LITTLE LOCAL BRIEFLETS

Which Caught the Eyes or Ears of Free Press Reporters this week.

—Looks very much as if winter had come to stay.

—The first skating of the season was enjoyed yesterday.

—The merchants and clothiers appreciate the colder weather.

—Mr. George Stovel has sold his stock of boots and shoes to Mr D. Kopman.

—Do you realize that Christmas will be here five weeks from next Tuesday?

—About five or six inches of snow fell on Tuesday and now there is passable sleighing.

—A large crop of "I-told-you-so's" and "I-knew-it-would-go-that-way," has sprung up since election day.

—A meeting of the Free Library Board will be held in the Library on Friday evening at eight o'clock.

—Mr. R. Holmes, drover, shipped a car of lambs to Buffalo yesterday. He is on the Buffalo market to-day.

—A new tile drain is being laid this week on Mill Street to connect with the main sewer at Willow Street.

—The Free Press will be mailed to any subscriber in Canada or the United States till the end of 1901 for one dollar.

—Rev. E. L. Flagg, B. D. of Nassagaweya, will preach at the Brick Church next Sunday morning at 10 o'clock.

—Mr. C. A. Mason has opened a new meat shop in the premises lately occupied by Joyce Bros., in Mrs. Secord's block.

—Mr. George Locker had the misfortune last Thursday to cut off the top of his left thumb while at work in Beardmores sole leather tannery. He took a few week's holidays in consequence.

RECOGNIZING THEIR SERVICES

Ontario Will Give 160 Acres To Each of Her Returning Soldiers.

TORONTO, Nov. 5.—Hon. G. W. Ross, Premier of Ontario, has announded that to every soldier from Ontario who went to the South African war a grant of 160 acres of the public lands will be made, and that it will be free from all taxes except school taxes for ten years. The lands, of course, will be in Northern Ontario, but much of the Nipissing district is quite valuable.

TO THOSE ABOUT TO MARRY

Young men or old men who intend to marry will be pleased to learn that the new Marriage Act is made quite simple by applying to H. P. Moore, issuer of marriage licenses, at the Free Press Office. Call a few days before the ceremony and have the matter explained. Private office. All business strictly private and confidential At residence in evenings.

THE NEWS AT HOME.

Mostly of a Local Character, and every Item Interesting.

An Unfortunate Fall.

Mrs. Charlotte Munro, Church Street, sustained a severe accident on Tuesday morning. She was going to a neighbor's for a pail of water, when she slipped and fell, breaking her left arm just above the wrist.

Methodist Anniversary Services.

The fifty-sixth anniversary of the Methodist Church here will be held on Sunday, 25th inst. Rev. T. W. Jackson, of Elora, President of the Conference, will preach morning and evening. The choir is preparing special music for the occasion and the day will be one of unusual interest.

Farmers' Institute Meetings.

Meetings of the Farmers' Institute will be held next week at Campbellville on Thursday evening, 22nd, at Milton on Friday evening, 23rd, and at Georgetown on Saturday evening, 24th. The meetings will be addressed by Mr. A. McNeil, Walkerville, and Miss B. Maddock, Guelph, and should prove very interesting.

Painfully Burned.

Mr. H. V. Pelletier, the head of one of the departments at the Acton Tanning Co's works met with a painful accident last Thursday. He was carrying a bucket of hot oil and soap, when he slipped and the seething liquid drenched his right arm, right side of the face and forehead, scalding him painfully, though, fortunately, not deeply. Prompt medical treatment gave relief and Mr. Pelletier is at his post again this week.

Welcomed Her Son-in-Law.

Mrs. Gardiner, sr., has returned from Toronto after spending a few weeks with her daughter there. She had the pleasure of helping to welcome her son-in-law, Color-Sergeant Young, from South Africa, who, upon his arrival home, was greeted with the greatest enthusiasm. A number of friends were assembled to meet him. The house was very tastefully decorated and illuminated. Large bonfires lit up the street, whilst inside, after partaking of supper, hundreds came to see and greet the brave returned soldier. A graphaphone added to the enjoyment indoors. Sergeant Young is in splendid health.

Changes Among the Educationists.

The first of the year will see the removal of a number of familiar faces from among the schools of Acton and vicinity. Miss E. Jean McPhail, B. A. has been appointed teacher of the school at her own home near Campbellville. Miss Eliza H. McQueen, who for three years has occupied the arduous and responsible position of teacher of the primary department of Acton Public School, goes to Toronto to take a professional course at the Normal School. Miss McMurchy has tendered her resignation at Lorne School, Mr. Fred Nixon, who has controlled the destinies of Dublin School for three years with great acceptability, leaves at Christmas to take a course at the Normal. Miss Hutcheon, Limehouse, and Miss Chapman, Speyside, have resigned their positions.

An Annoying Rumor.

