## EDITORIAL NOTES.

At the police court, Kingston, last week, J. Schaffer, hotelkeeper, Colborne, was fined $50 and costs for selling liquor at a canteen at the Kingston Military camp in June.

The Conservatives of Addington are circulating a petition for signatures of those favorable for Hon. George Foster succeeding the late J. W. Bell as the party's standard-bearer in that riding.

The Glasgow *Mail* says Canada is "very conspicuously represented at the Glasgow exhibition." It remarks on the activity of the Canadian Ministers as being an object lesson to the home authorities and sure to lead to good results.

In concluding his address as President at the meeting of the Dominion Alliance at Toronto, on Tuesday, Rev. Dr. McKay said that the Province is just at the threshold of total prohibition. Soon it will step into the realization of the dearest hopes of the temperance people.

Dr. Hodgetts, who has acted as Inspector in several of the smallpox outbreaks for the Provincial Board of Health, fears that a more alarming and disastrous outbreak will probably occur in the autumn and advises everybody to be vaccinated and the municipalities to enforce vaccination.

A. S. Magurn, editor of the Winnipeg *Free Press*, who is in Ottawa this week, says the Manitoba grain crop this year will be 40,000,000. This means about $25,000,000 to Canada. Premier Roblin places the crop at 60,000,000 and thinks that 20,000 men will be required to harvest the crop.

The Toronto Street Railway Company did not succeed in working the "Scrap-iron Assessment" this year. The assessors fixed the value at $1,651,281, and of course the Company has appealed. The telephone and telegraph assessments in Acton have evidently been accepted, the appeal having been dropped. The former is assessed here at $1000 and the latter at $500.

Mr. D. Henderson, M. P., has had a rather sorrowful experience with his deskmates in the House of Commons. In the last parliament Col. Tyrwhitt, of South Simcoe, shared his desk, and during the term death laid his hand upon him and made a much regretted vacancy. During the present parliament Mr. J. W. Bell, the member for Addington, was his deskmate, and death ended his career last Friday after a paralytic stroke sustained a few weeks ago.

Rumors respecting the retirement of Lord Salisbury have died out, says the *Tribune's* London correspondent, and it is generally assumed that, while he is weary of public life, he will consent to remain Prime Minister until the coronation. Mr. Balfour and Mr. Chamberlin are on excellent terms, and Sir Michael Hicks-Beach is holding his ground with tenacity of purpose. No immediate changes of leadership in the British Commons are considered probable by those watching closely the course of political events.

With last issue the Renfrew *Mercury* completed its thirtieth volume. For thirty years this splendid local and family newspaper has been conducted by the founder, Mr. Albert Smallfield and his son, Mayor Smallfield, of Renfrew. Its career has been one of continued progress and it has always kept pace with the enterprising town in which it is published. The *Mercury* has been associated with all municipal advancement, and by its careful and intelligent advocacy of public improvements it has been of inestimable value to the town of its adoption.

It is commonly reported in political circles that there are at least five members of the Canadian Senate, appointees of the late government, whose votes can no longer be counted on against the Liberals in any party division of consequence. The Conservative nominal majority in that body is about eight, but those best acquainted with the conditions say that the actual plurality is not more than one or two, and, when it is taken into consideration that there is never a day when some of the older members are not on the sick list and absent from their seats, it will be seen that even next session it may be impossible for Sir Mackenzie Bowell to throw out any bill upon which the government may lay particular stress. One bill there is sure to be upon which a warm debate will occur, and that is for the redistribution of electoral districts in accordance with this year's census.—Toronto *Star*.

The metre system is growing in favor with electric light users here. Eleven metres are now installed or contracted for and the number is growing weekly. All thoughtful enquirer into the electric lighting system are convinced that the adoption of the metre is the only fair and equitable system for all concerned. By this system every consumer pays a reasonable price for every watt of current he uses. The flat rate is manifestly unfair and inequitable. By it the careful user who observes clause 1 of his contract and exercises all due care to prevent any waste of current by burning lamps unnecessarily, pays exactly the same rate as the careless customer who burns twice the number of lights he needs, and has no respect whatever for the terms of the contract under which he receives his current. The Council will profit by encouraging a general adoption of meters and perhaps a more critical inspection of all premises where the flat rate is continued.

