EDITORIAL NOTES.

Newspapers which say that the scrap iron assessment is still operative are giving poor advice to assessors. The right course is to assess companies properly, and let them get out of it if they can under the new clause in the act.—Hamilton *Herald*.

It has taken eighty years for the population of the United Kingdom to double, the figures of the new census being 41,464,000. Scotland and Wales have more than doubled their population since 1821, but Ireland has fallen off from 6,801,000 to 4,456.

The June Sessions were held here on Tuesday. There were no cases to be tried the chief interest centering in the Grand Jury's presentment, which recommended that a portion of the goal premises be set apart and used as a county poor house.—*Reformer*.

A United States paper says: After the first day of July no more revenue stamps will be required upon proprietary medicines, perfumery, cosmetics, chewing gum, bank checks, money orders, express receipts, export bills of lading, telegraph messages and several other things. Let everybody be thankful the war tax is about over.

Mr. Wheeler, of the Department of the Interior staff, will undertake a photographic survey of the Selkirk and Rocky Mts. He has already surveyed 500 square miles in the Crow's Nest region with the camera obtaining in less than three months data to enable the department to produce a topographic map with contour intervals of 100 feet.

Eight hundred mayors were recently requested by the *Municipal Journal and Engineer*, of New York, to express their opinions on municipal ownership. Of 244 answers so far received, 135 are non-committal, 12 favor municipal ownership under certain conditions, 9 replied in the negative and 88 in the affirmative. Acton is evidently with the majority on this important question.

The annual meeting of the General Assembly of the Presbyterian Church has been in session the past week in Ottawa. Among the many interesting matters which have been presented is the fact that the million dollar century fund which the Presbyterian Church pledged itself to raise has been more than forthcoming. Nearly a million and a half has been subscribed, $896,000 for church debts, and $565,000 for the common fund. This is highly creditable to this noble and generous communion.

It is a great satisfaction to public spirited citizens to observe the unanimity with which the new local improvement by-law has been favored. Every property owner on Mill Street, where the new pavements are to be laid, signed the petition asking for it with one exception. In this case the owner is a non-resident and had not been seen personally up to the time of the council meeting on Monday. There is every probability that a large amount of permanent pavement will be petitioned for in the near future. This public interest means improvements of permanent character, and a higher status for our town.

The indications are that Capt Bernier will secure ample funds for his proposed polar expedition next year. The popular subscription of $65,000 asked for is rapidly growing and the government has already promised to supplement this by $65,000 more. Those who have interviewed Capt. Bernier, and listened to his lectures and examined his plans are quite confident that his expedition will be successful. His wide experience as a traveller and navigator and carefully developed plans give reasonable hope that he may reach the North Pole. Failing this he will undoubtedly be able to explore farther north than any previous expedition. To Mr. D. Henderson, M. P., for this county, Capt. Bernier gives considerable credit for popularizing his scheme. He declares that Mr. Henderson was the first public man to speak favorably in a public gathering of his proposed expedition and he promises that the flag which he so confidently expects to hoist upon the North Pole shall bear the name of D. Henderson, M. P., Halton, on the corner. This expedition is of more importance than the casual observer realizes. If a Canadian navigator, sailing in a Canadian built steamer, with an outfit supplied by Canadian funds and a Canadian crew, succeeds in locating the North Pole, Canada will win distinction among all the nations of earth for her enterprise and wonderful discovery to a remarkable extent. Success to Capt. Bernier.

W. C. T. U. MEETING.

The Officers for the Halton Wentworth Organization for Next Year.

At the W. C. T. U. convention for Wentworth and Halton counties, held last week at Oakville, resolutions were adopted favoring total abstinence for the individual legal prohibition for the state, and women suffrage, and opposing government ownership and control of the liquor traffic. The following officers were elected:

Mrs. T. H. Pratt, president, by acclamation.

Mrs. Adam Turnbull, Hamilton, vice-president for Wentworth.

Mrs. Inman, Milton, vice-president for Halton county.

Miss Isabel Burns, recording secretary by acclamation.

Mrs. Wolfkill, treasurer.

