## EDITORIAL NOTES.

The corrected census figures show that the population of the United States is 76,303,387. This includes the population of Alaska, Hawaii, Indian Territory and reservations, but not Porto Rico, whose population is given as 953,242.

General sympathy will go out to the family and friends of Hon. A. S. Hardy, who is critically ill in Toronto General Hospital. He has been in poor health for years, which necessitated his resignation of the Premiership of Ontario, and an attack of appendicitis aggravated his condition. It is not expected that he can permanently rally.

Canada's aggregated trade for the eleven months ended May 31st amounted to $329,352,721, as compared with $298,548,034 for the same period of the previous year, or an increase in favor of 1900-01 of $20,804,687. This is on the basis of imports for consumption and exports, excluding, however, in each case coin and bullion. The increase was almost entirely in exports, which are over $20,000,000 ahead of the eleven months of the last fiscal year. The imports of free goods show a betterment of $1,616,499, but the dutiable imports declined by $981,119, which makes the net increase in imports $635,380. The imports for the last eleven months were $168,945,062, as against $158,109,682 for the preceding year.

The present warm fine weather is favorable for proceeding with the Ontario wool clip, and large marketings may be looked for the coming week. The condition of the wool too, about which there has been some complaint, may also be expected to improve. The absence of any demand for export from the country continues to depress values of the new clip, and it appears that holders or middle-men must be content to make a further draft on their patience in respect to the sale of lots of the new clip which they may buy. The fact that a considerable portion of the last season's clip still remains in the hands of speculators will doubtless induce caution. —*Bradstreets.*

## SMALLPOX AREA LESSENS.

Dr. C. A. Hodgetts, who has been acting as Provincial Health Inspector through the smallpox infected parts of northern Ontario for the past three months, has returned to the city. The doctor states that the disease in the northern portions of Ontario is now nearly extinct, as only five cases remain in the Sudbury smallpox hospital, and less than 25 cases remain in the great area of New Ontario. Two new cases in the older sections are reported to-day, one at Norwood and one at Sharbot Lake.

## FARMERS' SUMMER OUTING.

### Thirty-two Excursions to the Model Farm This Month.

Arrangements have been completed by the Department of Agriculture for thirty-two excursions to the Model Farm at Guelph this month, under the auspices of the various Farmers' Institutes. It is expected that they will be taken advantage of by forty thousand people. The dates and excursions are as follows:—June 11th, North and Centre Grey; 12th, East and Centre Simcoe; 13th, North and South Waterloo and North Middlesex; 14th, East Middlesex and West Kent; 15th, West Huron and Halton; 17th, Peel and Drayton Agricultural Society (or West Wellington); 18th, South Ontario and South Simcoe; 19th, South Oxford, Haldimand and North Oxford; 20th, East and West Lambton and East Huron; 21st, North and West Bruce and Dufferin; 22nd, North and South Norfolk; 24th, North Ontario and Peel; 25th, South Perth; 26th, South Grey and Parry Sound; 27th, South Bruce; 28th, West Simcoe.

## THE BAPTIST ASSOCIATION.

### Annual Meeting Held in Guelph Last Week. The Officers for Coming Year.

The annual meeting of the Guelph Association of Baptist Churches was held in Guelph last week. Very interesting addresses and reports were presented, and the sessions throughout were enjoyed by the ministers and delegates present.

The officers for the coming year were elected as follows:

Moderator—Rev. W. H. McAlpine, B. A.
Clerk—R. D. Warren.

B. Y. P. U. Representative—Rev. C. M. Burrell.
The session of 1902 will be held at Galt.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

## MONUMENT TO OUR HERO.

### To Be a Massive Granite Monolith and to Be Erected in Fairview Cemetery.

### WILL BE PLACED NEXT MONTH.

The numerous subscribers to the Gunner Moore Monument Fund evidently have implicit confidence in those who have actively interested themselves in the matter, and in their ability to carry out satisfactorily the plans proposed for the erection of the monument—for the attendance at the meeting called for last Friday evening was very small.

Reeve Williams was moved to the chair. He explained the object of the meeting, and then called upon Mr. Moore, who had had the matter of the monument fund in hand from the outset to address the meeting.

