CROPS IN ONTARIO.

The crops in Western Ontario are looking unusually well. The spring grains were got in rather later than usual, and much of the land was wet and soggy and hard to get into proper shape. Since seeding the weather has been favorable and the growth has been steady. June finds everything growing well, the trees are in splendid foliage, and the greenness of the fresh leaves very beautiful. Fall wheat has picked up a good deal. Much of it was winter killed and some had to be resown, but all has improved the past few weeks. There has been a large area put under pease, this perhaps, because it is now the favorite crop to precede autumn wheat. Oats got in early have done very well and promise an abundant yield. Barley also looks well, but has a small area sown. Some think there has not been as much corn put in as last year. Clover was much hurt by the severe winter, and orchard grass, in many places, was also killed. The May moisture helped very much the new hayfields and will make up in some measure for the loss of clover. Altogether the prospect is unusually bright both for the farmer and his stock.

NOTES AND COMMENTS.

The trade figures of the Dominion for the eleven months ending May 31 show an increase in the aggregate trade of $14,710,360 over the same period last year.

Donald Macnish, Liberal member for West Elgin, has resigned his seat. The approaching trial promised to reveal illegal action on the part of over-zealous supporters.

The Nashville *Advocate* says: "The managers of the great Canadian railroads, seven in number, in reply to a letter asking them if they 'considered the drinking habits of applicants for positions, and what rules, if any, they had regarding the drink practices of men already employed,' state positively that they will not employ a man who drinks or retain an old employee who offends against this rule.

We notice that in place of wasting so much public money annually in the building and futile mending of plank sidewalks, not a few of the more important towns and villages are these days adopting the more modern and business-like method of putting down permanent walks, such as vitrified brick, granolithic, and such like, not merely on a few of the more important streets, but on streets generally. But this town still goes on wasting money nailing planks to decayed stringers, under the idea that it is practicing economy.—Milton *Reformer*.

At the Manitoba Methodist Conference the following motion was unanimously carried: "To Premier Greenway and the members of the Government of the Province of Manitoba—We, the clerical and lay delegates of the Methodist Conference now assembled, wish to express our appreciation and approval of the assurance given by you to the temperance deputation which waited upon you, which assurance, we understood to mean that the fullest prohibitive legislation that the connection of the Province with the Dominion will permit will be enacted before the dissolution of the present Legislature of Manitoba, and we sincerely hope that no tardiness of the Dominion Government in dealing with this great question will prevent or delay the immediate crystallization by your Government of the overwhelming temperance conviction of this Province into prohibitory legislation."

PROVERBS IN ADVERTISING.

You must have noticed in all the newspapers and high-class publications all over the country the new and original advertising of Hood's Sarsaparilla. Some proverbs are as old as the race; others develop as time goes on, and express human experience or practical truth in a forcible manner. The applications of these essences of wisdom—in the shape of proverbs, old sayings, wise saws, couplets or other quotations—to the merit and truth of Hood's Sarsaparilla has attracted attention everywhere for originality, striking force, and impressive effect; while the quaint type in which they are set, called Jensen italic, makes them additionally peculiar as well as more attractive. Every person who has ever taken Hood's Sarsaparilla and who reads one of these modernized, up-to-date proverbs, at once says to himself, "That's just so! It's true about Hood's!" Many who have never taken this medicine, say on reading these proverbs, "That's common sense. I'll take Hood's." If you have overlooked these proverbs, read the few which are published in this paper and then give Hood's a trial. You'll like it, for it will do you good.

PROTEST DISMISSED.

John R. Barber Continues in his Seat Without the formality of Another Election.

NO EVIDENCE OFFERED.

For several months there has been more or less loud talk respecting the probable outcome of the protest against the return of John R. Barber, as member of the Provincial Legislature for Halton, in the recent bye-election.

The trial of the petition against Mr. Barber came up at the Court House, Milton, at 10 o'clock Monday morning. No evidence was offered in support of the petition, and it was dismissed without costs. Mr. Denton stating that he had no instructions from Mr. Barber to ask for costs.

This ends the protest nuisance, for the present parliaments at least, in both houses.

GEORGETOWN.

Mr. Fred W. Barber has just received the appointment of superintendent of the big Northwest farm which is now being established by sir William Van Horne, chairman of the Canadian Pacific Railway Board.

The Epworth League gave a delightful musical evening on Monday.

Miss Lindsay who has been on the teaching staff of the High School for five years, during which she has given the Board and pupils entire satisfaction, has resigned and this will be a cause for general regret.

The citizens generally of this good town are much pleased with the result of the election trial on Monday, by which John R. Barber, M. P. P., was confirmed in his seat.

