LITTLE LOCAL BRIEFLETS

Which Caught the Eyes or Ears of Free Press Reporters this Week.

—Civic holiday.

—Sons of Scotland garden party in the park this evening.

—The hills and valleys are fast asleep in the warmth of the summer noon.

—A number from Acton went to Guelph on Monday—Civic holiday in that city.

—The pastures are in good shape again and the frequent showers insure good fall feed.

—Messrs. Dynes & McKinley, of Toronto, have opened a laundry in Mrs. Secord's block

—Visitors will no doubt be numerous in town to day. Milton will send a good contingent.

—A house warming took place in Mr. R. Campbell's new house on Lake Avenue last Friday evening.

—Mr. George Dill's new brick house on Park Avenue is almost completed and the family will move in shortly.

—Mr. Rolston, of Chesley, has removed to Acton and entered into partnership with Mr. D. H. McDonald, butcher.

—No other sodding done this year any place in town looks better than that surrounding the new Knox Church.

—APPRENTICE WANTED. A boy of 14 to 16 years of age to learn the art of printing. For particulars call at FREE PRESS office at once.

—The Baptist and Disciple Sunday Schools had a quiet but very enjoyable picnic together on a recent Friday in Warren's Grove.

—The excavations for the large addition to Storey's Glove Factory are completed and the masons are at work. The large new boiler is on the ground.

—The C. P. R. are running one way excursions to any point in Manitoba or Assiniboia for $10, good going August 13th and 20th. This is the laborers' excursion and includes female helps.

—Three more stone flag crossings have been put in. One on Main street at Agnew's hotel, on Mill street opposite Fellows street and a third on Bower Avenue at Frederick Street.

—The finest sample of oats we have seen this season was left at this office one day last week. They measure 5 feet 8 inches in length and were grown on the farm of Mr. William Sayers, lot 21, con 2, Esquesing.

—The G. T. R. is running an excursion to Grimsby Park on Saturday, 17th. The fare from Acton good to return on Monday is $1.00. Dr. C. H. Frazer, of Chicago, and Dr. McIntyre, of Denver, are the special attractions.

—Carter Harvey is justly proud of his dray horse. Last Friday he hauled the new 4x12 boiler for the Canada Glove Works, weighing 7,300 pounds, from the G. T. R. station to the glove factory with apparent ease.

—Mr. James Firstbrook has a gang of men and teams at work on the first of his fish hatchery ponds. It will cover several acres and is situated a few hundred yards from the source of the spring creek running through Acton.

—A foul-mouthed driver of a load of scrap iron, wearing a dark red jacket, deserved to be locked in the cells for the profane language he used toward a companion while driving down Mill street on Monday afternoon.

—The *Brussels Post* was 22 years old last week, and the Acton FREE PRESS 21 the week before. Both are good newspapers, manly in tone, pure in purpose and well worthy the support of their respective localities.—Clinton *New Era*.

—There is a probability that Acton will have a greenhouse located near the cemetery next year. Such a convenience would be much appreciated by many—and would result in more general floral decoration of the grounds of the departed in Fairview.

—Business was suspended by arrangement for three hours on Wednesday afternoon, in Ripley, when citizens and farmers gathered in Knox Presbyterian church, and earnestly prayed that the Lord would favor that locality with rain. Before the day was over they received a heavy shower of rain.

—J. H. Hamilton, the well known marble and granite dealer, of Guelph, has just received at his yards an immense new stock of Norway, Swede, Russian, English, Irish and Scotch granite, which he is able to dispose of at the lowest prices ever offered in the province. Inspection is invited. A visit will be much appreciated.

THE NEWS AT HOME.

Mostly of a Local Character, and Every Item Interesting.

The Case Was Dismissed.

A case charging R. Agnew of the Dominion Hotel with violation of the license law by disobeying an injunction to restrain from the sale of liquor to one, John Watson, Esquesing, was heard before Justices Storey and Pearson last Friday. Inspector Reynolds and County Attorney Matheson were present. The evidence would not sustain the charge and the case was dismissed.

Epworth League Garden Party.

The garden party announced to be held at the home of Mr. Thomas Somerville, fourth line, on Monday evening, 12th inst., under the auspices of the Epworth League, has been postponed till Friday, 30th inst. This action has been taken to allow an improved programme being arranged. The League's committees are endeavoring to make this one of the most enjoyable, social evenings of the summer. An excellent programme will be presented including Acton Cornet Band. The object is a laudable one, viz., to secure funds towards putting in electric light fixtures in the church.