The family of Mr. Joseph Holmes, Young Street, has been subject to a very unkind rumor the past week which they feel keenly. Last Tuesday a case of scarlet fever of a mild type broke out in the family, Miss Flossie being the patient. Her younger sister, Lena, having been ill a few days while on a recent visit to friends at Yale, Mich., the report was circulated that she had been afflicted with scarlet fever and brought the infection home with her. We have before us a certificate from Dr. O. Arwid Wells, of Yale, saying that Lena's illness was "Gastric irritation, brought on by a severe cold, and the duration of sickness was only four days." It is hoped, in view of Dr. Well's certificate, that this estimable family will not be subject to any further reflections in this matter. The origin of the fever is unknown to the family or physician and the patient is nevertheless rapidly convalescing.

Our Electric Light Service.

The constantly increasing demand for electric light has been an agreeable surprise to the council. During the present month between one and two hundred new lights have been applied for and it was felt that before any further installations were made the dynamo should be tested up to and beyond the point where any possible demand for current could be made in case all present orders for light were installed. With this in view a test was made last Thursday afternoon, with all lights in use including the street lights, turned on, and the dynamo was thoroughly tested and it carried the entire load with the utmost satisfaction. There are now 816 lights installed, and the 132 street lights make a total of 950. The electricians are now at work installing about 80 lights in Mr. James Brown's planing mill and residence, and will then put in 60 lights for W. H. Storey & Son's tannery. The electric light plant is manifestly a profitable municipal institution, and if all users of the light will observe a due economy in their use by promptly turning off all lights not needed, there is every probability that the authorities will soon be in a position to make a general reduction of the tariff charges for current.

AGED LOCAL VOTERS.

Saturday's *World* contained the following letter from Acton:—

EDITOR WORLD: I notice in to-day's *World* that Mr. William Mitchell of Markham, aged 95, was out and voted for Mr. Maclean, and is looked upon as probably the oldest voter. But Acton can out-do Markham, as Mr. Robert Mills, of Acton, aged 96, was out and voted for Mr. David Henderson. The old gentleman was driven to the poll by Mr. Alex. A. Secord, foreman of the Canada Glove Works, and the old gentleman needed no assistance to and from the carriage. Mr. Mills is the grandfather of Messrs. Gurney Bros., merchants, of this town. The next oldest voter in Acton was probably Col. Wm. Allan, Liberal, aged about 86. He was driven to the polls by Mr. John Warren, and carried in to the poll by Mr. Archie John McKinnon and assistant.

VOTER.

Acton, November 9.

The "Voter" evidently overlooked the fact that Ara Hall, Esq., who is in his 93rd year, polled a good Liberal vote on the memorable Seventh, that he was one of the first voters at the town hall that morning, and that he was neither carried, driven nor accompanied to the polls.

The statement from the Capital of inland revenue and expenditure of the Dominion for the quarter ending October 31 was issued by the Finance Department Friday. The revenue for that period was $17,390,553, an increase of $1,328,872 over the same term last year. The expenditure was $10,149,294, an increase of about one million dollars over the same four months of 1899, making a betterment in the finances for the past quarter of over $300,000. There was a substantial increase in the revenue of every department of the service for the current year. The expenditure on ordinary account leaves a surplus of over $7,000,000; the capital account expenditure concurred by $1,874,000 over the same quarter in 1899. Deducting the ordinary and capital expenditure from the revenue, there remains a surplus of $5,106,170 for the current quarter.

The *Family Herald and Weekly Star*, of Montreal, have a record for giving their subscribers the best premium pictures given to newspaper readers. They seem to know exactly what the Canadian public want.

This season they have introduced an entirely new subject and one that is certainly to be appreciated. They are offering two beautiful pictures. The one is the masterpiece of the famous Hoffman, "CHRIST IN THE TEMPLE," a most beautiful study, the coloring of the painting is suberb, and the drawing of the faces is simply wonderful. This is particularly true of the face of Jesus, the countenance is full of boyish beauty. No more highly spiritual conception of the face and figure of the Master has ever been placed on canvas. Around Him are shewn the Rabbis, grave and thoughtful men, whose astonishment at the wisdom of the youth is strikingly depicted. The picture is 17 x 14 in., and is a beautiful study for any home.

Their second picture is also a work of art and at once appeals to every Canadian heart. Our Canadian soldiers are returning from South Africa, and this picture, entitled "HOME FROM THE WAR," is a handsome souvenir of the occasion. It represents one of our brave soldiers in his khaki uniform opening the door of the room in which his dear old mother, unconscious of his presence, is sitting anxiously reading over and over the letters from her boy in South Africa. The picture tells the story. It is true to life. The coloring is perfect. It is 17 x 24 in. on the best quality of paper. It is bound to be a popular picture with Canadians.

Every yearly subscriber to that great family paper, the *Family Herald and Weekly Star*, will receive a copy of each of these beautiful pictures. It is truly the biggest dollar's worth ever offered. A descriptive pamphlet goes with each picture. Any of our readers can secure one of the pamphlets by sending his name and address to the *Family Herald and Weekly Star*, Montreal.