Mrs. E. J. Moore, corresponding secretary.

W. H. Ballard, auditor.

	$294 23

Moved by H. Swackhamer, seconded by H. Jeans, that the report of the Committee on Finance, just read, be adopted.—Carried.

Mr. T. H. Bolston waited upon the Council to request a continuance of the main sewer on Mill Street to his recently acquired property which he intends to use as a pork packing establishment, in which considerable water is used in washing and flushing; a very necessary feature for his new business.

The Council agreed to take the matter into consideration.

Reeve Williams, chairman of the Gunner Moore Monument Committee, stated that the committee had decided to place the proposed monument in the circular plot at the entrance of the cemetery, if agreeable to the Council.

Moved by George Hynds, seconded by H. Swackhamer, that permission be granted to the Gunner Moore Monument Committee to place the proposed monument in the circular plot at the entrance to the cemetery.—Carried.

Moved by John A. Henderson, seconded by Geo. Hynds, that the Treasurer be authorized to pay the floating liabilities of the corporation out of the proceeds of the sale of $4000 debentures, under authority of an act of parliament, obtained for that purpose as follows:

S. J. Clarke, note	$1050 00 and interest
John Moore's note	200 00
County Rate, 1900	810 45
Public School balance, 1901	1300 00

Coupons, 1900	442 00
	$3753 45

—Carried.

Moved by H. Swackhamer, seconded by H. Jeans, that the sum of three dollars be the charge for the use of the park by the Orange Society on the 12th July, next.—Carried.

The following petition for permanent pavements was presented:

TO THE REEVE AND COUNCIL:

GENTLEMEN: We, the undersigned property owners, of the Village of Acton, respectfully petition your honorable body to cause to be constructed under the provisions of the by-law and statute respecting Local Improvements, a cement concrete sidewalk, five feet six inches in width, on the northwest side of Mill Street, from the south west side of Frederick Street, to the Grand Trunk Railway Track, and to provide for the payment of the cost of the same by a frontage tax, spread over a period of twenty years on the real property fronting thereon.

(Signed) Minnie E. Nelson,
Lillian B. Nelson,
Meda E. Nelson,
Mrs. A. G. Morison,
John Lawson, V.S.
Thomas McMackon,
T. Bennett,
W. D. Frick.

Moved by Jno. A. Henderson, seconded by H. Swackhammer, that the petition of W. D. Frick and others for the construction of permanent pavements on Mill Street, from Frederick Street to the G. T. R. track, be received, and that being sufficiently signed, that the work be proceeded with without delay.—Carried.

The petition included every property owner on the line of the proposed new pavement, except one, and he is a non resident, but is expected yet to give his approbation.

Moved by H. Swackhamer, seconded by John A. Henderson, that tenders be called for the construction of a permanent cement walk on Mill Street, as per petition, presented by the requisite number of property owners representing over the required amount of assessed value.—Carried.

A letter from The B. Grennan Co., was read. It requested that inasmuch as a four months' residence and transaction of business in Acton had proven they were not "Transient Traders," that the $50, paid (under protest,) as required by the Transient Trader's By-Law, be now refunded.

The communication was laid upon the table.

Moved by Geo. Hynds, seconded by H. Swackhamer, that the Council do now adjourn to meet on the 8th of July, at 8 o'clock.

DEATH OF EX-PREMIER HARDY.

Passed Away in Toronto General Hospital Last Thursday Night.

TORONTO, June 14th.—Surrounded by the members of his family, Hon. Arthur Sturgis Hardy died at ten minutes past ten o'clock last night, after a stern battle for life which was only prolonged as far as it was by the splendid constitution and cheerful courage of the ex-Premier.

Mr. Hardy, whose general health had improved since being relieved of the cares of office, had latterly been troubled with appendicitis, and on Saturday evening last his case became suddenly critical through the bursting of an abscess about the appendix. About 2 o'clock Sunday morning, on the advice of Dr. McPhedran, the family physician, Mr. Hardy was removed from his residence to the General Hospital, where during Sunday an operation to remove the appendix was successfully performed by Dr. Irving H. Cameron and Dr. Blair. During Sunday evening Mr. Hardy was critically ill, and his family were summoned to his bedside. Mrs. Hardy, Dr. E. A. Hardy, of Toronto, and Mr. Arthur C. Hardy, of Brantford, sons, Miss Gladys Hardy, daughter, and Judge Hardy Brantford, brother, were present during Sunday and Monday, and all but the last mentioned were present when he passed away last evening.