It isn't always the fisherman with the most expensive rod who catches the most fish.

## MORE CONCRETE PAVEMENTS.

### A New Brick Smokestack Likely to be Built at the Power House.

### THE CURFEW STILL A LIVE ISSUE

Council met on Monday evening as per adjournment. All the members were present.

The Committee on finance presented their tenth report and recommended payment of accounts as follows:

| | |
|---|---|
| Canadian Sewer Pipe Co., sewer pipe | $140 10 |
| Canadian General Electric Co., metres | 40 00 |
| Acton Free Press, printing and advertising | 34 04 |
| John Harvey, freight, etc | 22 40 |
| Robert Bells, taking down smoke stack | 8 00 |
| Garlock Packing Co., packing | 6 50 |
| N. Forbes, work at power house | 5 00 |
| Joshua Norrish, ladder | 1 00 |
| | $258 64 |

Moved by H. Swackhamer, seconded by H. Jeans, that the report of the Committee on Finance, just read, be adopted.—Carried.

Mrs. S. A. Secord waited upon the Council to ask permission to erect an addition to the building on Main St, 8x12, the same being within the fire limits.

The matter of permanent pavements came up for discussion and it was reported that a number of petitions were in circulation for permanent walks.

Moved by John A. Henderson, seconded by George Hynds, that the Reeve and Clerk be authorized to sign the petition on behalf of the corporation, of the ratepayers of Willow Street between Mill Street and Bower Ave, for the construction of a permanent pavement thereon.—Carried.

Two petitions were presented.

Moved by H. Swackhamer, seconded by H. Jeans, that the petition of Wm. Williams and others for the construction of a cement concrete sidewalk, on the terms of the local improvement by-law, on the south side of Mill Street, between Main Street and Willow Street, be granted, the same being sufficiently signed in accordance with the by-law.—Carried.

Moved by Geo. Hynds, seconded by John A. Henderson, that the petition of R. D. Graham and R. D. Warren, for a cement concrete walk on the east side of Willow Street, from Mill Street to Bower Avenue, be granted, the same being sufficiently signed, and that work be proceeded with at once.—Carried.

The Fire and Light Committee was instructed to order a new set of grates for the steam fire engine.

The matter of the collapse of the metal smoke stack at the power house on Sunday came up for discussion.

The general impression of the members was that a permanent brick stack would be preferable to the re-erection of a metal stack which at the most would not likely last more than three or four years.

The committee who have the matter in charge will look into the matter of the cost of a brick chimney, and temporarily repair the old chimney if necessary.

The curfew was again referred to, but, owing to the late hour when the business before the Council was completed, the matter was laid over until next meeting.

Council adjourned at 10.25 o'clock.

## HON. MR. MULOCK IN ENGLAND.

### The Postmaster-General Returning From His Visit to Australia.

LONDON, July 9.—Hon. William Mulock, Postmaster-General of Canada, reached London to-day on his way from Australia, where he represented the Dominion at the inauguration of the Australian Commonwealth by the Duke of York. He was accompanied by Mrs. Mulock and Master Cawthra Mulock. Mr. Mulock and party had a pleasant trip from the Antipodes.

There are now six Canadian Cabinet Ministers in London. Hon. Sydney Fisher intends to return at the end of the week.

## TORONTO'S BIG EXHIBITION.

The Prize List for Toronto's great Annual Exposition and Industrial Fair, which this year will be held from August 26th to Sept. 7th, has come to hand. It is printed in yellow shaded with green, and presents a very handsome appearance. Upwards of $35,000 will be distributed in premiums, and $30,000 will be spent in features and special attractions. The live stock classes have been re-arranged in some instances and the premiums increased in others. A class of French Canadian cattle has been added. Copies of the Prize List and all information desired can be had on addressing H. J. Hill, 82 King St. East, Toronto. Special efforts are being made to increase the excellence of the Exhibition this year on account of the close proximity of the Pan-American.

