The Acton Free Press

THURSDAY, JANUARY 9, 1902

THE FREE PRESS CALENDAR.

The Calendar for 1902 sent to all subscribers of the FREE PRESS on New Year's morning is much admired. Although we printed a large number of extra copies the demand has been so great the issue is already exhausted. The entire work of color printing, tinting, embossing and binding was done in the FREE PRESS office.

Respecting the calendar the Oakville *Star* says: "The Acton FREE PRESS with commendable enterprise issued a very pretty Calendar as a supplement to its New Year's issue."

The Guelph *Daily Mercury* pays the following much appreciated compliment: "Enclosed with the Acton FREE PRESS this week comes a copy of the very handsome calendar issued by this newsy journal. Each month is illustrated by a child figure surrounded by objects symbolical of the month. "The *Mercury* wishes the genial proprietor of the PRESS continued success during the coming year."

EDITORIAL NOTES.

Western Canada's great product for 1901 was over 100,000,000 bushels. The Manitoba Government's bulletin gave the out put for that province at 85,170,850 bushels. Returns just received at the the C. P. R. offices from the office of the commissioner of Agriculture, Regina, show that there were 23,060,835 bushels of wheat, oats and barley grown in the Territories, and with the peas, flax and rye, the figures would be over the 24,000,000 mark.

Mr. Percy Secord, attorney-at-law, of Buffalo, a former much esteemed citizen, and still a property-owner here, in an eloquent speech before the electors in the town hall last Thursday evening, arraigned the Municipal Transient Trader's By-law in very strong terms. He declared that inasmuch as it restricted trade it wasunfair, unconstitutional and opposed to the rights of British subjects. Mr. Secord suggested that instead of the imposition of the $50 fee, a bond for the payment of taxes in case of removal before assessment was made or taxes levied would relieve to some extent existing hardship.

Professor Goldwin Smith discusses "The Public School Question" in the January *Canadian Magazine*, characterizing our present system as mechanical and inflexible. He thinks voluntary schools might be grafted on our present system with some advantage. The Hon. L. G. Power, Speaker of the Senate, discusses our Military System, and advocates the enrollment of all citizens in the volunteer force, with a shorter, unpaid drill season. He bases his suggestions on the experience of Nova Scotia before Confederation. Arthur H. U. Colquhoun discusses the Reciprocity situation, and intimates that Canada has nothing to expect from the United States.

In the retirement of Mr. Robert Holmes, the chairman last year, from the membership of the Public School Board, Acton loses the services of a very valuable member. For ten years continuously Mr. Holmes has in the most faithful manner performed the duties pertaining to the office, frequently at considerable personal inconvenience. During his tenure of office he has seen the staff increase from three to six teachers; a new school building erected, steam heating introduced, and numerous minor improvements effected. No member of the Board has ever been more faithful in his attendance upon Board and committee meetings. Mr. Holmes has earned by long service the right of every public-spirited citizen, to retirement, and he expresses himself quite satisfied to do so since local educational matters are left in such experienced and able hands as compose the newly-constituted Board.

The defeat of Councillor Jeans in the contest for the Reeveship was more decisive than generally anticipated. His twenty years residence in Acton; his interest in labor matters; his willing assistance where his talents were in request, as well as his promises as to the establishing a market, and a more general interest in all sections of the town, were deemed elements which would make him a very strong candidate. Two facts, however, militated strongly against him. The political leaders of his party gave him the cold shoulder, in favor of Mr. Williams, and the temperance people generally remembered that in fixing the license fee last spring Councillor Jeans led the action which resulted in reducing the liquor license fee to the lowest point reached since Acton was incorporated and many took the opportunity at the polls of showing their disapproval of his action. Mr. Jean's star may yet be in the ascendant, however.

Acton has always been served on her Board of Education by citizens of ability who were ready to give local educational matters their best thought and attention. As a result we have admitedly the most successful and best conducted Public School in the County. Never before were the educational interests of the town placed in the care of a better Board of Trustees than they are to-day. The retirement of the three faithful members at the nomination, viz: Messrs. R. Holmes, J. Agnew and J. H. Matthews, is regretted, but the citizens may congratulate themselves upon the election of three such able successors as Rev. H. A. Macpherson, Rev. J. K. Godden, M.A., and W. H. Denny. These new members-elect bring into the Board educational ability which will be valuable, and added to the present members, Dr. McKeague, W. R. Kenney and Henry Grindell will form a strong, energetic and useful Board, and will be fully able to satisfactorily cope with all matters which may require consideration at the present important juncture in the history of our growing school.

