EDITORIAL NOTES.

The penalties originally imposed upon A. E. Cross, of Oakville, and C. E. Ryan, of Trafalgar, $500 and $100 respectively for bribery in the election of 1898, have been reduced, by the court, to $300 and $50 respectively.

President Roosevelt has asked the members of Mr. McKinley's Cabinet to retain their respective portfolios throughout his term, and announced that his Administration would follow the policy outlined by President McKinley in his Buffalo speech.

The demand for the fall supplies for the lumber-camps and for inland water ports the next five or six weeks is expected to be very heavy. The rapid development of New Ontario is causing a large increase in the shipments of goods to that part of the country.—*Bradstreet.*

The University of Toronto has received a substantial addition to its endowment through the generosity of Professor Goldwin Smith and Mrs. Smith. The donation consists of $10,000 to the library of the University, and is to be applied for the purposes of such of the departments as the trustees may from time to time determine.

The Canadian Produce Co., of Toronto, has received a definite contract from London, England., for 100,000 pounds of Canadian chickens. This is the largest order for this kind of produce ever given to a Canadian firm. It only remains with the farmers of Ontario to raise enough chickens to supply the demand. The Company is prepared to buy every chicken that can be raised in the Province of Ontario.

Mr. Thomas A. Edison, who recently made a personal inspection of the Sudbury District, in writing to Mr. T. W. Gibson, of the Bureau of Mines, to acknowledge the courtesy of the department in sending him maps, says: "I think you have a very rich mineral country." Mr. Edison states that he has now twelve prospectors at work in this Canadian district, and next summer he expects to have twenty-four in the field.

Business in the North-West has shown great improvement since the wheat cutting began. Retailers are ordering liberally now for the fall and winter. A Winnipeg letter says: "There has been a noticeable increase in country remittances this week. The grain movement will be steady from now until navigation closes, and a great deal of debt should be liquidated within the next month. In addition to collections on old account there will be a large volume of new business of every kind to be handled also."

It is thought that the fact of Sir Wilfrid Laurier accompanying the Duke and Duchess of Cornwall and York to the west and back, involving an absence of about a month, will delay the calling of Parliament. The impression is that while the Government would prefer to summon Parliament early in January, they will not be able to do so until some time in February. The session were probably be a short one, and is likely to be concluded in sufficient time to permit the Premier to attend the coronation of the King in June.

In many cities in the United States, where municipal government has in many important respects proved a dismal failure, private citizens have formed themselves into improvement clubs. In addition to keeping watch on the conduct of municipal affairs, in order to prevent extravagance and corruption, these clubs aim at making their cities beautiful and attractive. Clean, wellpaved streets, boulevards, parks, recreation grounds, monuments, public drives, perfection of sanitation, abolition of slums and all the features which should distinguish a progressive, self-respecting community are the objects aimed at.

Too many of England's emigrants go to foreign countries instead of coming to Canada merely through lack of information. The offer of medals to the young British scholars for the best papers on geography, history and general studies of Canada will have the effect of dispelling that ignorance. The Canadian High Commissioner's office furnishes text books specially adapted for the examination. The principal of each school (and at least 1,500 schools will enter the competition) will examine the papers and forward to Lord Strathcona the two best. A decision will be reached at the close of the Easter term, 1902. This is the second offer of medals.

ROYALTY WESTWARD HO!

Their Royal Highnesses Speak Highly of Canada's Loyal Welcome.

Ottawa, Sept. 24.—The Duke and Duchess of Cornwall and York said farewell to the Capital this morning. They were gratified beyond measure at the enthusiasm displayed by the people of Ottawa and at the beauty of the decorations, and made no secret of their pleasure. To the Premier and a number of members of the Government they frequently during their stay spoke of the gratification they had experienced from their visit and a similar expression was conveyed to Mayor Morris, of Ottawa, just before the Royal departure. The members of the Royal suite were even more out-spoken in their sentiments, and were heard to say that it was difficult to decide whether Australia or Canada had given the Duke and Duchess the better reception.

UNVEILING CEREMONIES.

Programme of Proceedings in Connection with the Unveiling of the Gunner Moore Monument.

NOW IN COURSE OF ERECTION.

Saturday will be a day very memorable in the annals of local history. The proceedings that have been arranged in connection with the unveiling of the monument, now in course of erection in Fairview Cemetery, in recognition of the courage and bravery of our soldier hero, the late Gunner W. J. Moore, of D Battery, Royal Canadian Artillery, who died at Pretoria, South Africa, while in the service of Queen and country, will be both impressing and interesting, and will undoubtedly engender a deeper spirit of patriotism in the hearts of the rising generation.

