Nervous Dyspepsia.

A CURE FOR IT.

Not a Patent Cure All, Nor a Modern Miracle but Simply a Rational Cure for Dyspepsia.

In these days of humbuggery and deception, the manufacturers of patent medicines, as a rule, seem to think their medicines will not sell unless they claim that it will cure

every disease under the sun. And they never think of leaving out dyspepsia and stomach troubles. They are sure to claim that their nostrum is absolutely certain to cure every dyspeptic and he need look no further.

In the face of these absurd claims it is refreshing to note that the proprietors of Stuart's Dyspepsia Tablets have carefully refrained from making undue claims or false representations regarding the merits of this most excellent remedy for dyspepsia and stomach troubles. They make but one claim for it, and that is, that for indigestion and various stomach troubles Stuart's Dyspepsia Tablets is a radical cure. They go no further than this and any man or woman suffering from indigestion, chronic or nervous dyspepsia, who will give the remedy a trial will find that nothing is claimed for it, that the facts will not fully sustain.

It is a modern discovery, composed of harmless vegetable ingredients acceptable to the weakest or most delicate stomach. Its great success in curing stomach troubles is due to the fact that the medical properties are such that it will digest whatever wholesome food is taken into the stomach, no matter whether the stomach is in good working order or not. It rests the overworked organ and replenishes the body, the blood, the nerves, creating a healthy appetite, gives refreshing sleep and the blessings which always accompany a good digestion and proper assimilation of food.

In using Stuart's Dyspepsia Tablets no dieting is required. Simply eat plenty of wholesome food and take these Tablets at each meal, thus assisting and resting the stomach which rapidly regains its proper digestive power, when the Tablets will be no longer required.

Nervous Dyspepsia is simply a condition in which some portion or portions of the nervous system, are not properly nourished. Good digestion invigorates the nervous system and every organ in the body.

Any druggist will tell you Stuart's Dyspepsia Tablets give universal satisfaction.

Mr. Woods, a Newburgh harness merchant, was in the village this week. C. Smith has fully recovered from the accident he met with a few days ago.

Black River Bridge Briefs.

Black River Bridge, Nov. 25.—A. E. Grimmon's evaporator closed last week. John Shannon has had his house re-shingled and re-sided; M. Hobson did the work. W. McKenna is busy hauling stone. He intends building a barn. Rev. C. H. Coon, of Cheery Valley, delivered a missionary address in the church here on Sunday, the 17th. Subscription was taken up and $17 realized. When the collectors get through this amount will be considerably augmented. C. A. McDonnell intends lengthening his wharf twenty-five feet this winter. The sloop Laura D. loaded barley at the storehouse Friday for Richardson & Sons, Kingston. Joseph Guest, stopping with John Minaker for some time, went to Toronto last week to have an operation performed on his throat. Mrs. Robert Mordant, of Waupoose, visited her parents, Mr. and Mrs. George Love, last week. A meeting was called on Tuesday last in the evaporator by the directors of the Black River cheese factory. The books were audited and found correct. As $800 is required to complete the work it was decided to borrow the money and to sell shares within the limited territory, to cover that amount. The old directors, Messrs. W. J. York, R. Brown and J. Minaker, were re-elected. A meeting will be called again in March when the tenders for milk and cheese drawing will be given out. A bee was held on Thursday afternoon to do some grading around the factory.

Sharpton Conditions.

Sharpton, Nov. 25.—Sleighing is very good. The covering of snow has caused the feeding of all stock to become general. Mrs. Bennington had a bee drawing pressed hay to the station. Seven-fifty is the ruling price for prime hay for the press. The impression seems to prevail that grain, especially oats, will be dear. This has a tendency to bring up the price of hay. Considering the numerous stock, fodder is not too plentiful with many. G. Sheppard had a fair gathering at his ploughing bee on Wednesday. D. Parks has returned after working at Dexter, N.Y. Miss Lemmon, school teacher, gives good satisfaction. The teacher and children are preparing for a Christmas tree. It will be one of the events of the season. Addie Summerville, after spending several weeks with his parents, has started for the Klondyke. F. Bell attended the funeral of his brother-in-law, Mr. Sharpe, Morven. Mr. Spencer is going in on tame strawberries. A. Babcock had a ploughing bee of seventeen teams. The clover dresser has been operating through here. There was a raffle at Peter Mohan's. W. Walker is working for H. McKever. Visitors: J. McGowan and W. Summerville and Mr. and Mrs. W. Yrooman, Odessa, at G. McGowan's; Mrs. Gates and daughter, accompanied by her sister, Miss Mary Smith, at her sister's, Mrs. S. Summerville; Mr. and Mrs. J. Taylor, Hartington, at E. Taylor's; Miss H. Karin, Elginburg, at D. Karin's. F. Bell had Messrs. Young erect a new woodhouse. Hunting is the order of the day. The last returns from the cheese factory indicate that milk per hundred pounds has brought about sixteen cents less than at the same time last year. The amount of money received for the season, all through, no doubt, will likely exceed that of last year. People now are talking up municipal politics.

A NATION OF WORKERS

With Good Health for Capital the Great Majority of Canadians Rely on Brain And Muscle for a Livelihood—With Ill-Health All Is Lost.

Canada is a nation of workers. The few who have acquired positions of wealth and leisure have done so through hard work, and the vast majority find it necessary to toil day after day, and year after year, to support themselves, and those depending on them. Their capital is good health. So long as this lasts, they are happy and contented; but, alas! too many are robbed of this capital, and find themselves unable to keep up the struggle. With no earnings coming in, their small savings are soon exhausted, and want as well as disease stares them in the face.

Disease is humanity's most deadly foe. Silently, gradually, it steels upon one, until at length it closes its fangs on its victim and secretly robs him of energy, ambition and strength. In this age of keen competition, strenuous work and ceaseless struggle, it is the nervous system that most readily feels the strain. Nights of sleeplessness, days of tired, languid feelings, depression, discouragement and despondency, neuralgic pains, shattered nerves, weakness and irregularities of bodily organs. These are some of the warnings of the approach of such serious and fatal diseases as nervous prostration, paralysis, locomotor ataxia and insanity.

Maintaining good health is, to the majority of people, the most vital question in the world, and nature affords no more efficient strengthener for the system and restorative for the nerves than Dr. Chase's Nerve Food. Naturally, gradually, and certainly, it forms new red corpuscles in the blood, creates new, healthy nerve cells, and puts into the system the snap, energy and vitality that defy the disease.

Dr. Chase's Nerve Food is unlike any treatment you ever used. It does not act as a stimulant, to whip up the tired nerves into exhausting action, nor, on the other hand, does it deaden and destroy the feeble nerve tissues, but, by filling the shrivelled arteries with rich, red, life-sustaining blood, it repairs the waste and revitalizes and restores the body to health and strength. As a permanent cure for nervous headache, nervous dyspepsia, sleeplessness, irritability, and the weakness and irregularities which accompany an exhausted nervous system, Dr. Chase's Nerve Food is unapproached; 50 cents a box, 6 boxes for $2.50; at all dealers, or Edmanson, Bates & Co., Toronto.

"A Handsome and useful Xmas present for your mother or grandmother is a copy of Dr. Chase's ast and Complete Receipt Book—Illustrated Folder free."
