## OUR SUBSCRIBERS GIVE THEIR APPROBATION.

It was not without carefully considering the matter in all its relations, and arriving at the conclusion that it would be more satisfactory both to our subscribers and ourselves, that we adopted the plan requiring all subscriptions to the FREE PRESS to be paid in advance. Years ago the city papers adopted this plan, but with newspapers published in the country it was an untried system. Owing to the credit system which so largely prevails in mercantile lines throughout the country, local newspapers, with few exceptions, have hesitated to adopt this true principle of cash in advance.

Three years ago we put this plan into operation, and three years' experience has proved entirely satisfactory to the FREE PRESS management.

Our subscribers have loyally stood by the FREE PRESS and accepted the new system in a manner most pleasant and profitable to us. To day every subscriber is on an equal footing. Under the old "pay when you please" regime a large proportion promptly renewed at the expiration of each year; many paid in three or four or six months; a considerable number in in from one to five years and some never paid at all. Now, every subscriber pays in advance. No favors are asked; if the FREE PRESS is desired it is promptly paid for, if not, all that is necessary to have it discontinued is to fail to renew and it promptly ceases its weekly visits. By this method no person is forced to take our paper, as is the case where a paper is continued until a definite order to stop it is given.

A great many subscriptions expire at the beginning of the year. Nearly all of these have been renewed. A few remain unpaid. Is yours among the number? Look at the little name label on your paper and see. If it is you will avoid inconvenience and delay by renewing your subscription to-day.

When sending your own renewal, if you will induce any one of your friends or neighbors to have you send his or her name as a new subscriber, we will accept $1.75 for the two subscriptions

H. P. MOORE,
Publisher.

## NOTES AND COMMENTS.

The Turkish Government refuses to allow the distribution of aid by outsiders in its territory, claiming that the whole movement is instigated by false reports of the prevailing state of affairs.

The Judges of the Supreme Court of Newfoundland all being losers by the recent bank failures, they are unable to try the charges against the bank directors, and it is suggested that a Judge be sent from England for the purpose.

The British Mediterranean fleet in the Levant has been dispersed, the vessels being ordered to points unknown. It is surmised that Great Britain has given up the task of persuading the other powers to intervene in the Armenian atrocities.

At a mass meeting at Kingston, Friday night, Rev. Principal Grant moved a resolution of sympathy with the Armenians, declaring that it was the duty of Great Britain and the United States to unite on a common policy of interference in Armenia.

A communication has been received by the Attorney General's Department from England stating that the decision of the Privy Council regarding the power of the Province to prohibit the manufacture and sale of liquor was expected daily, but no date was fixed

The London *Times* on Monday published a column article discussing the Ministerial trouble in Canada, stating its belief that Sir Mackenzie Bowell will succeed in forming a Cabinet, that he will only hold office for a few weeks, and will then resign in favor of Sir Charles Tupper, the Canadian High Commissioner to England.

The Canadian Pacific Railway refuses to sell its lands immediately adjoining its stations except upon conditions which preclude the sale of liquor thereon. A clause in each deed provides that the title shall become invalid and the property revert to the company in the event of its being used as a place for the sale of liquor.

Ex President Harrison has recently written advising that in each town and township there should be held regularly once or twice a year a meeting in which two questions only should be considered: First, are the public officers faithfully and honestly transacting the public business? Second, are the laws—not this law or that, but all laws—enforced and obeyed?

The United States treasury gold reserve is now down to $55,000,000

## THE CABINET CRISIS.

### Peace Beginning to be Restored and the Cabinet Reconstructed Under Premier Bowell.

### SIX OF THE "BOLTERS" GO BACK

OTTAWA, Jan. 15.—The most exciting period of political excitement known in Ottawa since the days of the "Pacific Scandal," twenty-three years ago, has been brought to a close—barring a hitch, of which there have been many lately—by a compromise. Sir Mackenzie Bowell retains the Premiership for the present. Sir Charles Tupper, sr., enters the Cabinet and six of the dissident ministers return to their allegiance, while the vacancy in the French representation from Quebec will be filled by Senator Desjardins taking a portfolio, probably that of Secretary of State. This solution of a difficult problem is, no doubt, the most satisfactory which could be reached, and is indeed the only one which gives any hope of the address being carried and the ordinary business of the session being proceeded with.

TUPPER TO BE PREMIER.

The entrance of Sir Charles Tupper, sr., into the Cabinet is understood to be a temporary arrangement to assist Sir Mackenzie Bowell through the session, and immediately after prorogation, if not before, Sir Mackenzie will resign and Sir Charles Tupper be called to the Premership. Sir Charles Hibbert Tupper will not re-enter the Cabinet, but may be appointed Solicitor General.