Mr. Moore reviewed the history of the monument fund; explained that in conversation with Mrs. C. S. Smith the day the news of the death of Gunner Moore at Pretoria, South Africa, last November, reached Acton, they decided that steps should be taken to secure the erection of a memorial tablet or monument to commemorate the event of the death of our brave soldier boy. A subscription list had been opened in the columns of the FREE PRESS and up to date $269.00 had been subscribed, nearly all of which had been paid in and is on deposit in the bank. To Mrs. Smith was due, he said, much credit for the success of the fund. Mr. Moore further stated that suggestions had from time to time been made to erect the monument on the town hall square or in the public park, with a view to inculcating the the spirit of patriotism in the rising generation. Others had suggested that the circular plot at the entrance to Fairview Cemetery would be a better place. All things consided he thought the latter the more desirable place, and understood the Municipal Council would be quite willing to permit its erection there.

The matter was then freely discussed the opinion was general that the monument should go to the cemetery, and this was crystallized in the following motion:

Moved by Dr. McKeague, seconded by J. A. Speight, that the committee to be named purchase the proposed monument and that it be placed in the circular plot at the entrance of Fairview Cemetery, with consent of the Council.—Carried.

Moved by H. P. Moore, seconded by A. E. Nicklin, that the committee for the final selection of the monument and to superintend its completion and erection be the Reeve, Mrs. C. S. Smith and the mover.—Carried.

Mr. J. H. Hamilton, of the Guelph Granite and Marble Works, was present by request. He exhibited various designs of monuments and gave much valuable information as to cost, plans, etc.

It was finally decided that the monument be a rock-faced monolith of three blocks of Canadian gray granite, of massive proportions, to stand about eight feet in height. The design is unique in character and different from any other in the cemetery. It will bear proper inscriptions and representations of military arms and accoutrements in relief. The meeting was unanimously in favor of this design. The price of this design is $850.00, but Mr. Hamilton generously reduces this figure considerably as well as donating a liberal subscription to the fund in order to meet the sum the subscription will reach.

## BOARD OF EDUCATION.

### Improvements to be Made at The Public School During the Holidays.

The Board of Trustees met on Tuesday evening. All the members were present, R. Holmes, Esq., in the chair.

The matter of the proposed new closets at the School received careful consideration.

Moved by John Agnew, seconded by W. R. Kenny, that Messrs. Grindall, Matthews and Dr. McKeague be a committee to wait upon Jno. Cameron, architect, to secure plans and specifications for the proposed new closets at the school, and that as far as possible the plan adopted by the Milton school, including the ozas pool, tank and pump system, be carried out.—Carried.

Moved by Dr. McKeague, seconded by W. R. Kenney, that the secretary ask Mr. Deacon on his next visit to the school to advise as to the taking up of a part of the High School course in the Public School.—Carried.

Board adjourned to meet at the call of the Chairman.

## THE ANNUAL MEETING.

### Halton Farmers' Institute Now Stands First in the Province.

The annual meeting of the Halton Farmers' Institute was held in Milton on Thursday last. By the report of the Executive it was shown that the past year was a very successful one in Institute work. Nearly 5,500 people attended the meetings during the winter and the membership rolled up from 498 in 1900 to 747 in 1901 up to May 31st.

The following officers were appointed for the year 1901-2: President—Geo. Castle, Milton; Vice-Pres.—W. H. Spears, Bronte; Sec.-Treas.—J. L. Warren, Acton: Directors—A. Newell, H. Davidson, J. J. Miller, E. Corlett, A. Dadely, Alton, A. Peer, M. E. Davitt, Geo. Erwin, W. F. W. Fisher, Thos. Foster, A. Lindley, Wm. Hope, Paul Campbell, J. W. Orth, H. W. Cook, John Dickin, Thos. J. Chisholm, R. A. Fleming, J. F. Brownridge, Jas. H. Reid, M. McPherson, G. R. Cottrell, C. P. Preston, A. Waldie, Ed. Nixon, Jas. Peddie, Wm. Chisholm, A. T. Mann, W. J. Moffat, Jas. Reid, A. C. McMillan, John A. Kennedy, Jos. Little, Jas. Erwin, H. Daniels, John Kitching, P. McPhail, Dr. Robertson, D. Hartley, Thos. Harworth, Dr. T. Bradley, F. J. Barber, W. A. Lasby, W. H. Spears.

Halton's Institute now stands first in the Province having nearly 200 more members than any other county Institute.

