HURSDAY, OCTOBER 24th .1901

EDITORIAL NOTES.

Arrangements have been made by Mr. G. C. Creelman, Superintendent of the Farmer's Institutes, for eight hundred meetings in the various institutes of the Province during the winter season.

The imigration figures for the year are not yet complete, but when they are it will be shown that the number of immigrants arriving in Canada for the year was about 50,000 an increase over last year's figures.

Dr. P. H. Bryce, Deputy Registrar-General, has sent out notifications to the municipal registrars of the province, notifying them that unless the monthly returns of deaths and births are sent in they will be prosecuted and fined.

Of the 12,000,000,000 letters annually distributed by the postoffices of the world 8,000,000,000 are addressed in English, 1,200,000,000 in German and 100,00 in French. All the other languages have less than 900,000,000 between them.

Prominent millers state that the duty of $1.50 a barrel on flour which the Australian Government proposes to impose will, if put in force, shut Canadian flour entirely out of the Australian market. It was thought that Canada had an opportunity of doing a large trade in flour with the Australians.

Mr. A. P. Westervelt, Secretary of the Dominion Live Stock Association, says that 1,200 entries have been received from Ontario for the Poultry and Pet Stock Show at the Pan-American Exposition. If Canada does as well with poultry as she has live stock the result will be highly creditable.

A statement of the financial affairs of the Province of Ontario has just been prepared by the Provincial Treasurer's Department, shows that the surplus over expenditure is $270,861. The total receipts for the nine months ending September 30th, were $3,378,653, and the expenses totalled $3,094,792.

It is said that an effort will be made at the next session of the Ontario Legislature to secure legislation compelling the closing of stores and other places of business at an hour not later than nine o'clock on Saturday night. Such an enactment would be hailed by hundreds of thousands of tired salesmen and employers with much satisfaction.

The Countess of Aberdeen, wife of the late Governor-General of Canada, speaking at a gathering in Dundee, Scotland, said that Great Britain had squandered her sons and her money in Africa while she allowed the Americans to build up commercial interests in Canada. This, she remarks, is one of Great Britain's palpable mistakes.

The official list of awards obtained by the Ontario mineral exhibit made by the Bureau of Mines at the Pan-American Exhibition shows that the exhibit was not surpassed in the mines building. Three gold medals, the highest honor conferred at the exhibition, were awarded the exhibit, while, with the exception of Mexico, which also received three, and Chili, which got two, no other state, foreign country or individual obtained more than one.

Five of the northern constituencies of Ontario show a total increase of population, as compared with 1891 of 60,651. The total increase for the whole of Ontario was 83,657. Algoma, Muskoka and Parry Sound, Nipissing, Renfrew North and South, therefore, have saved Ontario showing a decrease in population. Returns are still incomplete, but recent returns have shown a great increase of population. The returns for Algoma include the Indian population. The total white population is 59,000. The returns so far received from the Northwest Territories give the population, including Indians, as 148,000. The white population of the Territories numbers 130,000.

They do municipal business in a funny way at Oakville. At the meeting of the Council last week to strike the rate for the current year three motions were submitted; one, supported by the Mayor, to make the rate 20 mills; a second, introduced by Councillor Forster, to strike the rate at 22 mills, and a third by Councillor A. H. Chisholm, to fix it at 26 mills, which rate, he claimed, was necessary to meet the expenditures. The 22 mill motion carried, but an additional sixteen-hundredths of a mill was subsequently added. Taxes fall due November 1st, but ten per cent. will be allowed off taxes paid in bulk on or before December 2nd. No wonder the lakeside town's finances are getting muddled.

OUR LIVE STOCK LEADS.

Canada More in Prizes at the Pan-American Than All American Exhibits.

OTTAWA, Oct. 19—The showing of Canadian live stock at the Pan-American is exceedingly creditable to Canada. The Department of Agriculture has just received a summary of the awards, compared with the winnings of American stock. The Canadians received more than covered the expenses of exhibiting. Following is a general summary of the winnings:

	U. S.	Canada.
Cattle	$ 2,332.40	$ 3,111.00
Sheep	1,260.88	2,132.50
Swine	165.00	377.50
	$3,758.28	$5,621.00

Buffalo, N. Y., Oct. 16.—The following additional Canadian awards have been made public by the Pan-American:

Foods and their accessories—Silver medal, Department of Agriculture, Toronto Ont., canned fruits and vegetables.

