PRIZE ESSAYS.

£40 £25 £15

THE above sums have been placed at the disposal of the Bureau of Agriculture for the three best Essays respectively on the origion, nature, and habits, and the history of the progress, from time to time and the cause of the visit of the Weevil, Hessian Fly, Midge, and such other insects as have made ravages on the wheat-crops in Canada, and on such diseases as the wheat crops have been subjected to, and on the best means of evading or guarding against them.

The Essay to be furnished to the bureau by the 15th day of January next, and to be designated by a motto, a copy of which shall also be forwarded in a sealed note with the name and address of the author. The Prizes will be awarded according to the decision of a committee to be named by the Board of Agriculture for Upper and Lower Canada, or in default of any such decision, by the Bureau, the Essays selected to become the property of the Bureau. A premium will only be awarded in case an Essay of sufficient merit is produced.

It is feared that the farmer, in his eagerness to produce wheat, is not paying sufficient attention to the danger of over-cropping, and it is hoped the warning, and the information and advice which may be obtained through the Essay sought for, will aid in arresting the great scourges of the wheat.

REAPING & MOWING MACHINES,

R. & R. S. PATTERSON,
Manufacturers, Belleville.

THE Subscribers would respectfully inform the public, that they are engaged largely in the manufacture of Agricultural Implements, at the head of Main Street, Belleville, C. W., near the Railroad depot.

We would call particular attention to our Combined Reaping and Mowing Machines, which we confidently recommend to the public as possessing greater advantages for Farmers than any other machine yet introduced, among which we would enumerate, its perfect adaptation to uneven surfaces; its means of adjusting to various heights of cutting; its freedom from side draft; the ease and facility of removing it from one field to another upon its own wheels, and changing it from a reaper to a mower. It is simple in construction, and not liable to get out of repair; is capable of cutting from 12 to 15 acres per day, and the grain is discharged in good shape for binding, entirely out of the way of the machinery—which admits of a whole field being cut without interruption. We use the very best of material—employ none but experienced workmen; and any person disposed to give them a trial, can depend upon having a durable machine, and one that will work to their entire satisfaction.

We are also manufacturing Thrashing Machines from one to eight horse power, with or without cleaners, either under or over shot, of the best description; and a general assortment of Agricultural Implements;—together with a complete assortment of

COOKING, PARLOR, AND BOX STOVES,

and most other articles pertaining to a general Foundry business.

We keep a large stock constantly on hand, and intending purchasers will find it to their advantage to call and examine our implements and prices.

☞ All orders promptly attended to

Over One Thousand Mistakes Corrected.

LIVE AND LEARN: A Guide for all who wish to Speak and Write correctly—Particularly intended as a Book of Reference, for the solution of difficulties connected with Grammar, Composition, Punctuation, &c., with explanations of Latin and French words and phrases, of frequent occurrence in Newspapers, Reviews, Periodicals and Books in general, containing examples of 1000 Mistakes of daily occurrence, in Speaking, Writing and Pronounciation. 216 pages, bound in cloth. 12mo. Price 50 cents.

"Live and Learn" is a most useful book, designed as a guide to grammar, composition and punctuation. So few people speak or write really good grammar and fewer still punctuate decently; that a book that informs them how to do so—and not only indicates their faults, but shows them how they are to correct them—cannot fail to be popular; there is not a person, indeed, who might not learn something from it. As a book of reference, "Live and Learn" will settle many disputes. It ought to be on every table, and be particularly recommended to the young, before habit makes common blunders uncommon hard to cure. For sale by