THE REMIER'S STATEMENT

In the Senate yesterday afternoon, immediately after routine proceedings, upon the orders of the day being called, Sir Mackenzie Bowell made the following statement:—"I regret that I am not in a position to give the House full information as to the reconstruction of the Cabinet. It has, however, progressed to such an extent that I am safe in saying that I shall be enabled to meet the House to morrow with a complete, reconstructed Cabinet, which I have every reason to believe will not only meet the approval and support of the Houses of Parliament but also of the country. I therefore crave the indulgence of the House for another 24 hours' delay. To-morrow, after making the report to which I referred, I shall ask the House to proceed with the consideration of the address in reply to the speech from the Throne, and commence the real business of the session.

### AGAINST THE GOVERNMENT.

West Huron Again Returns Mr. M. C. Cameron to the Commons.

GODERICH, Jany. 14.—The election here to-day caused by Hon. J. C. Patterson being appointed Lieutenant-Governor of Manitoba, resulted in the return of M. C. Cameron, the Liberal candidate by a majority of 257 with one place to hear from. When it was known that Mr. Cameron's election was assured the doors of the Temperence Hall were thrown open and a large and enthusiastic meeting was held. The chair was occupied by Mr. D. McGillicuddy, president of the West Huron Reform Association, and addresses of congratulation were made by Messrs Pedley and Peter Ryan, of Toronto, Mayor Holmes of Clinton and John A. Barron, ex M. P., of Lindsay, after which Mr. Cameron was loudly called for and addressed the meeting.

### HALTON COUNTY COUNCIL.

The Members Elected to Sit at the Board During 1896.

ACTON—Reeve, George Havill.
BURLINGTON—Reeve, D. Richardson
GEORGETOWN—Reeve, Joseph Barber
MILTON—Reeve, Dr. Robertson.
OAKVILLE—Reeve, E. B. Anderson, Deputy-Reeve, George Andrew
ESQUESING—Reeve, D. Webster, 1st Deputy, H. P. Lawson, 2nd Deputy, John Wrigglesworth
NASSAGAWEYA—Reeve, D Hutcheon, Deputy Reeve, John Marshall.
NELSON—Reeve, W. G Pettit, 1st Deputy, A. P. Alton; 2nd Deputy, J. F. Richardson
TRAFALGAR—Reeve, Dr. Buck, 1st Deputy, John McDougall; 2nd Deputy, R. Hall.

Politically, there are 10 Liberals and 7 Conservatives, but politics don't cut much of a figure in the Halton County Council.

### SHOT HIS MOTHER.

A Sad Case of Accidental Shooting at Brantford.

BRANTFORD, Jan. 13.—Another sad shooting affair occurred in this city to-night. Robert Harrison, about 20 years of age, employed at the Waterous engine works, accidently shot and instantly killed his mother. Mrs. Harrison was reading a paper at the time. The shotgun, which was hanging on the wall, was supposed to be in full cock. In taking it down off the hook, he had the muzzle pointed towards his mother's head, when the gun went off. Most of the shot went through the eye and came out at back of the head, blowing it nearly to pieces.

### MR. C. W. BUNTING DEAD

The *Mail and Empire's* Chief Passes Away After a Painful Illness.

TORONTO, Jan. 14—Mr. C. W. Bunting, managing director of the *Mail and Empire*, died this morning, at his residence, 25 Queen's Park, in this city. The announcement of his death will cause a feeling of intense sorrow throughout the entire community, in which he has been for so many years recognized as one of its foremost business men and most honorable citizens. The news of his serious illness, and the probability of its fatal termination, came as a surprise to many who have long known him.

Mr. Bunting was born in September, 1837, at Amigan, in the County of Limerick, Ireland. His father died in 1840, after only six years of married life, and ten years later, in 1850, his mother came out to Canada, bringing with her two children, Mr. C. W. Bunting and his sister. They settled in Toronto, and for some years afterwards Mr Bunting pursued his studies, in which he had received an excellent grounding before leaving Ireland. He attended the parish school of St. James', where St. James' Sunday school now stands.

It was decided that he should learn the printing business, and, accordingly, on leaving school he took a position on the *Globe* newspaper. He received a thorough business and practical training which have stood him well in his large and successful business career.

### Church Burned Near St. Mary's.

ST. MARY'S, Jan. 13.—Zion Methodist Church on Mitchell-road, four miles from here, was destroyed by fire Sunday afternoon. It was a good brick structure only two years erected. The fire caught from the furnace. It was insured for a small amount in the Township Insurance Company.

Ex-Mayor Stewart, of Hamilton, announces that his public and political life is ended.

## THE FINAL MEETING.

### The Municipal Council of 1895 Concludes its Business.

The meeting for the closing up of the business of the Council of the past year was held on Monday evening.

Reeve Pearson put in his last session as presiding officer and Councillors Havill, Williams, Francis and Nicklin were in their places.

