EDITORIAL NOTES.

St. Marys corporation owns its own waterworks and electric light plant. It is reported that during the year the revenue from both sources amounted to $8,325, expenditure, $4,717; surplus, $3,598. St. Marys plant has evidently been well managed.

The Treasurer of Ontario made his budget speech last Wednesday. The statement showed a surplus of cash on hand amounting to $427,000 standing to the credit of the government's saving bank account. The public accounts showed an expenditure of $4,038,000 for the year.

Ontario's total population is 2,182,947, of which 1,247,190 are located in rural and 935,757 in urban districts. In 1901 the total was 2,114,321, made up of 1,195,323 rural and 918,998 urban. The rural population of the Province has therefore lessen by 48,133 in the last decade, whilst the urban population increased by 116,755, leaving a net increase in population of 68,621.

One speaker at the liquor men's deputation at Toronto last week said, he had been connected with the liquor business for forty-five years, and knew by experience that there was comparatively little drunkenness in Ontario. Good! Wonder whether it was the men in the business who accomplished this result? Or was it the clergymen, who he claimed knew nothing of the business interests of the province, and the temperance fanatics who so operate with them?

The decision of the Canadian Pacific Railway to expend $20,000,000, the proceeds of an issue of common stock on improvements to the system, is not only a tribute to the enterprise of its management but the very best advertisement which could be given abroad for the Dominion. The fact that the expansion of the trade within a very few years has been so rapid as to make such a large expenditure on betterments necessary, offers the best possible evidence of the growth of the country.—*Bradstreet.*

In 1870 there were 88 taverns licensed in Halton County. Of these Esquesing had 28; Trafalgar 27; Nelson 21 and Nassagaweya 12. To-day there are but 21, distributed as follows: Ballinafad 1, Glenwilliams 1, Georgetown 3, Norval 1, Acton 3, Stewarttown 1, Postville 1, Oakville 3, Milton 3, Burlington 3, Campbellville 1. This reduction of over 75 per cent. in the past thirty-two years is surely an encouraging result of the agitation and educational influences of the county's temperance workers.

"There never was less intemperance in the history of this Province than at the present time. Mankind the world over were beginning to understand how to use liquor without abusing it. There was not a more temperate Province on the face of the earth than Ontario. (Hear, hear.)" said one of the liquor representatives at the Toronto delegation to the government last Friday. Good for Ontario. Now, if so much good has been accomplished with a liquor license law, will not much more good and much less intemperance result, if we enact a law to have no liquor selling at all.

Our esteemed contemporary the *Herald* seems to have again taken the whole of the affairs and history of the Esquesing Agricultural Society under its protecting wing, and lectures the FREE PRESS in true old grandmotherly style, because we dared to protest against the new doctrine enunciated at the annual meeting of the society by a Georgetown man, that "because the Fair is to be in Georgetown next fall a Georgetown man should be President." But the FREE PRESS can stand the lectures as it has often done in the past when agricultural society matters happened to be mentioned.

The decision of the town solicitor of Lindsay that the Mayor and Aldermen of 1901 have disqualified themselves for two years by using about $1,000 of the Collegiate Institute sinking fund for town purposes, putting in the place of that money mortgages on town property, has created quite a sensation. The statute requires that sinking funds shall have the security of a chartered bank or farm land. The penalty for violation of this statute is disqualification for any municipal office for two years. The Mayor and four of last year's Aldermen are members of the present year's council and must consequently step out.

The liquor dealers could hardly claim much comfort out of Premier Ross' reply last Friday. He said: "We have listened to your arguments with a great deal of interest, and you have put your case concisely and with commendable moderation. All I can say for myself and my colleagues, who are all present, is that we will give your representations due and careful consideration, and any action that will be taken by the Government in regard to this matter will be made known at an early date and in the Legislature, where measures of great importance are submitted for the consideration of the people's representatives. That is all I have to say to you today."

In addressing the Premier and members of the Cabinet at Toronto last Friday, Mr. James Haverson, one of the speakers in behalf of the big delegation representing the brewers, distillers, hotel and saloon keepers, holders of the licenses, coopers, corkmakers, hopgrowers and other industries depending in whole or in part on the liquor trade of Ontario, said: "If the prohibitory act proposed was put in force in Ontario the liquor trade would be jeopardized and injured, and it would practically close every hotel in the Province. Just so. Halthiels merely a new argument for Mr. Haverson and his friends. It used to be that "Prohibition will not prohibit." The times have evidently changed, for now it is admitted that "Prohibition will jeopardize and injure the whole liquor trade of Ontario." And the prohibitionists only ask that the bars of the hotels be closed.

COUNCIL'S BIG BUDGET.

Board of Health, Fire Brigade, Town Hall and Park Tariffs Come Under Review.

GOOD REPORT FROM THE FIRE BRIGADE.