WILLIAMS AGAIN REEVE.

Re-Elected Over Councillor Jeans by a Big Majority.

COUNCIL AND SCHOOL BOARD ELECTED BY ACCLAMATION.

The municipal contest here last Monday was confined to the Reeveship, and resulted in an overwhelming victory for Reeve Williams by a vote of two to one of his opponent. The contest was a very quiet one and at five o'clock the ballot boxes revealed the following results:

	WILLIAMS	JEANS
Polling subdivision No. 1	77	49
Polling subdivision No. 2	110	45
	187	93

Majority for Williams 94.

After the FREE PRESS had gone to press last week, candidate J. H. Matthews tendered his resignation from the contest and the remaining four candidates were consequently elected by acclamation. The Council of the present is therefore as follows:

Reeve—John Williams.

Councillors—Jno. A. Henderson, George Hynds, H. Swackhammer and J. Agnew.

The only change in the personal of last year's Council is the retirement of Councillor Jeans and the election of John Agnew, who has just completed two years on the Public School Board.

The Public School Trustees were also elected by acclamation. Messrs. Holmes, Agnew and Worden retired, and Rev. J. K. Godden, M. A., Rev. H. A. Macpherson and Mr. W. H. Denney were elected. This gives three entirely new men to the Board, which is now composed as follows: Dr. E. A. McKeague, W. R. Kenney, H. Grindell, Revs. Godden and Macpherson, and W. H. Denny.

OTHER MUNICIPALITIES.

GEORGETOWN—Reeve—Dr. Nixon. Councillors—A. B. Bradley, J. A. Ball, J. C. Hartley and J. Gibson. School Trustees—R. D. Warren, J. W. Cole, J. Mason and F. J. Speight.

MILTON—Mayor—S. Dice.—Councillors—W. Clements, J. M. Bastedo, C. A. Hemstreet, D. Hartley, A. McKay, Dr. D. D. Wickson. School Trustees—A. McKay, J. M. Bastedo, Dr. D. Robertson.

OAKVILLE Mayor—John Kelley. Councillors—James McDermott, Wm. King, A. D. Chisholm, Peter Kelley, Jno. R. Byers, and A. S. Forster.

TRAFALGAR—Reeve—Dr. Buck. Councillors—D. Featherstone, J. S. Ford, H. Inglehart, James Waldbrook.

ESQUESING—Old Council re-elected.

NASSAGAWEYA—All the old Council re-elected except A. Ball, who retired and is succeeded by Joseph Little.

ERAMOSA—Last year's Council was re-elected by acclamation.

UNFAILING AS FATE.

A lady in town has sent the FREE PRESS the following, which she hopes may interest readers throughout the Province. It appeared in the Kansas City *Times* some years ago:

"When Jenner discovered cow pox in England, the world of science hurled an avalanche of fame upon his head; but when the scientific school of medicine of the world—that of Paris—published this recipe as a panacea for smallpox, it passed unheeded. It is unfailing as fate, and conquers in every instance. It is harmless when taken by a well person. It will also cure scarlet fever. Here is the recipe as I have used it, and cured my children of scarlet fever; here it is as I have used it to cure smallpox when learned physicians said the patient must die; it cured. Sulphate of zinc, one grain; foxglove (digitalis), one grain; half a teaspoonful of sugar; mix with two tablespoonfuls of water. When thoroughly mixed add four ounces of water. Take a spoonful every hour. Either of the diseases will disappear in twelve hours. For a child smaller doses according to age. If counties would compel their physicians to use this, there would be no pest houses. If you value advice and experience, use this for that terrible disease."

EVERTON.

On New Year's eve, Dec. 31st, Miss Nancy Weatherston, of this village, and Mr. Rae, of Beverly, hied themselves off to Erin Presbyterian Manse and were quietly married by her minister, Rev. R. Fowlie, returning that night to the home of the bride where they intend residing for the present.

The Misses Benson and Miss S. McLean of Toronto, spent New Year's week with Mr. and Mrs. T. Benson. Mr. and Mrs. Wm. Hortop were at Eden Mills, Mr. and Mrs. S. Coyndons at Campbellville.

