The Acton Free Press

THURSDAY, JUNE 15, 1899.

NOTES AND COMMENTS.

At Napanee the other day a man was awarded $700 damages at the Assizes for the fracture of a leg, caused by getting entangled in a defective plank walk. At the Kent assizes the same week, a resident of Chatham relieved the corporation of that city of $400 for injuries sustained by a fall due to a rotten plank in a walk.

According to a return just brought down, 32,250,000 Jubilee stamps and 7,000,000 one-cent Jubilee post-cards were issued by the Government, the cost of manufacturing being $12,050. Of the present issue of stamps, which were placed on sale in November, 1897, 312,250,000 were printed, and 30,500,000 post-cards.

By general order, dated 1st December, 1893, the sale of intoxicating liquors in regimental messes and canteens at camps of instruction was entirely prohibited. This order is still in force, and the Minister of Militia has caused orders to be issued that henceforth the general order above mentioned is to be followed in its entirety.

A number of Public School Boards throughout the Province have petitioned the Department of Education to be relieved of the burden of a Collegiate Institute, on the ground that it is a hindrance to good work in the Public Schools. It is suggested that there be fewer Collegiates and High Schools, better equipped, and that the pupils be charged a fee.

The Boston Manufacturers' Mutual Fire Insurance Company, in response to many inquiries from its members, has had the subject of acetylene lighting, including its advantages and dangers, and the proper appliances to use for the purpose, carefully examined, and, as a result of its examination, advises its members not to try the experiment of using it at present, until better methods and appliances are available than any yet put on the market.

The *Scottish Farmer*, a paper of national reputation, is devoting considerable space to Canadian topics. In a recent issue it gave a condensed resume of Manitoba's agricultural production and wealth, with comprehensive statistics relating to the developement of the Province. The article is prefaced with the statement that "already this year nearly 800 farmers, farm servants and others with families, have left Scotland to try their fortune amongst the kith and kin in the Dominion."

The Manitoba farmers who have beef cattle to sell this spring will reap a harvest, as prices are very high, as much as five and half cents a pound being paid on the farms. An enormous trade has been done for several months past in stockers, the province having been scoured by buyers from the States and the North-West Territories, who have paid from $12 to $18 for yearlings. A prominent rancher says that the Territorial ranchers can take all the stockers that the Manitoba farmers can raise, and urges that they should pay particular attention to this branch of business.

Among the amendments of the Municipal Act during the last session of the Legislative Assembly of Ontario, of which little mention has thus far been made in the public press, is one providing that newspaper publishers who are members of municipal councils or public school boards are not thereby debarred from inserting as advertisements, without any public notices and resolutions, payment therefor. The amendment is intended to remedy a very anomalous condition of affairs and to apply to municipal corporations an exception in favor of Journalists, the principal of which has already been embodied in the Provincial Elections Act.

1874—1899.

Mr. and Mrs. George Mulholland Celebrate their Silver Wedding.

On Tuesday, 1st June, Mr. and Mrs. George Mulholland, of the first line Esquesing, near Acton, celebrated the twenty-fifth anniversary of their marriage at their beautiful home, in the presence of a large number of guests.

The occasion was a most enjoyable one and the following complimentary address was presented:

TO MR. AND MRS. GEORGE MULHOLLAND:

On behalf of your relatives and friends, we beg to tender you our sincere congratulations on the completion of the first quarter of a century of your married life, and we extend to you our best wishes for the remainder of your married life, and we trust that the former is but an earnest of your happiness and joy in the happy married state, and that you also are destined to enjoy the full measure of conjugal felicity which we understand is the portion of those who have lived as you have lived, and who have stood shoulder to shoulder and stood as one, during your married life, have reached to you.

It is a matter of the keenest pleasure for us that we now, looking back at the years that have long since been lived, can, and do, give the fullest evidence of the possession of those qualities which on this day, a quarter of a century ago, we predicated of the young people then plighting the most important vows, taking of hand for life.

We, we think, know of no union that, day, which, twenty-five years ago, we now consider, more fully realized the hopes and aspirations of those who knew the young people then plighting their troth.

EVERTON.

The Bridge Co. finished setting the new bridge last week. It is quite an acquisition to the place.

There were over fifty vehicles at the funeral of the late Henry Maud last Thursday. Rev. D. Sharpe conducted the services.

