For the prosperity, peace and harmony prevailing in our church and congregation we rejoice and give thanks to our Heavenly Father. We hereby attend to Bro Howell a cordial invitation to return for another year, feeling that this is the earnest desire of the church at large."

The Hours of Closing Shops.

Several of our merchants are evidently unaware of the provisions of by law No. 166, relating to the hours of closing the business places in town and published among the permanent by laws of the municipality. These merchants have either come to town recently or entered into business since the by law was enacted. For their information we publish the principal sections of the by law, passed under the provisions of the "Ontario Shops Regulation Act," and in compliance with a petition signed by a majority of the storekeepers of Acton

All shops within the meaning of said Act shall be closed and remain closed at and after the hour of seven o'clock in each evening, except Wednesdays and Saturdays and except the day immediately preceding any statutory or municipal holiday, or during the holding of Agricultural Exhibitions.

4 Any person in these classes violating the provisions of this By law shall upon conviction of such offence before any Justice of the Peace for the said Municipality be liable to a penalty of not less than two dollars nor more than twenty dollars and costs for such offence

It is desirable that the provisions of the by law be complied with so that there may be uniformity in the closing of all the stores in town at a reasonable hour

Experienced Men From Acton.

Acton's big tanning enterprises have fitted a number of our citizens to take important positions at good salaries in similar manufactories elsewhere. The Huntsville *Enterprise*, a new paper recently established in that town, in writing up the large tannery of Shaw, Cassils & Co., says. With over fourteen years experience in every department of the tanning industry, Mr Edward Forbes is called upon to undertake the important responsibility of manager over this large concern. As to his ability we need not speak, as it is well known, and indications are such as would lead one to at once see his worth. Especial care is given to the cleanliness of the yard, and all the buildings throughout, which is indeed pleasant to behold. Mr. Forbes also has a pump in operation which forces the water to all the houses along the street adjacent to the tannery. He is a genial manager and a great favorite with all the employees, and with the entire business of the company under his management the affairs are safe. Fortunate indeed were the proprietors to secure such an excellent manager.....The carpentering work is under the care of Mr. Joseph Soper, whose eager eye scans every nook and corner, and is always on the alert to keep all the machinery in first-class order. The task is an arduous one at times, yet Mr. Soper is fully equal to the occasion.

MUCH LIKE A MIRACLE

A STATMENT FROM A WELL KNOWN BERLIN MERCHANT.

How His Daughter was Restored From the Terrors of St. Vitus Dance Her Case One of the Worst Ever Known Has Fully Recovered Her Health.

From the Berlin News

The readers of the News have been made familiar with the virtue of Dr. Williams' Pink Pills for Pale People through the articles appearing from time to time in these columns, and while the druggists say that many in this vicinity have received undoubted benefit from their timely use, it is only recently that we have heard of a cure in Berlin of such importance as to take rank among the most remarkable yet published. There is hardly a man or woman in the town of Berlin, or the county of Waterloo, who does not know Mr. Martin Simpson, issuer of marriage licenses and general merchant, King street. Anything said by Mr Simpson will be implicitly relied upon. A day or two ago we had a talk with him in reference to his fourteen year old daughter, Helen, who had for two years been a great sufferer from St. Vitus dance He tells us that it was the worst case he ever saw. She did not sleep for whole nights and was an intense sufferer. She kept getting worse and worse, and finally, when in the paroxysms, commenced to froth at the mouth, and her parents believed she was going out of her mind Though unable to walk for about eight months she would in her spells have fits, making her jump high above her couch. While in this condition, the worst case ever seen in this place, Mr. Simpson as a last resort, purchased some Pink Pills and gave them to his suffering and afflicted daughter He assures us that in thirty hours she found some relief. In a week the "dance" was entirely stopped and she was able to sleep, and was rapidly regaining her former strength. Some months after the use of the Pink Pills was discontinued she again had touches of disease, but a few doses of the pills stopped it, and for the last eight months has been entirely free from the terrible malady from which no one who knew the circumstances, expected she would recover, and her parents, as may be expected, are warm in their praises of the wonderful remedy which worked such great results. These facts are known to all who are acquainted with the family and further comments are wholly unnecessary.

When such strong tributes as these can be had to the wonderful merits of Pink Pills, it is little wonder that they are the favorite remedy with all classes. They are an unfailing specific for locomotor ataxia, partial paralysis, St. Vitus dance, sciatica, neuralgia, rheumatism, nervous headache, the after effects of la grippe, palpitation of the heart, nervous prostration, all diseases depending on vitiated humors in the blood, such as scrofula, chronic erysipelas, etc. They are also a specific for troubles peculiar to females, suppressions, irregularities, and all forms of weakness. In men they effect a radical cure in all cases arising from mental worry, or overwork, of any nature.

These Pills are manufactured by the Dr. Williams' Medicine Company, of Brockville, Ont., and Schenectady, N. Y., and sold in boxes (never in the loose form by the dozen or hundred, and the public are cautioned against numerous imitations in this shape) at 50c. a box, or six boxes for 2.50, and may be had of all druggists, or direct by mail from Dr. Williams' Medicine Co., at either address.

UP TO DATE WAY OF CONDUCTING A CARPET DEPARTMENT.

Some dealers would have you to believe that the up to date way of conducting a carpet business is in buying a few pieces from the Jobbers in Toronto, compelling the selections to be made from a limited stock, and paying a profit to the Toronto wholesalers, that the purchasing public should have the benefit of. Some add to this a range of samples loaned by their Toronto friends to apparently magnify their stock.

This was considered to be an enterprising and up to date method ten or twenty years ago, but in this progressive age when the efforts of to day beat yesterday, and to-morrow beats to-day, it is looked upon as ancient Rip-Van Winkle way of conducting a carpet business. It is not our way. We claim we are UP TO DATE.

WHY?

Because we IMPORT DIRECT, consequently save our customers the wholesalers' profit. We select our carpets from the mills of such renowned manufacturers as Brintons and Whitalls, of Kidderminster, and John Crossley & Sons, Halifax, England and W. & J. Sloane, New York and Philadelphia, the products of whose looms have a world wide and deserved reputation for excellence of fabric, richness and durability of color, novelty and beauty of design.

Being DIRECT IMPORTERS, buying for cash, and the large volume of business transacted in this department, compelling us to replenish our stock season by season, affords us the advantage of offering goods containing new ideas in designing and color combinations at the lowest possible price, consistent with quality. In visiting our carpet room, which is the largest and best lighted in the city, easy of access, being on the ground floor, you are not invited to look upon a crude collection of remains from past seasons, but a bright, new stock selected with great care and shrewdness, comprising over 400 rolls received this season.