## 3,000 BOERS SILENCED.

### In the Last Three Months.—Kruger at Amsterdam.

LONDON, July 8—The Financial Secretary of the War Office, Lord Stanley, in the House of Commons to-day, in answer to a question, gave the total number of Boers killed, wounded or made prisoners from among the active commandoes recently as follows:

| | |
|---|---|
| March | 1,473 |
| April | 2,464 |
| May | 2,640 |
| June, incomplete | 1,538 |

AMSTERDAM, July 8.—Former President Kruger officially admits that cipher messages have passed between him and Gen. Botha, Commander-in-Chief of the Boer forces, but denies that peace was suggested. Gen. Botha, Mr. Kruger says, asked him by what chance could the Boers obtain European intervention. Mr. Kruger replied: "By the subversion of the Chamberlain ministry."

## BINDER TWINE SEIZED.

### How the Government Protects the Interests of the Farmers—A Law that Must Be Enforced.

That the interests of the farmers are being looked after by the Parliament of Canada is illustrated by the legislation of the session before last which came into operation in October, 1900. By these amendments to the Weights and Measures Act it is illegal to sell binder twine unless each ball has a tag attached to it which bears the maker's or importer's name, also stating the number of feet of twine per pound on such ball.

That such legislation was much needed was made plain in the discussion in Parliament, and now that the Act is in force dealers and farmers should be on the lookout for any violation of the Act.

That some are trying to evade the law or set it at naught, is proved by the fact that yesterday Mr. Wm. Johnson, of this city, the district inspector of weights and measures, seized five tons of illegal twine from two dealers in a part of this district.—Belleville *Intelligencer*.

## NEIGHBORHOOD NEWS.

### ASHGROVE.

Mrs. K. A. Henderson, of Toronto, has been the guest, the past week, of friends here.

Miss Hazel Lush, of Milton, was the guest over Sunday of her cousin, Miss Flossie Ruddell.

Miss Hazel Thornton returned Saturday from a pleasant visit with relatives in Toronto.

Mr. Thomas Mason, Toronto, spent Dominion Day with his brother, Mr. Hugh Mason.

Mrs. Joseph Brownridge, Brampton, is visiting at Mr. John Brownridge's.

Rev. Austin Potter commenced his pastorate in the Methodist Church on Sunday.

### BALLINAFAD.

Rev. Mr. Allen left Thursday last for his new appointment in Cainsville. We wish him every success.

Mr. and Mrs. Palmer left for Muskoka on Monday, after being the guests of Mr. and Mrs. Ackert during the past week.

Among the list of candidates who received first class honors in their examinations held at the Conservatory of Music, Toronto, we are pleased to see the names of Miss Jean D'Von Brown and Miss Margaret Saunders of this place.

Miss Aggie Shortill, of Hornby, is spending her vacation with her parents Mr. and Mrs. Wm. Shortill.

Mrs. Wm. Campbell, of Brantford, is the guest of her daughter Mrs. F. N. Brown.

### GEORGETOWN.

Rev. T. G. Wallace, who is at present in Devonshire, England, will sail for Canada early in August to take up his duties at Georgetown, to which parish he has been appointed. Some difficulty has arisen respecting a successor to his present parish and Mr. Wallace was compelled to defer his departure until August.

Col. Goodwillie and Mr. J. Evans leave in a few days on a trip to England and Scotland.

The Orangemen of this section will spend the glorious Twelfth at Acton.

W. Latimer, the druggist, who bought out Mr. T. Rusten, has already disposed of the business to W. J. MacFadden, a former employee of Mr. Rusten.

Rev. John Saunders and family have removed to St. Paul, Minn.

Rev. Austin Potter is now comfortably installed at the Methodist Parsonage and is rapidly becoming acquainted with our citizens.

Mr. G. H. Kennedy has so improved in health as to be able to walk about the house.