That the members of the Municipal Council had no sinecure at its meeting on Monday evening is clearly manifest when the minutes herein below are considered. The report of the Board of Health and accompanying long list of accounts gave very vivid evidence of the past to Acton of Toronto Junction's Medical Health Officer's remissness. The consideration of the Town Hall and Park Committees' joint report and new schedule of fees, was carefully gone into and the recommendations of the report fully endorsed. The new tariff makes some matters which were heretofore in doubt and a constant source of worry to officials, plain and explicit, and now leaves no room for misunderstanding. The annual report of our splendid Fire Brigade was received with much satisfaction by the Council and must commend the efforts and efficiency of the brigade to citizens generally. Chief Gamble and his men deserve the gratitude and confidence of the community for the highly creditable service they render.

Council met in regular session on Monday evening at 8 o'clock. Members all present Reeve Williams in the chair.

The following communication was read:

TO THE REEVE AND COUNCILLORS:

GENTLEMEN: The Board of Health for this municipality submit to your Council the following list of accounts, all of which have been vouched for and certified as correct by the Purchasing Committee of the Board and Medical Health Officer. Your Board would respectfully request that instructions be given the Treasurer of the Municipality for immediate payment of the said accounts.

All fees for rent of Hall and Park to be paid in advance to the caretaker.

All of which is respectfully submitted.

TOWN HALL AND PARK COMMITTEES.

Moved by George Hynds, seconded by H. Swackhamer, that the report of the Committees on Town Hall and Park, just read, be received and adopted, and that the former tariffs be hereby declared cancelled, and that the new schedule be put in force at once, and that copies of same be printed and posted up in Town Hall and Council Chamber.—Carried.

A By-law was introduced, read the required number of times and passed, empowering the Reeve and Treasurer to borrow on the credit of the corporation, a sufficient sum of money to meet the current expenses of the municipality.

Chief Gamble presented the annual report of Acton Fire Brigade as follows:

GENTLEMEN: The Acton Fire Brigade wishes to present its annual report for 1901, as follows:—The Brigade has thirty-five officers and men in good fire fighting trim. We held fifteen meetings during the year and had five practices. The fire engine was taken out and tested ten times. The firemen answered promptly to all calls to practice.

There was but one call to fire during the year. This was on June the 8th when James Brown's saw and planing mills were burned. The Brigade turned out promptly and had water flowing in about ten minutes, but the fire having gained so strong a hold before the call was given, the mills could not be saved. Through the heroic efforts of the firemen, however, the large stock of lumber and logs was saved.

The Brigade has on hand the following apparatus for fire protection: The general fire alarm at the town hall, and three electric alarms, one in each of the caretaker's house, the house of the driver of the fire engine and the house of Mr. H. Baker. We have one Honald Steam Fire Engine, and coal cart; Two hose reels, and twelve hundred feet of rubber hose, twenty-eight rubber hats, twenty lanterns, eighteen pairs of rubber boots; sixty-five buckets, and hook and ladder truck complete, all of which are in good repair and ready for immediate use.

Respectfully submitted.

THOS. GAMBLE, Chief.

Acton, Jan. 27, 1901.

Moved by Geo. Hynds, seconded by H. Swackhammer, that the report of Thos. Gamble, Chief of the Fire Brigade, be received, and that the thanks of the Council are hereby tendered to the Chief and members of the Brigade for their during the year.—Carried.

Moved by Jno. A. Henderson, seconded by Geo. Hynds, that Thomas Gamble be reappointed Chief of the Fire Brigade, and Mr. John Lawson, V. S., fire warden for the year 1902.—Carried.

The Council then adjourned.

BALLINAFAD.

Mrs. S. Z. Bennett, of Acton, has been spending a few weeks at the home of Mr. Thos. Bennett.

Special services are in progress in the Presbyterian Church. The pastor Rev. Mr. Milne is in charge.

Reeve Williams, of Acton, was a visitor here last week.

A BANNER MEETING.

Most Successful Meeting in the History of Acton Branch Bible Society.

Two elements contributed to make the fifty-fourth annual meeting of Acton Branch of the Upper Canada Bible Society on Tuesday evening, in Knox Church, an unprecedented success, or as Rev. H. A. Macpherson characterized it, "A Banner night in the history of the Society." There were a well trained choir of nearly thirty voices under the leadership of Mr. J. B. Wallace, and the securing of a former Acton boy, who has risen to a position of prominence and influence in the ranks of the Christian ministry, in the person of Rev. P. Albert Moore, pastor of Zion Tabernacle, Hamilton, as the speaker of the evening. The main floor and gallery of the church were filled and the audience was the largest that has ever attended a meeting of the Bible Society in Acton.