## MISSIONARY MacKAY DEAD.

### The Successful Formosa Presbyterian Missionary Passes Away.

A cablegram to Rev. Dr. Warden, Toronto, announces the death of Rev. Dr. G. L. Mackay, of Formosa, the world-famous missionary of the Canadian Presbyterian Church. The death of Dr. Mackay removes one of the foremost figures in missionary effort in modern times, and causes a breach in the workers of the church which it will be hard to fill. His name has been for 30 years linked with that of Formosa, for it was in 1871 that he first went to that island, then a portion of China, and from which he has since returned on but two brief visits. During all that time he has thrown the effort of a splendid manager and the religious zeal of an apostle into a work which has made his name famous throughout the civilized world.

What is public opinion? An echo, for every man, of his own opinion.

## CREWSONS CORNERS.

Halton Farmers' Institute annual excursion to the O. A. C. takes place on Saturday. A number from here intend going.

The following volunteers left for camp at Niagara on the Lake on Tuesday: Sergeant Charles Gamble, Privates, R. A. James and John Damper and Wm. and Robert Coleman.

Mr. Wm. Y. Gray has improved the appearance of his house by having it raised and plastered on the outside.

Mr. Charles and Miss Minna Gamble spent Sunday in Georgetown.

Miss Ethel Kentner, of Ballinafad, is visiting at her uncles' Mr. N. Forbes.

Miss Viola Graham is visiting friends in Acton.

## GEORGETOWN.

The Board of Health is having all children of school age in town vaccinated free of charge.

No. 3 Co., 20th Regiment, paraded at the Armory on Sunday, June 9th at 6 p. m. and proceeded to the Baptist Church for divine service at 7 p. m.

The sacrament of the Lord's supper was dispensed last Sabbath morning in the Presbyterian church.

The Ladies Aid of the Congregational Church will hold a garden party on the 25th June.

The condition of Mr. G. H. Kennedy is slightly improved this week.

Georgetown Company of Volunteers and the Regimental Band left Tuesday morning for the camp at Fort Niagara.

Our town will supply a member of the Bisley team this summer. Mr. W. Latimer, successor to Mr. Ruston, has been chosen as a member of the team, and will visit England this summer.

Georgetown supplies both the Moderator and the Secretary of the Guelph Association of Baptist Churches for the present year; Rev. W. H. McAlpine, B. A., and R. D. Warren respectively.

## NASSAGAWEYA.

The funeral of the late Alex. McPhedran took place on Wednesday, June 5th. The service was held at the house, Mr. Tovell, of Guelph, Mr. Flemming, of Everton, and Mr. Blair, of Nassagaweya, officiating. The remains were taken to the Ebenezer cemetery.

Mrs. McNair, of Arkell, and Mrs. Anderson, of Eden Mills, are visiting at their father's, Mr. James Adamson.

Rev. Mr. Flagg is in Buffalo visiting the Pan-American.

Mr. Albert Barberee has been appointed on the staff of lecturers for the State Farmers' Institutes in Minnesota, under Superintendent Gregg. Since leaving the dairy school at Guelph Mr. Barberee has been working in creameries in Minnesota and has also taken the dairy school course at the Minnesota Agricultural College, standing at the head of his class. Superintendent Gregg, after hearing of his work in the dairy school, offered him a position on his staff, and Mr. Barberee will no doubt give a good account of himself.

The Bloomsbury committee will hold their twelfth annual pic-nic in McKinnon's grove on Dominion Day. A list of games and amusements is advertised and an enjoyable day is promised.

## LIMEHOUSE.

A very happy event took place on Wednesday afternoon, 5th June, at the home of Mrs. James Sharp, fourth line Esquesing, when her eldest daughter Catharine and Mr. Thomas Arthur Ivens, of Toronto, son of T. P. Ivens, Esq., were united in holy wedlock. Rev. L. Parrin, B. A., performed the ceremony, and Mr. Duncan Campbell, of Cornock, grandfather of the bride, gave her away. They were married under a horse shoe of white ribbon, roses and ferns. Miss Fanny Ivens played the wedding march and Mr. James Ross accompanied with the bagpipes. The bride was daintily costumed in white swiss muslin trimmed with valenciennes lace and white satin sash and carried a bouquet of white roses. The bridesmaid, Miss Mary Sharp, sister of the bride, wore a dress of white swiss muslin, and pink sash and carried pink roses. Mr. George Smith, of Toronto was groomsman. After partaking of a bounteous wedding repast Mr. Smith proposed the toast of the bride in felicitous remarks. Mr. Ivens fittingly replied on behalf of Mrs. Ivens, and Rev. Mr. Parrin in a brief speech wished the young couple all happiness and prosperity. Mr. and Mrs. Ivens left by the evening train for Toronto amid showers of rice and slippers. They will reside at 156 Argyle street.