Band Concert in Prospect Park.

The Band is certainly liberal in its free open air concerts and if the number of citizens and visitors who attend is any indication of appreciation then they are appreciated by the citizens almost universally. The following programme was rendered in Prospect Park on Monday evening:—

Quick March "Au Revoir" ..... Metyker.
Overture "Musical Gem" ..... Southwell.
March "One of the Bravest" ..... J. H. Taylor.
Sonata "Twilight" ..... Crowther.
March "Liberty Bell" ..... Sousa.
Andante and Schottische "Franciska" C. H. Six.
March "Coons Jubilee" ..... Warren Beebe.
Serenade "Twinkling Stars" ..... Southwell.
March of the Woodmen ..... F. Swan.
Overture "Sparkling Gems" ..... A. Minker.
God Save the Queen.

The plan of playing in both parks is a good one and gives all citizens an opportunity of hearing.

One Thing only Lacking.

Fairview Cemetery is one of the most attractive and beautiful cities of the "dead" in this province. Citizens appreciate the care given it, visitors speak in kindly terms respecting it, many outsiders are purchasing plots within its bounds. In one feature only is it deficient. Many are anxious to grow suitable flowers and shrubs on their lots, but owing to the lack of water are deterred. This difficulty could be overcome at comparatively small expense by the adoption of windmill power to supply water. Some places have windmills in their cemeteries which answer the purpose desired very satisfactorily. The Orillia *Times* says: "The windmill pump at the cemetery is now in operation and doing excellent work. The water is lifted eighty feet into a tank, and there is an abundant supply at all times. With plenty of water there is no reason why the grounds and plots should not be kept in attractive condition during the summer months." Perhaps the cemetery committee will take this hint.

Saturday's Base Ball Match.

The Acton Clippers drove to St. Anns on Saturday, accompanied by a large number of friends, to play the return match with the St. Anns team. The game was an interesting one throughout, the teams being very evenly matched. At the match here the St. Ann's boys won in a close score, while on this occasion the Acton club were the victors. The score was as follows:

Acton	Runs	outs	St Anns	Runs	outs
Murphy, 1 b	1	4	Dalton, p	1	4
Metcalf, 2 b	2	2	Davidson, 1 b	1	3
Keough, c	3	1	Alton, c f	0	4

Acton	0	0	3	2	0	4	[illegible]		
St Anns	0	0	1	0	0	7	3	0	2

Umpire J. Alexander, St. Anns.

The Clippers always enjoy a day with the St. Anns' club, which is composed of a gentlemanly lot of players. The drive to St. Anns and return—44 miles—is, however, too far for pleasure. Acton has now first place in the County League.

News of the Churches.

The special service at 6.30 last Sunday evening in the Baptist Church was attended by the members of Court Olive Branch, I. O. F., No. 90 to the number of between 50 and 60. The church was well filled. Rev. O. G. Langford preached an excellent sermon from Prov. 4. 7. "Wisdom is the principal thing: therefore get wisdom: and with all thy getting get understanding." At the close of the sermon the pastor, who is a soloist of some ability, sang "Wandering Sheep". . . Rev. Mr. Stephens resumed his pulpit last Sunday after an enjoyable and recuperative three weeks' vacation. . . Rev. J. W. Rae, Moderator of the Guelph Presbytery, attended a session of the Presbytery at Elora on Tuesday. . . The sacramental services in the Methodist Church last Sunday were largely attended. The sacrament was administered to a larger number of communicants on Sunday evening than at any previous service in the history of the church. Rev. W. Bryers assisted the pastor. . . The regular semi-monthly services in St. Joseph's Church next Sunday, Rev. Father Haley officiating.

Quarterly Communion services will be held in the Brick Church on Sunday morning. Rev. J. E. Howell, M. A., will preach the sermon. Rev. Mr. McIntyre will preach in the Methodist Church, Acton, in the morning.

Civic Holiday—The Day's Programme.