At eight o'clock Mr. A. T. Mann, the President took the chair. The hymn, "Jesus Shall Reign" was sung and Rev. Joseph M. Hager, M. A., read from the 119th Psalm from the 129th to the 144th verses. The hymn, "The Church's One Foundation," was sung and Rev. G. A. Gillette led in prayer. Mrs. A. J. Gentles then sang with great sweetness and impressive effect the beautiful solo, "My God and Father While I Stray."

Mr. A. T. Brown, the Secretary-Treasurer, presented a carefully prepared report for the year, and also a report of the recent meeting of the executive, which appeared in these columns, after the meeting.

The choir then sang the splendid anthem "Hark! Hark! My Soul." The parts were well balanced and the rendering throughout was exceedingly meritorious. The solo parts by Mr. D. M. Henderson, baritone; Miss McClure, soprano, and Miss Nelson, alto, were especially appreciated.

The President then introduced Rev. Mr. Moore as the speaker of the evening. "God's word in God's World is a theme which should thrill all who have a love for a loving Heavenly Father," was Mr. Moore's opening sentence. God made man, the greatest of all creatures, he continued, God made the Bible. It is not a human book. Bible divine. It is the book that tells us of God, and commands that we should have no other gods but Jehovah. The story of the origin of the British and Foreign Bible Society ninety-seven years ago was vividly and interestingly told, and the rehearsal of the progress and accomplishments of the bible societies in sending the bible and the story of redemption to all peoples throughout the world kept the rapt attention of the large audience.

Mr. Moore gave verified statistics showing that the bible societies and publishing houses had during the past century printed and distributed about 300,000,000 bibles and portions of the scriptures, but, he said, with the present world's population of 1,500,000,000 there is surely much land yet to be possessed. With most interesting incident and detail the audience was led in company with the Bible Society's Colporteurs as they wended their way through France, Spain, Italy, Germany, Sweden Norway, Russia, Turkey, Persia, Africa, Palestine, Egypt, Arabia, China, Japan, Malaria, India, Australia, South and Central America, the United States and among the emigrants, and Indians, the miners, fishermen and lumber camps of Canada. There are 1000 Colporteurs and 600 Bible Women planting bibles everywhere and sowing broadcast the good seed—the word of God. Many beautiful incidents and experiences of the Colporteurs showing the conversion of men and women, when the light of the Gospel had reached their dark hearts through the distribution of the bible, were given.

The fact that the Bible Societies are the handmaid to all the missionary societies of the churches was impressed with new force and information. The translation of the bible into all languages, dialects and tongues by the Bible Society is a wonderful aid to all missionary workers.

Mr. Moore's address was full of force, able, powerful and eloquent, and the audience were not only deeply impressed but were manifestly convinced of the great importance of the work being accomplished and of the necessity for its continuance.

At the close of the address a cordial vote of thanks was moved by Mr. J. L. Warren, and seconded by Rev. H. A. Macpherson, to Rev. Mr. Moore for his able and interesting address, and to the choir and Mrs. Gentles for the splendid music rendered during the evening. Rev. J. M. Hager also spoke to the motion and the audience signified their approval by a standing vote.

The meeting closed with a hymn and the benediction by the pastor.

AN INVALUABLE ANNUAL.

The 1902 issue of the *Canadian Almanac* which forms the fifty-fifth of the series, is unusually valuable, and is indispensable to every office and library in the Dominion. Many of the lists given are not found elsewhere, and in no other volume can so much information about Canada be found in so small a space.

The *Canadian Almanac* contains a full account of the census of Canada so far as taken. The Census of Great Britain is also published. The Militia Information is very full and complete. The list of Titled Canadians, which was first published in the *Almanac*, is revised. The other departments of the *Canadian Almanac* are revised and brought up to date, including the Customs Tariff, Post Office Directory, List of Banks, etc. The Historical Diary has been continued and enlarged. The *Canadian Almanac* contains 416 pages, and the price in paper covers is 25 cents. Published by The Copp, Clark Company, Limited, Toronto.

A MOTHER'S WARNING.

SPEAKS OF A TROUBLE THAT AFFLICTS MANY YOUNG GIRLS.

Headaches, Dizziness, Heart Palpitation, Fickle Appetite and Pallor the early Symptoms of Decay.

From the Sun, Orangeville, Ont.

