DIED.

Yesterday morning, Mrs Elizabeth Crane, Relic of the late Edward Crane Senr. aged 79 years.

Friends and acquaintances are respectfully invited to attend the Funeral from the residence of her son-in-law Saml. Boyden to the place of interment this afternoon at 5 o'clock.

Special Notices.

LIFE INSURANCE.—The British Commercial Life Insurance Company of London, established in 1820, capital and assets over one million sterling, affords the highest security to persons desirous of insuring their lives. Bankers, Glyn, Halifax, Mills & Co. Risks in this city accepted, at favorable rates, by S. Rowlands No. 4 Wilson's Buildings.

IN THE NICK.—Mr Ambrose W. Thompson, No. 10 Wall Street, has been appointed agent in this city of the Farmers and Mechanics' Fire and Marine Insurance Company of Philadelphia. This Company is one of the most respectable in Philadelphia, and has the Hon. Thomas Biddle for its President. It has complied with the law of this State in regard to companies belonging to other States, and has provided an accruing trust Fund of $100,000 with Messrs. Duncan, Sherman & Co. Messrs. Bushing & Co. publish a card of thanks in the Philadelphia North American for the prompt manner in which this Company settled its losses on their establishment, thus enabling them to resume business without delay.—*N. Y. Tribune.*

S. ROWLANDS is agent for the above-named Company in Kingston, Office No. 4, Wilson's Buildings, Wellington Street.

Scald Heads in children, and Eruptions on the skin.—A certain remedy for these complaints. Mrs Marston residing in Quebec, had two children afflicted with the most inveterate scald heads; they were also much disfigured with eruptions on the skin, the parents had recourse to a variety of remedies for the alleviation of the little sufferers; many things were tried, but all unfortunately made the children worse, and in fact the virulence increased and spread nearly all over their bodies. The parents eventually determined to try Holloway's Ointment and Pills, which she commenced using in accordance with the directions, and by perseveringly with them for eight weeks, the children were both effectually cured; they have since enjoyed the best of health, and have not had any return of the complaint.

Valuable Household Articles.—Dr Jas. McClintock's Alterative Syrup, for purifying the Blood, Eradicating Pimples, Boils, Scrofula, and all kinds of Taint from the system, thereby nourishing, strengthening, and building it up also, his Dyspeptic Elixir, the Great remedy for Dyspepsia, Loss of Appetite, Indigestion, and all the diseases that follow these complaints. They are a combination of the virtues of the best remedies the vegetable kingdom affords.

Multitudes are now suffering under the debilitating effects of Fever and Ague, who might speedily be restored to health, vigor, and usefulness by a course of Dr. Jas. McClintock's Fever and Ague Specific. Its curative results are certain and invaluable. If the complaint is complicated with Liver Complaint, resort should be had to Dr. McClintock's Anti-bilious Pills, which never fail to afford relief in Bilious diseases.

Dr Jas. McClintock's Whooping Cough Remedy and his Diarrhea Cordial have become the great leading and standard remedies in families, hospitals, and every where they are known. Whooping Cough, Croup, Asthma, &c., and Diarrhea, Cholera Morbus, Cholera Infantum, and Summer Complaints, are immediately relieved and speedily cured by their prompt effects. Are the discoveries of an eminent and scientific man founder of the Philadelphia College of medicine.

Dr James McClintock's Sucess in treating diseases of the Lungs and Throat, while at the head of the Philadelphia College of Medicine, has given him a world-wide reputation. Cold, and Cough Mixture removes every vestige of irritation from the Throat and Lungs in the worst cases of Cold Cough, Catarrh, Influenza, &c.; and where these too-often-neglected complaints have become merged in Bronchitis or Consumption, his Pectoral Syrup will save the patient in cases which are usually pronounced hopeless. For Sale by E. W. Palmer.

SIR,—Friday last, 1st inst., an evening of Regular Meeting, the following Members of the Board were absent. In accordance with a Resolution, I send you their names,—Messrs. Agnew, Acheson, Bibby*, Dougan, Fenwick*, Flanigan, Rowlands, Rudston & Waddell

BUREAU OF AGRICULTURE AND STATISTICS,
Toronto, July 2nd, 1856.

HIS EXCELLENCY THE GOVERNOR GENERAL has been pleased to approve of the method of Location of the LAND IMPROVEMENT FUND prescribed by the Order in Council relative thereto, in the hope that a judicious and economical management thereof may be thereby insured.

A Copy of the Regulations has been received by the Head Teacher of Superintending the Work at the Disposal of each Municipality.

As the best season of the year for making the improvements which the Fund is applicable to is close at hand, it is recommended that preparations for the approaching season should early be made to secure its possession.