### LIMEHOUSE.

Mrs. John Moore entertained the members of the Woman's Missionary Society of the Presbyterian Church at her home here last Thursday. A very pleasant afternoon was spent. During the proceedings Mrs. Gregory, of Mansewood, gave an interesting address incident to missionary work.

The Orangemen here will spend the Twelfth at the big demonstration at Acton.

Archy Green was arrested here on Tuesday morning charged by a G. T. R. detective with uncoupling and otherwise meddling with railway cars. He was taken to Milton to stand his trial. He is a good-natured hard-working lad and the hope is general that he will not be found guilty.

The farmers are in the midst of their haying.

"Your Jack has gone up to see Dolly," said a humorous lady resident to her somewhat jealous neighbor the other day. "Dolly who?" was the rather agitated question. "Why Dolly Varden, of course, where he works," was the witty reply. And now these two good neighbors will hardly speak to each other.

Mr. and Mrs. T. A. Ivans, of Toronto, visited friends here last week.

### EVERTON.

Mr. and Mrs. John Grindell have just paid a visit to Mr. and Mrs. Moore at St. Marys.

Mr. and Mrs. Alex. Watson, of Toronto were the guests of Mr. and Mrs. Wm. Evert last week.

Mrs. Myra Black and Ernest spent the First at Mr. Jas. Black's.

Mrs. (Rev.) A. Tovell, of Guelph, and Miss Maggie Tolton, are visiting friends here just now.

Mrs. Laura Thomson, of Schenectady, New York, arrived at her father's, Mr. John Black, on Tuesday. She has a month for holidays among her friends, who are all pleased to have a visit from her. It is three years since she was home.

On Friday and Saturday, June 28th and 29th, Everton was favored with the annual meeting of the Wellington District Disciples Convention, Mr. Wm. Tovell, President, Mrs. S. D. McKinley, Secretary. Papers and addresses were given by Kenneth McDougall, Rev. C. L. Fridenburg, and Rev. J. P. McLeod, with discussions, Friday afternoon; sermon in the evening by Rev. Jas. Ledlard. On Saturday by the President, J. W. Kilgour, Revs. T. A. Fleming, F. C. Lake, J. P. McLeod, C. F. Fridenburg Misses Parkinson, McDougall and Thomson and Messrs. Hugh Black and S. Woolner. The convention was very helpful to all Christian workers; an inspiration to good service for the Master.

### CREWSONS CORNERS.

Haying is the greatest topic of conversation this week.

Mr. W. Y. Gray has completed the improvements to his residence which now has the appearance of a new one and is one of the finest in this vicinity. The plastering was done by Mr. Wm Anderson, Acton, and is worthy of notice, but as his work always speaks for itself it is needless to comment on it. The carpentering was done by Mr. J. Boper of this place.

Mr. Morgan Crewson, jr., raised his new barn last Tuesday.

On Wednesday evening last Mr. and Mrs. J. Walker tendered a reception to their guests, Mr. and Mrs. Hynds, of Oregon, U. S. A large number of young people were present and spent a very enjoyable evening in various social amusements.

A number from here intend taking in the Orange demonstration in Acton on Friday.

Rev. Mr. Garnham will preach his introductory sermon here next Sunday.

Miss J. Crewson, Rockwood, spent Sunday at her uncle's, Mr. M. Crewson.

Mr. and Mrs. Frick visited at Mr. Gibbons on Sunday.

Mrs. James McMillan spent a few days with friends in Toronto last week.

Mrs. James Drone, of Collingwood, visited at her father's, Mr Edwin Cleave's, last week.

Misses Ida Murray, Grace Cleave and Bertha Gamble spent Sunday with friends at Churchill.

### CHURCHILL.

Rev. J. K. Unsworth, pastor of the First Congregational Church, Hamilton, and well acquainted in this section, was quietly married to Mrs. McIntee of Burford at the residence of her father, Mr. J. M. Keachie. Rev. A. Margrell of the Burford Congregational Church was assisted in the ceremony by Rev. J. Unsworth, the father of the groom. Mr. Unsworth has been granted leave of absence by his church for two months, and the newly married couple will spend the holiday in a trip to Great Britain, Ireland, and France.

