LITTLE LOCAL BRIEFLETS

Which Caught the Eyes or Ears of Free Press Reporters this week.

—Civic Holiday next Monday.

—Burlington held civic holiday yesterday.

—The rains have replenished wells and cisterns.

—The rain and cool weather were cordially welcomed.

—Clinton's tax rate is 21½ mills, one and a half less than last year.

—Take a day off and enjoy yourself next Monday—the town's annual holiday.

—A special flower service will be held in St. Alban's Church on Sunday, 26th inst.

—The mercury dropped forty degrees between Saturday afternoon and Sunday morning.

—A leak in the iron flume at the power house, which caused great waste of water, has been repaired.

—The lawns and pastures have taken on an attractive greenness since the rains the early part of the week.

—A budget of St. Louis, Mo., papers has just come to the FREE PRESS from Mr. Fred Beoord. Thanks.

—Owing to the great heat last week dairy products were not marketed. As a result a butter famine prevailed on Saturday.

—Contractor Henry Hill has his staff of bricklayers at work this week on the Warren Block. He is making an excellent job of it.

—The by-law prohibiting bicycle riding on the sidewalks seems to be a dead letter, for riding on the walks is indulged in with impunity by numerous cyclists.

—Burlington is to have a sub-agency of the Hamilton Branch of the Traders Bank, and also a branch of the Bank of Hamilton, with R. G. Baxter, late private banker, as manager.

—Rev. Charles M. Sheldon, of Topeka, Kan., has signified his intention of being present at the Provincial Christian Endeavor Convention in Guelph on October 2nd, 3rd and 4th.

—Mr. W. V. Huntsman, missionary colporteur for the Religious Tract Society, conducted a union gospel temperance meeting in the Brick Church last Thursday evening.

—Pte. P. J. Cunningham, 20th Batt. Halton, has been invalided from South Africa, and sailed for home from Liverpool on Tuesday. He will likely arrive at his home at Campbellville next week.

—The Medicine Hat, N. W. T., *News* says the council of that municipality has just struck the rate at 12 mills on the dollar, and a discount of 10 per cent. will be allowed on all taxes paid within 30 days from date of notice.

—The Disciples' Sunday School pic-nic in Mr. Plank's grove on Wednesday of last week, and that of St. Alban's on Thursday in Mr. Warren's grove were pretty well attended but the extreme heat interfered with the usual games to some extent.

—All who contemplate putting in electric light in their residences or business places are requested to give their orders to the municipal authorities at once, so that the electrician may make the installation before the morning service commences.

—For first class sash and doors leave your order at Brown's planing mill, Acton.

—Builders! examine the new sliding now being turned out at Brown's planing mill, Acton.

—Those who contemplate purchasing monumental or work of any discription for their cemetery plots should order direct from the old reliable granite and marble dealer J. H. Hamilton, Guelph, Ont. All expenses allowed to purchasers. All work and material warranted, competition defied.

THE NEWS AT HOME.

Mostly of a Local Character, and every Item Interesting.

Civic Holiday Next Monday.

In response to a petition largely signed by citizens and presented to Reeve Pearson yesterday he has proclaimed next Monday, 20th inst., a civic holiday for this municipality, and by proclamation in another column requests all citizens to observe the same. Agent Holmes is endeavoring to arrange for a cheap fare to Toronto from Saturday till Monday and our citizens generally will no doubt find plenty of ways for spending the holiday pleasantly.

Neighbors Died the same Day.

W. H. Bowbeer, an ex-member of the County Council and father of Mrs. Wm. Clements, of Milton, died at his residence, "The Pines," Clarkson, on Tuesday, aged 80 years. On the same day Daniel McDuffe, father of Peter McDuffe, died at his home at Postville, aged 69 years. Messrs. Bowbeer and McDuffe had been friends and neighbors for many years and besides the coincidence in the date of their deaths, both died of the same complaint, cancer.—Milton *Champion.*

The Fakir's Latest Scheme.

Farmers should beware of a gang of swindlers who are travelling through the rural districts claiming authority to examine the wells. They examine the water through a microscope and find all kinds of bacteria, cholera and typhoid germs, and permit the farmer and his wife to look through the microscope, when they see, of course, a menagerie that will always be found in a drop of water. The frightened farmer is advised to apply certain remedies, which the fakirs sell at high prices, and which proves to be a little plain soda.