Only the strong vitality of the sufferer sustaining him during the intervening days.

Following are interesting dates in Mr. Hardy's honored life: Born December 14th, 1837; began to study law 1855; passed as Solicitor 1861; called to the bar 1865; entered Ontario Legislature 1873; Queen's Counsel 1876; Provincial Secretary 1877; Commissioner of Crown Lands 1889; Premier of Ontario July 13th 1896; retired from political life October 18th 1899; died June 13th, 1901.

Throughout the length and breadth of Canada the announcement of the death of Hon. Arthur Sturgis Hardy, late Premier of Ontario, was received with sincere and heartfelt sorrow.

ASHGROVE.

Ashgrove was well represented in the excursion to the O. A. C., on Saturday.

A number from here attended Miss M. Holmes' school pic-nic on Tuesday of last week.

Mrs. W. Hood and Miss Lillian Thomson are paying a visit to Guelph relatives.

Mrs. James Murdock is visiting her daughter, Mrs. Robert Hunter, of Egerton.

Mr. Peter A. Dick leaves this week for a visit to Buffalo and Cleveland.

Bert Thornton and W. McLaren, of Toronto, wheeled out on Saturday and returned to the city Monday morning.

Mrs. J. Farquharson and children, of Teeswater, visited relatives here last week.

Mr. Ed. F. Nixon is in camp with the volunteers this week.

A marriage, which was of interest to people here occurred on Wednesday 12th inst, when Mr. J. Morton Leslie was united to Miss Mary A. Harrop, of Chinguacousy. The fair bride was until recently a resident of Ashgrove and will be warmly welcomed back. Mr. and Mrs. Leslie will visit the Buffalo Exposition.

BALLINAFAD.

Mr. and Mrs. Palmer are the guests of Mr. and Mrs. Ackert.

Quite a number from here attended the excursion to Guelph last Saturday and report a good time.

Miss Young, A. T. C. M., of "The Poplars," Erin, also Miss Brown and Miss Saunders of this place went down to Toronto to attend the concert given by Mr. W. H. Sherwood, of Chicago, in the Conservatory of Music Hall last Monday night.

Mrs. (Rev.) Milne and family are away visiting her parents at Grand Valley.

Mr. P. Ferguson is preparing to erect a new brick blacksmith shop, which will add to the apperance of the village.

The annual Garden Party given by the Methodist Church will be held on the lawn of Mr. D. Cook on Thursday evening, June the 27th. A fine programme has been.

Mr. Thos. Cook, lot 29, 6th line, has just enclosed a fine barn. The size is 60x72, with all necessary stabling attached. The framers were Shorfill Bros., and the raising was done by a machine made for that purpose. The frame was put up by five men in a little over two days.

NASSAGAWEYA.

Mr. Nicholas Norrish, who has lived in Guelph for a number of years, passed away last Thursday morning at the age of seventy-five years. Mr. Norrish had been in poor health for a year and a half, which culminated in a stroke of apoplexy. He was a Devonshire man, coming out with his family to lot 21, con 2, Nassagaweya. Mr. Norrish settled on the adjoining lot, where he farmed 200 acres until 1890, when he retired and went to live in Guelph. His first wife was Mary Ann Youart, and his second Miss Salt, of Hespeler. His children are Amos and John, both of Nassagaweya; Mrs. Wm. Taylor, York City, Nebraska; Mrs. John McFarlane, Eden Mills, and Mrs. F. G. Banfield, Guelph. Two brothers, Joshua, lives in Acton, and George, in Guelph. Mr. Norrish was a Liberal in politics and was a steadfast adherent of the Methodist Church. He was a man of careful and methodical habits, took a strong interest in affairs, and was a man of business.

