CABLE NEWS

(Special Despatch to Daily News.)

London, Dec. 27.—Of the thirty persons lost by the wrecking of the Allan line steamship Germany at the mouth of the river Garond twelve were passengers, but one of them was an American.

While a missionary meeting was being held in Salford last night the floor of the building gave way, precipitating one hundred persons a considerable distance. Many of them were injured, some it is feared fatally.

A special despatch to the *Times* from Berlin says:—Lord Lofus, the British Ambassador at St. Petersburg, has delivered a note to Prince Gortschekoff informing him that England will abstain from interfering with the Russian progress in Central Asia if it does not threaten Afghanistan. Nine thousand Khivese troops are now besieging the Russian forts on the Emba river. Another force of two thousand men is depredating on the Russian fisheries at the mouth of the Emba, and reinforcements have been sent to the Russian troops in that locality.
