and said it was in a fearful state and that my disease was dropsy of the kidneys, which positively could not be cured. This was about the middle of last January. About the third box of pills my backache left me and it not since returned. I have taken thirteen or fourteen boxes in all and owe my recovery to this wonderful medicine. I can't praise Pink Pills too much, whatever I say of them," said Mrs. Robinson.

"I recommend them to everybody. I can't speak too highly of them. They saved my life, and I feel it my duty to let others, who are suffering as I was, know all about them."

Dr. Williams' Pink Pills strike at the root of the disease, driving it from the system and restoring the patient to health and strength. In cases of paralysis, locomotor ataxia, sciatica, rheumatism, kidney and liver troubles, erysipelas, scrofula troubles, etc., these pills are superior to all other treatment. They are also a specific for the troubles which make the lives of so many women a burden, and speedily restore the rich glow of health to sallow cheeks. Men broken down by overwork or worry will find in Pink Pills a certain cure. Sold by all dealers or sent by mail, post paid, at 50 cents a box, or six boxes for $2.50, by addressing the Dr. Williams' Medicine Company, Brockville, Ont., or Schenectady, N. Y. Beware of imitations and substitutes alleged to be "just as good."

A Narrow Escape

Took Poison by Mistake

Bad Effects Entirely Eliminated by Hood's Sarsaparilla.

"C. I. Hood & Co., Lowell, Mass.:

"Gentlemen—In April last, through the effects of a dose of strychnine taken in mistake for another drug, I was laid up in St. John, N. B., for ten days. After this I never seemed to regain my former health, and continually suffered from indigestion and heart palpitation, for which I could get no relief. I thought I would try Hood's Sarsaparilla. After taking one bottle, I felt a little better, so continued using the remedy until I had consumed six bottles. I found myself gaining strength and flesh every day, and am now as healthy as I was before taking the poison." F. V. WARNOLL, representing the Keely Perfumes, 30 Melbourne Avenue, Toronto, Ontario.

Because they have more vitality.
Because their superiority is acknowledged by practical fruitgrowers.
Because they are Northern grown and not only so-called in Catalogue.

The stock is first class, and possesses double the vitality of that grown in Root cellar or nurseries in Southern Ontario. In many districts only the most hardy sorts can endure the rigors of the winters. In the rich soil and warm vigorous climate of Rochester and Southern Ontario, as large trees can be grown in two as I can grow in three years. These trees in the nursery make a rapid growth of soft wood, unable to stand the hard freezing and thawing, while mine make a slower and harder growth, get acclimated, and will stand the severe Canadian winters. This is a subject which every fruit-grower should consider before buying cheap stock; and while my prices are as low as is consistent with first-class stock, I wish it distinctly understood that I do not pretend to compete with those offering inferior goods.

Harper's Bazar IN 1895.

Elegant and exclusive designs for out door and in-door toilets, drawn from Worth models by Sandos and Chapuis, are an important feature. These appear every week, accompanied by minute descriptions and details. Our Paris Letter, by Katharine de Forest, is a weekly transcript of the latest styles and caprices in the mode. Under the head of "New York Fashions," plain directions and full particulars are given as to shapes, fabrics, trimmings, and accessories of the costumes of well-dressed women. Children's Clothing receives practical attention. A fortnightly Pattern sheet Supplement enables readers to cut and make their own gowns. The woman who takes HARPER'S BAZAR is prepared for every occasion in life, ceremonious or informal, where beautiful dress is requisite.

An American Serial, Doctor Warrick's Daughters, by Rebecca Harding Davis, a strong novel of American life, partly laid in Pennsylvania and partly in the far South, will occupy the last half of the year.

My Lady Nobody, an intensely exciting novel, by Maarten Maartens, author of "God's Fool," "The Greater Glory," etc., will begin this year. Essays and Social Chats. To this department Spectator will contribute her charming papers on "What We are Doing" in New York society.