NASSAGAWEYA.

The tenth annual Bloomsbury pic-nic will be held on Dominion Day in McKinnon's Grove, lot 25, con. 6, Nassagaweya. A new platform has been erected and a programme which will insure a big afternoon of pleasure is being arranged. The funds are to be applied to the repairing of Bloomsbury School.

Misses Maggie and Lizzie Zimmerman, sisters of Evangelist Zimmerman, wheeled out from Hamilton and spent Sunday with their aunt, Mrs. Langrill. Miss Minna Langrill, who was summoned to Armada, Mich., owing to the illness of her nephew, Clynton, only son of Dr. L. H. and Mrs. Wilson, returned home with the bereaved parents to Mrs. Langrill's, mother of Mrs. Wilson, from whence the funeral proceeded to the Ebenezer Cemetery.

ERAMOSA.

Mr. Fred Smith, Eramosa, has sold a fine pair of carriage horses to Mr. Wm. Wallace for shipment to Glasgow.

A very successful lawn social was held at the residence of Mr. W. J. Rudd, Eden Mills, last Friday evening. An interesting feature of the programme was the representation of the countries, England, Ireland, Scotland, United States and Canada, in short addresses by Revs. S. Couch, Aberfoyle; Dr. Scanlon and A. Blair, Nassagaweya; J. F. Kay, Guelph, and S. W. Holden, Rockwood. An excellent time was spent by all present. The Brookville band was in attendance.

According to the will of the late John Clark, Eramosa, $25,000 of this estate goes to the Methodist Missionary Society and $10,000 to the Methodist book fund.

MILTON.

Prior to their removal from Omagh, Mrs. Clarke, wife of Rev. T. R. Clarke, was made the recipient a purse of $80.

The election trial on Monday fizzled out very quietly, and John R. Barber remains the local member for Halton.

Rev. Mr. Mahaffy was a delegate to the General Assembly at Hamilton.

The hotel property at Hornby, formerly occupied by David Lindsay, will be offered for sale by public auction on the premises on Friday.

The Ladies' Aid of Boston Church will give a garden party at the residence of Mr. James Muarry, Lot 6, 4th Line, Esquesing, on Tuesday evening, June 27th.

Rev. D. W. Snider, who has been pastor of the Methodist Church here for the past three years, and who will go from here to Simcoe, preached his farewell sermons on Sunday.

Milton is to have a customs house on a small scale. Postmaster Hannant will be the collector.

CREWSONS CORNERS.

Quite a number from this vicinity intend taking in the Halton excursion to the O. A. C. on Saturday, 24th.

Messrs. Robt. Wansbrough and Wm. Carrol attended the Eramosa S. S. Convention at Everton last Thursday as delegates.

Rev. W. E. Stafford, of Toronto, delivered a very impressive sermon to a large congregation in the church here on Sunday.

Our volunteers arrived home from camp Niagara about 4:30 Saturday afternoon. The boys were well pleased with their outing; the weather was very hot most of the time and consequently the boys returned much darker than usual. They speak very highly of their officers.

On Friday last Mr. Oliver Lasby raised a fine new barn, 40 x 48, on his farm, Nassagaweya. The structure went together without a hitch and reflects credit on the framer, Mr. Chas. Lasby. Sides were captained by Messrs. Angus McTavish and Nelson McLaughlan, the former's side coming out in advance. The assembled company numbered over one hundred, of which a fair sprinkling were ladies. It is needless to say that those present were treated with true courtesy by Mr. Lasby and his son and daughter.

Mr. Wm. Plank, of Esquesing, also raised a fine barn on Thursday afternoon.

Miss Kate Hales, of Acton, spent Sunday at Mr. G. Cann's.

Mr. Robert Cripps returned on Saturday from a trip to Buffalo.

Miss Aggie Anderson, of Acton, spent Sunday at her home here.

Mr. and Mrs. James Ramshaw spent Sunday with friends in Lowville.

Mr. George Cann was in Hamilton on a business trip this week.

A CLEVER AUTHOR AND HIS BOOKS.

Great and very deserving popularity came to Mr. Henry Seton Merriman as a result of his clever books "The Sowers," "With Edged Tools" and "Roden's Corners." This popularity is being very much endangered by the placing on the market in the United States and Canada of books suppressed many years ago by him, because they were the products of his immature and youthful days. His English publishers, Messrs. Smith, Elder & Co., state that "Prisoners and Captives" and "Young Mistley" were suppressed some years ago by their author.

These, unfortunately are now being resurrected in Canada and the United States and bought by the public as new books. Messrs. Smith, Elder & Co. say that "Dross" is the only book written for publication this year and that there will be no other complete book from Mr. Merriman this year.