CANADIANS ROUTE BOERS

And Capture a Laager after Losing Two Men and Having Three Wounded.

CLOSING IN ON BOERS.

PRETORIA, Oct. 20.—A force of Canadian Scouts surprised a Boer laager near Belmoral. The Boers fled after a short fight. The Canadians had two men killed and an officer and two men wounded.

NEW YORK, Oct 18.—From Newcastle, Natal, a correspondent of the *Times* sends a dispatch, which says that a large number of Boers are near Pongolabosce (Pongolo Forest) and Blengspies, southeastern Transvaal, while a commando of 500 holds a position southeast of Piet Retief. Commandant-General Botha has dissolved his force, which numbered 2,000, and has left his men to escape as best they can. He himself, with a few followers, has gone north through a small unguarded space near Piet Retief. The main interest of the moment, says the dispatch, centres in the operations around Pongolabosce, where the British are gradually enclosing the Boers.

$300,000 FIRE AT SYDNEY.

Business Portion of the Stirring Town Destroyed on Saturday.

SYDNEY, N. S., Oct. 19.—Chaos reigns in Sydney to-night. Where large and flourishing mercantile establishments stood yesterday, there is now nothing but smouldering ruins. Tall chimneys charred brick walls and smoking piles tell the story of the greatest conflagration in the history of Sydney. There are very few stores standing and those that are enveloped in darkness and disorder. Citizens and firemen all fought vigorously to stay the progress of the flames.

The fire originated in the furniture store of Gordon & Keith through the upsetting of an oil stove. Nearly all the stores and some twenty-five residences were destroyed. Loss is estimated at $300,000.

A STATESMAN SUICIDES.

Nicholas Flood Davin, of Regina, Shot Himself through the Head at Winnipeg.

WINNIPEG, Oct. 19.—Nicholas Flood Davin shot himself in his room in the Clarendon Hotel yesterday afternoon about four o'clock. The suicide was premeditated, and the muzzle of the revolver was placed in the mouth fired upwards. Death was instantaneous, and there was no sign of a wound on the face or body when a hotel porter, John Baird, made the discovery.

Mr. Davin came to Winnipeg from Regina on October 9th on legal business and registered at the Clarendon. Unlike himself, he appeared very much depressed, and drank heavily. He walked about the corridors talking to himself. When anyone passed him he became nervous and annoyed.

Mr. Davin was 58 years of age, a native of Kilkhane Ireland. He came to Canada in 1874; was member of the House of Commons from 1887 to 1896, and brooded much over his defeat in that election. He was married in 18 5, was publisher of the Regina *Leader* and was author of half a dozen biographical and historical volumns.

THE DUKE'S FAREWELL.

He and The Duchess Were Wonderfully Impressed With Their Tour Through Canada.

HALIFAX, N. S., Oct. 20.—The farewell address to the citizens of Canada has been issued by the Duke of York, through Lord Minto, which is a most interesting epistle. The closing paragraphs:

"We wish it had been possible to remain longer in Canada, and by availing ourselves of the many pressing invitations received from different centres to become acquainted more intimately with its various districts and their people, but we have seen enough to carry away imperishable memories of affectionate and loyal hearts, frank and independent natures, prosperous and progressive communities, boundless productive territories, glorious scenery, stupendous works of nature, a people and a country proud of its membership of the Empire finds one of its brightest offspring.

Our hearts are full of saying farewell. We feel that we have made many friends in all parts of the Dominion, and that we owe and gladly extend to its people our sincere friendship and good wishes. May the affectionate regards that all races and classes have so generously shown us knit together the people of Canada, and strengthen the existing ties that unite the Empire.

"Believe me, dear Lord Minto,

"Very sincerely yours,
(Signed) "GEORGE."

NEW LITERATURE

Now in the Book Stores and Rapidly Passing into the Readers' Hands.