### MILTON.

The town council has granted Mr. Coates, Town Clerk two weeks' leave of absence at the town's expense. He deserves the holiday.

The carpet factory has shut down for two weeks. A large number of the operatives went to Port Hope to visit friends there.

The Sunday Schools of the town expect to run an excursion to Ainley Park the third week in July.

The old pews in the Methodist Sunday School are being replaced with chairs, which will be a decided improvement.

Judge Hamilton has returned from his salmon fishing excursion to the Restogouche. He says that while there was so much rain here lately, there was little or none there and that, in consequence, the water was to low for good sport. His party of eight averaged a total of five fish per day. Weights were smaller than usual. The heaviest fish killed by one of the party weighed 27 lbs. The Judge's heaviest was a 21 pounder.—*Champion*.

While a young lady, who has occasion to sleep alone at night, heard a strange noise below her window a few mornings ago, and when she looked out, she saw a man sneaking around the house, and upon asking the fellow what he wanted around there, he took to his heels and went over the fence and up Main street like lightning. The man seemed to be more frightened than the young lady. Yes, Milton has a few plucky women leftyet, so beware.—*Reformer*.

The county town is evidently becoming somewhat Americanized. The last issue of the local papers had the following announcements: The band will render a programme of sacred music in the park on Sunday afternoon, commencing at 4 30.

### COUNTERFEIT DOLLAR BILLS.

Counterfeit money is again in circulation. The most of the bogus bills so far found have been $1 bills of the issues of '78, '90 and '98. The difference between the bogus and real notes is that whereas the two numbers at the upper right hand corner should be printed in red, in the bogus they are printed in black. The counterfeit is poor in other respects, the quality of the paper is defective, and the printing is poor. The design is blurred, especially around the two faces on the front of the bills.

### TORONTO FRESH AIR FUND.

The Toronto Fresh Air Fund, has entered upon its eighth year's work, and has for its object the sending away to the country for two weeks, mothers and children, who are badly in need of a change. Good homes have been provided, many of them on farms, where they get substantial food, and are well cared for. These children and parents are selected by the best known Mission Workers in Toronto, who are well acquainted with every case that is dealt with. For the mothers and babes who are unable to leave home, day excursions are arranged, and about one hundred at a are taken to one of the parks on the lake shore, and before leaving for home, refreshments are served to them. The pleasure and the profit that is the outcome of this work, is inestimable. Thinking that some of our readers might like to help their poorer brethren, we will receive subscriptions and acknowledge receipt, and forward it to the Treasurer in Toronto, or they may be sent direct to the Rev. H. C. Dixon, Room 5, 15 Toronto St., Toronto.

### THE WESTERN FAIR

#### To Be Held at London, September 5th to 14th, 1901.

The first Western Fair of the twentieth century promises to be a record-breaker in all the essential features that go to make up a varied exhibition of the products of the soil, the skill of dairyman, the judgement and knowledge of our breeders of thoroughbred stock, the skill of the artisans and the general perfection to which agrarian operations and all that pertains thereto may be brought. It is only when such are concentrated and brought within the compass of a day or two of pleasurable sight-seeing that one is enabled to realize at a glance the richness of the section from which the Western draws its patronage and the vast possibilities of the land we inherit.

At the Fair grounds, all conveniences have been improved, and exhibitors will be pleased to know of such additions and alterations in the prize list as are calculated to give the greatest amount of satisfaction to the exhibitors. The speeding in the ring, always a feature in the Western Fair, will this year, with enlarged purses, be more attractive than ever, while the incidental attractions are the highest priced that could be secured. The gymnasts are all of the first-class in the vaudeville world to-day, and not the least interesting feature is a full troupe of performing elephants.

Prize lists may be had on application to to Mr. J. A. Nelles, Secretary.