The final touches to the monument will be put on by Contractor Hamilton, of the Electric Monumental Works, Guelph, this afternoon. The lower bases were placed on Tuesday. They are of Canadian grey granite and weigh about five tons. The inscription die to be placed to-day will add over two tons more to the massive pile. The design of the monument is unique and is entirely new to Ontario cemeteries. It is all of rock faced work excepting the panels which are beautifully polished and appropriately inscribed.

The Guelph *Herald* sent a reporter to the Granite works on Tuesday before the bases left for Acton and the *Herald* for that evening contains the following description of the monument:

"At the works of Ald. J. H. Hamilton, granite dealer, in this city, we examined the monument to be erected in Acton to the memory of the late Gunner W. J. Moore, of "D" Battery. The monument stands eight feet, four inches high, and is in three sections, consisting of a bottom base 4 feet 6 inches square, second base 3 feet 6 inches square and the die 2 feet 8 inches square, and about 5 feet high. The whole is of Canadian grey granite. On the front panel is the following inscription:—"This monument was erected by the citizens of Acton, comrades and other friends in memory of Gunner W. J. Moore, "D" Battery, R. C. A., late Color Sergeant, Co. No. 6, 20th Lorne Rifles, who died at No 2 Military Hospital, Pretoria, South Africa, while in active service, November, 9th, 1900. Aged 35 years." Above the inscription is a Union Jack. The right panel is beautifully inscribed with a crown and monogram "R. C. A." and scroll bearing the words "Royal Canadian Artillery." Beneath is inscribed "Gunner Moore" and above "D Battery." On the left panel is chiselled out a coat of arms, and inscribed "20th Lorne Rifles, Halton, Color Sergt. Moore." On the back panel is a gun and carriage, and the words, "Our Soldier Hero." On the second base is chiselled out in heavy gothic letters the name "Moore."

The panels and lettering are raised, and highly polished. The entire monument was made from the rough granite by Ald. Hamilton's staff, and is a creditable piece of work. The lower sections of the monument were taken to Acton to-day, and Ald. Hamilton is there superintending the work.

The monument will be unveiled on Saturday afternoon at two o'clock with a ceremony. A number of the local military officers and men, and also a number of citizens will be present at the unveiling."

The Monument Committee, with the much-appreciated assistance of Captain Langton, whom they have had in consultation for several weeks, have arranged the following as the outline for the unveiling ceremonies: The members of the 20th Lorne Rifles, the men of D. Battery and other military men present will meet at the town hall, with citizens, scholars of the Public School and visitors. At 2.30 the parade, led by the Regimental Band and Acton Cornet Band, will proceed from the hall to Fairview Cemetery. At the Cemetery the speakers and guests will take places on the platform at the monument; the soldiers will form a cordon around the monument plot on the circular driveway, and outside of them the public will be accommodated, so that all may hear and see the proceedings. The programme will open with the hymn, "Abide With Me," led by massed bands and joined in by the entire audience. Rev. J. K. Godden, M. A., will offer the opening prayer, after which the Chairman will give a brief history of the events leading up to the unveiling ceremonies. The monument will then be unveiled by Major Hardman, the officer who was in command of D Battery, if present; but if he fails to arrive from Ottawa Mrs. C. S. Smith, daughter of the oldest living Colonel of the regiment, will have the honor of unveiling. Comrades from D Battery will assist. At this point the troops will shoulder arms and the bands will play a verse of "Nearer My God to Thee." Floral offerings will be placed upon the stone by squads of comrades and school children, and the hymn above will then be played by the bands and sung by all. Addresses will follow by Rev. H. A. Macpherson, Lieut.-Col. Davidson, of Wellington Field Battery, Guelph, D. Henderson, M. P., Lieut.-Col. Goodwillie, of the 20th Lorne Rifles; Rev. J. Mr. Hager, M. A.; Lieut. Col. John Mutrie, M. P. P., of the 30th Wellington Rifles, and Major John R. Receber M. P. P., of the 20th Lorne Rifles. The proceedings at the grave will conclude with the evening hymn, prayer and benediction by Rev. W. S. McAlpine, B. A., and the National Anthem by the massed bands.

The visiting soldiers are invited, upon returning to town, to proceed to the town hall where luncheon will be served by the ladies.

LIFE OF PRESIDENT McKINLEY.