To-day is Acton's regularly proclaimed Civic Holiday. It is hoped the day will be enjoyably spent by every citizen. The forenoon is given over to quiet and restful recreation. At 1 30 p.m. a lacrosse match will be played between Acton and Milton. A good deal of interest is centred in this game. At 3 00 a County League base ball match was arranged between Oakville and Acton. Oakville has, however, defaulted, and the match will be with the Parkdale Beavers, one of Toronto's strongest amateur clubs. At 5.00 a five mile bicycle race will be rode. At six o'clock the Sons of Scotland will take charge of the proceedings, which will be inaugured with a march from the hall to the park, of the members of Ivanhoe Camp, grand officers and visiting members. They will be headed by the celebrated Highland Pipers' Band, of Hamilton, comprising four pipers and three drummers. During the evening there will be a tug of war between Halton and Wellington and an exciting porridge race in which all athlete Scotchmen are expected to enter. Miss May Matheson, of Hamilton, who was first Prize Scottish dancer at the World's Fair will give exhibitions in her line. A number of prominent Sons of Scotland and others will deliver addresses during the evening. Refreshments will be provided on the grounds.

—If you want first-class Guelph sash and doors at Guelph prices, T. Ennis, can fill your order at his planing mill.

NEIGHBORHOOD NEWS.

News Items Supplied by Correspondents and Exchanges.

LIMEHOUSE.

Communion services will be held on this circuit next Sunday. Rev. Mr. McIntyre will not be at the service here in the Methodist Church that evening. A local preacher from Acton will occupy the pulpit.

A joke is told at Acton of a couple of Limehouse members of the Independent Order of Foresters who went up Sunday evening to attend the annual sermon of the order. Rev. Mr. Langford preached the sermon in the Baptist Church, but these brethern had evidently forgotten this fact and went to service in a neighboring church. They were shown to front seats by an obliging usher and did not realize their mistake until the service was half over.

Those who took in the excursion to the Beach from Georgetown last week enjoyed the outing thoroughly

Mr. John Moore went up to Orilla, where Mrs. Moore and the boys are rusticating, on Saturday and returned home on Monday. He says the family are having a most enjoyable time and the boys are quite successful fishermen.

NASSAGAWEYA.

It is our sad duty this week to announce the death of Agnes McFarlane, beloved wife of Cornelius M. Wilson, who died in Guelph on Friday, Aug. 2nd, and was interred in Eden Mills cemetery on Sunday. A bereaved husband, and family of two girls and a boy are left to mourn the loss of a loving wife and mother. A large circle of sorrowing relatives and friends assembled to pay a last tribute to the departed.

Mr. George and Miss Alice Laing, Nassagaweya, were the guests of Mr. and Mrs. Thos. Wood, Kilbride, this week.

Farmers are busily engaged in harvesting these days. The fall wheat is all cut and harvested and the spring grains are now being cut. The oat crop with few exceptions in this section is excellent. Peas, although somewhat short in the straw, are well filled in the pod. Spring wheat and barley will also be a very fair crop. Many fields will give an excellent yield.

This vicinity in comparison with many others has been a favored one notwithstanding the severe visitation of frost and drouth and the energetic grasshopper. The refreshing rains of the past month have had a wonderful effect on vegetation and also on the grasshopper, pleasure with him now seems to be away below zero.

A very severe storm of thunder and lightning passed over here early Tuesday morning, not much rain fell however, but the lightning was very vivid. No damage reported.

CREWSONS CORNERS

The Temperance Lodge here is progressing very rapidly. It has only been organized about three months and there are now over fifty members, and quite a number intend joining at the next meeting.

There was no preaching here last Sabbath on account of the Quarterly Meeting being held at Rockwood

Quite a number from here will take in the sports to be held in Acton on their civic holiday

The Knatchbull Royal Templars football club play the Crewsons Corners club on Saturday afternoon next at this place.

Mr. and Mrs. Smithson, of Salmonsville, visited their daughter, Mrs. D. Townsend last week.

Mr. and Mrs Nicholas Forbes and children spent Sunday with friends in Ballinafad.

Mr. and Mrs. Jas Ramshaw visited friends in Lowville this week.

Miss Ethel Kentner, of Ballinafad, is visiting friends here.

Mr. G. Ramshaw, of Lowville, is spending a few weeks with friends here.

Miss Mary Coleman, of Galt, has been visiting her aunt, Mrs. John Cripps, of Maple Grove Farm, the past few weeks

Mr R. A Damper, of Ospringe, spent Sunday at his home here

Mr. and Mrs. Geo. Soper and family, of Acton visited friends here this week

A very heavy thunder shower passed over here on Tuesday morning.

BURLINGTON.