## MILTON.

Hereafter the rural section of Milton School Division will pay 16 per cent. of the expenses of maintaining Milton Public School and Milton will pay the balance.

For selling firecrackers, etc., on the 24th May, two of our merchants were summoned to appear before Mayor Deacon a few days ago. The by-law was found defective, however, and the cases were dismissed.

A Book Social will be given by the W. C. T. U., at the home of W. F. Inman on the evening of June 27th.

The volunteers marched in a body to Knox Church last Sunday evening where a special sermon as preached to them by by Rev. E. F. McLennan.

Messrs. J. M. Russell, Freeman, and H. H. Peart, Nelson, have passed their second year's examination at the O. A. College, Guelph.

Mayor Deacon was in Toronto last week; being one of the examiners of the students of the Normal School in practical teaching.

Mr. Duncan McKay, died suddenly after an operation on Wednesday of last week. He had been suffering for some time from hernia, caused by a strain. On the 24th ult. he lifted a sack of rice and the trouble became much more serious. He went to Guelph and consulted Dr. Howitt, who advised an immediate operation, but Mr. McKay deferred it until he had looked after certain business matters, and when, last Monday, it was performed, gangrene had set in and it was too late. Mr. McKay was in his 46th year. He was born in Milton and was the elder son of the late Peter McKay, who carried on a grocery and bakery business up to the time of his death in 1884, when his sons Duncan and Adam went into partnership and continued the business up to the present time. Mr. McKay was an upright business man and a good citizen. He was an ex-town councillor, and one of the oldest and most useful members of Milton Lodge No. 97 I. O. O. F. He leaves a widow and two young children, with whom sympathy is general in their great bereavement.—*Champion.*

## WEAK FROM INFANCY.

### THE UNFORTUNATE CONDITION OF MISS ERNESTINE COULTIER.

### As She Grew Older Her Troubles Became More Pronounced—Doctors Said Her Case Was One of General Debility, and Held Out Small Hope of Recovery. She is Now Well and Strong—A Lesson For Parents.

No discovery in medicine in modern times has done so much to bring back the rich glow of health and the natural activity of healthy young womanhood to weak and ailing girls as has Dr. Williams' Pink Pills. Girls delicate from childhood have used these pills with remarkably beneficial effects, and the cherished daughter of many a household has been transformed from a pale and sickly girl into a happy robust condition by their use.

Among the many who have regained health and strength through the use of Dr. Williams' Pink Pills is Miss Ernestine Cloutier, the fifteen year old daughter of Mr. G. A. Cloutier, residing at No. 8 Lallemand street, Quebec city. Mr. Cloutier in an interview with a representative of the *Telegraph* gave the following account of his daughter's illness and recovery: "Almost from infancy my daughter had not enjoyed good health, her constitution being of frail character. We did not pay much attention to her weakness as we thought that she would outgrow it. Unfortunately this was not the case, and as she grew older she became so weak that I got alarmed at her condition. For days at a time she was unable to take out of door exercise; she became listless, her appetite failed her, and as time went on she could not stand without supporting herself against something and at times she would fall in a faint. I called in a doctor, but his medicine did not help her and she was growing weaker than ever. Another physician was then consulted who pronounced her case one of general debility, and gave me very little hope for her recovery. Some months ago while reading one of the daily papers I came across the case of a young woman cured by the use of Dr. Williams' Pink Pills, so I determined to give them a trial. After she had used about three boxes the color began to come back to her cheeks and she began to grow stronger. Greatly encouraged by this, she continued to use the pills for several months and now she is as well as any girl of her age. Her appetite is good and she has gained thirty-five pounds in weight. Dr. Williams' Pink Pills have built up her system and have made her healthy and active after doctors failed to benefit her. I believe Dr. Williams' Pink Pills are the greatest known medicine for growing girls and I would advise their use in all cases similar to that of my daughter's."