A Standard Historical Work About to be Issued.

The World Publishing Company, of Guelph, Ont., have arranged to issue in Canada the best of all of the forth-coming books on the life of the late President McKinley. It will be a magnificent work profusely illustrated, written by Murat Halstead, the celebrated war correspondent the man that was selected by the government of the late President McKinley to write the official report on the Philippine Islands. Murat Halstead, has been a life-long friend of President McKinley, and it will be a labor of love for him to finish this book, which has long been in preparation. It will be complete—his boyhood, manhood, war services, political and social life, assassination, full account of the assassin and the anarchist's conspiracy connected therewith, medical treatment, death, burial and state funeral. The book is so cheap and so excellent that every family should have a copy.

The work will be sold by subscription, and agents will find an announcement of interest to them in another column.—Guelph *Herald.*

ROCKWOOD.

The death occurred on Sunday of Mrs. Lazarus Parkinson at her late residence, Eramosa, after a lingering illness. Deceased was in her 74th year, and for the past few years has been gradually declining in health. She was a very estimable lady and much beloved by all who knew her, for her charitableness and kindly disposition. She was a strict and esteemed member of the Disciples Church at Everton, and always took a deep interest in its welfare. Her husband predeceased her about fifteen years. In the death of Mrs. Parkinson another old and highly respected resident of that township is called away.

The coming exhibition promises to be an exceptional success. President Gibbons is leaving no stone unturned that will contribute interest to the fair.

Squire Strange celebrated his eighty-sixth birthday last week.

Miss Teresa Donohue, of Mount Forest, visited her sister, Mrs. Frank O'Donnel, here last week.

Mr. T. P. May has returned to the village and is again in charge of Mr. G. J. Thorp's elevator.

SPEYSIDE.

After several months of waiting and submitting to a vexing postponement, the people of Speyside and vicinity were able to open the new hall which is now to be used for Sunday School purposes and such other meetings as the committee of management may decide upon.

The Hall is a renovated house belonging to Mr. H. P. Lawson, of Georgetown. With his usual spirit of philanthropy Mr. Lawson met the proposal favorably and dealt with the promotors generously. The result is a very neatly papered interior with good seating capacity, and a boon to Speyside, as it is the first public hall that this historic place has had.

Friday evening last was finally set apar for the opening ceremonies. Rain fell in the afternoon and it looked, like another postponement. But the night was delightful and at eight o'clock the hall was crowded.

Mr. H. P. Lawson had been invited to take the chair, but was unavoidably detained. Rev. H. A. Macpherson, of Knox Church, Acton, consequently filled that position and after devotional exercises announced the programme. This consisted of solos by Mr. M. D. Henderson and Mr. Harry Jeans, of Acton. Instrumental music by the Arthurs orchestra; addresses by Mr. D. Henderson, M. P., Mr. N. Gillies, Mr. J. Logie, Mr. Ephram Moore and Mr. Hampshire. All the addresses were helpful in their tone and each of the speakers regarded the project as a worthy one.

The movement is one that includes all the churches in the neighborhood of Speyside and the general wish is to have a good union Sunday School and prayer meeting.

The first prayer meeting in the new hall will be on Friday, Sept. 27th, at 8 o'clock, when Rev. H. A. Macpherson will be present to conduct it.

On Wednesday the 18th inst. a large number of guests assembled at the home of Mr. and Mrs. Richard Graham to witness the marriage of their youngest daughter, Miss Annie A. to Mr. James Haines, of Brampton. The ceremony took place on the lawn and was performed by Rev. Austin Potter assisted by Rev. E. Haines, brother of the groom. The bridesmaid was Miss R. M. Clarke, of Grangeville, and Mr. Alf Haines, of Hamilton, did honors for the groom. Miss Irene Huffman, niece of the bride, was a very dainty little flower girl. The bride was charmingly gowned in cream silk en train with pearl trimmings. She wore a bridal veil fastened with cream roses and the bouquet was of roses. The bridesmaid and flower girl wore white organdie with touches of pink and carried pink roses. The groom's gift to the bride was a sunburst of pearls and diamonds and to the bridesmaid an opal ring. After the dainty wedding supper had been served Mr. and Mrs. Haines left for their trip east amid showers of rice and good wishes.

CZOLGOSZ IS TO DIE.

Swift Justice Follows the President's Assassin at His Trial.

HE WILL BE SENTENCED TO-DAY.