The Order in Council referred to is as follows:—

It is ordered that the Fund derived from the sales of Lands in each particular Township or other Municipality, and applicable to the purposes of the Fund under the 4th Section of the Act 16 Vict. Cap. 159, as shall be apportioned, by applying the making and maintaining, altering or improving the Roads or Bridges in each such Township, or other Municipality, respectively, and be for such purpose distributed and disposed of by and through the Municipal Council of such Township or other Municipality. Each such Council to report to the Bureau of Agriculture the manner of expenditure of such Moneys on the FIRST DAY OF JANUARY and JULY, in each year and at any intermediate time within ten days after having been called upon so to do by that Department.

Certified,
A. H. LEMOINE, C.C.C.
P. M. VANKOUGHNET,
Minister of Agriculture.

AGENCY FOR THE SETTLEMENT OF THE ADDINGTON ROAD.

July, 1856.

THE undersigned, Agent appointed by His Excellency the Governor General for the Settlement of the Addington Road, in the rear of the Counties of Frontenac and Addington, Upper Canada, hereby gives notice to all persons willing to avail themselves of locating thereon, that his office is (for the present) at Flint's Mills, in the Township of Kaladar, and which will be open every day in the week, between the hours of Nine and Four o'clock.

One Hundred Acres will be given to any settler eighteen years old, and a subject of Her Majesty, who will present himself provided with a certificate of probity and sobriety, signed by known and respectable persons and having the means so providing for himself until the produce of his farm is sufficient to maintain him. The receipt of that certificate shall entitle on to the Agent (who shall keep a registry thereof) his name, age, condition, trade or profession; whether he is married, and if so the name and age of his wife; how many children he has, the name and age of each of them; where he is from, and whether he is the owner of land elsewhere.

The conditions of location are—to take possession within a month, and to put in a state of cultivation at least twelve acres of the land in the course of four years—to build a house (at least 20 by 18 feet) and to reside on the lot until the conditions of settlement are duly performed; after which accomplishment only shall the settler have the right of obtaining a title of property. Families comprising several settlers entitled to lands, preferring to reside on a single lot, will be exempted from the obligation of building and of residence (except upon the lot on which they live) provided that the required clearing of the land be made on each lot. The non-accomplishment of these conditions will cause the immediate loss of the assigned lot of land, which will be sold or given to another.

The Road having been opened by the Government, the settlers are required to keep it in repair.

E. PERRY,
Agent, Addington Road.

International Broom Factory.

THE Subscriber has taken the premises adjoining Mr T. Hendry's Store, in Ontario Street, and has established a branch of his business in this city, under the management of R. A. Holmes. Having sent hands from his own Manufactory, together with his long experience in selecting stock, he is enabled to supply Canada with the same article that his friends procure from him in Schenectady.

OTIS SMITH.

Kingston, July 14, 1856.

☞ Orders from any part of Canada and at the lowest market prices, may be addressed to R. A. Holmes, Kingston, C. W.

Auction Sale by W. McMillan,
OF

AT THE STORES OF
Hugh Fraser, Ontario Street,

There will be offered to the trade on the most liberal terms, a large and well assorted stock of Groceries, &c., to which the attention of both city and country buyers is particularly invited.

☞ Sale at One o'clock punctually.

WILLIAM McMILLAN,
Auctioneer.

Kingston, 24th July, 1856.

Auction Sale of Groceries, &c.

THE Assignees of the Estate of Mr James Fraser of this City, will sell by Public Auction, on Friday the 8th day of August next, at the Store now in the possession of Mr Fraser, at the foot of Clarence Street, all the Stock of Groceries, Wines and Spirits, on hand, as also all the Shop Furniture and Fixtures, consisting of Spirit Casks, Tea Cannisters of the most modern shape, and nearly new, with a large variety of fixtures suitable for a Retail Grocery Establishment.

Also, at the same time and place will be sold without any reserve, the Houses, Stores and Warehouses on the Wharf, with all the water privilege belonging thereto. Also, the Building occupied by Thomas Kirkpatrick, Esq., as also a vacant lot adjoining. These premises will be sold subject to two mortgages that are upon them, and which will be known at the time of sale, or by application to Thomas Kirkpatrick, Esq. These Premises will be put up at 12 o'clock Noon precisely.

Also, will be sold without any reserve, all the interest of the Assignees in Lot No. 1, in the 3rd Concession of Sydney, containing 65 acres more or less.

Also, Lot No 11, in the 2nd Concession, Township of Elzivir, containing 200 acres.

Also, East Half of Lot No. 25, in the 3rd Concession of Hungerford, containing 100 acres.

Also, Lot No 20, in the 3rd Concession of Hinchinbrooke, containing 200 acres.