School Vacation Nearly Over.

In rural sections the public schools reopen next Monday, August 20th, and in cities, towns and villages on Monday, September 3rd. High schools also reopen on September 3rd. The pupils in town will make the best of the next two weeks. Merry little people who have been a source of great comfort, sliding down the hallway, falling into the cistern, chasing the neighbors' chickens and coming home from the swimming hole with mud in their ears and holes in their clothes, and all other juvenile recreations, which well regulated parents recognize and duly appreciate will soon require to obey the school bell's call and give up to a large extent these innocent vacation doings.

Rev. Father Feeny's Garden Party.

The annual garden party of St. Patrick's Church, Georgetown, will be held on the Tennis Court at the residence of Mr. John H. Harker, M. P. P., on Tuesday next, 21st inst. A very interesting programme has been provided. Mr. H. S. Holmes agent G. T. R., has arranged for a coach to be attached to the 6.10 p. m. train to accommodate the friends in Acton, Rockwood and Guelph, which will return, leaving Georgetown at 10 30. Special features will include vocal music by the well-known humorist, Ramsay, of Toronto, who will sing "When Johnny Canuck Comes Home," with chorus; a tug of war between the firemen of Acton and Georgetown, and an address by the Hon. J. R. Stratton, Provincial Secretary.

Better To Do Without the Beer.

The Wiarton *Echo* tells how a Grey farmer got into trouble by having beer at a raising, as follows: "Peter Yost of the 13th con., of Normanby Township, Grey County, has cause to regret that he revived the almost obsolete practice of providing liquor at barn raisings. Recently this farmer had a raising and when the work was done he gave the men six kegs of beer to demolish. After the six kegs had been finished they heard that the farmer had another in the cellar to keep for the carpenters and insisted on having it also. The farmer would not consent so the men took up a collection and bought the seventh keg. They then turned round and informed on the farmer for selling liquor without a license and he was brought before the magistrate and fined $57.86.

Sequesing Exhibition at Acton.

The annual exhibition of Esquesing Agricultural Society will be held at Acton, on Thursday and Friday, October 4th and 5th, next, and is open to the world. The posters and prize lists will shortly be issued and it is the hope of the officers and directors that this last exhibition of the century will be the best in the history of the Association. We feel safe in assuring those who have the show in charge that citizens of Acton and farmers of this vicinity are prepared to exert themselves to accomplish desired results. It is hoped that every farmer and business man in this section, including the adjoining townships, will become members of the society, prepare to make exhibits in some department, and aid in making the approaching show a record breaker in all respects.

A Number of Business Changes.

The past week has seen a considerable number of business changes in town. Mr. G. Stovel, boot and shoe merchant, Mill Street, has disposed of his stock and business to Kenney Bros., who have removed the stock to the store on Main St. Mr. W. C. Wells has disposed of his stock and removed to Toronto. Mrs. J. Adams has leased the brick store and residence lately occupied by the Dominion Hotel, and is removing her stock thereto. Mr. John R. Kennedy has leased the premises where Mrs. Adams has done so well the past fifteen years, and will conduct a new grocery and provision business there. W. J. Lee, whose tailor shop is also on Main Street, is removing to the store and dwelling owned by Reeve Pearson, in the rear of Henderson & Co's store. Mr. George Stovel intends returning to the west where he spent some time before settling in Acton. He has for two years been an esteemed resident here and his many friends regret his removal.

An Enjoyable Baseball Match.

Jimmy Murphy and his baseball tossers drove from Guelph last Saturday arriving at 3.30 o'clock to play the Acton nine. The game was one of the best ever played on Acton diamond, as the score shows. A considerable number of spectators were present and they all appeared well pleased with the game. The Guelph players proved themselves gentlemen on the ball ground. The score resulted in a signal victory for Acton. The visitors only succeeded in scoring in one innings, the eighth. Acton scored 8 runs and Guelph 2. Mr. Mellroy, of the Maple Leafs, acted as umpire, and his decisions were invariably satisfactory. The teams were composed as follows: GUELPH—Whatstone p, Murphy 1b, Bailey 2b, Kelso 3b, O'Neil 3b, Garratt rf, Ritchie cf, Johnson lf, Drew c. ACTON—E. Ryder p, Gentles 1b, F. Beattie 2b, R. Holmes ss, F. Wilds 3b, N. McNabb rf, D. Beattie cf, G. Hynds lf, F. Ryder c. The score by innings was:

	1	2	3	4	5	6	7	8	9
Guelph	0	0	0	0	0	0	0	0	2
Acton	0	1	1	0	0	1	0	1	8

A match with Milton or Brampton is being arranged for Saturday, the 25th inst.

