Storey made a forcible speech. Protection was the leading theme of both addresses. No reference was made to the school question. Mr. Geo. Hynds presided.

A Handsome Gold Medal.

The Guelph *Herald* says: "The solid gold medal presented by Mr. H. P. Moore, of the Acton FREE PRESS, for competition at Albert College, Belleville, is on exhibition in the window of Savage & Co., who had the order for manufacturing it. It is a handsome medal, being a disc surrounded by a wreath with appropriate clasp and attachments. On the clasp are engraved the words: "Albert College, Belleville." Rev. Mr. Ross, the new pastor of the Congregational Church, Churchill, is getting well acquainted in his new charge, and growing in popularity every week.... Miss Boemer's fine voice and careful training are clearly manifest.. In the Baptist Church, last Sunday Rev. Mr. Langford preached the first of a series of sermons on the Seven Churches Text, Rev. 2, 1 7.

The R. C. Pic-nic on Monday.

The pic-nic held in Prospect Park last Monday afternoon under the auspices of St. Joseph's R. C. Church proved very successful It attracted a number from Georgetown and Oustic. The lacrosse match between the Etnas of Georgetown, and the Excelsiors, of Brampton, resulted in a score of 3 goals for each team. Miss Minnie McLutosh secured the largest number of votes in the contest for a gold watch, between an Acton and a Georgetown lady The base ball team which was expected from Guelph failed to arrive. The pic-nic was well attended by the Protestants as well as Roman Catholics

The Acton Temperance Union Pic-nic

The Acton Temperance Union have made arrangements to hold their annual pic nic in Prospect Park on Friday evening, 26th inst. Besides the other attractions they have made preparations for a very interesting programme which will be carried out in the park during the evening by the following superior talent: Arthurs' String Band; Miss Mina Walker, elocutionist, H. Jeans, comic singer; and club swinging by Miss May Patton. A fancy drill will be given by the young ladies of the Union. Acton Cornet Band will also be present. The pic nics given under the auspices of the T. U. in the past have been very successful and enjoyable and this one promises to even exceed those of past years.

A Happy June Wedding.

A quiet but very pretty event took place on Wednesday, 17th inst., at the home of Mrs. John Scott, Glen Lawson. This was the marriage of Lizzie, daughter of the late John Scott, and James McMillan, son of Lachlan McMillan, Esq., of the first line Esquesing. The ceremony was performed by Rev. L. Perrin, B. A., of Georgetown, Only the immediate families of the contracting parties were present. The young couple are well acquainted in Acton and highly esteemed. For years Miss Scott has been a member of Knox Church choir and has also taken an active interest in the Sunday School and Christian Endeavor Society. The best wishes of the community go with the happy young couple as they embark upon the sea of life's realities

Brampton Takes it Seriously

Referring to the recent match the Brampton *Times* says "Brampton lost its first game in the Halton Peel base ball series to Acton last Saturday. The visitors were accompanied by about 100 enthusiastic fans from the glove town. Brampton for the first three innings played a National League game and surprised the visitors considerably by blanking them and putting two runs to the good. After that Brampton's $4000 pitcher developed a glass arm, and while he was nursing it Acton ran up the score to 18. In doing this they were greatly assisted by mostly all the members of the Brampton club, who were playing a game that would make the Springfield Ponies blush. The game developed the fact that Brampton's team will have to be greatly strengthened if it expects to get a place in the league. Several of the boys can play very good ball but they can't stay with it. The score, 18 to 6 in Acton's favor, is not bad, for the factory team has been three years developing into its present excellent condition."

CLEANING LYONING WHITENS THE TEETH.

Dentists are delighted at the admirable qualities of Ivorine, the new preparation for the teeth. Commendations from the dental profession carry the assurance that fragrant Ivorine is free from the admixture of enamel destroying substances, often the most marked characteristic of tooth powders, and that it is the most efficient cleanser yet discovered. Ivorine cleanses from discoloration and whitens, hardens the gums, and imparts to the breath a delightful fragrance.

This home is an institution for homeless girls, and during the 7 years of its existance it has sheltered something over 400 lonely and broken hearted girls, many of whom have been converted and afterwards have gone out into the world to live noble lives. Good homes have been provided for them. It is one joy in Miss Steele's life to know that there are girls in almost every town in the West who know and love her and her success can be placed to the account of the gentle love of Jesus. Miss Steele was very much in love with her work and would not under any consideration have left it, but being worn out and needing rest, she has returned to her home and will be glad to see all her friends.