The business of the year had been so closely followed up in the semi monthly sessions of the Council that very little remained to demand attention.

It was reported that the additional two hundred feet of hose had arrived and was now in the hands of the Fire Brigade.

The twenty second report of the Committee on Finance was presented by Chairman Havill when the following accounts were ordered to be paid:

| | |
|---|---|
| Canada Rubber Co., Hose, etc | $216 23 |
| J. J. Lawson, repairing doors at Fire Hall | 4 90 |
| H. P. Moore, printing | 5 80 |
| Robert Russell, wood | 3 75 |
| | $230 73 |

Moved by John Williams, seconded by A. E. Nicklin, that the twenty second report of the Finance Committee be received and adopted.—Carried.

The Council then adjourned.

The new Council will meet for organization next Monday forenoon at 11 o'clock.

### BRONCHITIS CAN BE CURED.

By aiding mediostion with increased nutrition. The especial function which Maltine with Cod Liver Oil and Hypophosphites discharges in pulmonary diseases is to build up and strengthen, by providing a valuable nutritive, combined with the purest cod liver oil. This valuable combination is enhanced by the addition of the hypophosphites—themselves of highest repute in debility and wasting diseases. The oil is rendered palatable, acceptable to the stomach, and of easy digestion. These merits place Maltine with Cod Liver Oil and Hypophosphites in the very front rank. It increases the solubility of starchy food so as to largely augment the nutritive matter available for renewing strength, muscle and tissue. None then buffering from bronchitis or cough should neglect this remedy a food medicine and reconstructive of the greatest value.

### TELEPHONE CONNECTION WITH MONTREAL.

The Bell Telephone Co. completed last month their new heavy metallic lines from Toronto to Kingston and Montreal, and the public can now communicate direct from all points in Western Ontario to all points in Eastern Ontario and Quebec, etc. Rates can be obtained at any Bell Telephone Co's office. The Company has also instituted for the first time a half rate for night service (from 7 p. m. to 6 a. m.,) which will be in force between all offices sufficiently far apart to make the day rate for conversations $1 00 or over.

## DROPPED ON THE STREET

### That Was What Happened a Well Known Resident of Union, B. C., Who Had Been in Declining Health.

From the News, Union, B C

A little over a year ago the reporter of the *News* while standing in front of the office, before its removal to Union, noticed four men carrying Mr J. P. Davis, the well known florist and gardener into the Courtenay House. The reporter ever on the alert for a news item, at once went over to investigate the matter, and learned that Mr. Davis had had a slight stroke of paralysis. A note of the circumstance appeared in the *News* at the time and nothing further was heard of it. Last spring Mr. Davis was observed to be frequently in Union bringing in flowers and later vegetables for sale, and the reporter meeting him one day, the following conversation took place. "Glad to see you looking so well, Mr. Davis," said the reporter, "the last time I saw you you seemed pretty badly broken up."

"Yes," said Mr. Davis, "I did have a pretty tough time of it. I was troubled with my heart, having frequent severe spasms, and shortness of breath on slight exertion. I had also a swelling of the neck which was said to be goitre. Two years ago I came up from Nanaimo and took the Harvey ranch hoping a change

[illegible] did me good, but in this I was disappointed, and seemed to be steadily growing weaker. I had three doctors at different times, and they appeared not to understand my case. At last I got so low that one day I fell down on the street, and those who picked me up thought I was dying. After that I was urged to take Dr Williams Pink Pills, and almost from the outset they helped me and after the use of about half a dozen boxes I was as well as ever." "Do you still take the Pink Pills," asked the reporter. "Well," was the reply, "I still keep them about me and once in a while when I think I require a tonic I take a few, but as you can see I don't look like a man that requires to take medicine now." On this point the reporter quite agrees with Mr Davis, as he looks as vigorous and robust a man as you could wish to see. After parting with Mr Davis the reporter called at Pimbury & Co.'s drug store, where he saw the manager Mr Van Houten, who corroborated what Mr Davis had said regarding the use of Dr Williams' Pink Pills, and further stated that he believed Pink Pills to be the finest tonic in the world, and gave the names of several who had found remarkable benefit from their use.

A depraved or watery condition of the food or shattered nerves are the two fruitful sources of almost every disease that afflicts humanity, and to all sufferers Dr. Williams Pink Pills are offered with a confidence that they are the only perfect and unfailing blood builder and nerve restorer, and where given a fair trial disease and suffering must banish. Pink Pills are sold by all dealers or will be sent by mail on receipt of 50 cents a box or $2.50 for six boxes, by addressing the Dr. Williams' Medicine Co., Brockville, Ont., or Schenectady, N. Y. Beware of trashy substitutes, alleged to be "just as good."

The Westminster *Gazette* refers to the ill feeling between the German Emperor and the British royal family, and says that William, as the son of the Princess Royal, is aspirant for the throne of Britain.