A deposit of 10 per cent will be required to be paid down on the Landed Property at time of Sale, at which time the terms will be made known.

The Sale of Groceries, &c., will commence at 10 precisely.

Terms, Cash.

BUREAU OF AGRICULTURE AND STATISTICS
Toronto, 25th July, 1856.

To Emigrants and Others Seeking
LANDS FOR SETTLEMENT.

THE PROVINCIAL GOVERNMENT have recently opened out THEE GREAT LINES OF ROAD, now in course of completion, and have surveyed and laid out for Settlement the Lands, through, and in the vicinity of which those Roads pass.

The Roads, as advertised by the Agents of the Government, appointed to the respective localities to afford information to the settler, are known as "THE OTTAWA AND OPEONGO ROAD," "THE ADDINGTON ROAD," and "THE HASTINGS ROAD."

THE OTTAWA AND OPEONGO ROAD.

Commences at a point of the Ottawa River known as "Ferrett's," a little above the mouth of Bonchere River, and runs in a Westerly direction, passing through the northerly part of the County of Renfrew.

It is intended to connect this road with a projected line of road, known as "Bell's Line," (leading to the Lake Muskako, and Lake Huron, by a branch which will diverge from the Opeongo road in the township of Brudnell, at a distance of about 53 miles from the River Ottawa, forming with "Bell's Line," a great leading road, or base line, from the Ottawa to Lake Muskako, 171 miles in length, passing through the heart of the Ottawa and Huron Territory, and opening up for settlement a vast extent of rich and valuable land.

This road, and the country through which it passes, now open for settlement, is easily accessible, and the Agent for the granting of Lands in this district is Mr P.P. French, who resides at Mount St. Patrick, near Renfrew, on the Opeongo Road, a few miles from the lands which are to be granted. To reach the section of country under Mr French's charge the Settler must go from MONTREAL up to the Ottawa River, to a place called Bonchere Point, and thence by land some twenty-five or thirty miles westward to the Township of Grattan, in which Mount St. Patrick is situated.

THE ADDINGTON ROAD,

Commencing in the Township of Anglesea, in the northern part of the County of Addington, near the Village of Flints Mills, in Kaladar, runs almost due north to the River Madawaska, a distance of 35 miles—and is to be continued thence for the distance of 25 miles, till it intersects the Ottawa and Opeongo Road.

The Agent for the granting of the Land in this district is Mr E. Perry, who, for that purpose, is now resident at the Village of FLINTS MILLS. The outlines of five townships of very superior land are already surveyed and ready for Settlement within the limits of the Agency, lying north of Lake Massanoka, and between it and the River Madawaska. The Townships are called respectively Abinger, Denbigh, Ashley, Effingham, Anglesea, and Barrie.

The direct route to this section is by way of KINGSTON, Canada West, thence to NAPANEE, either by land or Steamboat, and thence North to the Township of Kaladar, and the Village of FLINTS MILLS, where Mr Perry resides.

THE HASTINGS ROAD.

Almost parallel to the Addington Road, and at a distance west from it of about 32 miles, is the HASTINGS ROAD. This Road beginning at the northern part of the County of Hastings, and running a distance of 74 miles, almost due north, also intersects the OTTAWA AND OPEONGO ROAD and its extensions.

The Government Agent is Mr M. P. Hayes, who resides at the Village of Hastings, lately called Madoc, about 28 miles north of the town of Belleville. The road between these places is in good order. The land to be granted by the Crown under this agency extends from 15 to 70 miles north of the Village of Hastings. The road through this large extent of land is passable for 40 miles; and money is now being expended to extend it 30 miles further, so that Settlers can get in and out without difficulty, and find a good market for surplus produce, as well as convenient facilities for bringing in whatever supplies they may require—abundance of which can be had at the Village of Hastings, where the Government Agent resides.

The direct way to reach this section, which is easily accessible, is by KINGSTON, Canada West, thence by Steamboat up the Bay of Quinte to BELLEVILLE, 56 miles—and thence by a good road to HASTINGS, 28 miles.

In order to facilitate the Settlement of the country, and provide for keeping the Roads in repair thus opened: the Government has authorized Free grants of Land along these Roads, not to exceed in each case ONE HUNDRED ACRES, upon application to the Local Agents, and upon the following

CONDITIONS:

That the Settler be eighteen years of age.

That he take possession of the land allotted to him within one month, and put in a state of cultivation at least twelve acres of the land in the course of four years,—build a house (at least 20 by 18 feet) and reside on the lot until the conditions of settlement are duly performed; after which accomplishment only shall the settler have the right of obtaining a title to the property. Families comprising several settlers entitled to lands, prefering to reside on a single lot, will be exempted, from the obligation of building and of residence, (except upon the lot on which they live) provided that the required clearing of the land be made on each lot. The nonaccomplishment of these conditions will cause the immediate loss of the assigned lot of land, which will be sold or given to another.

