INSURANCE.—Mr Ambrose W. Thompson, No 10 Wall Street, has been appointed agent in this city of the Farmers and Mechanics' Fire and Marine Insurance Company of Philadelphia. This Company is one of the most respectable in Philadelphia, and has the Hon. Thomas B. Florence for its President. It has complied with the law of this State in regard to companies belonging to other States, and has provided an accruing trust Fund of $100,000 with Messrs Duncan, Sherman & Co. Messrs. Bushing & Co. publish a card of thanks in the Philadelphia North American for the prompt manner in which this Company settled its losses on their establishment, thus enabling them to resume business without delay.—*N. Y. Tribune.*

S. ROWLANDS is agent for the above-named Company in Kingston. Office No. 4, Wilson's Buildings, Wellington Street.

Holloway's Ointment and Pills a certain remedy for Erysipelas.—Thomas Hilton, of Toronto, was a most severe and hopeless sufferer from this powerful and irritable disorder for upwards of four years, which rendered him absolutely pitiable, large purple blotches came all over his body, and made him a complete object of horror to himself, as well as to all his friends. He consulted many medical men, in the hope of being benefitted, but without success. Determined not to be baffled, and in spite of what the faculty had told him, he determined as a last resource, to commence using Holloway's Ointment and Pills: these two remedies, used constantly, for a short space of time, effected a perfect cure, and he now enjoys the most robust health, after years of intense suffering.

OFFENSIVE BREATH.—This is most disagreeable to every person of common sense. Many persons do not know their breath is offensive, and it is a delicate subject to mention. You can always avoid this affection (for it is that) by using Blodgetts "Persian Balm," for a Dentifrice, it neautralizes all acids of the mouth, and renders it pure as the breath of summer. Try it.

For sale at E. H. Parker's & E. W. Palmer's Druggists

The following, clipped from a recent English paper, shows strikingly the effects produced upon personal appearance by a recent discovery, well worthy of being called *the greatest discovery of the age.*—But to the quotation.

"In the fall of 1853, a distinguished friend of ours, Lord C——, visited the United States, and while there spent some time in the city of St. Louis, where his attention was called, by means of a circular, to the testimony of a well-known and distinguished statesman of Illinois in favor of a restorative for the hair, together with the testimony of many other distinguished gentlemen and ladies, all going to the same point. The statements were so extraordinary in regard to its effects that he was led to make some inquiry, when he learned that the honorable gentleman alluded to was stopping at the same hotel, viz: the Planter's House. He sought and obtained an interview with him, when he soon became convinced that this was no pretended discovery but a real bona-fide reality. Our friend at once procured half a dozen bottles, and commenced using it, and continued to do so until he reached London, in the fall of 1851, and positively such was the change in his appearance that many of his acquaintances were really puzzled to recognize him. His head, the top of which was bereft of its covering when he left, was now covered with a rich and glossy suit of hair, and all his white locks had disappeared; indeed, many a high-born dame who had formerly looked upon him as too antiquated, now seemed to have few smiles for any one else. But as soon as the secret of this change came out, our druggists were so overwhelmed with inquiries for the preparation that they at once commenced and imported a large amount. It is now for sale by all the popular druggists in London. We make this statement so that all who desire can avail themselves of so important a discovery, and thus preserve their youthful appearance and beauty. It is known by the name of Prof. Wood's Hair Restorative.—[St. Louis Pilot.

REAPING & MOWING MACHINES,

R. & R. S. PATTERSON,

Manufacturers, Belleville.

THE Subscribers would respectfully inform the public, that they are engaged largely in the manufacture of Agricultural Implements, at the head of Main Street, Belleville, C. W., near the Railroad depot.

We would call particular attention to our Combined Reaping and Mowing Machines, which we confidently recommend to the public as possessing greater advantages for Farmers than any other machine yet introduced; among which we would enumerate, its perfect adaptation to uneven surfaces; its means of adjusting to various heights of cutting; its freedom from side draft; the ease and facility of removing it from one field to another upon its own wheels, and changing it from a reaper to a mower. It is simple in construction, and not liable to get out of repair; is capable of cutting from 12 to 15 acres per day, and the grain is discharged in good shape for binding, entirely out of the way of the machinery—which admits of a whole field being cut without interruption. We use the very best of material—employ none but experienced workmen; and any person disposed to give them a trial, can depend upon having a durable machine, and one that will work to their entire satisfaction.

We are also manufacturing Thrashing Machines from one to eight horse power, with or without cleaners, either under or over shot, of the best description; and a general assortment of Agricultural Implements;—together with a complete assortment of

COOKING, PARLOR, AND BOX STOVES,

and most other articles pertaining to a general Foundry business.

We keep a large stock constantly on hand, and intending purchasers will find it to their advantage to call and examine our implements and prices.

☞ All orders promptly attended to

Over One Thousand Mistakes Corrected.

LIVE AND LEARN: A Guide for all who wish to Speak and Write correctly—Particularly intended as a Book of Reference, for the solution of difficulties connected with Grammar, Composition, Punctuation, &c., with explanations of Latin and French words and phrases, of frequent occurrence in Newspapers, Reviews, Periodicals and Books in general, containing examples of 1000 Mistakes of daily occurrence, in Speaking, Writing and Pronounciation. 216 pages, bound in cloth. 12mo. Price 50 cents.

"Live and Learn" is a most useful book, designed as a guide to grammar, composition and punctuation. So few people speak or write really good grammar and fewer still punctuate decently; that a book that informs them how to do so—and not only indicates their faults, but shows them how they are to correct them—cannot fail to be popular; there is not a person, indeed, who might not learn something from it. As a book of reference, "Live and Learn" will settle many disputes. It ought to be on every table, and be particularly recommended to the young, before habit makes common blunders uncommon hard to cure. For sale by
