OVER THE TEA CUPS.

The November number of Queen's University Journal is quite in keeping with the strides that the college has been making of late. In every sense the borders are being enlarged, new buildings, new professors, new subjects added to the curriculum, and now the Journal has come out in its new dress a faithful index to the bright and solid articles that are to be found within its columns. I have read every page, from cover to cover, not even omitting Hong Lee's catchy advertisement, and as an undergraduate of Queen's I am proud of the Journal. Every one who is the least bit interested in Queen's will be proud of this journal; it is fairly bubbling over with good things. The leading article alone makes the number worth preserving as a souvenir of Queen's. The entire history of the college is covered in that concisely written paper for which we are indebted to the talented librarian, whose services are so highly appreciated at the college. Unsigned though the sketch is, it will be generally recognized as the work of Miss Saunders' pen, and her translation of Die Lorelei is another artistic gem in the same journal. Then there is the story of "The Royal Visit," and threadbare as that subject might well be supposed to have become ere this, we are reminded that there remained much to be said by one who knew how to say it well. And who could write it as well as the Principal's son? We knew the article to be his long before we read his signature at its close.

Dr. Dyde's papers on "The University Question" (reprinted from last year) are a valuable addition to the new journal.

Why did not the voters in the county of Frontenac digest those arguments before November 1st? If they had thoroughly understood they must surely have granted the bonus.

The new professors are introduced to us in the new journal, and besides the new comers there are also reproductions from photos of the principal and the vice-principal.

Mrs. Worrell entertained a party of young people on Wednesday night, when all her guests, including four of her own household, were in fancy dress. While the masks were worn there was much doubt as to who was who. The two Topsies were a mine of amusement and their identity was not discovered for some time. The ghost was a mystery until late in the evening. He flitted in and out among the merry makers, silent and wraithlike, ignoring all friendly overtures, except to occasionally acknowledge one by a wave of his sheet-swathed hand. Pretty little Martha Washington was one of the favorites of the evening, and so was a demure looking domino who was afterwards recognized as pink and white violet. After unmasking, she evening was spent at charades, shadow pictures, games and dancing. The masqueraders were: Miss Elsie Worrell, Anne Boleyn; Miss Grace Worrell, Portia; Miss Charlotte Worrell, Domino; Miss Thompson Turkish lady; Miss Bessie Smythe, Lady of a Past Century; Miss Coutlee, (Ottawa), My Grandmother's Gown; Miss Alice Kearns, Japanese Lady; Miss Gertrude Power, Snowball; Miss Bel. Craig, Martha Washington; Miss Grace Evans, Stars and Stripes; Miss Violet White (Hamilton), Domino; Miss Alice Callaghan, Red Cross Nurse, Mr. Hugh Taylor, Topsy; Mr. Claude Kent, Topsy; Mr. Alex. Paterson, Ghost; Mr. Hubert Osborne, Gentleman of the Eighteenth Century; Mr. Frank Worrell, Sweet Sixteen; Mr. E. Herbert Pense, "In Days Like These;" Mr. Fox, Sergeant 14th P.W.O. Rifles; Mr. Clarkson, Field Officer; Mr. Keefer, R. C.A. Officer; Mr. Clive Betts, Jack Tar; Mr. Grover, Amused Onlooker.

Old Folks' Backache.

When people get past the meridian of life they are liable to be troubled more or less with kidney complaint. Pains and aches, stiffness and soreness of the back, difficulty in urination and frequent rising at night are some of the troubles that seriously afflict the old.

There is no remedy brings such relief and comfort to those advanced in life as Dr. Pitcher's Backache Kidney Tablets. They soothe all irritation, tone up and invigorate the urinary organs, clear away all sediment, take the ache and pain out of the back and permit undisturbed rest at night.

SPRIGHTLY AT 89.

Mrs. Geo. Boutin, Harrington Street, Arnprior, Ont., says: "I have had so much benefit from using Dr. Pitcher's Backache Kidney Tablets that I do not hesitate to recommend them. Since I used them I am free from that constant backache that quite unnerved me and robbed me of all energy. My kidneys have been so invigorated that there now remains no annoyance or inconvenience from the secretions. I wish you could see my father. He is sixty-nine years of age and before using Pitcher's Kidney Tablets suffered acutely from rheumatism in his back. Now he is sprightly and nimble as a young man. He says never anything before did him as much good as Pitcher's Tablets. I am confident that those who have failed heretofore to obtain any relief from bad backs and sluggish kidneys will find themselves well rewarded by using Dr. Pitcher's Backache Kidney Tablets."

Dr. Pitcher's Backache Kidney Tablets are 50c. a Box, at all druggists or by mail, THE DR. ZINA PITCHER CO., Toronto, Ont.

BABY'S HEALTH.

The Most Precious Thing in the World to a Mother—How to Care for Little Ones.

No price would be too great to pay for the preservation of the perfect, rosy, sturdy health of a baby. No price would be too great; but, as a matter of fact, the price is very small—simply precaution and the exercise of good judgment.

It is not good judgment to give the tender, little infant remedies containing opiates, and the so-called "soothing" medicines, always contain opiates; they do not cure, they only drug and stupify the little ones. Baby's Own Tablets are guaranteed to contain no opiates and no harmful drugs. It is the best medicines for little ones, because it is promptly effective and absolutely harmless. For nervousness, sleeplessness, constipation, colic, stomach troubles, the irritation accompanying the cutting of teeth and other infantile troubles, Baby's Own Tablets is beyond question the best medicine in the world. The Tablets are sweet and pleasant to take, and dissolved in water can be given with absolute safety to the youngest infant. Mothers who have used this medicine for their little ones speak of it in the most enthusiastic terms—that is the best proof of its efficacy. Mrs. Alonzo Feltmate, Whitehead, N.S., says: "In my opinion Baby's Own Tablets are unequalled for children. They take it readily, and it regulates the bowels, cures them of peevishness and is a great helper in teething. I would not think of being without the Tablets." Sold by druggists or sent postpaid on receipt of price, 25c. a box, by addressing the Dr. Williams Medicine Co., Brockville, Ont.
