THE NEWS AT HOME.

Mostly of a Local Character, and every item Interesting.

Children's Flower Service.

The annual children's flower service will be held in St. Alban's Church next Sunday. Both the morning and the services will partake of special features The church will have floral decorations appropriate to the occasion. Rev. J. K. Godden, M.A. pastor, will conduct the services.

Lost $10 and a Hat.

While staying over night at one of the Guelph hotels last Wednesday, a thief entered Rev. Father Haley's room and stole a new hat and $10. The money was in his trousers pocket. Fortunately his wallet, containing funds for his European trip and his tickets, was overlooked by the burglar

Let Bathing Be Freely Indulged in.

In Canada when the temperature gets above eighty in the shade the people take to the water like ducks. Give the boys a chance these days and encourage them to invest in bathing trunks. There's no reason either, why the girls should not also freely indulge in the pleasures and benefits of bathing. Cheap bathing dresses may be made at a trifling cost of money and work.

Further Improvements in Progress.

The additions and improvements to Beardmore & Co's role leather tannery are being pushed forward The new seven story dry house, with rolling depart ment, is enclosed and the iron checking is nearly all on. At the works of Acton Tanning Co the stone work for a new store house and dry kiln is completed and awaits the carpenters now at work on the other tannery, for the woodwork. It is 30 x 60 and will be five stories high.

The Hot Spell.

For a full week, including Monday, the weather was unusually hot, the mercury nosting most of the time in the nineties. Sunday was perhaps the hottest day of the week. A good many think the heat was unprecedented. It was, however, not nearly so torrid as that experienced at the end of May and the first of June a year ago. From May 30th to June 3rd, 1895, the mercury stood above 90 right along, and then it was hot. On May 30th it was 94 degrees in the true shade, and on June 2nd it was 97½ The third day in June it was 95 and then it began to cool off

Our Wide-awake Canadian Magazine.

The *Canadian Magazine*, of Toronto, is up to the times in every respect. Its articles are fresh and educational Those who do not understand exactly what is meant in the United States by "Free Silver," should read "The Cry for Free Silver," by John A. Cooper, LL.B., in the current month's number. The article is intended, apparently, for the average reader, and is by no means technical. This number is an especially good one, being profusely illustrated and containing several short, bright stories. The cover is artistic and pretty, the background being a maple leaf design in green.

Base Ball Matches.

On Thursday the Actons went to St. Anns and played a friendly game with the club there. The match was well contested and resulted in Acton's favor by a score of 13 to 14. On Saturday an exhibition game was played in the park here between the Miltons and Actons. The home team was defeated with a score of 19 to 6. The next match in the Halton Peel league will take place here on Saturday with Brampton. The scheduled games of the season stand as follows.

	won	lost	to play
Acton	4	1	3
Milton	4	2	2
Brampton	0	5	5

The Churches and Pastors.

During the absence of Rev. Father Haley in the Old Country the services in St. Joseph's Church will be conducted by Rev Father Lehmann, of Formosa, who was ordained at Hamilton a few weeks ago

Rev. Mr. King preached again in Knox Church last Sabbath. Rev Mr Stevens occupied the pulpits of both the Disciples' and Baptist Churches last Sunday The pulpit of the Methodist Church was occupied last Sunday by Rev. J P. Rice, Alma College. His sermons were able expositions of old testament passages.

Rev. Mr. Howell will be back from Grimsby Park to occupy his pulpit next Sunday morning. In the evening he preaches in connection with the harvest festival at Ebenezer, Nassagaweya, and Rev. Victor Gilpin will preach here.

Canadians Win Good Words.

A recent issue of the Gloversville, N. Y., *Daily Leader* says Peters & Ramsey is the name of a newly constituted firm on Washington street, engaged in the grocery and bakery business. John Ramsey, the junior member of the firm, has been for several years past one of the *Leader's* most valued staff, and during his entire service as such has always proved himself a young man worthy of our highest regard. He has qualities which naturally attract friendship, and which we believe, will prove advantageous to him as a business man. The *Leader* extends kindest wishes to the new firm and hopes to record for its members an abundance of prosperity. Mr. Ramsey spent his initial years at printing on the FREE PRESS staff, during the residence of the family in Acton, and Mr Joseph Peters was most popular here when occupying the position of manager of Mr I. G Matthews' baking business.

Encourage the Firemen.

