THE NEWS AT HOME.

Mostly of a Local Character, and Every Item Interesting.

Lecture and Views on Bermuda.

The views of the beautiful islands of the Bermuda were exhibited, as previously announced, in the town hall on Tuesday Eveg., by Mr. Howard of Guelph. There was a good audience who listened attentively to the description given of the islands by Rev. J. R. Godden. Most of the views were very good indeed and represented some of the beauties and peculiar characteristics of the islands. Rev. Mr. Godden and the congregation of St. Alban's desire to express and to extend their most cordial thanks to the band for their efficient services; also to Mr. Howard and the Bible Association of St. George's church Guelph, which society bore the entire expense of transporting the views, which they highly recommended, from the States.

Attacked by Tramps

Mr. S. Laird, baggageman of the G. T. R., had an experience with tramps on Monday which he is not desirous of having repeated. On entering his barn about 11 o'clock that day, he was confronted by four burly tramps who had made his premises the lodging place for the previous night. Mr. Laird requested them to leave the place at once, and attempted to help one to make a hurried departure, by threats and logic, at the same time giving force to his remarks by administering a blow to one of the guests, when they turned on him and were handling him rather roughly. If it had not been for the mercy which one of the number desired to show there is no knowing what amount of fragments of Mr. Laird it would have been necessary to gather.

The Townsends Next Week.

Acton Lodge A. O. U. W. has secured the Townsend Shakesperean Co., to appear in the town hall next Monday and Tuesday evenings. The speciality of this well-known company is a revival of the plays of Shakespeare and other classical writers. Referring to their visit to Newmarket the *Era* says. The audience was highly delighted with the excellence in which each part was portrayed. Mr. Harry Townsend is a host in himself and exhibited all the strong points of character which made his late father so popular, while a vein of humor in his nature can strike a chord which invariably responds with a burst of laughter by the audience. Florence Townsend also carries her parts with remarkable composure and emphatic expression. All lovers of the drama will find in this company that which will please and satisfy without the least shade of vulgarity which is too often the case with the stage"

Death of an Old Resident.

On the 6th February last Mr. John H. Worden was stricken with paralysis, from which he never recovered sufficiently to leave his bed. Last week a second attack came and he gradually sank until Monday morning death ended his sufferings. Mr. Worden has been an esteemed resident of this vicinity for over fifty years. He was born in Nova Scotia in 1812 and when but a lad removed to Upper Canada with his parents. They first settled on the sixth line Esquesing, but removed to lot 32, con. 2, the present homestead, forty five years ago. Deceased was the son of the late Israel J. Worden. He has been for many years an active member of the Baptist Church, with which his wife and three sons and two daughters are also connected. He was of a quiet disposition, and all who knew him had a kind word for him. He was always interested in his children's education, and was for some time a member of the Lorne School Board. The remains were interred yesterday afternoon in the family burying ground at the fifth line.

Sold Whiskey Illegally and Said So.

Inspector Reynolds paid one of his periodical visits to town on Monday. Shortly after his arrival a couple of our hotel men could be seen flying around town hither and thither, evidencing considerable interest. A few minutes later a number of their regular callers met in caucus. Later in the evening it was learned that the hotelmen aforesaid and their regular callers had been served with the dreaded blue papers. On Tuesday morning at ten o'clock the second act was played before Justice's Storey and Pearson at the town hall. Landlords G. C. Clark and J. P. Mullen were charged with selling intoxicating liquor on a recent Sunday in violation of the license act. They both pleaded guilty to the charge and were each fined $20 and costs. It is reported that three charges were laid against J. P. Mullen, but the other two were dropped by the Inspector upon the plea of guilty being put in as to the first charge. This is the second time, according to the Inspector, that Clark has paid a fine for violation of the law within about a year and a half. For some time there has been evidence of considerable Sunday selling and citizens generally felt that due punishment should be meted out to the offenders for their contempt of law as well as for tarnishing the fair name of the town. By their own evidence the guilty ones have convicted themselves. It is sincerely to be hoped there will be no further necessity of having the machinery of the courts again set in motion.