Mr. Reid had a gathering of young people Friday evening for a farewell to Francis and Jas. T., who intend leaving next week for Hiram College, Ohio.

Married at the home of the bride's parents, Miss Minnie Mabel Copeland to Mr. Jas. Mason, of Shiloh, on Wednesday. We wish them well in their new home in Eramosa.

The holiday entertainment given by the Methodist Sunday School was well liked. Door fees amounting to nearly twenty dollars. The Superintendent, Mr. E. Bogge, was presented with choice handkerchief and glove boxes, while Miss Foresters friends in the congregation presented her with a pair of fur lined Persian lamb mitts in recognition of her faithful services as organist and teacher.

The Disciples entertainment was also a grand success about $65.00 being taken in at the door.

Rev. T. A. Fleming's farewell sermon was a strong stirring effort to have people consider their ways. Text: "What Lack I Yet?" He thanked the people for their kind sympathy and support during his year and a half pastorate. He left yesterday for his new charge in Ohio.

STARTLING ANNOUNCEMENT.

Perhaps the most startling announcement of modern times is the statement that the serial rights of "The Man From Glengary" have been sold to the publishers of the *Family Herald and Weekly Star*, Montreal, and that it will be immediately commenced in serial form in that wonderful paper As may be imagined, the price paid for the story is large. "The Man From Glengarry" is undoubtedly the best story of the year. Everyone should read it. It is cleverly constructed and beautifully written. No man or woman in this country will now want to admit that he or she has failed to read Ralph Connor's great book, for the *Family Herald* is regularly taken in upwards of one hundred thousand houses, and it has secured the prize, for "The Man From Glengarry" is a prize and a rich one.

CREWSONS CORNERS.

Councillor A. Murray is again elected in Erin Council. The reeveship is surely coming his way.

For some time past Mr. M. Crewson, sr., has been troubled with a serious eye affection which has threatened his sight. On Saturday last he underwent an operation in Guelph General Hospital and had his affected eye removed.

Mrs. Robt. Cripps spent the Christmas Holidays with Mr. and Mrs. J. T. Davidson, of Caledonia.

Miss Barclay, of Guelph, visited at Mrs. Nelles' during the week.

Mr. S. Brown, who has been in the Northwest during the past ten years, is home on a visit.

NASSAGAWEYA.

Rev. H. Caldwell and wife and family, of Burford, and Rev. Wesley Kitching and wife, of Wiarton, spent New Year's Day at the home of John Kitching.

The entertainment for the children at the Bodom Presbyterian Church was largely attended. The children gave a number of bright choruses, Rev. Mr. Robertson, of Morriston, and Rev. Mr. Flagg gave addresses. The singing of Mr. Elliott and Mr. Bayers was much appreciated.

The Xmas tree held on New Year's eve at Campbellville was a pronounced success. A pleasing feature of the evening was a presentation to Mr. Murray Crawford, of Spofford's Library of History (ten volumes bound in half leather) in recognition of his many years' service as Sunday School Superintendent.

The Farmers' Institute meeting in the town hall next Saturday afternoon and evening will be a very interesting gathering. At the evening session Mr. J. W. Clark who will speak on preparing poultry for market, will kill and dress a chicken for the English market during his address.

Missionary anniversary services will be held at Ebenezer and the other churches of the circuit next Sunday. Rev. F. A. Cassidy, Chairman of the district, and Mr. H. P. Moore, of the Acton FREE PRESS, is the deputation.

A very happy day was spent during the holidays at the home of Mr. Hugh McLaughlan, "Pine Valley Farm," now occupied by Mr. Robert Aallan, formerly of Acton. The family gathered in the old home and celebrated their father's seventy-first birthday, presenting him with a very handsome arm chair, which will afford him comfort in his old age. Other valuable presents were tendered, which greatly surprised and pleased the old gentleman, who is still hale and hearty. The occasion was also the wedding anniversary of the father and mother; the latter, however, passed to the Home Beyond eight years ago. Among those present were: John, from Peoria, Ill.; Robert, from Huntsville; Lorena, from Toronto; Mr. and Mrs. Joseph goper, Guelph Township; Mr. and Mrs. Nelson McLaughlan and Miss Jennie Akins, Knatchbull. Mrs. Allan is also a daughter and she and her husband contributed generous hospitality to all who spent the day very pleasantly. There were eleven grandchildren present.

ROCKWOOD.