Readers of "Dross" will welcome again the sparkling dialogue and engrossing plot that did so much to win the first place in current fiction for "Roden's Corners" and "With Edged Tools." All booksellers sell it. Published in Canada by The W. J. Gage Co., Toronto. Cloth, $1.25; paper, 75 cents.

Crutches Thrown Away.

THE REMARKABLE CASE OF A YOUNG GIRL IN WALKERTON.

For Three Years She Could Only go About With the Aid of Crutches—Had to be Helped in and Out of Bed—Her Restoration to Health Was Unlooked For.

From the Walkerton Telescope.

A couple of Walkerton ladies were recently discussing the case of a mutual friend who, owing to the sudden development of a bad attack of sciatica, had been compelled to take to her bed, when a third lady present, but who was a stranger to the young woman in question, made the remark, "I would advise your friend to take Dr. Williams' Pink Pills." Asked to give her reasons for making this recommendation she proceeded to give the details of a most remarkable cure that had been effected by Dr. Williams' Pink Pills on the daughter of her neighbor, a Miss Rebecca Greenhow, and the story as told by this lady, having subsequently been repeated in the hearing of the editor of this paper, we decided to investigate and find out from personal inquiry all the circumstances of this seeming remarkable instance of the power of medicine over disease. That evening we called at Mr. Greenhow's residence. Both Mr. and Mrs. Greenhow were at home, but their daughter had gone down town. "Yes," replied Mrs. Greenhow in answer to a question in regard to the reported cure, "My daughter has been cured; I believe Dr. Williams' Pink Pills saved her life." She then gave the circumstances of her daughter's illness and cure as follows:—

"Rebecca, is now seventeen years of age. When she was eleven she was attacked with tonsilitis and following this for the next three years she never had a moment free from pain. She began to complain of pains all over her body but chiefly in her back. She became so weak and run down that she was unable to walk without the assistance of a crutch. The doctor said she was suffering from inflammatory rheumatism brought on by an impoverished condition of the system. He prescribed various remedies but nothing seemed to do her any good and finally we decided to try another doctor. He also pronounced the trouble to be rheumatism but though he gave her bottle after bottle of medicine, she continued to grow weaker. By the end of the second year she was unable to leave the house and could only move from one room to another by the use of her crutches. We were advised to get her an electric belt and did so, but though she wore it for a long time it did her no good whatever. During the third winter she became so very bad that she had to be assisted into and out of bed, and could not even raise from a chair without assistance. We had given up all hope of her recovery when a Mr. John Allan, who had himself been similarly afflicted, but who had been cured by the use of Dr. Williams' Pink Pills, advised us to give them a trial. We had tried so many things without success that we hesitated to accept his advice, but he insisted so strongly that we finally yielded. The first five boxes seemed to produce no change, but before she had finished the sixth box we were sure we could notice some improvement, and we felt encouraged to continue their use. From that on she continued to improve steadily, and by the time she had taken eighteen boxes every trace of pain had left her. She threw away her crutches and soon forgot that she had ever needed them. For months past she has been filling a position in the rattan factory and can work as well as anyone. Indeed I do not believe that there is to-day a healthier girl in Walkerton."

Such is Mrs. Grenhow's story of the cure of her daughter through the use of Dr. Williams' Pink Pills after years of great suffering. We may add that a day or two later the writer called once more at the Greenhow abode in the hope of seeing the young lady herself. This time she was at home and she came into the room. She presented an appearance of the most perfect health. She repeated the story of her sufferings in substantially the same terms as her mother had done, and like her mother, gives all the credit to Dr. Williams' Pink Pills.

Rheumatism, sciatica, neuralgia, partial paralysis, locomotor ataxia, nervous headache, nervous prostration, and diseases depending upon humors in the blood, such as scrofula, chronic erysipelas, etc., all disappear before a fair treatment with Dr. Williams' Pink Pills. They give a healthy glow to pale and sallow complexions. Sold by all dealers and post paid at 50c. a box or six boxes for $2.50 by addressing the Dr. Williams' Medicine Co., Brockville, Ont. Do not be persuaded to take some substitute.

Many a brave man leads a women to the altar and then resigns his leadership.

The Trade Winds

Blow strong since Nerviline is in the market. Nerviline is the great nerve-pain cure. Its penetration and pain subduing power is such that relief is almost instantaneous. Try it and be convinced.

"Go: You Are Free!" If you were in prison and a good spirit suddenly opened the door and said "Go: You are free!" you wouldn't stop to ask whether the key that opened the door was the regulation pattern or not. If it opened the door, that is enough. Thousands of women who are sick and suffering might speedily be made strong and well again if it was not for an unreasonable prejudice against any but so-called "regulation" methods.