A Kindly Act.

Last Thursday evening a number of the neighbors of Mr. Wm. Thompson, who was so seriously injured a couple of weeks ago, went to his farm and pulled the whole of his pea crop for him. His entire crop is now safely housed, and he appreciates very much the kindly aid of helpful neighbors and friends.

Halton's Need—A Home for the Poor.

Halton's aged poor still go to jail, there being no other place of accomodation for them. Constable Bumner, of Oakville, brought John Ingram, an old man, committed as a vagrant, to jail a few days ago. Ingram's brother, somewhat younger, followed on foot and wanted Jailer Vanallen to take him in too, but the jailor was inhospitable and refused.—Milton *Champion.*

A Drop of 30 Degrees.

The continued hot and dry spell of two weeks' duration came to an end very abruptly with Saturday evening's rain. The sudden downpour of rain at about eight o'clock cooled off the air for the time being, but the night started in warm again. A sudden shift of the wind around to the east and north during the night settled the hot wave and before morning extra coverings were pulled up on many a bed for the temperature dropped many degrees. From being 97 above zero on Saturday it fell to 50 on Sunday forenoon and the continued showers of Sunday and Monday kept a delightful summery coolness prevailing.

Tennis Tournament.

The Acton Tennis Club are holding a series of matches to be played during this week and next,—Tuesday, 14th, to Thursday, 23rd. Following is the schedule for the singles:

Tuesday—Rev. H. A. Macpherson vs. Matthews.
Wednesday—Wallace vs. Stark.
Thursday—Miss Nicklin vs. Miss M. Nelson.
Friday—J. Moore vs. Arnold.
Saturday—Gantlee vs. Coghlan.
Monday—Miss Clara Moore vs. Miss L. Nelson.
Tuesday—Dr. Kelly vs. E. Moore.
Wednesday—Henderson vs. ———
Thursday—A. E. Gurney vs. R. J. Gurney.

The matches will commence at seven o'clock each evening. Semi-finals and finals will be played at the conclusion of these matches and also a series of doubles.

Interesting Golf Match at Brampton.

Five members of Acton Golf Club went to Brampton on Saturday to play the return match with the club of that town. A very interesting and enjoyable match was played, but the result was like that of the match played on the links of the Acton Club two weeks previously—a signal defeat for the visitors. This is not to be wondered at when the character of the Brampton links is taken into consideration. Their utter dissimilarity to the Acton links put our players to a great disadvantage. The links are much longer and over territory so nearly flat that from one of the putting greens every hole on the links may be seen. This necessitated a succession of long driving shots instead of the almost continual lofting drives required by the more rolling and hazardous character of the Acton links. Our players did very well, however, and will be very pleased to meet the Brampton team again here. The score was as follows:

BRAMPTON	Holes	ACTON	Holes	Ties
Young, W. C.	7	Wallace, J. H.	3	6
Clark, Rev. W. O.	11	Stark, W.	3	4
Hobbes, W. E.	12	Holmes, H. H.	2	4
McFadden, W. H.	4	McBrath, J. A.	3	1
Blake, (Hon. E.)	8	McKinnon, A. J.	6	3

At the conclusion of the match both teams were very hospitably entertained by Mr. and Mrs. W. E. Holden. Luncheon was served on the spacious shady lawn in front of their pretty residence, and a most enjoyable hour was spent,—the ladies of the Brampton players and a number of other friends joining them. The Acton club appreciated very fully the numerous courtesies extended.

No successful store can afford to buy too little of anything, yet the stores are few and far between that can dispose of every line at regular prices.

Belief in that principle has done much to make it pay to buy from us. For when the full tide of a selling season is passed, we always put a price on goods that put them out of the store in a hurry whether much or little. No successful store can afford to carry goods over. We couldn't and make it pay at Bollert's, so we're going to take right hold of the balance of our