Buffalo, N. Y., Sept. 23.—The trial of Czolgosz, the assassin of President McKinley, came to an end yesterday afternoon, and the prisoner was found guilty of murder in the first degree. Before adjourning the court Judge White announced that he would pronounce sentence at two o'clock on Thursday afternoon. Czolgosz was immediately taken back to his cell and to all appearances had been in no way affected by the results of the trial.

Dr. Matthew D. Mann was called for cross-examination.

"Was the condition which you found at the autopsy to be expected from the nature of the wounds which the President received?" asked Mr. Lowes.

"It was not expected, and was very unusual. I never saw anything just exactly like it," replied Dr. Mann.

"To what, then, do you attribute the symptoms or indications which you have discovered, the gangrenous condition of the wound?" "It is very difficult to explain it. It may be due to one of several things."

On redirect examination by Mr. Penney, Dr. Mann was asked if there was anything known to medical science that could have saved the President's life.

"No," was the reply, without hesitation.

THE IRISHMAN'S REQUEST.

In the days when flogging was in vogue as a punishment in the British navy a Scotchman and an Irishman, on the arrival of their ship in harbor, obtained leave to go ashore for a couple of days, and they over stayed the period of leave granted them. When they did put in an appearance, they were ordered 50 lashes each. On the day of the punishment a parade was ordered to to witness the infliction of the flogging.

When all was ready, the Scotchman asked as a favor to be allowed a piece of canvas on his back while he was being flogged. The captain granted his request and, turning to the Irishman, asked him if he required anything on his back while he was being flogged, to which he replied, "If ye plaze, yer honor, I'd loike to have the Scotchman on my back, if ye wouldn't mind."

THE FOLLY OF PEDANTRY.

Pedantry is hardly justifiable in any sort of an address before an audience made up of all classes of people; least of all is it to be tolerated in a preacher who is sent to declare the gospel. Souls hungry for the truth care nothing for a display of learning. It will vitiate the gospel every time. Even when great learning is demanded, the true preacher will not make his message of none effect by a show of wisdom. When St. Paul went to Corinth he went in weakness, and in fear, and in much trembling, his speech and his preaching was not with enticing words of man's wisdom, but in demonstration of the Spirit and of power, that the faith of his converts "should not stand in the wisdom of men, but in the power of God." St. Paul was a fine model.—New Orleans *Christian Advocate.*

Deafness Cannot Be Cured.

By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

The council advised the delegation to pay the tariff as usual and then meet the council with a view to rebate.

BENUMBED LIMBS.

A TROUBLE RESEMBLING PARALYSIS IN ITS EFFECT.

The Victim Loses Strength in His Limbs and is Usually Unable to Do any Work—The Story of a Farmer Sufferer, Showing How This Numbness Can be Overcome.

From the "Whig," Kingston, Ont.

There are few men in the city of Kingston better known than Mr. H. B. Johnson, the genial proprietor of the "Hub Ton" barber parlor, on Block Street. For several years he has been in failing health, being obliged to give over the entire work of his busy shop to his assistants. But this spring his health is so wonderfully improved that his many friends have been congratulating him on his restoration. In conversing with a reporter of the Whig recently, Mr. Johnson had the following to say concerning his illness and cure:—"For many months I was practically paralyzed. Numbness took possession of my limbs especially of my hands. From my hips down my body was without strength, and despite all that I could do, I was unable to keep my hands and feet from becoming icy cold. My appetite left me, and soon I had to give up work. My general health was, of course, failing, and I lost flesh. As you know, I am sixty-five years of age, and when a man loses strength at that age, it is a hard thing to build him up again. I tried several kinds of medicines, but they all failed to benefit me. The doctors whom I consulted were also unable to help me. I was growing discouraged when some of my old customers advised me to try Dr Williams' Pink Pills. At first I refused for I did not believe any medicine on earth could help me, but at last friendly persuasion had its effect, and I bought a supply of the pills and began taking them. Soon found that they were benefitting me, and so continued their use until Dr. Williams' Pink Pills have made me a new man. I feel stronger and better day by day. I am gaining in weight, and once again I am able to attend to my old customers without the least trouble. I consider the pills my best friend, and would not be without them."

Dr. Williams' Pink Pills are the friend of the weak and ailing. They surpass all other medicines in their tonic, strengthening qualities, and make weak and despondent people bright, active and healthy These pills are sold by all dealers in medicine, or can be had by mail, postpaid, at 50 cents per box, or six boxes for $2.50 by addressing the Dr. Williams Medicine Co., Brockville, Ont.
