One of the Testimonials.

From Dr Duncan McCallum, Montreal:
I, the undersigned, have been suffering very much for the last two years from Rheumatism in the ankle joint, so much so that I was often prevented from attending to my calling, but three applications of Dr Birnbaum's Rheumatism and Gout Remedy gave me that relief from pain and stiffness which I did not experience for the last two years, and after eight days' use of this remedy I find myself entirely cured.
I owe this statement to the public, to the profession and to the merits of the genuine article. DUNCAN McCALLUM M.Dne

TREASURES.

Friendship is a priceless treasure—
Use it well!
Joy 'twill give you without measure;
Slight it not, and never blindly
Use it coldly or unkindly—
Use it well.

Honor is a precious jewel—
Use it well!
It is never cold or cruel;
It is warm, and kind, and cheering,
Noble, steadfast and enduring,
Use it well.

Truth's treasure great and glorious,
Use it well!
It will make him work victorious;
Better for its riches olden,
Than the wealth that's merely golden—
Use it well.

Courage is a mighty treasure—
Use it well!
It will give you strength and pleasure—
It will drive away all sadness
By the conquering power of gladness—
Use it well.

Hope's gem with light undying—
Use it well!
While the hours are swiftly flying
Let its talismanic beauty
Lead you on through paths of duty—
Use it well.

Moment's are life's richest treasure—
Use it well
They will bring eternal pleasures
If we never treat them lightly,
But improve them ever rightly—
Use them well.

COMPLICATIONS.—Complications have arisen between the American Government and Great Britain in regard to the return of Winslow, the Boston forger, which may result in the British Government refusing to surrender him under the extradition treaty of 1842, and thereby preventing his return to the United States. The British Government has made a request that before he is surrendered to the American authorities, the President secure the passage of a law by Congress providing that Winslow shall not be tried for any crime but for that for which he stands committed. This proposition has, of course, been rejected, and the American Government assumes the position that Winslow must be surrendered under the tre ty of 1842, and that they cannot take any notice of the Act of the British Parliament of 1870, nor allow that body to dictate any terms in regard to the extradition of criminals between the United States and Great Britain in face of the treaty now existing. The American Government declines absolutely to give any assurances regarding Winslow in the future, but requests his unconditional extradition. The British Government has not absolutely refused to surrender Winslow, but the present aspect of the case is not encouraging for his return. The refusal to surrender him under the treaty will undoubtedly lead to more serious complications. It is maintained at Washington that if the British Parliament can set aside the treaty of 1842, it can also set aside the treaty of Washington, or any other treaty. On this point the American Government will take a firm stand.

THE ONTARIO AGRICULTURAL COLLEGE.—The scholastic year of this institution begins on the 17th of April, and there are vacancies for thirty pupils. The college and farm staff are now complete, and the appliances for imparting a first class agricultural education are rapidly improving. The work of organization was only complete during the past winter, and with a fully equipped staff there is now an opportunity of undertaking all the work, essential and accessory, deemed suitable for a good agricultural course. The President, Mr. Johnson, has been acting Principal ever since the resignation of Mr. Roberts, and to his energy and tact the present arrangements are largely due. The curriculum of the College embraces courses in English, chemistry, stock breaking, veterinary surgery, agricultural chemistry, and agriculture, and this theoretical work is supplemented by an outside practical training in agriculture, horticulture, treatment of stock, and other departments of work. The College has now a fair start, and its success or failure will depend largely on the amount of support it receives from the farming community. There is too little acquaintance with scientific agriculture amongst our farmers, or we should see fewer worked out farms and less inferior stock. Good farming is the great want of the Province, and there is no reason why the Agricultural College should not help to supply the want by acting as a centre of knowledge and influence.

CANADIAN CATTLE FOR THE CENTENNIAL.—The Ontario Advisory Board are taking active measures to have an exhibition of Canadian bred cattle at the Philadelphia exhibition worthy of the country. At a recent meeting of the Board a selecting committee was chosen to make selections of cattle for the forthcoming show. The committee consists of Hon. David Christie, Paris, and Mr. Stephen White, Charing Cross, for Western Ontario; and Mr. Ira Morgan, President Ag. Ass., Metcalf, and Mr. Thomas Stock, Waterdown, for Eastern Ontario.

MOST RIGHTEOUS JUDGE.—Judge Barnard of New York has expressed the libel suit, that "No matter how gross the charge against any individual, any editor has a right to publish it if true. The world ran for many years upon a contrary theory, that the greater the truth, the greater the libel. In some respects it would be better if the old rule were restored. Now, any man may speak of any person, at any time, under any circumstances anything, if true."