Miss Coultier's story should bring hope to many thousands of other young girls who suffer as she did. Those who are pale lack appetite, from headaches and palpitation of the heart, dizziness, or a feeling of constant weariness, will find renewed health and strength in the use of a few boxes of Dr. Williams' Pills. Sold by all dealers or sent by mail, postpaid, at 50 cents a box or six boxes for $2.50, by addressing the Dr. Williams Medicine Co., Brockville, Ont.

CANADIAN FARMERS

We have just a word to say to you. This the first and only truly co-operative company in America, is offering you to-day its stock in small holdings, one and two shares at par. It is also placing its splendid twines with you for the coming Harvest, at prices raw material cannot now be bought for. Your Loyalty and Intelligence will hold us in existence; your scepticism and indifference will drive us from existence, which means a deathblow to all future co-operation of Farmers and will surely bring one result, a Gigantic Twine Combine, from the influences of which you will be absolutely helpless to help yourselves.

You have your option—pay your money and take your choice. Stand by this greatest and most perfect co-operative movement in the world and so bring a continuation of relief through its unquestionable influence as a twine price regulator. Desert us or treat our agents with indifference and you only have to wait for results.

No better Twine was ever made on Earth, or furnished to the Canadian Farmer than has been supplied you by this your own Company. If we provide as we promise there will be no opposition whatever pitted against us. Remember the dark Deal.

Don't waste time wrestling with the question any longer. Look at it straight in the face and identify yourself with us as shareholders. Buy your Twine from the Mother Company with its splendid past record of years and you will have occasion to be proud of your action and loyalty later on.

If you use but a particle of judgment you will see at a glance that other companies going into existence are simply trading on our grand reputation, and that in many of these cases you will be exceedingly disappointed. We have pleaded for eight years for you to come in on the ground floor and join hands with this old established Twine organization. Buy our Red Star 10 cent Twine and you will make no mistake.

Harris & Co., Limited—"Rockwood Woollen Mills"—Established 1867.

BUYING WOOL AT FULL WEIGHT.

There should be no other way of buying wool. A yard is 36 inches wide—and nothing less. A pound is sixteen ounces—and nothing less. The scales, however, like other human instruments, sometimes act queerly so we have heard farmers say.

We know nothing about these things ourselves. Absolutely full weight every time is a rule of these mills when buying wool just as it is when selling the farmer goods. The price he is paid for his wool is a price that counts on the full weight of the quantity left with us. By no devise is there any shifting in weight.

This is not a boastful statement—one that is proven every week and every month of our business—that is the record of thirty-four years doing business at the one stand. Farmers know us.

We are now ready to buy your wool clip on these same old lines of honest payment, part cash and part goods, or all goods just as may be your choice. You will not find better value in goods, whether of our own manufacture or imported stocks in any of the stores that you may visit anywhere around. Some suggestions of the goods we carry.

—In goods of our own manufacture—than which there are none better—we have white all-wool blankets, 2 yards wide and 2½ yards long, $5.75 per pair; or 2½ yards wide and 3½ yards long, $4.50 per pair.
—Union blankets, in white or grey, 1½ yards wide, $3.50 per pair.
—Sheetings, white or grey, 36 inches wide, 35c and 40c per yard; 72 inches wide, 70c.
—Flannels, 28 inches wide, heavy quality and also fine quality, 35c yard.
—Skirtings, 28 inches 35c; 54 inches, 50c, 70c, 85c.
—Yarns, well scoured, ½ pound skeins, in 2, 3 and 4 ply, 40c per pound.
—Home Spuns, 54 inches wide, in the leading popular colorings, 85c; the heavier lines for ladies' tailor-made suits and unlined skirts at $1.00 and $1.25.
—Tweeds for men's wear, single widths 40c, 50c, 65 and 75c; in double widths, $1.00 and $1.25.
—In imported goods we have some excellent values in coatings and tweeds for suitings and trouserings—in men's heavy knitted underwear and in boys shirts and drawers, roller towellings, and Russia crash are good lines with us as well as in apron ginghams and altogether you find a range so large that you can have no difficulty in making a purchase.

—Paste it in your hat as the slang of the day goes,
—that full weight and fair inspection is a rule that
—knows no exceptions in these mills.
