We believe it was a well-meaning citizen who alleged, as a reason for not wishing to live in a certain house in Cook's survey, that the climbit didn't suit him

A Limehouse young man named Joe Sharp, was fined $10 and costs Tuesday evening on a charge of being drunk and disorderly at the Commercial Hotel

—The Belleville *Intelligencer* last week presented to each of its readers an excellent half tone portrait 18x24, of the Hon. Sir Mackenzie Bowell, K. C. M. G., Premier of Canada. This is the best likeness of Sir Mackenzie that has yet been published, and, we doubt not, it will be framed and given a place of honor in many a household.

—Messrs. John I. Charles & Co. have decided to go out of the Dry Goods business in order to make necessary room for a new stock of crockery and glassware. The dry goods were purchased only a few months ago but will be cleared out for cash at prices very much reduced.

THE NEWS AT HOME.

Mostly of a Local Character, and Every Item Interesting.

A Rare Occurrence.

It is an interesting astronomical fact that on Good Friday, to-morrow, the heavenly bodies which gravitate around the sun will be in exactly the same position that they occupied in the firmament on the day that Christ died on the cross. It will be the first time such a thing has occurred for 1,862 years.

Give Evidence of Good Faith, Please.

Letters without signature sent for publication in the FREE PRESS are invariably consigned to the waste basket. Items of news are frequently sent us, which would be interesting matter, but the absence of the writer's name giving the stamp of genuineness is fatal to their appearance in these columns.

Well Paid for His Kindness.

The will of the late John Lynch, of Vaughan was filed for probate in the Surrogate Court, at Toronto, last Friday, in which was the following clause: "I bequeath to Dr. David Bonnar, of Bolton Village, in the county of Peel, $2,518, on account of his kindness." Dr. Bonnar is father of our townsman, N. J. Bonnar, merchant tailor, and was medical attendant of the deceased for some time prior to her death.

Remove the Refuse.

The warm weather of the past week or so forcibly reminds each citizen of a little duty which he is called upon to perform every spring—that of cleaning up the accumulation of the past winter's dirt, ashes, refuse, etc. in the back yard. The sooner this is attended to the better for the health of your family and the appearance of your premises. The Board of Health calls attention to the matter in another column. The members of the Board are anxious to secure the best possible sanitary condition for Acton. Will each citizen aid them?

The "Ancient Order of Hercules."

What will no doubt prove to be the most unique and enjoyable entertainment of the kind ever produced here will be given in the town hall on Monday evening next. It is a Burlesque in two acts and "several spasms," and has been prepared jointly by the members of Court Star, A. O. F., and Acton Lodge, A. O. U. W. A complete expose of the mysterious rites and ceremonies of "The Ancient Order of Hercules," including the grips, signs, passwords, and secrets of the lodge and the ceremony of initiation will be given. The officers, members and the candidate will appear in the gorgeous regalia peculiar of their respective positions in the lodge. Two solid hours of fun is promised

The Churches and their Interests.

Rev. D. A. Moir, S.T.L., of Georgetown will preach sermons in the Methodist Church here on Easter Sunday in connection with the educational anniversary. Palm Sunday services were conducted in St. Joseph's Church by Rev. Father Haley. The ceremony of the distribution of palm branches was observed. Rev. Wm. Bryers will preach in Norval on Sunday.

Rev. Mr. Godden, the new incumbent of St. Alban's Church, will not be able to remove to Acton in time for the Easter services as was expected. He will arrive here on the 23rd inst., and will preach the first sermon as pastor on Sunday, 28th inst. Easter services will be held as usual, however

Halton County Gaol

The annual report of the inspector of prisons and public charities gives some interesting data respecting our county gaol the past year. The number of committments last year was 344, of those 293 were for vagrancy. The total number of prisoners sentenced in 1894 was 43 male, 1 female, in 1893, 18 males and 3 females. Of the 344 committed 123 were Canadians, 35 English, 67 Irish, 31 Scotch, 23 from United States and 5 from other countries. Denominationally they claimed adherence as follows: Church of England 162, Roman Catholic 70, Presbyterian, 66 Methodist 35, other denominations 11. Twenty one were married, 323 unmarried, 8 could neither read nor write, and 308 were of intemperate habits. The gaol expenditure for the year was $1,262.36. The average cost per day for each prisoner was 8.49 cents. The average cost per prisoner throughout the province was 20.10 cents. In Berlin the average cost was 39.86 cents per day for each prisoner, the highest in Ontario, the lowest was at Sandwich where the average per day was 6.94 cents, Halton is next lowest in the list of 42 gaols in the province.

An Innocent Citizen Slandered

Attention is directed to the letter of Mr. O. A. Winter, dentist with Dr. Wilkinson, in another column, to the effect that some person or persons in town have been sending forged and slanderous letters to various people here, purporting to be sent by him. The letters are base forgeries and could only originate in the minds of persons devoid of characters of their own, who have plenty of time on their hands to slander and endeavor to injure others. We whole-heartedly regret that we have in our midst any persons who would be guilty of such conduct. Fortunately several of the letters have come into Mr. Winter's possession, and the penmanship, though attempted to be disguised, is believed to be known. The matter has been placed in the hands of the post office authorities and the guilty parties will in all probability be apprehended and punished as they deserve and the law provides. We may say that Mr. Winter is a young man of irreproachable character and enjoys the respect of those who are acquainted with him. He comes from a family widely known and highly esteemed. It will be regretted by all good citizens that he has been so basely maligned

Successful Millinery Opening

The Easter millinery openings here the past week have been most satisfactory and encouraging to the milliners, and the festive display of new spring hats and bonnets afforded a most congenial exhibition for the ladies. Messrs. Henderson & Co. held their opening on Saturday and their show-rooms were thronged with visitors. Their display showed that radical changes in styles prevail. Crowns have been introduced again and flowers are used in profusion in trimming. Bluette and various shades of green are in favor, as also some of the brighter shades. Bonnets are smaller than ever. In hats the Trilby is among the attractions and the Starfish is also to the front. Miss White, who recently came to Acton from Galt, held her first opening on Tuesday. Her display embraced a very large assortment of hats, bonnets and fancy goods and created a favorable impression among the ladies, who attended in large numbers, the warm spring day lending an attraction. Miss White and her staff have been busy on orders for several weeks and are quite encouraged with the reception tendered them by the ladies here.

Something above the average are the bargains that are offered at Bonnar's this week. See Ad.

The bride who was given away by her father was becomingly attired in brown silk, and was attended by Miss Jennie Somerville, while Mr. James F. Husband waited upon the groom. The presents were numerous and handsome, and testify to the high esteem in which the bride is held by a large circle of friends, who wish her and her husband every happiness in their newly married life.

SAULT STE. MARIE, April 9.—Everything points to a late opening of navigation, May 1 being the earliest date set, and it may be two weeks later. On March 10 last year small boats were running to the Canadian Sault. We have a large staff of assistants, and can handle a large business. Still orders left early are always surer and safer. What a lot of talk there is in advertisements about Millinery much of it very puerile and silly. Wonderfully mystic avenues and channels of supply to which those who tread them speak in tongues unknown save by a favored few, magic springs that fly open to ? But why rehash the humbug? We don't advertise in that way don't have to. Everybody knows that our Millinery always is of the right sort, that the department is the largest, finest and best, among its competitors, and that our manager, Miss Manny has no superior, if, indeed, anyone near her equal, in Guelph's Millinery Departments. Never did our Millinery show to better advantage than this spring