For three weeks Miss M. Black, Miss A. Abbot, and others have been training the Disciples S. S. scholars for a Children's Day exercises, which was nicely given Sunday morning. The singing by the choir and school was good. The church was beautifully decorated with flowers. The workers deserve credit for their faithful labors.

On Sunday evening we were furnished with an excellent sermon by Rev. Mr. Cranston of Rockwood.

Mrs. Marshall returned Monday evening after a few days visit with friends in Toronto.

Miss Shanklin, of Toronto, is visiting her friends at the Makings' home here.

We all expect to enjoy the convention here this evening.

CREWSONS CORNERS.

Death has again made its appearance in our neighborhood and carried off one of our highly esteemed young ladies in the person of Miss Charlotte G. Worden, eldest daughter of the late John Worden, who passed away on Saturday evening after a lingering illness. Although her death was not unexpected she will be greatly missed, both at home and by a wide circle of friends. Her sorrowing friends have the sympathy of all in their sad bereavement.

The many friends of Rev. S. W. Holden will be pleased to know that he is to remain on this circuit another year, and that the church is to be kept open.

Rev. Mr. Stafford, of Toronto, will preach in the church here next Sabbath, at the usual hour, 11 a. m.

Mrs. Orr, of Orton, who is visiting her daughters, Mrs. Gray and Mrs. Lamb, is in very poor health. Her many friends hope that she may soon recover.

Mr. and Mrs. Jas. Gamble spent Sunday at Mr. D. Copeland's, Georgetown.

Mr. C. A. Ramshaw spent a few days last week at his brother's, Mr. Jas. Ramshaw of this place.

Miss Lottie Cann, who has been visiting friends in Erin the past two weeks, returned home last week.

Miss Jessie McDonald, of Orangeville, and Miss Nellie Brown, of Acton, visited at Mr. Jas. Gamble's on Tuesday.

THE DISCIPLES OF CHRIST.

The Annual Convention at Toronto Concluded—Will Meet in Guelph in 1900.

TORONTO, June 8.—The business of the convention of the Disciples of Christ was concluded to-day. Sunday was devoted to special services in connection with the work of the church. Immense congregations were present, and inspiring addresses were given by prominent delegates.

On Saturday morning the reports of the various committees were presented. That on statistics showed that the church numbered 9,868 members, who were actively engaged in the work, besides 685 who had not yet joined any particular congregation, a total of 4,600. There were 70 congregations and 70 church buildings and the value of the church property was $61,775. There were 776 baptisms during the year. The report of the treasurer of the convention showed receipts for mission funds of $2,181 and expenditures of $1,911. There was a balance on hand at the beginning of the year of $850, and the church carries forward this year a balance of $118. The Committee on Education reported the progress of that branch during the year, and stated that a greatly increased interest had been noted in public lectures in the work.

The report of the Committee on Nominations recommended that the following be appointed as Board of Managers:—[illegible] John Campbell, St. Thomas; [illegible] Thomas Whitehead, [illegible]; Hugh Black, Brockville; Archibald Sinclair, London; O. A. Fall, Toronto; S. Graham, London; J. Gillies, Cobourg; Hugh McCully, Hamilton.

The Committee on Obituaries stated that [illegible] Bolt, [illegible]

NOTES FROM CAMP NIAGARA.

The Brigade in General and Company G, Lorne Rifles, in Particular.

DEAR MR. EDITOR:

I know you and your readers are interested in the boys at camp and consequently have pleasure in sending you the following notes:

We picked up the other companies of Halton Battalion last Tuesday at Georgetown, Stewartown, Milton and Burlington and as each company was added, a general renewal of acquaintances amongst officers and men took place and considerable hilarity resulted. We left Burlington about 1 o'clock and got settled in camp about 6.30 p. m. We were about three hours on the lake, giving us an elegant sail.

Our tents were all pitched for us and when we got our knapsacks unloaded the bugle called for supper, quite a distinguished feature for the first night in camp. We lined up and marched to the mess tents; the men going to one tent the sergeants to another. Here we were waited upon by attentive waiters and an officer came at intervals to report any complaints, and, I believe the most serious was that the tea had been watered, which in camp life is not too serious, at least on first offence.

