Severe Storm in England Yesterday.

Parliament Buildings Injured.

Telegraph Wires Prostrated.

Serious Disasters to Shipping feared.

The Spanish Ministry resigned

London, Jan. 24.—A severe storm commenced here yesterday evening and lasted all night raging with great violence. The gale at times became a hurricane, and rain poured down in torrents, flooding the lower portion of the city. The Parliament building was damaged, the water penetrating the roof in several places, and injuring the decorations and furniture. The weather reports show that the storm extended throughout the British Isles, and reached some portions of the continent. Telegraph wires were prostrated in various directions and communication interrupted. In the channel and on the Irish coast the storm was excessively severe. Serious disasters to shipping are feared, although partly owing to prostration of wires no wrecks are yet reported.

Arrived out the steamers Weser, Washington, and Perrie, from New York.

Madrid, January 24.—Sagasta Melcampo's ministry have resigned.

NEW YORK DESPATCHES.

The Wharton Trial—the jury unable to agree.

Grand Banquet to the Japanese Embassy.

Remarkable Speech of one of the natives.

The Grand Duke Alexis at St. Louis.

Mrs Wharton Declared Not Guilty.

Baltimore, Jan. 23.—A despatch from Annapolis says: The jury in the Wharton case have not yet agreed, and it is said they stand seven for acquittal and five for conviction. If no verdict is rendered the State will have the right to remove the case to any court in the State except that of Baltimore city. From present indications there will be no verdict from this trial.

San Francisco, Jan. 23.—At a banquet this evening to the Japanese Embassy the most important speech of the evening as foreshadowing the future policy of Japan was made in English by Governor Ito in response to the toast, "Our Distinguished Guests." He expressed his gratification for the kind reception given to the Embassy, and said by reading, hearing, and by observation in foreign lands our people have acquired general knowledge of constitutions, habits, and manners as they exist in most foreign countries. Foreign customs are generally understood throughout Japan. To-day we have adopted their military, naval, scientific, and educational institutions, and knowledge has flowed to us freely in the wake of foreign commerce, although our improvement has been rapid in material civilization, the mental improvement of our people has been far greater. While held in absolute obedience by despotic sovereigns, through many thousand years, our people knew no freedom or liberty of thought. With our material improvement they learned to understand their rightful privilege which for ages had been denied them. Civil war was but a temporary result: Our daimios magnanimously surrendered their principalities and their voluntary action was accepted by the general governments. Within a year a feudal system, firmly established many centurys ago, has been completely abolished without the firing of a gun or the shedding of a drop of blood.

St. Louis, Jan. 24.—The Grand Duke Alexis and suite arrived at Jefferson City yesterday morning, and were immediately escorted to the Representatives' Hall, were both houses were in joint session to receive them. A great crowd greeted the party at the depot and the Capital Building was thronged with ladies and gentlemen. Governor Brown welcomed the Duke who thanked the Governor for his kind remarks.

Annapolis, Jan. 24.—The jury in the Wharton case brought in a verdict of not guilty this morning.

New York, Jan. 24.—Arrived the steamer Northumberia, from Messina.

THE NEW MINISTER OF AGRICULTURE.

Speaking of the new Minister of Agriculture the *Northern Journal* says:—

We have known Mr Pope for a considerable period, and know that he is not only popular with his constituents, but personally respected in the District of St. Francis. He has made considerable exertions in the cause of emigration, and is not likely to pause when he enters on his new sphere; he will not be a diletante Minister. In politics we are not in sympathy with him, nor never were, but one thing we admire him for—he never betrayed his friends. If he has enemies we never heard of them.

The *Northern Journal* is politically opposed to Mr Pope. This tribute to his worth is therefore doubly valuable.

THE COALITION.

The Toronto *Leader* says:

"We are not condemning the present Government, *because* there is a coalition, but because they used an anti-coalition cry to enable themselves to carry on a Government of the same character."

The crime Mr Blake committed was inciting the electors to believe that Mr Macdonald's Cabinet must be corrupt because it was a coalition one. Yet when called on to form a Government his first act was to bribe a Conservative to join him by the offer of the Crown Lands. Had Mr Blake fought Mr Macdonald on other grounds and beat him he would have been free to construct a coalition Cabinet. Whereas now a stigma rests on Mr Scott for having deserted his friends on a false issue and contrived the fall of his party. The only redeeming feature in his conduct was that he bound Mr Blake down to accept him as a Conservative, giving his friends to understand that he entered a Coalition Cabinet as a Conservative. The Grit party are of course furious at Mr Blake's stupidity and folly because he could have framed a pure party Government, while the *Globe*, now that it has secured the price of its support, plays the part of braggart and swears that the Blake Cabinet is not Coalition. One almost sympathises with the Grits as being thus betrayed and then insulted.—*Montreal News.*

Louisville, Ky., Jan. 21.—At ten o'clock this morning a young man named Theodore Thorn in a fit of insanity shot his sister Mrs Green, and her two daughters Wilhelmina, aged twelve years, and Larmina, aged eight years. The two former were shot in the stomach, and will probably die. The latter was wounded in the hip, and will recover. Thorn also attempted to shoot his brother-in-law and then put the pistol to his own head and fired. The bullet glanced, inflicting a painful but not dangerous, wound. Thorn is now in hospital. He will be arraigned in the City Court to-morrow morning, where application will be made to send him to a lunatic asylum. All are respectable Germans. Green keeps a grocery at the foot of City street and lives in the rooms above, where the tragedy occurred.