Hard study at school, coupled with the lack of attention which every young girl merging into womanhood should have, is responsible not only for the many pale lives and attenuated forms met with such lamentable frequency, but is responsible also for the loss of many valuable young lives. First there is an occasional headache, and a sallowness of complexion, from which stages, if these early symptoms are neglected, the condition gradually grows worse and worse until decline or consumption sets in and death claims another victim of parental neglect. Upon mothers especially devolves a great responsibility as their daughters approach womanhood. The following truthful story to a reporter of the *Sun* by Mrs. O. H. Coman, of Third Avenue, Orangeville, carries a lesson to other mothers. Mrs. Herman said: "About fifteen months ago my daughter, Kate, who was attending the public school studied hard. We noticed that she began to complain of headaches. This was followed by a listlessness and an utter indifference to the things that usually interest young girls. We consulted a doctor, and she took bottle after bottle of medicine, but with no benefit. Often she would arise in the morning after an almost sleepless night, her limbs all a quiver and her head reeling. She would be attacked with spells of dizziness, and on the least exertion her heart would palpitate violently, and we were really afraid that she would not recover. At this stage my husband suggested that we should try Dr. Williams' Pink Pills, and he brought home several boxes. Kate had only taken the pills for a few weeks when there was a great change for the better. She grew stronger, began to eat better and to have better color, and from this stage it was not long until she was enjoying the best of health and able to resume her studies at school. I might also tell you that these pills cured my daughter Emma of an attack of rheumatism, so that you see we have much reason to praise them, and I earnestly recommend them to all mothers whose daughters may be suffering as mine did."

Dr. Williams' Pink Pills cure all diseases that have their origin either in a poor or watery condition of the blood or shattered nerves. It is because they make rich red blood and strengthen the nerves with every dose that they cure such diseases as anæmia, consumption in its early stages, nervous headache, St. Vitus' dance, rheumatism, partial paralysis, kidney trouble, indigestion, etc. Ordinary medicines merely act upon the symptoms of the trouble, and when such medicines are discontinued the trouble returns in an aggravated form. Dr. Williams' Pink Pills on the contrary go direct to the root of the trouble and cure to stay cured. See that the full name, "Dr. Williams' Pink Pills for Pale People," is found on the wrapper of every box. If your dealer does not have them send direct and they will be mailed post paid, at 50 cents a box or six boxes for $2.50 by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

SEED DISTRIBUTION.

Samples of Choice Grain For The Improvement of Seed.

TO THE EDITOR OF THE FREE PRESS.

DEAR SIR:—By instructions of the Hon. Minister of Agriculture another distribution will be made this season of samples of the most productive sorts of grain to Canadian farmers for the improvement of seed. The stock for distribution is of the very best and has been secured by the Director of the Experimental Farms from the record-breaking crops recently had in the Canadian North-west. It will be worth while for farmers generally to renew their seed of oats when varieties which have produced more than 100 bushels per acre, can be had. The distribution this spring will consist of samples of oats, spring wheat, barley, field peas, Indian corn and potatoes. Every farmer may apply, but only one sample can be sent to each applicant, hence if an applicant gets a sample of oats he cannot also receive one of wheat, barley or potatoes, and applications for more than one sample for one household cannot be entertained. These samples will be sent free of charge through the mail.

Applications should be addressed to the Director of Experimental Farms, Ottawa, and may be sent in any time before the 15th of March, after which the lists will be closed, so that all the samples asked for may be sent out in good time for sowing. Parties writing should mention the sort or variety they would prefer, and should the available stock of the kind asked for be exhausted, some other good sort will be sent in it's place.

WM. SAUNDERS,
Director Experimental Farms.

WRITE YOUR NAME AND ADDRESS PLAINLY.

There is nothing like Asthmalene. It brings instant relief, even in the worst cases. It cures when all else fails.

The Rev. C. F. WELLS, of Villa Ridge, Ill., says: "Your trial bottle of Asthmalene received in good condition. I cannot tell you how thankful I feel for the good derived from it. I was a slave, chained with putrid sore throat and Asthma for ten years. I despaired of ever being cured. I saw your advertisement for the cure of this dreadful and tormenting disease, Asthma, and thought you had overspoken yourselves, but resolved to give it a trial. To my astonishment, the trial acted like a charm! Send me a full-sized bottle."

DR. TAFT BROS. MEDICINE CO.,

GENTLEMEN: Your Asthmalene is an excellent remedy for Asthma and Hay Fever, and its composition alleviates all troubles which combine with Asthma. Its success is astonishing and wonderful. After having it carefully analyzed, we can state that Asthmalene contains no opium, morphine, chloroform or ether.

Very truly yours,
REV. DR. MORRIS WECHSLER.

DR. TAFT BROS. MEDICINE CO.

GENTLEMEN: I write this Testimonial from a sense of duty, having tested the wonderful effect of your Asthmalene for the cure of Asthma. My wife has been afflicted with spasmodic asthma for the past 12 years. Having exhausted my own skill as well as many others, I chanced to see your sign upon your windows on 130th street, New York. I at once obtained a bottle of Asthmalene. My wife commenced taking it about the first of November. I very soon noticed a radical improvement. After using one bottle her Asthma has disappeared and she is entirely free from all symptoms. I feel that I can consistently recommend the medicine to all who are afflicted with this distressing disease.

Yours respectfully
O. D. PHELPS, M.D.
