THE NEWS AT HOME.

Mostly of a Local Character, and every Item Interesting.

Acton, Wednesday, Sept. 25, at 2.30 o'clock.

St. Alban's Church, Harvest Festival.

The annual harvest festival services will be held in St. Alban's Church, this evening at 6 o'clock. The service will be very bright and interesting. The church is nicely decorated; special music provided by the choir. The Rev. H. N. Davidson, M. A., the new rector of St. George's, Guelph, will be the preacher. The offertory is in behalf of the parsonage debt. All are invited to be present and give thanks to God for His bountiful blessings. The services will continue next Sunday.

An Esteemed Citizen Removes.

Mr. James Cheyne, who recently disposed of his interest in Acton Roller Mills, is removing this week to Toronto. He has purchased a well-established flour and feed business at 157 McColl Street in that city and has excellent prospects for a very successful business. The removal of Mr. and Mrs. Cheyne from our midst is very generally regretted. They have been good citizens; have been active church workers and are of that class of citizens who are a benefit to any community. The best wishes of all will go with them.

Special Service in St. Joseph's Church.

In St. Joseph's Church last Friday evening the ceremony of placing the stations of the cross was performed Rev. Father Feeny, who had been empowered by His Grace Bishop Dowling. Rev. Father Mahoney, rector of St. Mary's Cathedral, Hamilton, assisted in the impressive service and delivered a short instruction on the institution and practice of the "Way of the Cross." The new stations are an improvement to the interior of St. Joseph's, and are another evidence of the interest of Father Feeny in his church and people here.

A Course in Sight Singing.

In connection with the young people's work in the Baptist Church, Rev. Mr. McAlpine has agreed to give a course of twenty lessons in Sight Singing. The course is for beginners to learn to read vocal music at sight. The lessons will begin on the first Friday in October, at 8.30 p. m., in the school room of the church. The membership fee for the course is $1.50. Privilege of attending this course is open to all the young people of Acton and vicinity. Applications for membership may be made either to Mr. McAlpine or to Miss Minnie Fraser, Secretary, on or before Sept. 24th.

The New Pavements.

The new granolithic pavements are now all open to the public. They give our streets a greatly improved appearance and they appear to be first-class in point of construction, and will no doubt prove to be what they are by name—permanent walks. The impressions upon visitors are very favorable and these good impressions will be enhanced if the property owners who are paying for them will take an interest in keeping them clean and free from dust. If this is done they will always be white and attractive and "gentlemen" who use tobacco will then have too much respect for their clean appearance to expectorate the filthy tobacco juice upon their tidy surfaces.

Happily Wedded at St. Alban's.

A very pretty event was enacted last evening at 7 o'clock at St. Alban's Church, when two of its most zealous members were united in the bonds of holy wedlock. The happy pair was Mr. George Lindsay Statham, baker and confectioner, and Miss Maria Stone, daughter of the late Richard Stone. Rev. J. K. Godden, M. A., the Rector, performed the interesting ceremony. The bride was attended by her sister, Miss Lizzie Stone, and Mr. Will Statham, of Allan Craig, brother of the groom, was groomsman. The church in the harvest festival decorations was very pretty, the surroundings lending a delightful air to the interesting proceedings. Immediately after the ceremony Mr. and Mrs. Statham proceeded to the home of the bride, where a delightful wedding repast was partaken of. The numerous bridal tokens presented testified to the esteem in which the bride is held by many friends. The most cordial congratulations are being extend to the young couple with best wishes for a very happy career.

Harvest Festival and Anniversary.