WOOL WANTED—50,000 lbs of clean washed merchantable wool for which the highest price possible will be paid, when delivered at the Market House, Georgetown. Deliver early so that it will be all in by the end of June.—WM. MCLEOD.

The managers of the Bloomsbury pic-nic on Queen's Birthday are satisfied that their day's proceedings was the most successful of the many pic nics they have held. McKinnon's Grove is a beautiful spot, the day was fine, the number of visitors very large, and the programme thoroughly enjoyed by the participants. Everything was carried out in good order, and a quiet and pleasant afternoon was spent.

MILTON.

The first sitting of the Court of Revision will be held here on the 10th June.

The mayor and council of the Town of Milton, request that for the approaching visit of His Excellency the Governor-General and Countess of Aberdeen on the 4th June, the citizens will endeavor to assist in decorating the town and making it as attractive as possible for the suitable reception of the distinguished visitors.

The court of general sessions for the county will be held on Tuesday, 11th June.

The Milton Fire brigrade will hold a grand demonstration on July 1st in the Agricultural grounds.

Milton was pretty well deserted on the Queen's Birthday. The day was loyally spent.

BURLINGTON.

The 24th of May was spent very quietly by the citizens. Fishing and private pic nics were the prominent pastimes.

On the Queens' Birthday while three young men from St. Catharines were going by Burlington, on their way to Toronto one of them met with rather a serious accident. On turning a sharp corner he was thrown from his wheel which was fitted with rat trap pedals. One of the pedals ran into his leg immediately above the ankle, cutting an artery and making a severe wound. Dr. Spara was summoned and reduced the fracture. The young man was kindly cared for by Mr. W. H. Robinson and left for home by the evening train. His companions resumed their journey at his request when his wound had been dressed.

A jubilee is a very rare occurrence in the history of any church. The Presbyterians here recognize this fact and are preparing services of a very special character to be held on Sunday June 2nd, the date of their 50th anniversary. The preacher of the day will be the Rev. J. A. R. Dickson, B. D., Ph.D., of Toronto. The choir, assisted by many talented musicians from Toronto and Hamilton, will render special and fitting music. The services will be held at the usual hours 10.30 a.m and 7 p.m at which Mr. Dickson will preach. In the afternoon a children's service will be held to be addressed by Mr. Dickson and others. On Monday evening, June 3rd, a jubilee re union will be held. Tea will be served in the school room from 6 to 8 p. m., after which a programme of music and addresses will be given in the church. The speakers will be Rev. R. J. Elliott, Rev. J. G. Shearer, Rev. S. W. Fisher, Rev. James Murray and the Rev. Dr. Grant. Music will be rendered by Miss Kay, Mr. Whipple, Miss Blandford, Miss Husband, Mrs. Paton and Miss Bunton, some of whom are known to Burlington audiences. Mr. John Waldie, ex M.P., will occupy the chair. A very tastefully-gotten-up programme is being distributed which makes a good souvenir of the event.

Town Council meeting will be held on Thursday evening in the Council Chamber.

The water in the lake is very low, vessels cannot take a full cargo from either wharf as they cannot get out without grounding.

Mr. Albert Finnemore spent the holiday abroad.

Mr. Charles R. Lamp, ... of Woodstock spent a few days with Mr. Fred B. Elliott last week.

Rev. T. A. Moore of Dunnville was in town Tuesday and Wednesday of last week.

The annual Sabbath School Convention of the township of Nelson will be held at Kilbride on Wednesday, June 12. There will be two sessions, afternoon and evening. R. J. Allen, Burlington, is secretary of the association.