The Road having been opened by the Government, the settlers are required to keep it in repair.

The Local Agents, whose names and places of abode have already been given, will furnish every information to the intending Settler.

The LOG-HOUSE required by the Government to be built, is of such a description as can be put up in four days by five men. The neighbors generally help to build the Log-cabin for newly arrived Settlers, without charge, and when this is done the cost of the erection is small; the roof can be covered with bark, and the spaces between the logs plastered with clay, and whitewashed. It then becomes a neat dwelling and warm as a stone-house.

The Lands thus opened up and offered for settlement, are, in sections of Canada West, capable both as to Soil and Climate, of producing abundant crops of winter wheat, of excellent quality and full weight, and also crops of every other description of farm produce, grown in the best and longest cultivated districts of that portion of the Province, and fully as good.

There are, of course, in such a large extent of country as that referred to, great varieties in the character and quality of land—some lots being much superior to others; but there is an abundance of the very best land for farming purpose. The Lands in the neighborhood of these three roads will be found to be very similar in quality and character, and covered with every variety of Timber—some with hard wood, and some with heavy pine.

Water for domestic use is everywhere abundant; and there are, throughout, numerous streams and falls of water, capable of being used for Manufacturing purposes.

The heavy timbered land is almost always the best, and of it, the ashes of three acres—well taken care of and covered from wet,—will produce a Barrel of Potash, worth from £6 to £7 currency. The capital required to manufacture Potash is very small, and the process is very simple and easily understood.

The expense of clearing and enclosing heavily Timbered Lands, valuing the labor of the settler at the highest rate, is about FOUR POUNDS Currency per Acre, which the first wheat crop, if an average one, will nearly repay. The best timber for fencing is to be had in abundance.

A Settler on these lands, possessing a capital of from £25 to £50, according to the number of his family, will soon make himself comfortable, and obtain a rapid return for his investment. The single man, able and willing to work, needs little capital, besides his own arm and axe—he can devote a portion of the year to clearing his land, and in the numerous lumbering establishments, he can, at other seasons, obtain a liberal remuneration for his labor.

The climate throughout these Districts is essentially good. The snow does not fall so deep as to obstruct communication; and it affords material for good roads during the winter, enabling the farmer to haul in his firewood for the ensuing year from the woods, to take his produce to market, and to lay in his supplies for the future—and this covering to the earth, not only facilitates communication with the more settled parts of the District, but is highly beneficial and fertilizing to the soil.

In all the localities above named, wherever Settlers have surplus produce, there is a good market for it near to them—farm produce of all kinds being in great demand by the Lumber or Timber Merchants, who are carrying on extensive operations throughout these parts of the country.

According to the ratio of progress which Canada West has made during the last ten years, the value of property on an average doubles within that period; irrespective of any improvements which may have been made by the Settlers.

In many Counties the value of Land, once opened for settlement has increased FIVE-FOLD in the period named, but the average value of such land, according to the statistics of Canada West, DOUBLES EVERY TEN YEARS in the mere lapse of time, exclusive of any expenditure thereon—and it is not too much to expect that this ratio will not diminish for generations to come.

The Sections of Country opened by these roads lie in and to the Southern part of the Great Ottawa Region, stretching from and beyond them to the shores of lake Huron, to Lake Nipissing, and to the Ottawa River—an immense extent of country whose resources are now seeking and will rapidly obtain development.

THE OTTAWA COUNTRY, lying south of Lake Nipissing and of the great river Ottawa, and embracing a large portion of the land offered for settlement, is capable of sustaining a population of EIGHT MILLIONS OF PEOPLE, and it is now attracting general attention, as the more western portions of Canada are being rapidly filled up.

The Parliament of Canada in its last session, incorporated a company for the construction of a Railway to pass through this Ottawa country from the Shores of Lake Huron to the City of Ottawa, and thence Eastward.

A survey of the River Ottawa, and the neighboring Country has been undertaken, and will be completed in the present year, its principal object being to ascertain by what means the River Ottawa, can be rendered navigable and connected with Lake Huron, so as to enable vessels to pass by that route from the most Western Waters into the River St. Lawrence and the Ocean. These projected works are alluded to, in order to show that the attention of the Government, Parliament and People of Canada has been fixed upon this important portion of the Province.

P. M. VANKOUGHNET,
Minister of Agriculture, &c.

EDUCATION.

MR H. J. BORCHAVICK (Principal Queen's College School) begs to intimate that on 1st Oct'r prox. he will open an Academy for the instruction of youth in all the branches of an English, Classical and Commercial Education.