The services connected with the fifth anniversary of Rev. H. A. Macpherson passed off in a most delightful and profitable manner. For a week prior to Sabbath a large number of willing workers assembled in the church and decorated it with wreaths of evergreen, sheaves of wheat and oats, and flowers. The result was that on Sabbath the always pretty church was a delight to the eyes. The day was a perfect one in regard to the weather, and the congregations that assembled filled the church at both services. The minister preached appropriate sermons from the text, "Therefore, let us go on unto perfection," and "We have seen strange things to-day." The Sabbath School services were also a special feature of the day. The attendance at both Bible class and school generally went up in a manner that rendered the accommodation altogether too limited. On Monday night the fifth social and lecture were given. That the attendance at this was the largest of the series was conceded on every hand. The ladies who had charge of the social spared no pains to make all corners comfortable and a most genial spirit prevailed throughout. At 8.15 p. m. the chair was taken by the minister, who, after the singing of an opening hymn, called upon Rev. Mr. Johnston, of Pueslangulshane, to read a scripture lesson. The choir contributed several selections during the evening and did their part well. In addition to numbers by the choir, Mr. D. M. Henderson rendered a solo in splendid manner. Messrs. Mann and Gibbons sang a duett and the people were glad to hear them again. The lecturer for the occasion was Rev. R. W. Dickie, of St. Andrew's Church, Orangeville. This was Mr. Dickie's first appearance in Knox Church, Acton. His lecture was on "The Reign of the Common People" and was a master effort. All who heard it were deeply impressed with the way in which the lecturer handled the subject. Mr. Dickie is a man of splendid presence, good voice and a splendid delivery. He will be welcomed at any time by an Acton audience.

The Keswick Brethren.

Three of the Keswick Brethren, the well known religious organization in Great Britain, will visit Guelph next Wednesday, Thursday, and Friday. Public meetings will be held in Knox Church, beginning on Wednesday evening. The ministers and others of the neighboring towns are invited to be present, and as the Central Exhibition will be in progress at the time, reduced railway rates will be obtainable. The three Keswick brethren are Rev. Mr. Webster, of the church of England; Rev. Mr. Brash a Methodist, and Rev. Mr. Moffat a Presbyterian. The visit is under the auspices of Guelph Ministerial Association.

Acton Defeats Spadina Golf Club.

A most enjoyable match was played on the golf links here on Saturday afternoon between a team of nine members of the Spadina Golf Club, Toronto, and nine Acton men. The day was perfect for golfing and the links were in splendid condition. The home team won in a closely contested and well matched game by 5 holes, with the following score:

Spadina	holes	Acton	holes
A. H. Walker	10	W. Stark	5
J. Grayson Smith	4	R. McIntosh	10
G. L. Fallowes	6	A. J. McKinnon	10
J. L. Capreol	8	H. B. Holmes	6
L. A. Jones	7	G. Hayward	7
A. H. Murray	5	Rev. Macpherson	10
A. R. Williams	8	J. H. Wallace	6
A. Swabey	9	Rev. J. J. Feeny	5
J. P. Austin	6	M. P. Moore	9
	64		68

The Toronto men were a most congenial lot of players, and declared they enjoyed the afternoon spent on Acton's splendid links very much. Both teams had dinner at the Dominion House after the match, and there enjoyed a social hour together. The return match on the fine grounds of the Spadina Club will be looked forward to with interest.

Unveiling—Saturday, 28th Sept.

After careful consideration of all interests the committee have fixed Saturday, 28th inst., as the date for the unveiling of the monument to be erected at the entrance to Fairview Cemetery to the memory of our soldier hero, the late Gunner W. J. Moore, whose remains repose in the Military Cemetery at Pretoria, South Africa. The large foundation base of Canadian granite will probably be placed this week and the monument will be completed in good time for the date named. The ceremonies in connection with this interesting event will be of an impressive and appropriate character, particulars of which will be given in a letter issue. The suggestions made a couple of weeks ago of making the day a decoration day for Fairview Cemetery has been cordially received. Citizens generally will take an interest in having the plots surrounding the graves of their loved ones neatly trimmed and the graves decorated with flowers and flags. Fairview cemetery is always an attractive place, but it is expected decoration day will find it in its most attractive dress.

INFANT MORTALITY.

Many Deaths Largely Due to Ignorance on the Part of Mothers.

The disorders of children seem to the rugged and hearty grown persons to be simple and not particularly dangerous.

This point of view on the part of parents has been the cause of thousands of baby lives.

You will always find that the mothers who are successful in bringing up families of hearty, happy children with scarcely a day's sickness, are always those who are careful to note the slightest evidence of illness and to check the difficulty at once.