Dr. Pierce's Favorite Prescription,

is very strongly recommended by the Medical Faculty and is largely prescribed among their Female Patients. It is worth, of all confidence, as may be seen from the following testimonials:

Dr. G. B. Chapman, Plattsmouth, Neb., writes: I have under treatment a lady, who, for the past seven years has been afflicted, and, after trying several physicians without receiving benefit, *is gaining rapidly on your Favorite Prescription.*
Atlanta, Ill.

Dr. R. V. Pierce, Buffalo, N. Y.: *Dear Sir*—I have not words to express my gratitude to you for your advice and assistance in my case. There is not one who has used your medicines since they have been brought here, but that can say with me they have been greatly benefited. Since I have been so helped by its use, six or seven around me left off all doctors and other medicines, and now use it in their families, after being cured of the same disease as mine. You do not know what a wonder it created in our city, by its restoring my sister I wrote you about, for she has been under the care of three of our best doctors, but could not sit up but for a few minutes at one time. I begged of her to try your medicines, and before she had used half the bottles she could go all around the yard, and has now just come home from a visit five miles away.

NAVIGATION PROSPECTS.—Our reporter has been making enquiries among the forwarding companies as to their prospects during the coming season of navigation. It seems to be generally considered that the business in that line will be as active as last year, if not more so. The transportation companies are preparing all their barges for the coming season, although they cannot say if they will use them all. It is said that the prospects of barge lines are brighter than those of propellers, and it is thought that not as many of the latter will be in commission as there were last season.—*Witness.*

Hypophosphites—An artical called Fellows' Hypophosphits has been advertised in the Pioneer for several months, but we gave it little thought, except to collect the bill until an instance of its remarkable effects came under our observation. A few years symptoms of consumption exhibited themselves in the case of S— K—Jr, Esq. of Calais, who belongs to a family predisposed to the disease. His friends became alarmed at the progress of his malady and realizing the chances as against him, he began to take Fellows' Hypophosphites. Instead of growing worse his health improved and he now weighs 50 pounds more than he did before he began to take the syrup We saw him last week, the picture of health, tipping the scales at 200 avoirdupois. We have no interest in recommending Hypophosphites except to benefit the sick and afflicted.—*Aroostook Pioneer.*

☞ Thousands of people are now carelessly allowing themselves to drift through the preliminary symptoms of consumption, under the fatal delusion that they are troubled with nothing but a slight cold How necessary is it then that a cold should be cared for from its inceptiency and every exertion used to get rid of it. Bryan's Pulmonic Wafers will stop the hacking cough in in a few minutes and by their influence on the bronchial and pulmonary organs all fears of dangerous results will soon be dissipated—but they must be taken in time. Sold by all druggists and country dealers. Price 25c per box.

Owners of Horses Rejoicing—And why not? And who knows but what their horses are rejoicing as well; who can prove the contrary? But their owners rejoice because of the astonishing and almost miraculous effects on their horses of "Darley's Condition Powders and Arabian Heave Remedy." Some were lean and poor having no appetite, others would devour their food ravenously, yet derive no benefit from it; some were hide bound, with rough and shaggy hair; others had several colds and coughs; many had the heaves and other complaints peculiar to horses; on all it operated like a charm, the disease or complaint was speedily removed, the appetite and digestive organs corrected, the skin softened and a sleek and shining appearance given to the coat all without any danger to or preventing the horse being used. Remember the name and see that the signature of Hurd & Co.'s on each package. Northrop & Lyman, Toronto, Ont., proprietors. Sold by all medicine dealers.

READ THIS TWICE.—Five to thirty drops of THOMAS' ECLECTRIC OIL, will cure common Sore Throat. It never fails in Croup. It will cure a Cold or Cough in twenty four to forty-eight hours. One bottle has cured Bronchitis of eight years standing; recent cases are cured in three to six days. It has restored the voice where the person had not spoken above a whisper in five years. As an outward application in all cases of pain or lameness, nothing like it has ever been known. One bottle will cure any case of Lame Back or Crick in the Back. For diseases of the Spine and contraction of the muscles it is unequaled. In Rheumatic or any other pain the first application does you good. It stops Ear Ache and the pain of a Burn in three minutes, and is altogether the best and cheapest medicine ever offered to the people—the cheapest, because it takes so little to do you good. It is composed of six of the best oils known and nothing but oils. Is worth its weight in gold. Why not buy it to-day?—A B DeRuchers, assistant postmaster Arthabaskaville, P Q, writes:—"Thirteen years ago I was seized by a severe attack of rheumatism in the head, from which I have nearly constantly suffered. After having used 'Thomas Eclectric Oil' for nine days, bathing the forehead, I have been completely cured and have only used half a bottle. This I can certify under oath if you wish."—Rev J Mallory, of Wyoming, N Y, writes "Dr Thomas Eclectric Oil cured me of Bronchitis in one week. Dealers all over the country say, "We have never sold a medicine that has given such complete satisfaction as this."
☞ Sold by all medicine dealers. Price 50 cents.