One of the most eagerly sought after volumes of the present month is Hall Caine's new book, "The Eternal City," just published by George N. Morang & Co., Toronto. This author's previous works, "The Christian" and "The Manxman," were read with avidity and had a wide circulation, but the prospects are that his new production will be even more popular with the reading public. It is a story of force in which the novelists vigor and artistic instincts are more clearly shown than in any of his previous writings. The hero of the novel, a tribune of the people, and Roma, a fascinating figure, are creations that seize at once upon the imagination. A passionate love and a relentless working out of destiny, give the romance an unusual power. Certain fundamental questions that are everywhere discussed, are taken by the author for the central theme of the story. Rome is chosen as the scene, as that city is at once the oldest and the youngest city in the world, and is typical of the new evolutions of the time. The surroundings of the actors in this drama are full of suggestions. Price: Cloth, $1.50; Paper, 75c. George N. Morang, Publishers, Toronto.

"With Christ at Sea," by Frank T. Bullen, author of "The Cruise of the Cachalot," is one of the latest publications from the presses of William Briggs, Toronto. The volume is dedicated to the Marquis of Northampton by the author, in admiration of his common-sense Christian. The object of the author is to put experiences of religious life at sea into entertaining and interesting form, and to this end he has written a most realistic description of life at sea as he found it through many years of seafaring vicissitudes. He says: "I have tried with all my heart and soul to say without bias what I remember of those days, in the mellowing light of memory, and my earnest hope and prayer is that some good may result." The story is simple, truthful and direct and the volume will be welcomed by the readers of either Sunday School or Public Libraries. Price: Cloth, $1.25. William Briggs, Publisher, Toronto.

Among the attractions in addition to those of the prize list was Highland dancing in costume by little Misses Lucy and Lizzie Jeffrey, of Toronto, to music furnished by Piper Richardson, of the same place. A TEACHER'S WORRIES.

FREQUENTLY RESULT IN A BREAKING DOWN OF HEALTH.

Headaches, Backache, Dizziness, Poor Appetite and Insomnia the Outcome—How to Avert These Troubles.

From the Review, Windsor, Ont.

Only those engaged in the teaching profession realize how much care, worry and perplexity is met with daily. It is therefore little wonder that there are so many health breakdowns, especially among young ladies who follow this calling. Miss Christina Pare, of Ojibway, Ont., is one who has suffered much in this respect. To a reporter of the Windsor *Review*, Miss Pare said: "For several years, while teaching school, I was continually troubled with headaches, dizziness and a weak back. I tried several doctors and medicines, but got no relief. I became so badly run down that I thought possibly a change of employment would give me relief. I gave up my school and tried other duties, but the result was disappointing as the troubled seemed to have taken a firm hold upon me. The headaches grew more and more severe, my appetite failed me and I was compelled to take a rest in order to overcome dizziness. A friend advised me to try Dr. Williams' Pink Pills. I decided to try a box, and before they were all used I found much relief. I continued taking the pills for some time longer, every day gaining new health and strength, and now I feel as well as ever I did in my life, and am never bothered with the old trouble. You may say therefore that there is nothing I can recommend so highly as Dr. Williams' Pink Pills."

Young girls who are pale and weak, who suffer from backaches, headaches, loss of appetite, palpitation of the heart, and other symptoms that overcome so many in early womanhood, will find a certain and speedy cure in Dr. Williams' Pink Pills. These pills make rich, red, blood, strengthen the nerves, and give new life and vigor to the whole body. The genuine bear the full name, Dr. Williams' Pink Pills for Pale People on the wrapper around every box. Sold by all dealers or by mail post paid at 50 cents a box or six boxes for $2.50 addressing the Dr. Williams' Medicine Co., Brockville, Ont.

THE CLOSING OF THE PAN

At that hour the lights of the electric tower and other lights used in the grand illumination will be finally turned off.

HIS FIRST LESSON.

He was a nice young man, but, but, oh, so slow—so slow! She was an even nicer young woman, but she liked not the aforementioned slowness.

He had called to take her to a theatre, and they were just disappearing down the garden path, when he informed her the little Nannie, the pet of the household, was calling to her from the steps.

"Oh, dear, I'm in such a hurry!" she cried, stopping reluctantly. "What is the little darling saying, Reginald?"

"She says, 'You've forgotten to kiss me.'"

"How strange! remarked the young lady. "Why should she want me to kiss you, Reginald? But there, never mind," she went on, suddenly stepping forward and pressing her red lips to Reginald's redder face. "We must humor the little sweet all we can."

The worst enemy of the "just right" is the "pretty near." The "pretty near" never succeeds.