The funeral took place on Saturday afternoon from the residence of his son, Amos, on the old homestead, to the Ebenezer cemetery, and was followed by a large procession of friends and relatives. Services were held at the residence, also at the Church after the burial, by the Rev. F. A. Cassidy, of Guelph, and Rev. E. L. Flagg, of Nassagaweya. The pallbearers were Wm. Diamond, John Canute, Henry Hortop, Robt. Wilson, Edwin Bolts and Wm. Kitching.

Rev. A. Blair, B. A., is attending the General Assembly meeting at Ottawa.

"WE CAN DO NO MORE."

SO SAID THREE DOCTORS IN CONSULTATION.

Yet the Patient Has Been Restored to Health and Strength Through the Agency of Dr. Williams' Pink Pills.

Among the many persons throughout Canada who owe good health—perhaps even life itself—to Dr. Williams' Pink Pills is Mrs. Alex. Fair, a well known and highly esteemed resident of West Williams Township, Middlesex County, Ont. For nearly two years Mrs. Fair was a great sufferer from troubles brought on by a severe attack of la grippe. A reporter who called was cordially received by both Mr. and Mrs. Fair and was given the following facts of the case: "In the spring of 1896 I was attacked by la grippe for which I was treated by our family doctor but instead of getting better I gradually grew worse, until my whole body became racked with pains. I consulted one of the best doctors in Ontario and for nearly eighteen months followed his treatment but without any material benefit. I had a terrible cough which caused intense pains in my head and lungs; I became very weak; could not sleep, and for over a year I could only talk in a whisper and sometimes my voice left me entirely. I came to regard my condition as hopeless, but my husband urged further treatment and on his advice our family doctor, with two other doctors, held a consultation, the result of which was that they pronounced my case incurable. Neighbors advised me to try Dr. Williams' Pink Pills, but after having already spent over $500 in doctor's bills I did not have much faith left in any medicine, but as a last resort I finally decided to give them a trial. I had not taken many boxes of the pills before I noticed an improvement in my condition and this encouraged me to continue their use. After taking the pills for several months I was completely restored to health. The cough disappeared; I no longer suffered from the terrible pains I once endured; my voice became strong again; my appetite improved, and I was able to obtain restful sleep once more. While taking the pills I gained thirty-seven pounds in weight. All this I owe to Dr. Williams Pink Pills and I feel that I cannot say enough in their favor for I know that they certainly saved my life."

In cases of this kind Dr. Williams' Pink Pills will give more certain and speedy results than any other medicine. They act directly on the blood thus reaching the root of the trouble and driving every vestige of disease from the system. Sold by all dealers in medicine or sent postpaid at 50 cents a box, or six boxes for $2 50 by addressing the Dr. Williams Medicine Co., Brockville, Ont.

LIMEHOUSE.

Last week a splendid new bank barn was raised on the farm of Mr. J. M. Lane, 6th line. About 100 men, captained by Mr. Jas. Cleave and Mr. R. O. McCullough, undertook the job and did it well. There were five bents. When the time came for putting on the plates objection was raised to the assistance of the four framers, and so they quietly retired, leaving the men to race by themselves. Although both sides made good time, Mr. Cleave's won by several minutes. The building is 60x66, with commodious stable and rcothouse underneath. The frame work was done by Mr. Dan McKenzie, Aberfoyle; the stone work by Mr. Irwin Lambert, Erin. Supper was served on the lawn, the tables being well provided with good things.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

CANADIAN FARMERS

We have just a word to say to you. This the first and only truly co-operative company in America, is offering you to-day its stock in small holdings, one and two shares at par. It is also placing its splendid twines with you for the coming Harvest, at prices raw material cannot now be bought for. Your Loyalty and Intelligence will hold us in existence; your scepticism and indifference will drive us from existence, which means a deathblow to all future co-operation of Farmers and will surely bring one result, a Gigantic Twine Combine, from the influences of which you will be absolutely helpless to help yourselves.

You have your option—pay your money and take your choice. Stand by this greatest and most perfect co-operative movement in the world and so bring a continuation of relief through its unquestionable influence as a twine price regulator. Desert us or treat our agents with indifference and you only have to wait for results.