"Three years ago I was almost gone with womb trouble," says Mrs. Jennie J. Jackson, of Ferguson's Wharf, Isle of Wight Co., Va., in a letter to Dr. R. V. Pierce, of Buffalo, N. Y. "I tried many different medicines and got no better until I tried Dr. Pierce's medicines. The first bottle gave me ease. I have taken six bottles and I feel as well as ever in my life.

"My doctor did not have any faith in 'patent medicines' but he says '*something* has done you good.' I know it I had not taken Dr. Pierce's medicine I could not have lived long on. I was nothing but a skeleton. I was so thin in flesh that it hurt me to lie down. Now I am well, and can work hard all day and do as much walking as I ever did, and sleep well all night. I can never be thankful enough for the good Dr. Pierce's medicines did me."

Dr. Pierce is a regular graduated and educated physician. He has had a more practical life-long experience with all forms of women's diseases than any other doctor in this country. His "Favorite Prescription" for female complaints is the most marvelously effective remedy for this purpose in the world.

Suffering women need not hesitate to write to him. All letters are held sacredly confidential and free advice will be sent by mail in plain sealed envelope.

Constipation is a little illness that if neglected builds a big one. Dr. Pierce's Pleasant Pellets cure constipation.

There is no point in the life of a Christian man where he cannot say that it is better further on.

LIMEHOUSE.

A very pretty wedding took place on Wednesday afternoon, June 14th, at the home of the bride's father, Mr. James McDowell, when his eldest daughter, Minnie, was united in wedlock to Mr. David Ross, of the fourth line. They were married in the bay window under a beautiful floral bell in the presence of about one hundred and fifty guests. The wedding march, which was played on the bag pipes, sounded charming. The bride was attired in white organdy and looked the picture of loviness, while the bridegroom wore that happy look which all men wear on such occasions. Miss Elliott, of Acton, acted as bridesmaid, while Mr. Jno. McDowell, brother of the bride, supported the groom.

Mrs. Jno. V. Kannawin is at present visiting friends in Shelbourne.

Mrs. John Moore visited relatives in Toronto last week.

Death, the grim reaper, has visited our little village again, and this time has carried away one of our brightest and best-beloved little sons, in the person of Henry LaPoidevin, aged thirteen years, only son of Mr. H. LaPoidevin, foreman of the Lime Works. Just one week before his death Henry complained of a sore knee. He went to school as usual, but when he returned home he acted so strangely that it was thought best to consult a doctor, and Doctor Nixon, of Georgetown, was called in He worked most faithfully on the case and called in his partner, Dr. Webster, and also Dr. Howitt, of Guelph, in consultation. However, all their combined skill could not save his life and poor little Henry passed away after a week of trouble and suffering. The gloom which has settled down over our village is proof of the esteem in which Henry, although only a boy, was held, and also of the sympathy which is felt for the bereaved family.

A meeting was held at Mr. McDermid's home on Monday evening to make final arrangement for the garden party which is to be held on Tuesday, 27th June, but owing to the death of little Henry La Poidevin, it was postponed.

Salvation's free, but it's probably because the attention of the trust promoters has not been called to it.

Though it is never quite safe to take a man at his own estimate, yet if you would form a correct opinion of him you must know what he thinks of himself.

That Throbbing Headache

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for sick and nervous Headaches. They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cts. Money back if not cured. Sold by J. D. McKee, Druggist.

A man may shut his eyes to a painful truth, but he seldom shuts his ears if the aforesaid truth happens to be about his neighbor.

It may seem very strange to you that another man should differ from you on an important question of morals or religion, but it is really no stranger in his sight than that you should differ from him.

A man who claims to have a great amount of sand should reflect that that strata is popularly known to be a shifting quality.

Four Parcels of Valuable Property in Acton

FOR SALE.

THE following property belonging to Mr. PATRICK KELLY, now of Buffalo, is offered for sale at low prices and easy terms:

PARCEL 1—That fine brick residence and two lots on the corner of Church and Guelph streets. Contains 6 rooms, hard and soft water, splendid orchard and good garden.

PARCEL 2—Good building lot 66 x 132, on Guelph Street, next to Alex. Ramshaw's new residence, upon which is a young orchard.

PARCEL 3—The store and dwelling on Mill street, occupied by Gurney Bros., who carry on a general business. In splendid location, central and convenient.

PARCEL 4—Three good building lots at the corner of Young and Mill Streets. A splendid site for a manufacturing establishment, owing to its proximity to G. T. R. depot.