Acton's firemen are for the most part a faithful lot of fellows when any work is required of them. They attend the weekly practice, obey orders, and are not afraid of work, even if it means a couple of hours at a time for the perfection of the fire system. In scrutinizing the personnel of the members of the company who are most regular in attending the company's meetings the FREE PRESS has been impressed with the fact that the majority are young men who have no property interest in town This being the case, should not the property owners bestir themselves to encourage this noble band of the town's defenders in every possible way? The company is working with a view to giving Acton a perfect system of fire protection, and to make the system so satisfactory that the Fire Underwriters will grant the desired reduction in insurance rates. Let a movement be set on foot to give the fire men at least an attractive uniform so that in their parades and their competitions with other companies they may present an attractive and self respecting appearance. Their outfit of engine, reels, ladders and trucks are equal to those of any town in Canada Dress the boys fittingly who accompany them.

OUT OF TOOTH POWDER!

Then get the best. The best is Ivorine "Best" because it whitens the teeth and does not destroy the enamel. Good as the best in fragrance and cleansing and polishing properties. Better than most, as it contains no acids to destroy. Better than all because pleasant, fragrant, cleansing and whitening, all the good qualities combined. Ivorine for the teeth alone can claim to be the best

THE CALL SUSTAINED.

Rev. Hugh A. McPherson to be Inducted Pastor of Knox Church on Tuesday, Sept. 1st.

The Presbytery of Guelph met in St. Andrew's Church on Tuesday to consider the call given by Knox Church, Acton, to Rev. Hugh A. McPherson, of Galt.

The call was presented to the Presbytery by Messrs. Peter Mann and C. Moffat representing the elders and Messrs. George Hynde and Robert Kennaird representing the congregation. Rev. D. Strachan, of Rockwood, who has so satisfactorily filled the position of Moderator during the vacancy, was also present.

The petition for the call bore the signatures of 252 communicants and 83 adherents and was upon motion unanimously sustained by the Presbytery. Much satisfaction was expressed by members of the Presbytery upon the well signed petition and the unanimous feeling which prevailed.

A communication from Mr McPherson was read in which he accepted the call.

The date of the induction was fixed for Tuesday, 1st September. The Presbytery is called to meet at 11 o'clock that morning in Knox Church, Acton, at which hour the public examination of the pastor elect will be held. The following examiners were appointed: Hebrew, Rev. H. F. Thomas, Preston; Greek, Rev. R. J. M. Glassford, Guelph, Church History, Rev. Mr Watson, Alma, Systematic Theology, Rev. Dr. Jackson, Galt.

The ordination services will take place at 2 o'clock in the afternoon. Rev J. C. Smith B. D., Guelph, will preach the sermon; Rev. Alex. Jackson Ph. D., Galt, will address the minister, and Rev. D. Strachan, Rockwood, will address the congregation. Rev. Wm. Robertson, M. A., Moderator, will preside.

It will be remembered that Rev. D Strachan addressed the congregation at the induction of Rev. J. W. Rae, eight years ago. The arrangement for Rev. Dr Jackson to address the new pastor is very fitting, inasmuch as he has been Mr. McPherson's pastor at his home in Galt

The congregation of Knox Church is to be congratulated upon this prompt filling of the vacancy within four months from the retirement of Rev. Mr. Rae. This is in striking contrast to the time required when the previous vacancy occurred, when the pulpit was vacant for twenty two months. Rev Mr. McPherson will receive a cordial welcome to Acton.

CREWSONS CORNERS

The heat for the past week has been almost unbearable.

A number of farmers in this vicinity will finish harvest this week.

The quickest work that we have heard of this year was done by Mr. John Soper, sr., carpenter, last week, when he built a barn 24 feet square for Mr Wm Makins, of Eramosa, in six days. He had to cut and square the timber for the frame, and the only help he got was in raising the barn. Mr. Soper is not a young man but he is a hustler and we think that he deserves the championship as the smartest known carpenter.

Mr N. Forbes has greatly improved his property here by building an addition to his stables. Mr Forbes has now one of the best stables in these parts

Rev Mr. Sabine, of Mount Forest, preached a very eloquent sermon last Sunday to a large congregation His text was taken from the Second Epistle of John a part of the fourth verse Mr Sabine is a former minister of this place and the church was suitably decorated with flowers for the occasion.

Mrs. Fletcher of Acton, visited Mrs John Crewson last week

Mrs. Sinclair, of Sarnia, and her sister, Miss Nellie Eagle, of Toronto, are visiting at Mr Wm Leichman's

Miss Campbell, of Ballinafad spent a day or so at Mr Wesley Moore's the past week

Miss Ethel McDonald and Mr M Campbell, of Eden, who have been visiting at Mr Jas Gamble's, returned home on Saturday

Mr James Soper, of Luther, visited friends and relatives here this week

Mr. J. Bell, of Lowville, is visiting her daughter Mrs. J Ramshaw, of this place

Unless profanity and foul language is discontinued in the park during baseball games self respecting people will absent themselves entirely Constable Graham threatened to stop the game because of the free use of profanity, principally on the part of one or two Milton players and their friends, on Saturday.