No better Twine was ever made on Earth or furnished to the Canadian Farmer than has been supplied you by this your own Company. If we were not an intense element of protection to you as Farmers there would be no opposition whatever pitted against us. Remember the Salt Deal.

Don't waste time wrestling with the question any longer. Look at it straight in the face and identify yourself with us as shareholders. Buy your Twine from the Mother Company with its splendid past record of years and you will have occasion to be proud of your action and loyalty later on.

If you use but a particle of judgment you will see at a glance that other companies going into existence are simply trading on our grand reputation, and that in many of these cases you will be exceedingly disappointed. We have pleaded for eight years for you to come in on the ground floor and join hands with this old established Twine organization. Buy our Red Star 10 cent Twine and you will make no mistake.

General Manager.

Good Place to Sell Your Wool.

Do you ask why? For the reason that you get the market price that is going. You do not expect more than this. You had better keep your eye on the man who offers to give yon a higher price than is ruling.

We pay you the right price—and your wool counts full weight with us—pay for the full quantity you sell us.

There ought to be no other way than this. It ought to be the only way of doing business but perhaps you may appreciate the fact that it is worth telling and and worth your knowing it.

We are in the best of shape this season to take all the wool that you can bring us and will give you in return cash to some extent as you may want it and the best values we have ever given in our thirty-four years experience in goods manufactured by ourselves or in imported goods.

—In goods of our own manufacture—than which there are none better—we have white all-wool blankets, 2 yards wide and 2½ yards long, $5.25 per pair; or 1¾ yards wide and 2¼ yards long, $4.50 per pair.
—Union blankets, in white or grey, 1¾ yards wide, $3.50 per pair.
—Sheetings, white or grey, 36 inches wide, 35c and 40c per yard; 72 inches wide, 70c.
—Flannels, 28 inches wide, heavy quality and also fine quality, 33c yard.
—Skirtings, 28 inches 35c; 54 inches, 50c, 70c, 85c.
—Yarns, well scoured, ½ pound skeins, in 2, 3 and 4 ply, 40c per pound.
—Home Spuns, 54 inches wide, in the leading popular colorings, 85c; the heavier lines for ladies' tailor-made suits and unlined skirts at $1.00 and $1.25.
—Tweeds for men's wear, single widths 40c, 50c, 65 and 75c; in double widths, $1.00 and $1.25.

The imported goods embrace a wide selection and count in roller towelings, crash, cotton shirtings, apron ginghams, fancy cotton shirtings, heavy ticking of the best quality, twill sheetings, cottonades, denims, flannels, butcher's linen and much else.

Tack it upon the door or anywhere where your eye will catch it that when you sell wool here you always get full weight and fair inspection.

The Ontario Seed and Grain Separator Co.,

LIMITED,
FERGUS, - ONT.

WM. HEMSTREET, Acton
Has secured the agency for Halton County
....for the....

Perfection Fanning Mill and Grain Separator

Manufactured in Fergus.

This is the mill which is creating so much talk and excitement among the thousands of farmers who have witnessed its operations in cleaning and separating all kinds of grain and seeds at the Ontario Agricultural College, Guelph, during the excursions through the month of June.

It is the mill which took a bag and a half of timothy seed, cleaned by one of the alleged latest improved mills, ready for sowing, last Saturday during the Halton Farmers' Excursion and removed over a peck of seeds of injurious weeds, including lambs quarter, Canada thistle, sheep sorrel, curled dock, pigeon weed, catch fly, bindweed and false flax.

It will pay farmers to have Mr. Hemstreet show them this mill before marketing or preparing their grain and seeds for crop.

GREAT SCOTT!

That man buys and sells almost everything that the farmer has to sell or wants to buy. He wants his Oats, Peas, Barley, Wheat, Rye, Buckwheat, Beans, Flaxseed, Potatoes, Turnips, Wool, Hides, Sheepskins, etc.

To-day he is selling the farmers his

TURNIP SEED.

For shipping and feeding. Look at the list all fresh, true to name and properly tested.