The 20th generally has excellent officers, but No. 6 has every reason for believing they have the best. They are taking a keen interest in the men and their success, and the men appreciate it and do their very best to come up to the highest ambition of their commanding officer. The company has greatly improved during the past week and the men are determined to lead the whole camp in fact, not to mention the 20th alone, in general efficiency. It is admitted that No. 6 leads the 20th in general physique and will bring back to Acton the honors they already hold and more also.

I expect No. 6 will figure conspicuously in the coming concert of the camp, as we have in our midst some of the best singers and instrumental musicians in this camp of some 4000 men.

The Y. M. C. A. tent at camp is well attended. Services have been conducted by Evangelist Crombie, of London, every evening.

The camp had church parade Sunday morning. It was a fine sight to see the men formed up in a hollow square for service. Major-General Hutton addressed the parade after service but our company was so far from the front to hear what was going on. We expect to be reviewed next *Friday* by the Major-General.

Sincerely yours,
A NON-COM.

Camp Niagara, June 12th, 1899.

AN OPERATION EVADED.

MR. R. A. SIZE, OF INGERSOLL, ONT., TELLS HOW IT WAS DONE.

Symptoms of Appendicitis—The Way They Were Relieved—The Sufferer Now Well and Working Every Day.

From the Chronicle, Ingersoll, Ont.

In February, 1898, Mr. R. A. Size was taken very ill, and was confined to his home for several weeks. We heard that he was to go to the hospital to have an operation performed, but the operation never took place, and as he has started to work again and in apparently good health, we investigated the case and found that he had been using Dr. Williams' Pink Pills for Pale People. Mr. Size is a highly respected citizen of Ingersoll, having resided here for over thirty years, and has been a faithful employee at Messrs. Parlo & Son's flouring mills for over nineteen years. When asked by a *Chronicle* reporter whether he would give an interview for publication, telling the nature of his disease and his cure, he readily consented. Mr. Size gave the details of his illness and cure as follows:—

"In February I caught a heavy cold which seemed to settle in my left side. The doctor thought it was neuralgia of the nerves. It remained there for some time and then moved to my right side, in the region of the appendix. We applied everything, and had fly-blisters on for forty-eight hours. They never even caused a blister and did the pain no good. The doctors came to the conclusion that the appendix was diseased and would have to be removed. The pain was very great at times, and there was such a stiffness in my ankles, also in my hand, and pain all over my body. The day and date was set for an operation, and I was reconciled to it. About a week before I was to go to the hospital my wife was reading the *Chronicle*. She read an account of a man who had been cured by the use of Dr. Williams' Pink Pills. The symptoms of the disease were so much like mine that she became interested and wanted me to give the pills a trial. I had little faith in the pills but as my wife seemed to be anxious that I should take them, I consented. The day for the operation had now arrived, and I told the doctors that I did not think I would go to the hospital for a while as I was feeling better. I continued the pills, and was greatly surprised and pleased with the result. I continued to improve, and have long since given up all idea of an operation. When I started to use the pills I was unable to walk, and suffered something awful with the pain in my side. It was just five weeks from the time that I started the use of the pills, until I was able to walk again and I had been doctoring three months before that, and I have been working ever since. Altogether I have taken sixteen boxes of the pills, and they have done me more good than all the doctors' medicine I ever took in my life. I have now every confidence in Dr. Williams' Pink Pills and think that they are the best medicine in the world to-day. Certainly that is what they have been for them. I would have had to go through the ordeal of an operation and perhaps would not have been living now. I hope that by making this public it will be of benefit to others, as it was through one of these articles that I first learned of the unequalled qualities of the pills.

The public is cautioned against numerous pink colored imitations of these famous pills. The genuine are sold only in boxes the wrapper around which bears the words "Dr. Williams' Pink Pills for Pale People." If your dealer does not have them they will be sent postpaid at 50 cents a box, or six boxes for $2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

Men should spend every day as if at the end of it they were to be called before God for judgement.

REAL YOUTH. When you see a man old enough to be a grandfather pick up a heavy trunk and march off with it on his shoulder you realize that a man may be young at almost any age if his blood contains the elements that youth is made of. That is the sort of youth that Dr. Pierce's Golden Medical Discovery puts into a man's veins. It gives him digestive power; it turns his food into good nourishing blood; it enables the liver to keep that blood pure and free from bilious poisons. It fills him with muscular strength and vitality. It makes him in the truest sense young again, and keeps him so.