The landlords of the three hotels in town were before Justice Storey on Friday charged with selling liquor on Sunday The evidence of the witnesses heard failed to substantiate the charges The magistrate, however, scored the hotel men severely for allowing so many loafers about their premises on Sundays

ALL RUN DOWN

This is the condition of thousands. Squanderers have they been of rest and sleep and finally of health The mad pursuit of place, power, and pelf leaves them broken in spirit, weak in body, shattered in nerve. In the world, but no longer of it, their days are spent in desire, impotent and purposeless, for they have bankrupted health Thousands are on the road They heed not the warning that nature gives

Sleeplessness, hurtful despondency and fatigue add their mournful notes to the "still and music of humanity Tired! Tired! Tired!" You need aid! Your system requires a staff upon which to lean, and your brain rest for increasing vigile Health and strength are the alternatives of decay and death

Coca, combined with Maltine, affords that staff It will give tone to the nervous system, strength to the shattered nerves, sleep to the weary eyes and rest to the tired brain Maltine with Coca Wine will build up the body and give strength, vigor, and health to the weak and debilitated Maltine with Coca Wine is sold by all druggists.

THEY DESERVE PITY

Safety and Life Depend Upon Paine's Celery

We most sympathize with, and pity the poor, weary and jaded sufferer whose life is made miserable in the hot weather.

The healthiest of us have all we can do to withstand the enervating effects of scorching days and sweltering nights. The sick mortals heaven help them must suffer increased agony during these hot days!

The troubles that bring low the majority of people at this season are nervous prostration, nervous debility, dyspepsia, indigestion, headache, and a host of trials that result from impure and poisoned blood.

The above troubles attack men and women because their supply of nerve force is almost exhausted, Loss of this nerve force and feebleness is at the root of nearly every case of sickness

A true nerve medicine is what is needed if health is to be restored, and the dark grave avoided Paine's Celery Compound is a perfect and unfailing restorer of nerve force and power to the weakened and debilitated system It quickly cures prostration, sleeplessness, headache, dyspepsia, indigestion, it cleanses the poisoned blood and gives new life and permanent vitality and strength.

Paine's Celery Compound combines the most efficient alteratives, laxatives and diuretics, and soon restores the sick one to complete health To day it is earth's most reliable medicine, it is made for your special care, poor sufferer, and its use will implant that state of health you are so earnestly longing for.

As there are vile liquid imitations sold in many places, insist upon your dealer giving you "Paine's," the kind that cures.

To remove worms of all kinds from children or adults, Dr Low's Worm Syrup is a safe and sure remedy

The never failing medicine, Holloway's Corn Cure, removes all kinds of corns, warts, etc., even the most difficult to remove cannot withstand this wonderful remedy.

Merit Talks

Merit talks of the intrinsic value of Hood's Sarsaparilla. Merit in medicine means the power to cure. Hood's Sarsaparilla possesses actual and unequalled curative power and therefore it has true merit. When you buy Hood's Sarsaparilla, and take it according to directions, to purify your blood, or cure any of the many blood diseases, you are morally certain to receive benefit. The power to cure is there. You are not trying an experiment. It will make your blood pure, rich and nourishing, and thus drive out the germs of disease, strengthen the nerves and build up the whole system.

Hood's Sarsaparilla

WILL HANDLE

MEN'S SHOES

We have decided to add to our present stock of Boots and Shoes a full representative and complete assortment of Men's Footwear, in all the popular and reliable lines. For several years we have confined our attention to handling Ladies', Misses', Boys', and Children's Boots and Shoes, and so rapidly have our sales increased in these goods, and so numerous have enquiries become for Men's Shoes that we have decided to complete our stock of footwear by adding Men's Goods to other lines.

These goods are now at hand, and in appearance at least justify the high expectations we had formed of them. There are three points about these Shoes which are well worth your noting.

THEY ARE ALL NEW STOCK
THEY ARE ALL NEW STYLES
THEY ARE ALL AT NEW PRICES

Think of the satisfaction of making your selections from a stock which does not contain an old style, or a particle of old stock! Then, as to price, you know by this time, how we mark our Shoes. You pay us just what the goods are actually worth. No fancy prices to swell fancy profits. When we sell you a pair of shoes, we mean that the value you receive in wear and appearance, as compared with the price paid, shall induce you to come again. Our contention is that anybody can buy Shoes here at any time, to better satisfaction than in the majority of Shoe Stores, and our rapidly increasing shoe sales prove that this is no mistake. We are going to do a big business in Men's Footwear this Fall if Right Prices are an inducement.