Christmas day was joyfully observed at the home of Mr. Wm. Maud, 6th con., Eramosa. In the presence of a large number of invited guests including friends from Everton, Preston, Guelph and Hillsburg, Miss Sophia Maude was united in marriage to Mr. Geo. W. Lawrie, of Detroit Rev. W. H. Garnham, B. A., B. D., officiated. Miss Hannah L. Ramshaw attended the bride and Mr. Wilfred O. McKinnon acted as groomsman. The wedding march was artistically rendered by Miss Allan, of Guelph. After the ceremony they partook of a sumptuous repast. The health of the newly married couple was proposed by the minister, to which the bridegroom made a felicitous response. A large number of presents indicated the good wishes and esteem of a large number of friends. The future home of Mr. and Mrs. Lawrie will be in Detroit, where Mr. Lawrie has been for a number of years engaged in the jewelery business.

Rev. Dr. McTavish, of Deseronto, an old Nassagaweya boy, preached in the Presbyterian church on Sunday last.

Mr. and Mrs. Star, of Newmarket, have been visiting here.

The young people have had splendid recreation in the splendid outdoor skating recently.

Mr. J. A. Hamilton has been elected School Trustee to succeed Dr. Livingstone who retired.

After running eighteen hours a day for several weeks in order to catch up with orders, Messrs. Harris & Co's. employees enjoyed a week's holidays.

About five o'clock New Years morning it was discovered that the Lorne mills, owned by Mr. Jas. Gray, and situated about a mile from the village, was on fire. The building and contents were totally destroyed. Mr. Gray had a large quantity of oats and other grain in the mill. The mortgagee held a policy of $3,000 in the Waterloo Mutual on the building, but Mr. Gray had no insurance on the contents. The origin of the fire is unknown.

One of the greatest blessings to parents is Mother Graves' Worm Exterminator. It effectually expels worms and gives health in a marvellous manner to the little one.

EPILEPSY CUREABLE.

A DISEASE THAT HAS LONG BAFFLED MEDICAL SKILL.

Mr. M. A. Gauthier, of Buckingham, Gives Experience For the Benefit of Other Sufferers From This Terrible Malady.

We venture to say that in our town of 3,000 inhabitants few business men are better known than Mr. M. A. Gauthier, the young and hustling of Main Street. He wasn't, however, as energetic or as hustling a couple of years ago as he is to-day, and for a good reason—he wasn't well. Having gone into business ere reaching his majority his desire to succeed was such that no heed was paid to keeping the body in a state of health necessary to stand a strain, and in consequence of the extra demands upon the system, it became run down to such an extent that epilepsy or falling sickness resulted, and the lapses into unconsciousness becoming alarmingly frequent he consulted physicians and took some remedies, but without beneficial results. Finally seeing Dr. Williams' Pink Pills advertised as a cure for falling sickness he decided to give them a trial. As to the result the *Post* cannot do better than give Mr. Gauthier's story in his own words: "Yes," said Mr. Gauthier, "for nearly four years I suffered from epilepsy or falling fits, which took me without warning and usually in most unconvenient places. I am just twenty-four years of age and I think I started business too young and the fear of failing spurred me to greater efforts perhaps than was good for my constitution, and the consequence was that I became subject to those attacks which came without warning whatsoever, leaving me terribly sick and weak after it had passed. I got to dread their recurrence very much. I consulted doctors and took their remedies to no purpose, the fits still troubled me. I saw Dr. Williams' Pink Pills advertised and decided to try them. I did so and the medicine helped me so much that I got more and kept on using them, until to-day I am as well, yes better than I ever was, and am not troubled at all with epilepsy or the fear of the fits seizing me again. Thinking there may be others similarly afflicted, I give my story to the *Post*; it may perhaps lead them to give this great medicine a trial."

Dr. Williams' Pink Pills are a positive cure for all diseases arising from impoverished blood, or a weak or shattered condition of the nervous system. Every dose makes new, rich blood and gives tone to the nerves, thus curing such diseases as epilepsy, St. Vitus dance, paralysis, rheumatism, siatica, heart troubles, anaemia, etc. These pills are also a cure for the ailments that make the lives of so many women a constant misery. They are sold in boxes, the wrapper around which bears the full name—Dr. Williams' Pink Pills for Pale People. Can be procured from druggists or will be sent by mail, post paid, at 50 cents a box, or six boxes for $2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.