"I am pretty well now, for a man of sixty-three years," says Mr. John Larson of Ashby, Grant Co., Minn. "I had been very badly troubled for many years with dyspepsia, also nasal catarrh, and got so bad and weak that I could not work.

"I could hardly eat anything without vomiting; had a pain in the stomach and a burning sensation coming into the throat. I took Dr. Pierce's Golden Medical Discovery and 'Pleasant Pellets,' and can truly say these medicines have helped me wonderfully. I commenced taking them in the fall and used them all winter. I took fifteen bottles of the 'Discovery' and six of the 'Pellets' according to directions, and must say that both are good honest medicines.

"I improved right along from the very beginning. I just stopped taking medicine in the latter part of May and then felt as well as ever in my life. I can eat all kinds of food and it doesn't cause me any pain in my stomach now as it always did before; took Dr. Pierce's medicines. I can cheerfully say to the public that they need not hesitate in taking Dr. Pierce's Golden Medical Discovery for dyspepsia; it will eradicate and cure the disease if anything will."

If you are in poor health write to Dr. R. V. Pierce, of Buffalo, N. Y. It will cost you nothing whatever for his advice although he is at the very head of his profession in the treatment of obstinate chronic diseases.

Two Kinds of Men

There are two kinds of men to be found everywhere — those who are obliged to dress roughly while at work and those whose occupation involves no difference in attire. For the laborer we have heavy, substantial boots; for the business man comfortable, sensible shoes; for the boys and girls good knockabouts, and for the ladies the latest novelties in footwear.

AGENTS WANTED—For "The Life and Achievements of Admiral Dewey," the world's greatest naval hero. By Murat Halstead, the life-long friend and admirer of the nation's idol. Biggest and best book over 500 pages, eight by ten inches; heavy 100 pages halftone illustrations. Only $1.50. Enormous demand. Big commissions. Outfit free. Chance of a lifetime. Write quick. The Dominion Company, 3rd Floor Caxton Bldg., Chicago.

Remarkable Rescue.

Mrs Michael Curtain, Plainfield, Ill., makes the statement, that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefited from first dose. She continued the use and after taking six bottles, found herself sound and well; now does her own housework, and is as well as she ever was. Sold by J. D. McKee, large bottles 50 cents and $1.00.

Amusement is not an end, but a means.

Four Parcels of Valuable Property in Acton

FOR SALE.

THE following property belonging to Mr. PATRICK KELLY, now of Buffalo, is offered for sale at low prices and easy terms:

PARCEL 1—That fine brick residence and two lots on the corner of Church and Guelph streets. Contains 8 rooms, hard and soft water, splendid orchard and good garden.

PARCEL 2—Good building lot 66 x 132, on Guelph Street, next to Alex. Ramshaw's new residence, upon which is a young orchard.

PARCEL 3—The store and dwelling on Mill street, occupied by Gurney Bros., who carry on a general business. In splendid location, central and convenient.

PARCEL 4—Three good building lots at the corner of Young and Mill Streets. A splendid site for a manufacturing establishment, owing to its proximity to G. T. R. depot.

For terms and particulars enquire at the office of

W. H. DENNY,
Young St., Acton.

Valuable Property in Acton

FOR SALE BY TENDER.

SEALED tenders will be received by the Secretary of the Trustee Board of the Baptist Church, up to Saturday, 10th June, for the purchase of:

1. That most eligible building lot No. 17, in Block B, having a frontage on Mill Street of 66 feet; on Willow Street of 66 feet, and about 57 feet in width at the rear. The lot is conceded to be the most valuable available building lot in this enterprising town for mercantile purposes. It is very central being immediately opposite the post-office, and in the centre of the business section of the town. It is entirely unobstructed being clear of buildings.

2. The old Baptist Church and the lot upon which it stands. The lot is about 40 x 66 feet, and is situated on Elgin Street, and only one lot removed from Mill Street. The church building is a timbered frame, plastered outside and in; it is about 30 x 48 in size; could be converted into a dwelling, or would be suitable for a small manufactory or storehouse with very little expense.

The title to both these properties is indisputable. Possession of lot on Mill and Willow Streets, immediately; and of the church and lot as soon as the new edifice is completed.

TERMS OF SALE—Ten per cent. of purchase money when sale is effected, the balance as may be arranged with the Trustees. The highest or any tender not necessarily accepted.

Trustees, { James McIntosh, Samuel B. Wordell, James L. Warren, Sec.-Treas.
