Severe Cases of Indigestion.

Cannot Be Cured By Ordinary Stomach Medicines—The Kidneys, Liver and Bowels Become Deranged—Dr. Chase's Kidney-Liver Pills Cure.

By far the most important part of digestion takes place in the intestines and has been repeatedly shown in cases where the stomach has been removed and the patient has lived and digested food without the aid of the stomach.

It frequently happens that people who continually dose the stomach for indigestion and use pepsin and various kinds of digestive tablets and powders can obtain no relief from such treatment, because the real trouble is in the intestines, the liver and the kidneys.

There is fulness and pains after meals, coated tongue, headache, loss of appetite, pains in the limbs and in the back and shoulders, flatulency and constipation, frequently alternating with diarrhoea.

In cases of intestinal indigestion the liver and kidneys usually become clogged and sluggish in action, and poisonous impurities are left in the blood which should be removed by these filtering organs.

There has yet to be a remedy discovered that is so prompt and thorough in curing intestinal indigestion as Dr. Chase's Kidney-Liver Pills. And as this is the most common and severe form of indigestion it can well be claimed that Dr. Chase's Kidney-Liver Pills are the most successful treatment extant for indigestion and dyspepsia.

It is not unusual for persons who have long been suffering from chronic indigestion, biliousness and constipation to be thoroughly cured by Dr. Chase's Kidney-Liver Pills, which have by far the largest sale of any similar remedy. You may be skeptical, as others have been before you, but a single trial of Dr. Chase's Kidney-Liver Pills will convince you of their unusual medicinal value.

Joseph Blackwell, Holmesville, Ont., says: "I derived more benefit from the use of Dr. Chase's Kidney-Liver Pills than from any other medicine I ever took and can highly recommend them for stomach troubles. I was in a terrible state and could hardly work at my trade. I tried most every kind of medicine, and doctors, until I was tired of doctoring, and before I used one box of Dr. Chase's Kidney-Liver Pills I could see that they were helping me, and after taking a box and a half found that I was cured."

Dr. Chase's Kidney-Liver Pills, one pill a dose. 25 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.