The recent rains have done a great amount of good to the crops and the fruit. The raspberries were an immense crop and the thimble berries have grown very large in consequence of the rain and will yield a very heavy crop also.

The garden party given by the ladies of the Methodist Church on the lawn of Mrs. Lafferty on Tuesday evening last was in some respects a success. The grounds were profusely decorated with Chinese lanterns and the Waterdown band supplied plenty of first class music. A short programme was given which consisted of choruses by a young men's glee club and recitations by Alma Freeman, of Burlington and Miss Taylor, of Hamilton, both of whom did remarkably well. The order, however, was very bad. It seems the village possesses several young men who have no respect for themselves or anyone else. These young hoodlums should be made an example of. Refreshment stands were very handsomely decorated, making them attractive and the ladies did a rushing business in ice cream, lemonade, etc

Mr. Geo. Bumby, who was so severely injured by a fall from a high timber at a barn raising several weeks ago, is still in a state of unconsciousness. It was not until last week that the physician in attendance discovered that the skull was fractured. The skull will be trepanned and the pressure relieved and strong hopes of his recovery are entertained

Mr Charles Porter, of Appleby, whose spine was fractured by a wagon running over him, is fast growing weaker and cannot live much longer. He is totally paralyzed below the fracture.

On Saturday last our townsman, Mr. R. C. Stewart, a Grand Trunk Civil Engineer, was passing through the Grand Trunk yards on an outbound train. The train was moving very slowly, and Mr Stewart attempted to jump off. In doing so one of his heels caught on the step and threw him under the car. The wheels passed over the right foot just above the ankle. He was taken to the city hospital, where it was found that amputation above the knee was necessary as the leg was very badly shattered. The operation was at once performed and at last reports the patient was progressing very favorably. Being a man of very strong constitution Mr. Stewart's speedy recovery is looked for

Miss Maud Freeman, of St. Mary's, is visiting relatives in the village vicinity

Miss Kamor, of Toronto, is the guest of Miss Flo. Allen.

Mr. Morley Wilson, of Toronto, is at home with Mr. Geo. Allen.

Mrs J. V. Wadland and Mrs. J. S. Parmenter, of Woodstock, have been the guests of Mrs. R. J. Elliott during the past week.

Master Frank Elliott is enjoying an old time romp with his old friends in Wood stock.

A Two year-old Father.

Mr. H. S. Holme's bright little two year old son Harry was in much peril at Henderson's pond for a few minutes Monday afternoon. His elder brother had him in charge and, while at the pond, desired to go in for a swim with some companions. In their fun the little toddler was forgotten and he decided to exploit for himself. He waded into the pond up to his neck and might have been drowned had not Mr Alex. Secord, whose attention was called to the little fellow, hastened to his rescue.

A Popular Milton Lawyer Wedded.

Happiness should come to the young couple who plighted their troth at the altar in Christ Church Cathedral, Hamilton, last Thursday morning, for the sun came out from behind a cloud during the ceremony that made Miss Minnie Morgan Bayre Ridley, daughter of Dr. H. T. Ridley, and Edward Wilson Boyd, Barrister, of Milton, son of Chancellor Boyd, Toronto, man and wife. The ceremony was performed at 10 45 by Rev. Dr. Baldwin, Toronto, assisted by Rev. Canon Bland, rector of Christ Church Cathedral. The bridesmaids were Miss Ridley, Miss Katie Kennedy and Miss Sophie Ridley, and the groom was attended by Hillier Boyd, Goldwin Smith and Robert Baldwin, Toronto. A wedding breakfast was held at the residence of the bride's parents, Main street west. The happy young couple left on the 12.30 train for the east on their bridal tour.

ERIN.

Last week the frame of a large barn on the farm recently owned by Augus Johnston, Acton, sold to Mr Hallett, of Guelph, was raised. There was a large turn out of neighbors and friends. Work was commenced about 2 o'clock, the sides being captained by Mr. Thos. Talbot and Mr. Dan Sinclair. Everything went together without accident, the work being completed by half past six. About 250 sat down to a substantial supper, provided by Mrs. Gibbons and her friends, after which the young people enjoyed themselves with a game of baseball and other amusements. The barn is 60x80, and when completed will be one the finest in Erin, the plan being one of Mr. Ruddell's. The contract for the stone work was in the hands of M. Jones, of Guelph, and the framework by M. Graham, of Erin village. The estimated cost is $1,400.