Last Tuesday evening the tank at the corner of Brant and Water Streets was filled by the firemen. About midnight some rascal wished to see how efficient the fire brigade would be with such good water facilities. Accordingly he fired an old unoccupied building, opposite the Queen's Hotel, belonging to Mr. P. M. Zimmerman. That it was the work of an incendiary there is no doubt as charred shavings were found under the base of the building at the back. The building, however, failed to burn and the fire smouldered out of its own accord, after running a few feet up the rear, but not before the firemen had arrived on the scene. The firemen certainly did themselves great credit as they had the engine out and the hose ready for use seven minutes after the bell rang. Considering the fact that they had all retired in their respective homes this is remarkably good time.

Several young people from Milton and Burlington pic-nicked in Mr. Davidson's woods, Nelson, on the 24th. They had a delightful time.

The service of Sunday evening in the Methodist Church took the form of a song service. The choir rendered several anthems and the congregational singing was old and familiar hymns. The sermon was a brief one the time being occupied in song. The church was full.

Rev. R. J. Elliott, Rev. John Histon and O. B. Springer attended the meeting of the Milton District of the Hamilton Conference held in Oakville last week.

Robbed and Locked in a Freight Car.

On the evening of the Queen's Birthday, George Seaman, mocho dresser at Storey's tannery, who had been celebrating the day pretty freely was going to the G. T. R. Station between nine and ten o'clock, and when near the engine tank was sand bagged by a couple of strangers. After knocking him down they rifled his pockets, securing two or three dollars, took a new hat he wore, then hustled him into a freight car and locked the door. Some time later, night agent Guthrie heard his cries for help and went to his relief. The car had been loaded with flour and the bare headed victim of the highwaymen presented rather an amusing figure, being well powdered from head to foot as he emerged from his place of confinement.

Watering the Dusty Streets.

Georgetown Council has adopted the plan advocated by the FREE PRESS for watering the streets, i. e., the frontage system. No doubt Acton Council would take similar action if the citizens here would petition the council with a representative list. The *Herald* says. The Council at Monday's meeting acted in the interests of the rate payers when they decided to water sections of the streets and pay for the same by direct taxation. By the old method of meeting the cost by subscription, there was some dissatisfaction in that while all would not subscribe, those who did not shared in the benefit the same as those who footed the bill. Under the new system, all who are benefited will pay for what they get on a reasonable and equitable basis.

The Concert on Queen's Birthday.

The concert given by the Sims Richards Family on the evening of the Twenty-fourth, under the auspices of the Clipper Base Ball Club and Acton Cornet Band, was of a most enjoyable character. The Town Hall was filled. The programme throughout was replete with merit, every number winning the manifest appreciation of the audience. Mr. Richards possesses a splendid tenor voice and is very successful as an elocutionist. The young ladies are gifted with very sweet voices, and when joined in a chorus the effect produced was good. The harmony of the string instruments gave evidence of careful training and persevering practice, and the violin solo of Miss Evangeline and Mandolin solo of Miss Ella was loudly applauded. The dumb bell, wand, archery and sword drills were very pretty and precise, and the posing in Greek costume of Miss Evangeline was a most perfect lesson in the Delsarte system of expression and action. Altogether the concert proved a splendid ending to the success of the loyal celebration of the day.

ROCKWOOD.

We regret very much to announce the sad accident by which Mr. George Black, son of Mr. Hugh Black of this place, lost his life. He had been teaching school for the last year at Cook's Mills, Algoma, and on Wednesday last was out boating on the North Channel of Georgian Bay when he was upset from his boat, and as there was a strong breeze at the time, the boat was driven out of his reach, when it was thought he was seized with cramps and sank. Every effort is being made to recover the body but up to this time the efforts are fruitless. His many friends and companions extend their sympathy to the bereaved family. The father, who is Eramosa's Township clerk, left for Cook's Mills on Friday, and will make strenuous efforts to recover the body. George, who was only eighteen years of age and a favorite among the boys, was much respected by all who knew him and his death has cast a gloom over the people of this neighborhood.

The wool trade has commenced and considerable wool has been brought in from the country to Harris & Co's.