They do not belong to the class of mothers that stupify their children with sleeping draughts and similar medicines containing opiates.

They stick to the purely vegetable, healthful medicines which cure infantile disorders quickly, and of these Baby's Own Tablets are the best of all.

For colic, simple fevers, croup, constipation, diarrhoea, irritation when teething, indigestion and sleeplessness, these tablets are a quick, effective, never-failing cure. Dissolved in water the smallest baby will take them without the slightest objection. Do not trifle with medicines concerning which you know nothing, when here is a time-tried remedy which is used constantly and with the best results in thousands of homes.

Mrs. H. H. Fox, Orange Ridge, Man., say: "I have found Baby's Own Tablets a perfect medicine for children of all ages and would not be without them in the house. They are truly a baby comfort and mother's friend." Baby's Own Tablets can be found at drug stores, or will be sent prepaid upon receipts of price, 25 cents, by addressing the Dr. Williams' Medicine Co., Dept. T., Brockville, Ont.

Johnny was an inquisitive little fellow, and one day while looking at a funeral train passing the house, he astonished his mother by asking: "Mamma, who will bury the last man who dies."

—The wonder of the age. At J. H Hamilton's Electric Granite Works, Guelph can be seen the wonderful pneumatic tools for lettering stone, and electric machinery for polishing. This is the only shop so fitted out, west of Toronto. He has discharged all agents and is now selling to customers direct at wholesale prices, giving granite bases to monumental work, guaranteeing superior work, and depending on customers coming to him after getting other dealers' prices. (No agents to misrepresent.

CURE SICK HEADACHE.

Your Nose

That is what you should breathe through—not your mouth.

But there may be times when your catarrh is so bad you can't breathe through it.

Breathing through the mouth is always bad for the lungs, and it is especially so when their delicate tissues have been weakened by the scrofulous condition of the blood on which catarrh depends.

Alfred E. Yingse, Hoernerstown, Pa., suffered from catarrh for years. His head felt bad, there was a ringing in his ears, and he could not breathe through one of his nostrils nor clear his head.

After trying several catarrh specifics from which he derived no benefit, he was completely cured, according to his own statement, by

Hood's Sarsaparilla

This great medicine radically and permanently cures catarrh by cleansing the blood and building up the whole system.

The Tide of Travel

Has turned. Vacation is over. People are coming home from the sea, the lake, the forest and stream. Fall is in the very air we breathe. It is in the store—in the new styles that are arriving daily. It is time to study. We want you to study about your purchases. See if in any way you can save more than we will save you. We know the result. We know it can't be done. Housekeeping Linens and Towels.

And it's an interesting one. The cost of Linens has advanced about 25 per cent. this fall, but as we're carrying in stock a more than usually heavy supply of linens we are able to give as great values as ever. Your advantage is in buying now, for incoming goods will have to be sold at much higher prices. Think of it, a clear saving of from 25 to 30 cents on every dollar's worth you buy; but remember the time is now.

54-inch Bleached Damask Table Linen, good patterns, slightly marked in weave, well worth 65c yard, selling now at 50c.

72-inch Bleached Damask Table Linen, and good value at 75c yard selling at 63c.

Another line of 72-inch Bleached Damask Table Linen, decidedly handsome and worth to-day, at present cost, 85c yard, selling at 70c.

We have in stock about half a score of fine Bleached Table Cloths, in single and double damask, 2¼ to 3¼ yards long by 2 to 2½ yards wide, handsome designs which we'll dispose of at about ⅓ less than real value. This is a splendid opportunity for you.

18 x 36 Linen Huck Towels, with colored borders, at 10c each or $1.15 doz.

19 x 38 Pure Linen Huck Towels, with plain and colored borders, as you prefer. These are 12½c each or $1.45 by the dozen lots.

20 x 40 Pure Linen Huck Towels, hemmed and with colored borders, good value at 15c each or $1.75 a dozen.

20 x 42 pure Linen Huck Towels, colored borders and fringed, at 18c each or $2.10 for a dozen.

22 x 43 Pure Linen Huck Towels, plain, hemstitched, very special value at 20c each or $2.25 by the dozen.
